## On the Cover

(Clockwise from upper left): Former '60s radical Abbe Hoffman speaks to a Fall Fest crowd, SUNY Chancellor Clifton Wharton inaugurates John Marburger as Stony Brook's third president, Janice Fine, vice-president of the Students' Association of the State University protests dorm rent and tuition increases in Albany, T. A. Pond leaves Stony Brook and an era ends.

## Correction

The statement that "It was probably the dirtiest election that ever went down on campus," by Polity Treasurer Chris Fairhall in the Dec. 11 issue of Statesman referred to Fairhall's election against Larry Siegel, not the election of the other Polity Council members in May. In addition, the statement that "there was a rainbow at the end of the trail for all of us," referred to Fairhall, Polity President Jim Fuccio and Rich Bentley, president of the Faculty Student Association.

This is the last  
issue of Statesman  
for 1981.

We will resume  
publication on  
Wednesday, Feb.  
3.

Have a happy  
holiday.

**Room Rent, Tuition Raised**

In an effort to raise the money not provided by the state, the SUNY Board of Trustees raised both tuition and dormitory rent by \$150.

**Cornute Quits**

Robert Cornute, the controversial and outspoken director of Public Safety for the previous four years, resigned to take a similar position at SUNY Oneonta. His was the first of many personnel changes in 1981.

**Fine Arts Center Flooded**

Frozen water pipes burst last winter, causing about \$350,000 in damages. Most of that damage was to the already financially troubled Fine Arts Center. Areas of that building, such as the Recital Hall (above) were under a few feet of water.

**A Legend Walks On**

Susan Liers-Westerfield, one of the top race walkers in the nation and a Stony Brook legend, graduated.

**Crack in HSC Ceiling Causes \$1/4M Damages**

A faulty weld in the ceiling above the offices of the School of Allied Health Professions caused about \$250,000 in damages and forced the temporary relocation of employees when a 48-foot I beam fell.

### Fairhall, Gamberg Win Polity Elections

David Gamberg (center, above) was elected Polity's freshman class representative, and Chris Fairhall was elected treasurer, in an election delayed more than three months. Alleged campaign improprieties caused the invalidation of the October elections, and the student government's election board was unable to re-schedule elections until February.

### Kaukonen Dazzles

Jorma Kaukonen performed on the Stony Brook Union stage on March 8.

### Patriots Squash Opponents

The Stony Brook squash team won the coveted Wesleyan Cup (held here by Neal Vohr and Fred Kelsey), capping off a successful year.

### Hospital Psych Patient Breaks Free

A patient in University Hospital's psychiatric unit escaped and, after releasing a hostage, led campus and county police on a chase that finally ended at the Smithhaven Mall.

### An End to Tripling?

Tripling—once and still a Stony Brook tradition—may no longer be, as a decision by University President John Marburger mandated that it be halved by next year and eliminated altogether thereafter.

### A Day on Line

A new policy for paying a \$75 housing deposit, in which all those paying the deposit did so on the same day, resulted in lines that, at one point, stretched from the bursar's office in the Administration Building to the second level of the adjacent parking garage.

### Ron Siegel Dies

Ron Siegel, an assistant vice-president for Finance and Business, and a university trouble-shooter for almost 15 years, died of a heart attack on April 8. He was 61.

### Volunteer Dorm Patrol Forms

The volunteer dorm patrol, consisting of students patrolling their own dormitories equipped with walkie-talkies with which to contact Public Safety, began operation in Kelly C in the spring semester. Six months later, it spread throughout Kelly Quad, is headed elsewhere and is credited with reducing much of the crime in the areas in which it operates.

**Is There an Incomplete on Your Horizon?**

If so, Beware the Ides of March...

Monday, March 15, 1982 is the instructor's deadline for submission of grades for Incompletes this term.

That means—

If you are unable to complete the work of a course, it is your responsibility to request an Incomplete from your instructor before the end of a course, or, as soon as possible thereafter.

Now is the time to review the rules relating to the granting of incompletes. These rules are summarized in the Undergraduate Bulletin. Most important—

The instructor's deadline for submission of grades for Incompletes this term is Monday, March 15, 1982. This means a student must complete the work for the course before this deadline in enough time for the instructor to evaluate the work and get the grade in on time. Failure to do so will result in an F for the course. It is a student's responsibility to find out exactly what is needed to complete the course and when the instructor must have it completed. Auditing the same course again is not an acceptable way to make up work.

