Stony Brook

State University of New York
at Stony Brook
Stony Brook, New York 11794

Office of the President
telephone: (516) 246-5940

May 22, 1977

Dear Graduates of the Class of 1977:

This edition of SPECULA will give you a vivid memory of your years on the Stony Brook campus, of your many friendships here, and of the ways in which both you and the campus have developed. You will always be a part of Stony Brook. Even after you complete your studies here, please keep in touch with Stony Brook, let us know of the changes in your life, and return often to talk with your friends among the faculty and the staff and to take advantage of whatever the University can offer you in extending your own interests. We hope that your career will be a demonstration of Stony Brook's commitment to academic excellence and to service for others.

The campus is rapidly changing now, so this edition of SPECULA will be particularly important to record things as they were during your senior year, just before the completion of the Social and Behavioral Sciences Building and the Fine Arts Center and while the hospital was under construction. You have been here at a particularly dramatic time while a major university center was emerging. You have had to shoulder many of the problems of the University's growth, including the inconveniences of construction and of developing services. Some day, when the campus is all beautifully completed and landscaped, you will take out this book to show others what it was like in the "good old days" of study in an ever-changing university. Learning to cope with Stony Brook's development has been part of your preparation for an ever-changing world, and we hope you will look back on that part of your education as well as others with appreciation.

