Remembering Damian Corrente

Slain Freeport Man Is Celebrated At Stony Brook

Damian Corrente was remembered last week at a Stony Brook University ceremony where he was eulogized by friends and family.

The Freeport resident was gunned down last January 14th outside a local poolhall, the innocent victim of gang violence. Corrente was described by his friends as an individual who would do anything to help someone out, even if that person was a total stranger.

Fighting through tears and grief, Damian's classmates and friends spoke of the wonderful and kind nature of the slain Pre-Med student and how the are coming to terms with his absence.

They gathered at Frederick Douglass College, the residence hall at Stony Brook where Corrente lived. Dr. Frederick Preston, Vice President of Student Affairs, expressed his and the schools condolences when he said, "we share in you grief and sorrow but also our love for Damian. He will remain a part of the university."

part of the university."

Dean of Students, Carmen Vasquez, added that Corrente had a jovial sense about him which, "created a spark in other people's lives. He got along with so many other people no matter who they were." She continued by saying the school was honored that after his departure, Corrente still had such an enormous impact on the student body. "This shows how we as a community can come together and love, cry, and celebrate," she said in conclusion.

A magnolia tree and an enormous rock with an attached memorial plaque will ensure that this remains the case. As his friends reminisced about their lost colleague, they found it difficult to grasp the fact that he is gone.

Diego Henriques took a long, hard look at the plaque that

Diego Henriques took a long, hard look at the plaque that was commissioned by the student committee to keep Damian's memory from fading. He expressed a sense of disbelief by the entire chain of events that led up to this moment. "I have no idea of what's going through my mind right now... I just can't believe that he's not here," Henriques said. "Its

weird. It doesn't feel right that he isn't here with us." H added that though he only knew Corrente for one semester the deceased student's spirit could still be felt on campus.

This was the unanimous emotional feeling on this often

This was the unanimous emotional feeling on this often sunny/rainy day. Corrente had been studying to be an anestigiologist, but was also an accomplished club DJ, model and actor. He had appeared in television shows like N.Y.P.D. Blue, Saturday Night Live, Law & Order, and The Chris Rock Show and was featured in such films as The Basketball Diaries, Hackers, and Marvin's Room. By all who attended the solemn day of ceremonies, Corrente was described as someone who touched many different people in so many different ways: a person who made a difference in the lives of everyone he knew.

Julie Bagu, a soon-to-be graduate, described him as a funloving and exciting person to be around. "He was supportive and friendly," she said with tears in her eyes, "he was a good person with a good heart, we'll miss him."

Kristen Duncan said Corrente was there when you needed him the most. "I refer to Damian as an angel," she said during the memorial service. "Most people don't believe in angels, they obviously didn't know Damian."