If a student is unable to complete the work before the instructor's deadline, it is the student's responsibility to request an extension from the instructor before the deadline. The instructor must in turn request an extension from the Office of Records before March 15 in order to prevent the Incomplete from being automatically converted into an F.

#### REGULATIONS

Students are expected to respect and protect persons and property.

These are some of the prohibitions and requirements: no attacks; no physical or psychological abuse; no stealing with fire or safety equipment; create no dangerous conditions; no tampering with school records; no misrepresentation (pretending to be someone else); give no false information in university records; no unauthorized tampering with University records; no stealing of University services.

### Conduct Code Goes to Court

↑ Polity lawyer Camillo Giannattasio (above) and student Seth Zirin brought the university's conduct code—a set of behavioral rules—to court, charging that it violated students' rights. The judge ruled that students must be allowed to have lawyers present and must be able to cross-examine witnesses.

### More Fees Empty Wallets—Again

↑ Students this year had to pay a \$77 intersession housing fee, were told they would be charged a \$5 higher cooking fee—a plan that was later rescinded by University President John Marburger—and hit with a number of SUNY-mandated fees, including a fee for adding or dropping a course late. The year was also marked with the announcement of a utility fee assessment of all campus businesses. That fee was fought, altered and is due to take effect early in 1982.

### New Campus Businesses Added

↑ Businesses such as Seymour's Italian Express (above) were added, and others—including the meal plan—revised by the Faculty Student Association and Lackmann Food Services in an effort to provide better and more diverse service.

### Bach Comes to the Brook

↓ Fellows of the Bach Aria Festival and Institute perform at Stony Brook during a two-week conference this summer. The session included lectures, orchestra and vocal classes, concerts and open rehearsals. This summer also marked the return of the summer playhouse with two shows, "The Skin of Our Teeth" and "Fashion!"

### You Can't Tell the Players Without a Scorecard (Part 2)

↓ Three new vice-presidents took their places in the Stony Brook administration this summer. They are (left to right) Fred Preston, vice-president for Student Affairs, Provost Homer Neal and Robert Francis, vice-president for Campus Operations.

### SB Runners Rank Among State's Best

→ Lilla Sexton was one of four members of the women's track team that placed in the top 10 among New York State athletes in their special events. Sexton was ranked second in the shotput. Beth O'Hara was fifth in the 55-meter hurdles. Irma Cabrera was seventh in the half-mile and Janet Olivier was 10th in the 55-meter dash.

### Reagan's Wrath Felt on Campuses

↓ President Ronald Reagan's proposed cuts to education programs and financial aid were felt by most, although they were not as "devastating" as originally intended, according to one Stony Brook administrator. Future cuts are also feared.

## Commuter College Opens, Closes, Opens, Closes and, Finally, Re-Opens

The Commuter College, after having finally won its battle to move to the basement of the Stony Brook Union, was beset by construction delays and maintenance problems that forced it to close a number of times. It re-opened for good in October.

## Roaches Invade Stage XII

The number of roaches inhabiting the campus increased dramatically in certain areas of the campus this semester. Dorms in Stage XII were the hardest hit. To combat the problem, the university consulted experts, conducted experiments and increased extermination. "We're in a war," remarked Dave Thomas, assistant director of the Physical Plant.

## All-Star Goalie Kicked Off Team

Phil Lesko (right), the soccer Patriot's all-star goalie, was released by Coach Shawn McDonald because of a fight Lesko had with a Kings Point player on Oct. 17 (The injured Kings Point player is aided by the Stony Brook ambulance corps, below.)

## NYPIRG Reveals Tax Inequality

The Stony Brook chapter of the New York Public Interest Research Group (NYPIRG) released a study that found that property tax assessment in the town of Brookhaven is not equal. NYPIRG's executive director, Donald Ross (below) was also fighting inequality, securing the right for students attending colleges in Ulster County to vote there, instead of where their parents reside. Ulster became the fifth county in the state in which voting laws were successfully challenged in the courts; other counties, including Suffolk, may be targets of suits next year.