With best wishes,

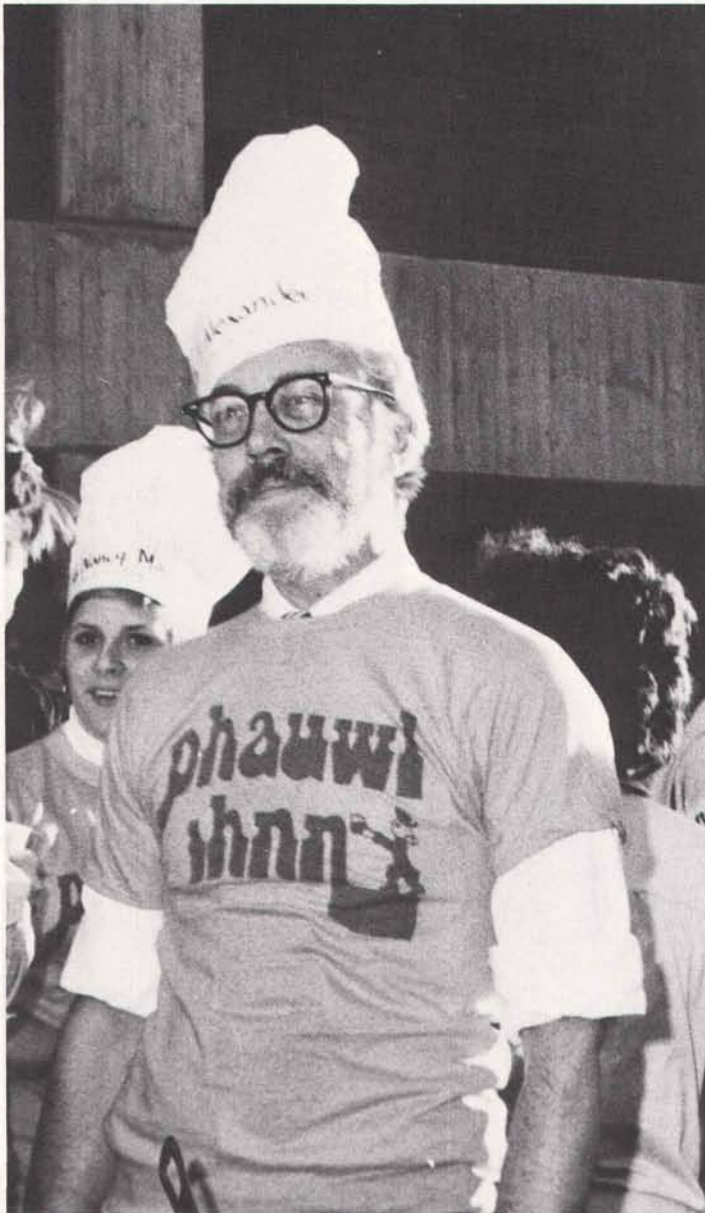

John S. Toll
President

FENCING CLUB

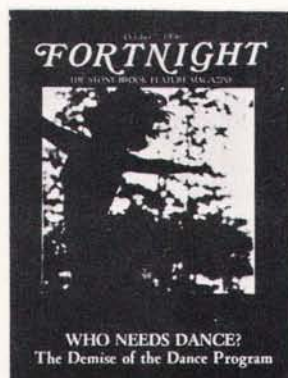

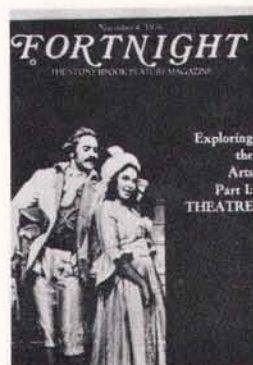

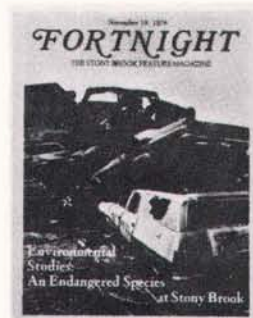

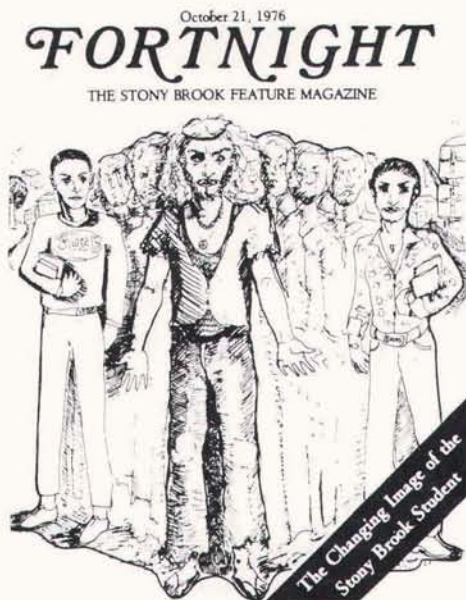

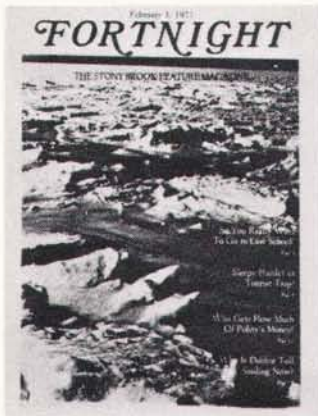

The purpose of the Stony Brook Fencing Club is to foster, to promote and to practice the sport of fencing. Generally, the Club meets twice a week and in each meeting they set up bouts between prospective fencers to prepare them to fence in any intercollegiate competition. An advanced fencer is also assigned to give lessons to the beginners at the meetings.

HARMONY is Stony Brook's only English-Chinese literary publication. The magazine serves as a "Bamboo Bridge" (the magazine's Chinese name) between Asian and Western cultures. Produced two to three times a semester, each issue contains: creative writing, prose poetry, art work, interviews, current events, and much more in both English and Chinese.

Stony Brook Hospital Volunteer Program

The Stony Brook Hospital Volunteer Program is a group of 300 student volunteers who visit patients in four state psychiatric hospitals in Suffolk County. A separate coordinator exists for each hospital along with individual group leaders who supervise volunteers on the wards. Their program is not therapeutically oriented. Rather it recognizes the fact that most psychiatric in-patients rarely leave the hospital and often have no contact with their families. The Stony Brook program attempts to provide these patients contact with the outside world along with some of the human warmth and feeling that is too often missing in the hospital.

THE STONY BROOK OUTING CLUB

Lasting memories of distant high peaks;
and turning leaves, before the *1st* frost.

And friendships:

Learning, willing, and wanting to share . . .

The beauty and experiences.

So few know, that its even there!

Beyond conception to those unaware

Bringing all within reach of that which we seek.

