

**MEMORANDUM**

TO: Evert Volkersz

FROM: Sidney Gelber

DATE: 7 April 1994

Subject: Archives

---

I was pleased that we could talk about Stony Brook and I am enclosing photocopy of the title page of the 1950 Proceedings. Unfortunately, the "Report of the Independent Commission on the Future of the State University" is something I have made reference to which emerged from one of the taped interviews. We ourselves are looking for the actual source and appropriate title of that report.

Elvira and I hope to see you on Monday and we can begin to get down to some of the work on the Archives. Thank you for everything.