## Student Dies

Junior Sharon Grossman died of heart failure at University Hospital on Oct. 18, about two weeks after she collapsed and went into shock from an allergy inoculation she received at the campus infirmary. Officials said the death was caused by the injection but that an investigation of impropriety on the doctor's part was inconclusive. The investigation was picked up by the Suffolk County medical examiner. The doctor who administered the inoculation left his infirmary job permanently by mutual agreement and the infirmary's program of giving inoculations was suspended.

## In Defense of Iranian Moslem Students

(In the Name of God)

Hereby we Moslem students would like to honestly inform your readers that public statements made by the leftist faction of Iranian students, or the so called committee for defense of democratic rights in Iran (CDDRI), especially those concerning acts of arson and student harrasment are totally unfounded.

Not only do we refute these accusations but we also resent any adverse implications those students may include. Furthermore, these leftists (CDDRI) have no valid evidence to substantiate their accusations. We also call your attention to the fact that we have been attacked by these leftist adversaries ruthlessly and aggressively at least four times in the past summer.

To verify our claims, we refer you to several documents in both the Department of Public Safety and University Hospital. Our letters to President Marburger and our documents in the Department of Public Safety illustrate that these leftist groups who are politically active have annoyed and attacked us several times.

It is much to be regretted that your paper instead of being an impartial observer, is obviously partial and one sided in this case.

It is much to be regretted that your paper published an outrageous story with no evidence to support the claims made.

It is much to be regretted that your paper interviewed only the leftists and from that produced a highly fictitious story.

It is much to be regretted that your paper by writing a ridiculous story stigmatizes our students and tarnishes our reputation while paying no attention to our statements.

It is much to be regretted that your paper has not published this article until three weeks after its receipt, and until there was no opportunity to present it as a regular "viewpoint" or letter to the editor column.

In conclusion, we hope that your paper will con-

sider our lawful rights and publish this letter so people might realize that not only are we innocent but also we categorically refute these outrageous accusations and false statements.

### The Other Side of Story about Iranians

I am writing this article to refute some accusations that have been made against Moslem students concerning several incidents which took place this summer.

Miss [Zahra] Aryan claims that she woke up about 3 AM by a loud explosion, looking down the window, seeing her 1979 Volkswagon burning. She blamed Moslem students for this arson. At the scene, Public Safety officers found a starter pistol, a mask and a gas can. The main damage to the car was a burned engine and broken windows.

Miss Aryan never said that her car had a worthless engine, and could not be sold in the market for more than six months. Even the Department of Public Safety confirms that the car was for sale the whole summer 1981, and that no one was using it. She never said why she could hear a loud explosion while nobody else in the building could hear it. To the best of our knowledge there was no sign of explosion. She really could not give an explanation to Public Safety officers that why she did not let them to inspect the car and investigate the cause of the fire. She really cannot answer if somebody had intentions to burn the car, why that person burned only the worthless engine and not the whole car. Why those whom she accused of burning the car would have left a trace such as a pair of gloves, a mask, a starter pistol and a gas can to show arson. Was not then a plan to prove arson? The leftists or the so called Committee for Defense of Democratic Rights in Iran (CDDRI), started the problem in the last summer in the month of Ramadan when moslems fast every day from rise to down. There were numerous calls to Public Safety by Moslem students that they were harrassed by left-

tist organizations including the so called Mujahedin Khlque. At one time a member of this group pulled the knife to one of the Moslem students and when he was counterattacked, he escaped. Then three to four students from Hofstra University attacked one of our friends and pulled him to the Mohsen Aryan's room (brother of Miss Zahra Aryan) and beat him up while a dozen of other leftists were watching. Several weeks later when Moslem students were showing a documentary film, 15 to 20 leftist persons attacked three of our guests. The three students were rushed to University Hospital and one of them had to be returned for follow up surgery.

Several days later Miss Aryan reported that three Moslem students, who were trying to find those involved in the fightings, attempted to beat and menace her. Actually the three students had nothing to do with her and the other three accompanying male friends. But it was one of them who came out for a fight and the three Moslem students ignored them and left. Several days later one of the Moslem students was beaten in the Students' Union by another leftist member. Since then there has been no incident except continuous harassment by these leftists.