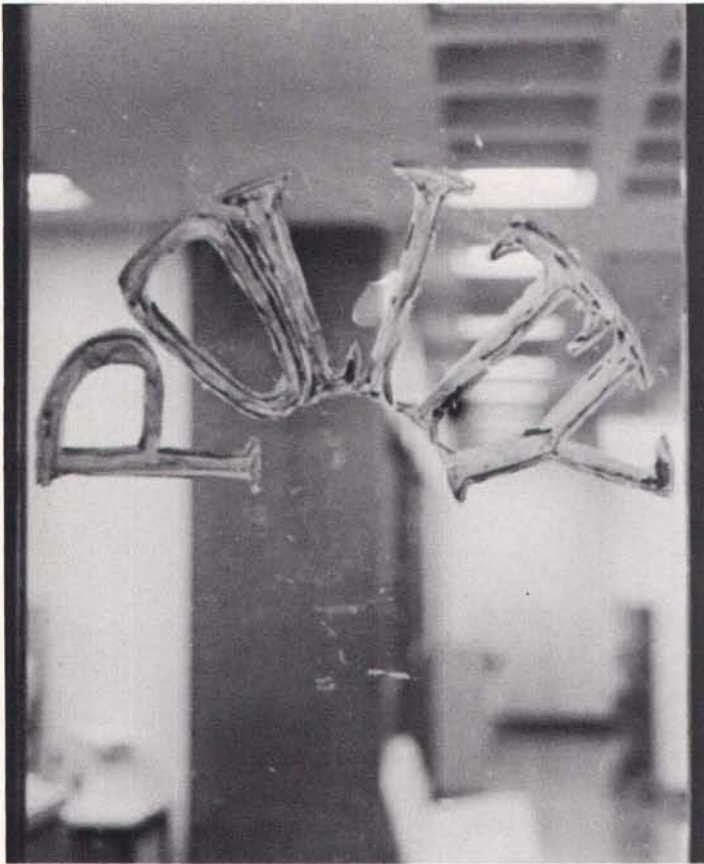

The Club creates a unity for those who really care.

 Hey sweetie — the car still needs a paint job!
 Elinor — There aren't enough adjectives to describe you — you're terrific!
 Thanks for everything! Love, Helen
 So how come you don't call me 'toots' anymore?
 To Barbara Broderick: Where would Polity be without you?
 Even if I'm going to be here for another two years I'll never forget the first
 one and a half. So Stony Brook you get me for those years not exactly
 paradise but you got me. Enjoy, Enjoy . . . A secret admirer M.A.
 I had to write something in this space so I did
 Best of Luck to Cardozo A01 — Your Buddy, Shaaaa . . .
 Keep smiling Betty, that alone will keep me going. By the way, Thanx for
 being you.
 Beth Roslyn — I can't believe you were able to put up with me — some
 accomplishment!
 Howie — I finally pulled it off — Are you glad to see me go?
 A01 — Let's hope you guys can find someone to finally put up the mould-
 ing.
 Risa and Mark — Let love always keep you two together — you're both
 great — ARP.
 Goodbye SUNY, it was short, sweet, and truly unique — Bye, Bye — Aaron.
 Andrew — May we never see another night like this. One "Paget" night a
 year is enough for me.
 "Andy" next time you want to join Specula remember the Spanish Club!
 To every one of my friends — (all three of you) — if it wasn't for you it would
 have been a lot tougher — Thanks again — Aaron.
 Kronenbird — Sorry, I didn't get a bird; the cougar will have to do.
 Juan — We should have left earlier. Andrew
 Specula WHY? Mitchell
 John — Give me those damn croutons or I'll rip the bag! Andrew
 Helen — We love you! It was loads of fun. Love, John and Andrew
 Helen — "Vale"! Your loving business staff.
 Good luck to the Fortnighters who are leaving us. See you at the New York

PARTING THOUGHTS

The importance of Specula '77 isn't in its first reading, or even in its second. It's importance is in next month's and next year's reading, when a picture evokes pleasant memories or a comment brings a smile. Our goal was to publish a memorable yearbook whose importance and value grows as time passes.

Putting together a yearbook is a lot of hard work, it is also a lot of fun. A competent hard working staff did everything they could to make this book a success. There are so many people to thank it is hard to know where to begin. To thank each staff member individually is impossible given the limitations of space. The staff deserves full credit for the yearbook you see before you. They worked many long, hard, often frustrating hours to put this yearbook together. They know they have my sincerest thanks for their efforts.

In addition to the staff there are a number of people who worked behind the scenes to produce this yearbook. These special people helped create the foundations upon which this book was built. One such person is Ed Stratton, our Western Publishing Company representative. He spent many hours with me and the staff helping turn abstract ideas into concrete actions. He acted as a sounding board, listening to all our outrageous ideas, helping us examine them to find the best ones for the book. He was also a great help to me by patiently listening to many hysterical phone calls, offering reassurance that we really could put all our ideas together to produce a yearbook we could all be proud of. I believe we have justified his faith in us.

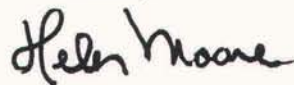

Bob Biello and Dave Greenberg of David Greenberg Studio also deserve special thanks. The quality of their work is evidenced by the beautiful portraits in the senior section.

I must take a few minutes and thank some of the people who helped me function during this year. To my suitemates Ann, Sheryl, Caryn, Regina, and to my roommate Elinor, a simple thank you doesn't seem sufficient. You made the suite a great place to call home. Thanks.