In conclusion, we have a few questions from Mr. Taub, the associate dean of students, and the readers. If the members of the leftist groups are so innocent, why, whenever we are showing a documentary film there are several fights, but whenever they have a presentation nothing happens? Who refuses to take the lie detector test and why? It is interesting to know that the complainants are deferring to take the polygraphy test, those accused are very anxious to take part. Probably then the complainants are covering up the truth.

Stony Brook's request for an additional \$20 million next year, which would bring its budget to \$170 million, was approved by the SUNY Board of Trustees as the largest increase of any SUNY school. ### The Future of SB Sports?

University President John Marburger unveiled plans this month to upgrade Stony Brook's intercollegiate athletic program. The plan calls for the eventual upgrade of four teams to Division I, a status usually associated with large, private institutions and athletic scholarships. The first step, according to Jim Black, vice-president for University Affairs, will be to upgrade men's lacrosse from its current club status to Division III with the intentions of eventually reaching Division I. Other teams included in the decision, which came after a 10 month study by the President's Committee on Intercollegiate Athletics, include men's soccer and women's volleyball and basketball.

### Volleyball Team State Champs

The volleyball team became the first women's team at Stony Brook to win a state title. Successful in the New York State Association of Intercollegiate Athletics for Women tournament in mid-November were (kneeling from left to right): Ruth Levine, Carol Young, Betsy Muniz, Lauren Beja; (standing from left to right): Coach Teri Tiso, Lori Horn, Michele Siroky, Janed Byrne, Carol Tompkins, Te-Mei Hsu and Linda Ribaldo.

### Semester Lengthened

After a heated debate and much sentiment voiced by both sides University President John Marburger decided to return to a 15 week semester. The semester is now 13 weeks.

ADRIENNE, here's the personal I've been promising you. The past three semesters have been the happiest times of my life. We've crammed a lot of good times into a year and a half: the Cars, Genesis, Rush (twice!), Light Years, the Lobster Box, Deno's, hundreds of games of asteroids, hundreds of diners, white plains, New Rochelle, Staten Island, the city, and even twelve hundred miles away. To tell everything else would fill up a whole page, so I'll just say that we have more love than I've ever seen between two people, and I hope my honesty has helped. What I said here a year ago is still as forceful today: "And you and I climb crossing the shapes of the morning, and you and I reach over the sun for the river, and you and I climb clearer towards the movement, and you and I called over valleys of endless seas." Merry Christmas, A.J. I love you very much. Jon.

TO MY SISTER CHRISTINE, congratulations and best of luck in your career. Thanks for all your help in getting me started in Stony Brook (P.S. When are you sending me to California?) Your brother D.

SPERBS: 3½ years sure did fly. We've gone from Joe's to Black Label, slutlets to penis links, and from P.C. to the stalls. Thanks for driving (you did more than your share), coming to the pubs and keeping me in line when I needed it. It's only a short crawl to Whitman, don't be a stranger. All the best, Pierre.

MIKE: I'm glad you finally showed some good taste! If you get bored over intersession feel free to visit. Pizza Lady.

IF I TELL YOU TO PUSH A PEANUT up the road with your nose you will do it. Take 5 hit points, mark and storytelling time, hey my neighborhood is rough, ooooh, 78, 85 is a inverse proportion. Merry Christmas, Jim.

I'VE BEEN WAITING FOR THIS MOMENT all my life. Hold on. Three months, sixteen days some people don't make it that far. Have a little faith, patience, and luck and we will definitely make it. Merry Christmas. Love, Jim. P.S. Just your typical American-Italian family.

NADINE: Pigs are beautiful and so are you. I love you. Touch me and thanks for the lift. Your loving admirer.

### Polity Treasurer Quits

Polity Treasurer Chris Fairhall unexpectedly resigned this month, effective in January, saying only that it is "time...to move on."

### An Era Ends

T. Alexander Pond, who twice served as acting university president and who is credited with taking a small physics department and making it nationally-reknown, will be leaving Stony Brook after almost 20 years in a few weeks. Pond, who was rejected for Stony Brook presidency in 1979 in an unprecedented move, will become the executive vice-president of Rutgers University, a job that entails handling the day-to-day activities of the three-unit New Jersey university that has almost 50,000 students, 2,500 faculty and an operating budget of \$200,000 million.