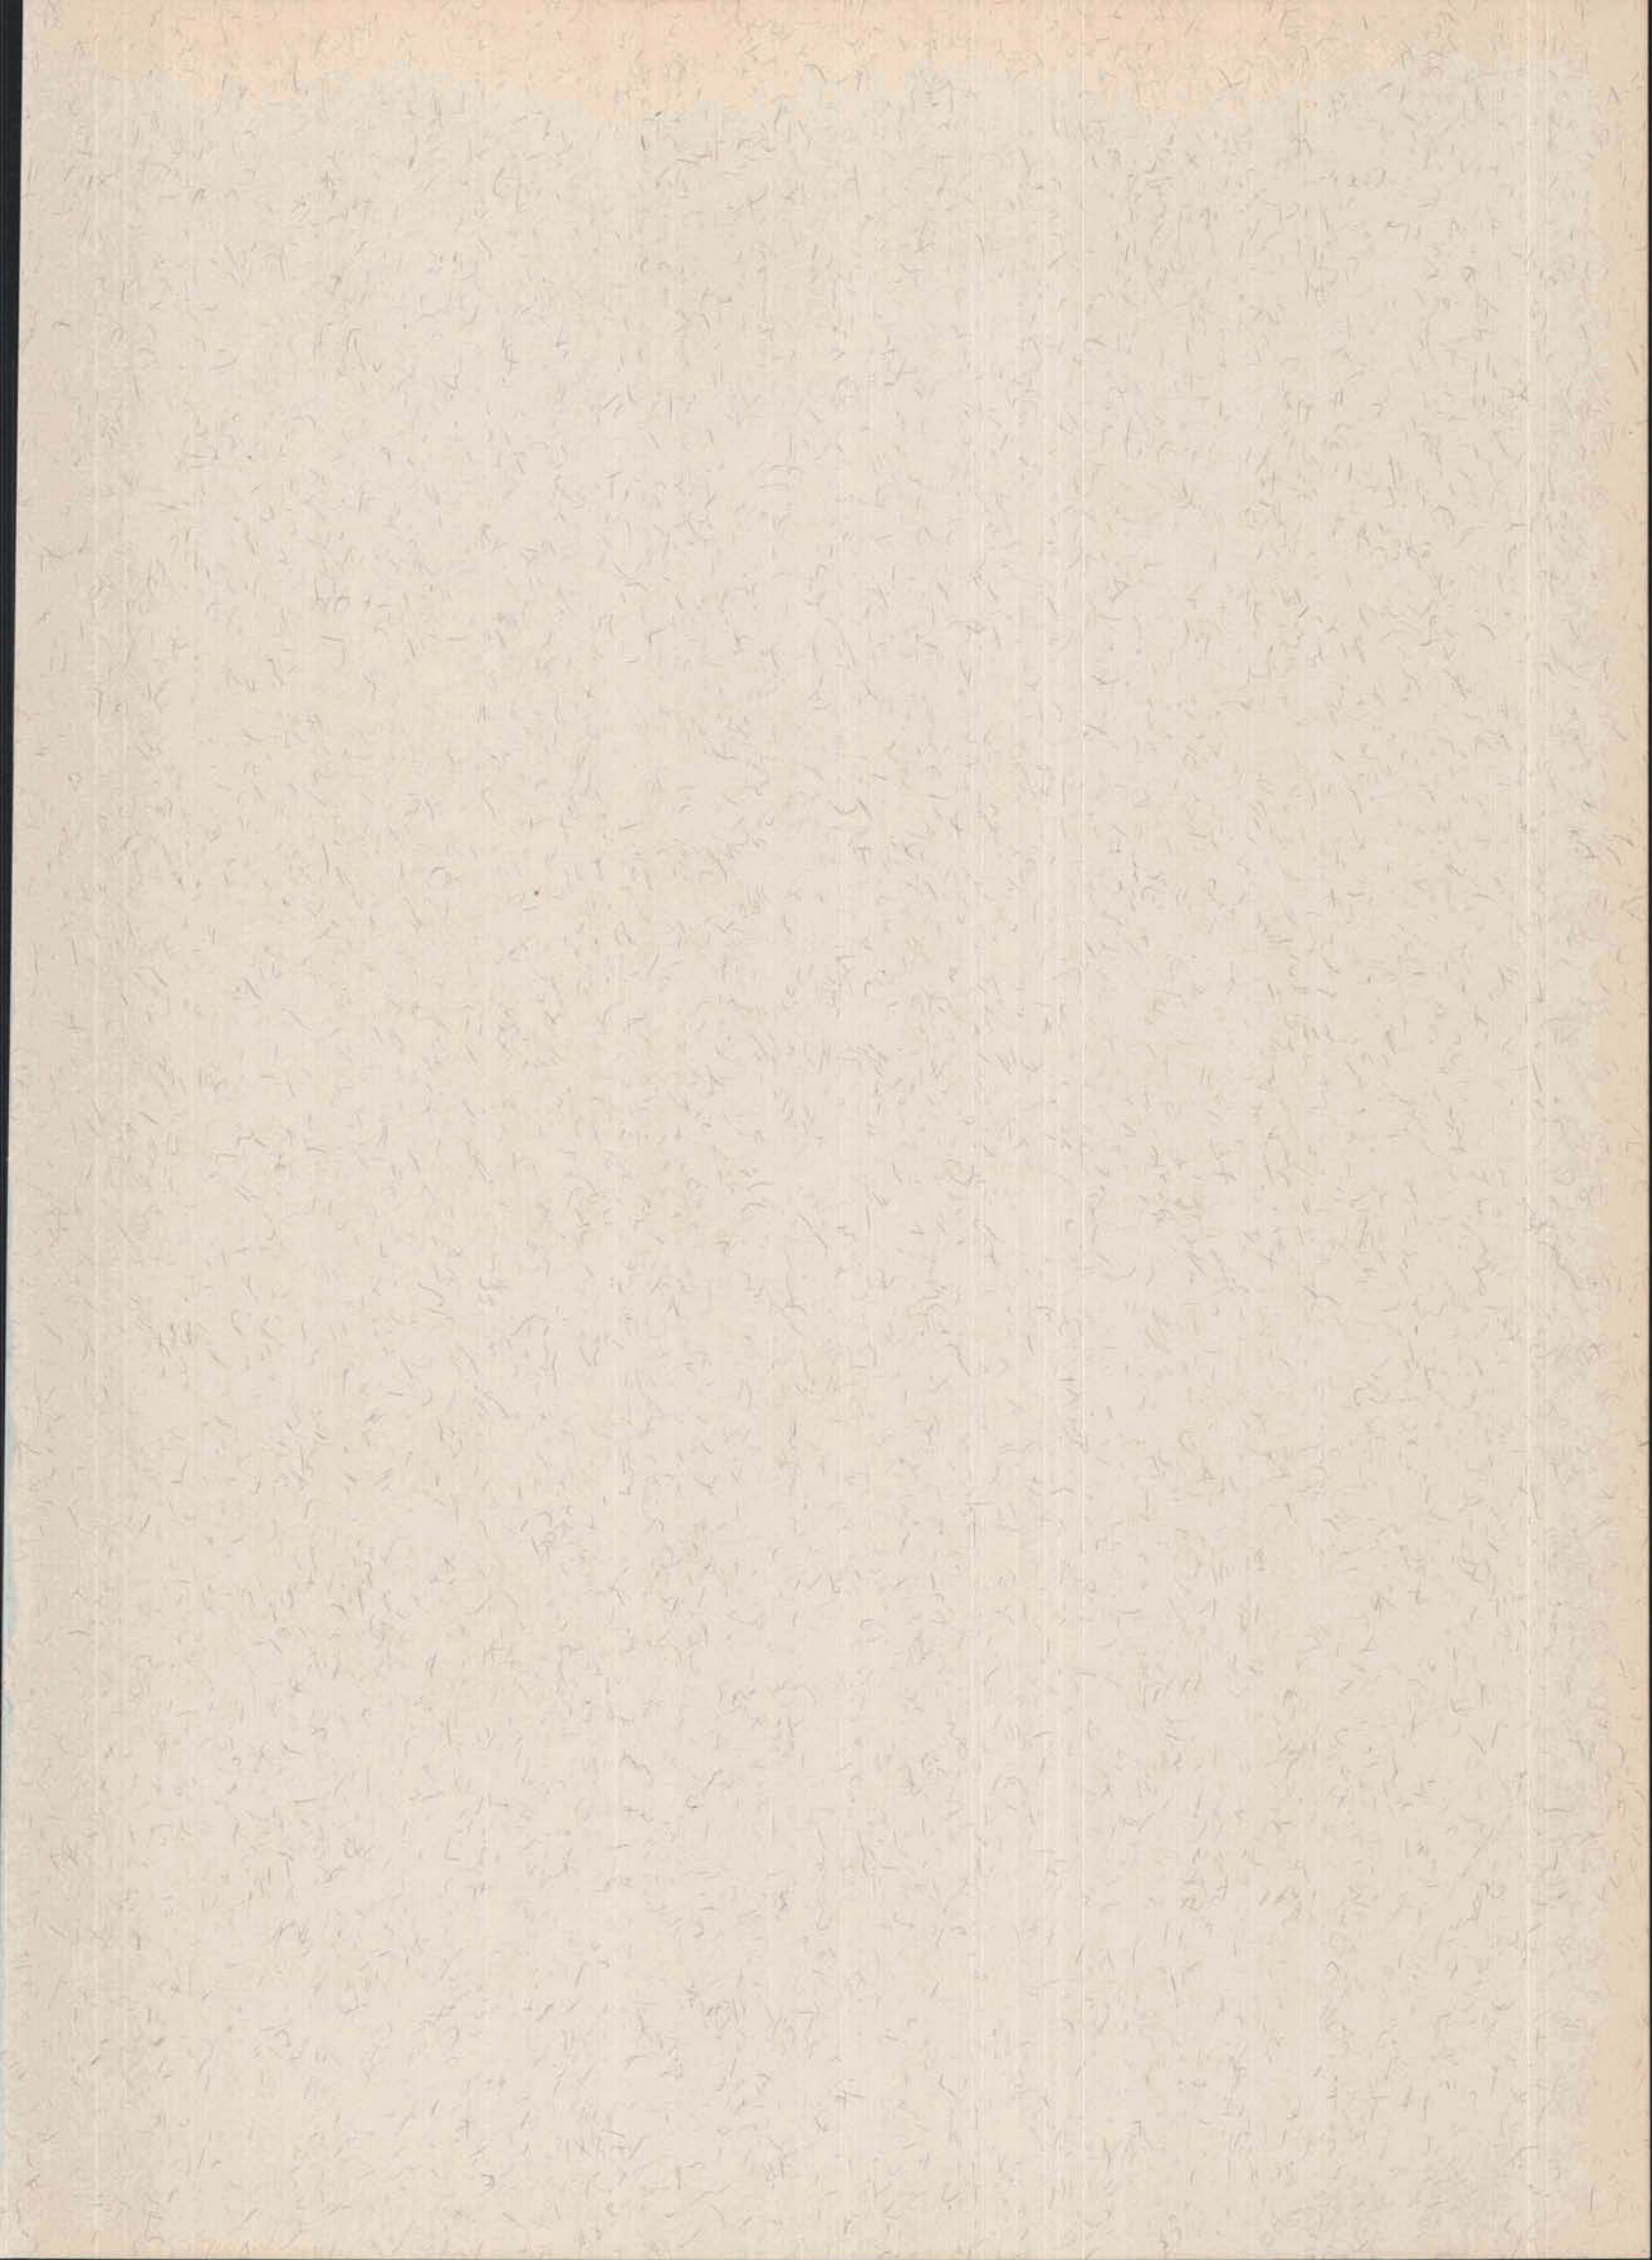

Finally, to Elliot, the big brother I've always hoped for and the special friend I found. You helped me learn a great deal about myself. You were there when I needed you. For this and for your friendship, thank you.

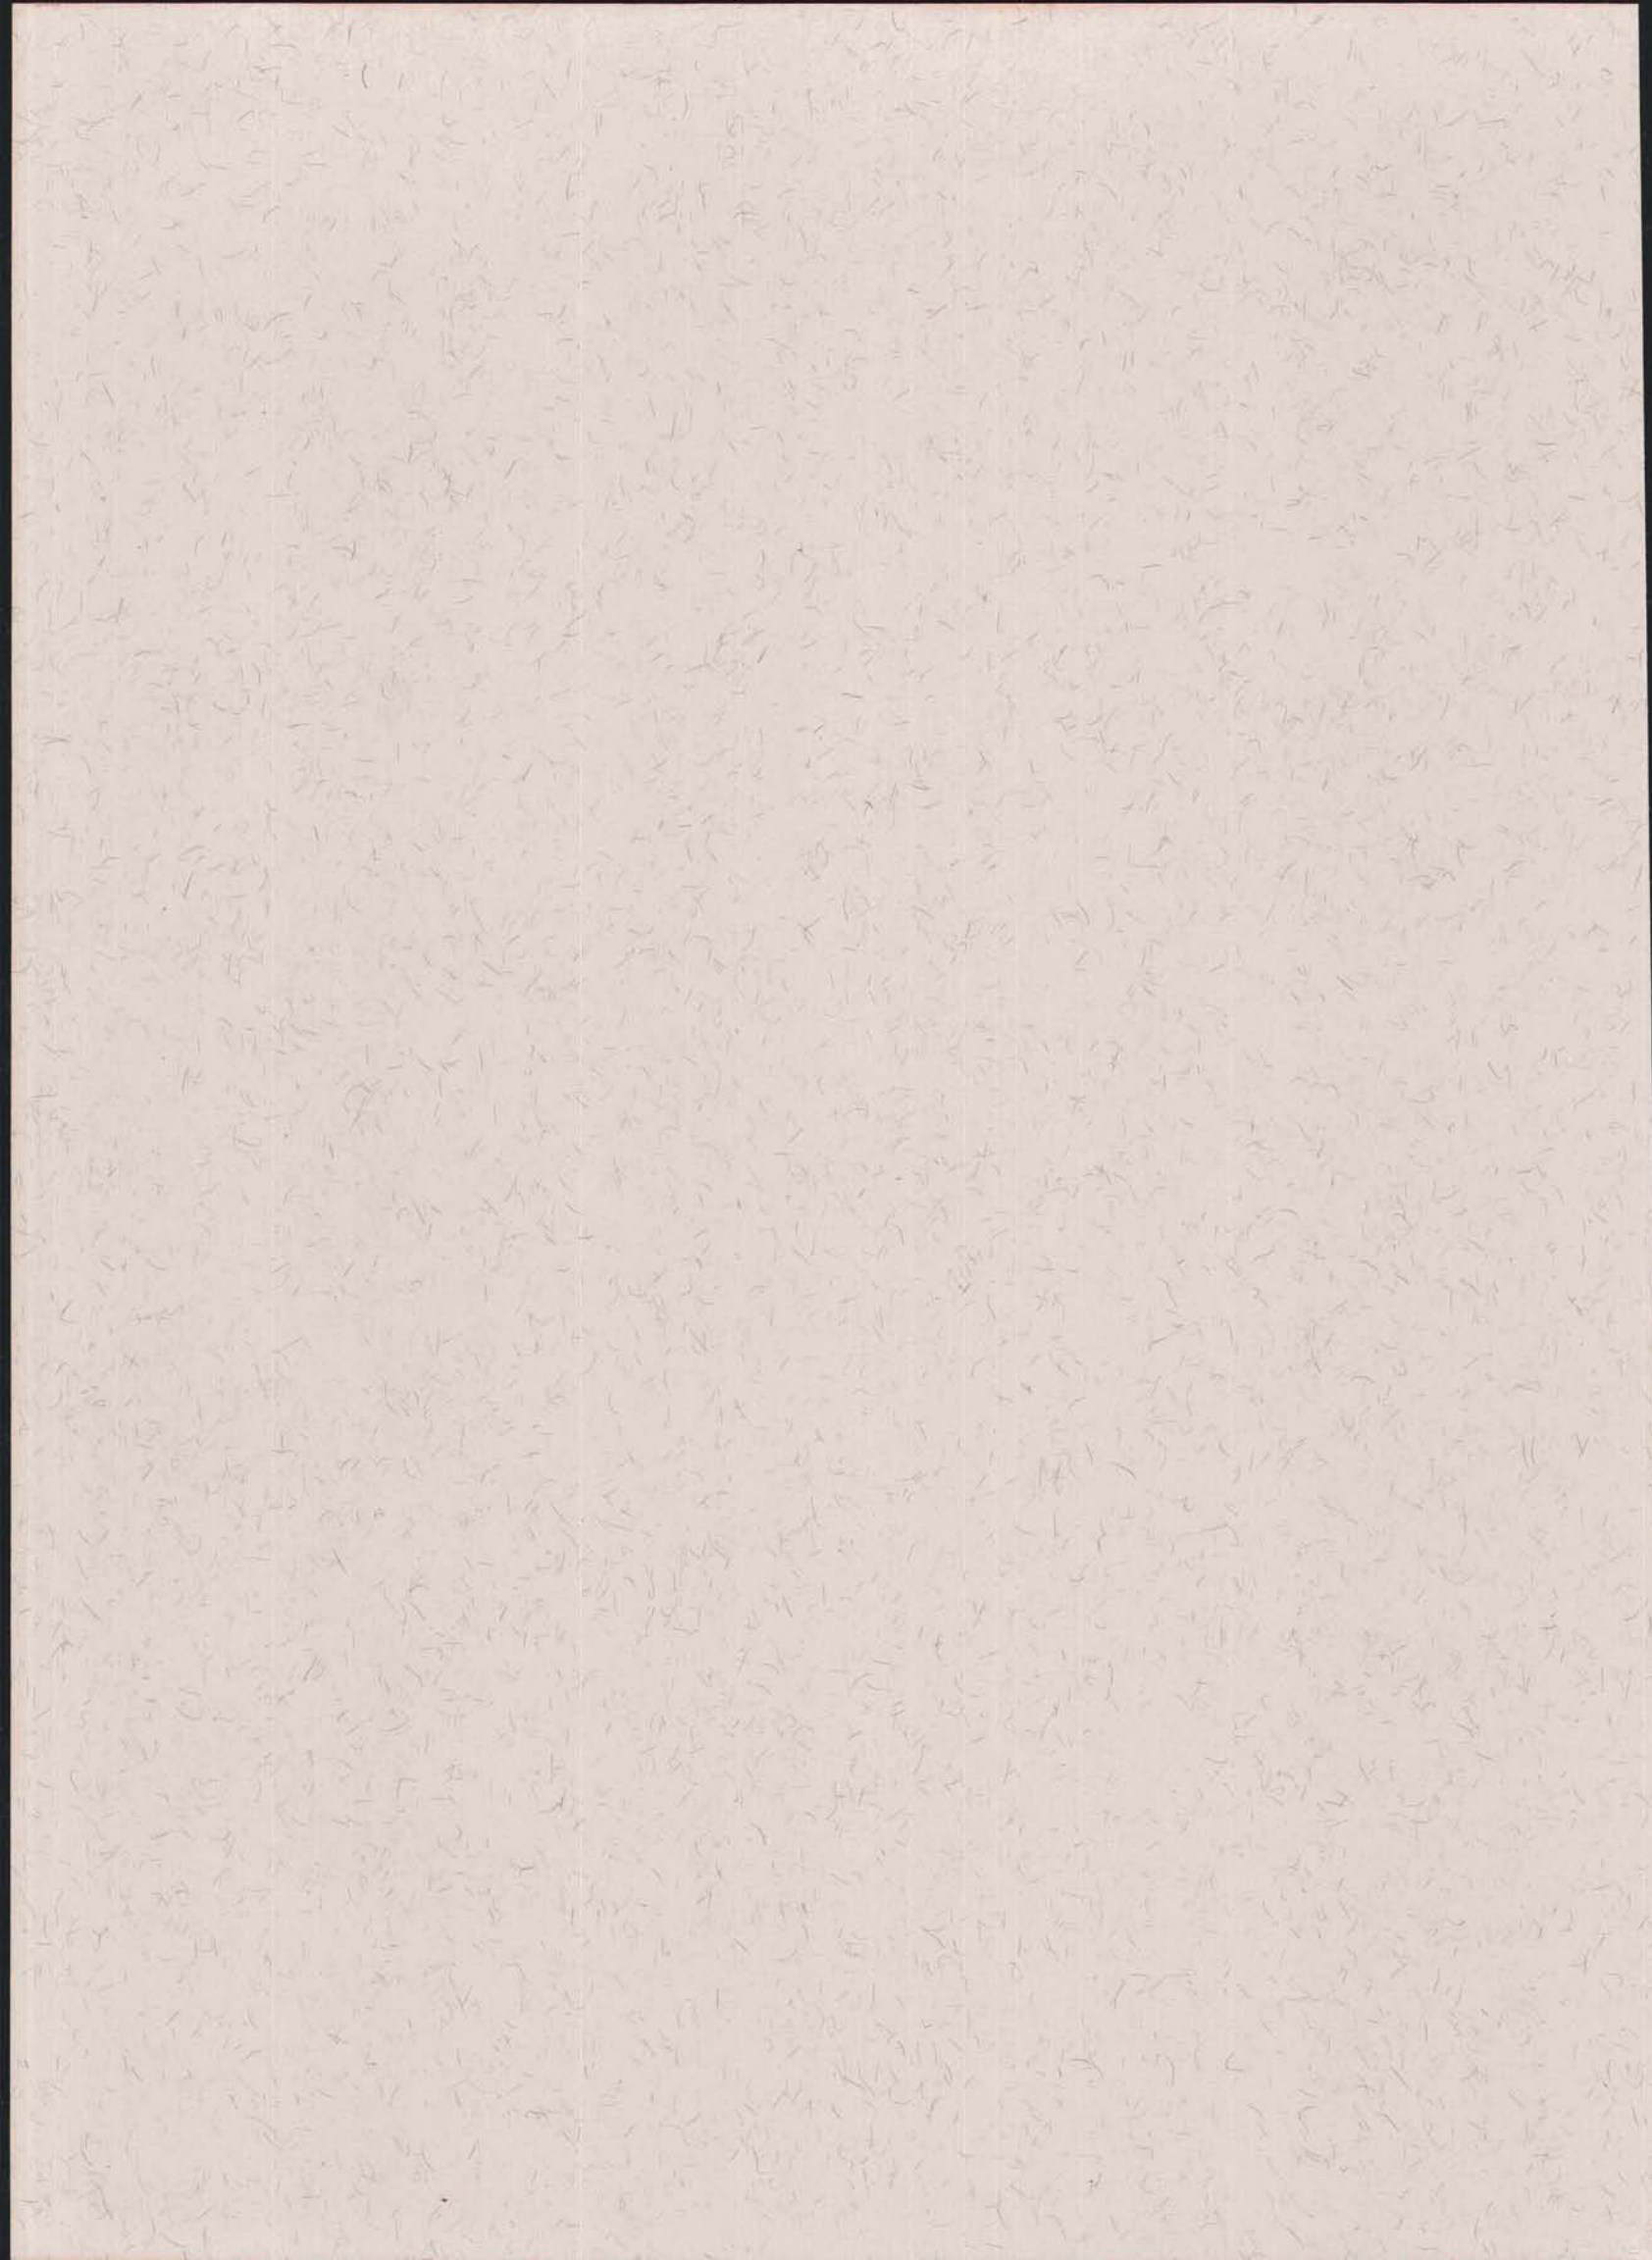

All the work is done, All the hours spent. I hope you enjoy the product of our work, next week, next month, and next year.

Sincerely,

Helen Moore