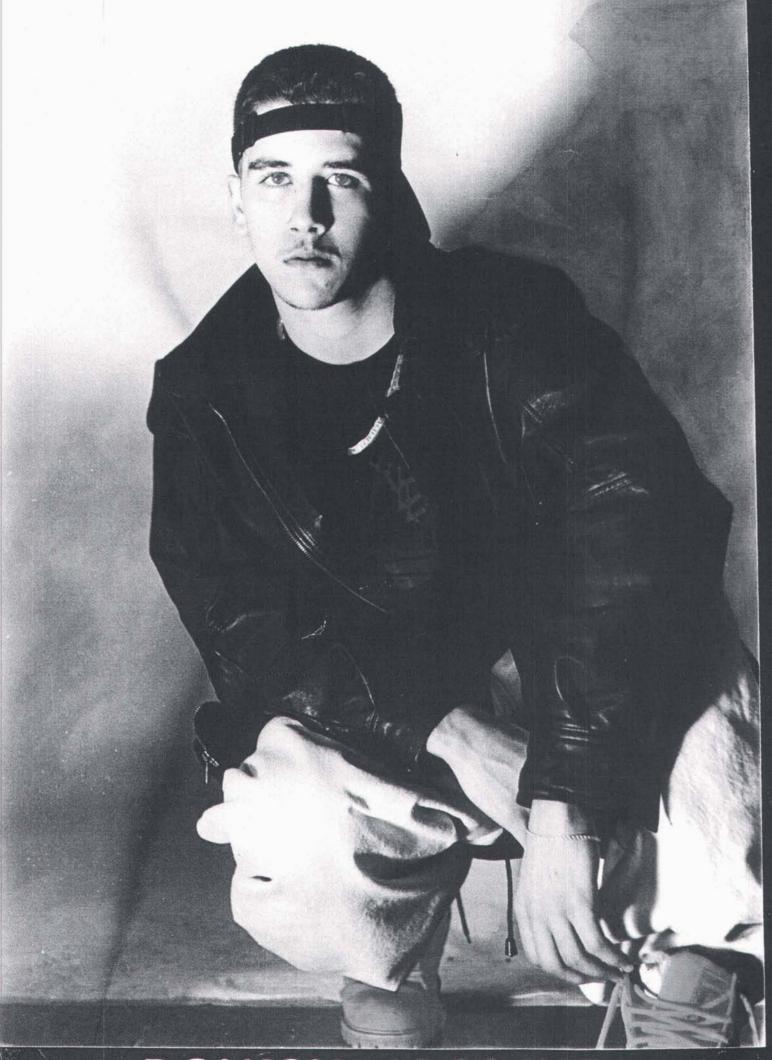

"I was Damian's roommate for two months and at one point I was also his R.A.," said Kazmi Situvat. "The first thing he asked me was how could he get involved with the student community. He was very outgoing. I've been at this school for three years and he knew more people than I did within the five months he was here. He really lived his life. He lived it to the fullest."

Corrente's mother, Pam, thanked everyone at Stony Brook for their outpouring of love. She said the last five months have been hard time for her entire family but, she added the day's events helped bring peace and a sense of closure for them. "Its so right to have a celebration of Damian because he was a celebration of life itself."

Anthropology is a social science that seeks to understand and explain human

cultural, behavioral, and biological variation through time and space. This gives anthropology a wide reach and has resulted in the formation of three subdisciplines: social anthropology, archaeology, and physical anthropology. Social anthropology concentrates on modern human culture and behavior. Archaeology examines cultural and behavioral variation over time. Physical anthropology studies the biological evidence for human evolution, encompassing everything from the study of modern non-human primates to the earliest stages of mammalian fossil evolution. The objective of the anthropology major is to train the student in all three subdisciplines while allowing the student to concentrate on any specific subdiscipline.

Students with a major in anthropology take several post-graduate paths. Some continue their anthropology training in graduate schools, many at the finest graduate schools in the country. Others pursue, for example, medical school or conservation studies.

The undergraduate program introduces the student to the general field of anthropology, its branches, its theories and methods, and its relation to the other social sciences, the humanities, and the natural sciences. The curriculum emphasizes the fields of cultural and social anthropology, archaeology, and physical anthropology, and includes offerings in medical anthropology. Students often have the opportunity to pursue coursework in any of the three fields in different cultural settings. Please see the Director of Undergraduate Studies for details.

Astronomy is the scientific discipline dedicated to the study of everything in the universe outside the Earth's atmosphere. The undergraduate major leading to the Bachelor of Science degree in astronomy/planetary sciences (AST) prepares a student for graduate and professional work. Our graduates teach in secondary schools, work in academic, government, and industrial laboratories, and teach and conduct research at colleges and universities.

Course requirements for the B.S. program are listed below and are summarized in the accompanying chart. Upon declaring the AST major, the Director of Undergraduate Studies will assign a facalty advisor to the student. This advisor will assist the student in the selection of courses. Students should consult frequently with their faculty advisors regarding their progress and regarding appropriate science courses. Because the position of the scientist in society is esponsible and complex, the student is autioned to pay careful attention to general education in the arts, humanities, ind social sciences.

The field of earth and space sciences is a broadly based multidisciplinary science combining geology, astronomy, atmospheric science and marine science. The major in earth and space sciences leads to the Bachelor of Arts degree and is a diversified program in the natural sciences and mathematics aimed at fostering a basic understanding of the earth and space sciences; it also includes concentrated study in any one of the natural sciences or mathematics or interdisciplinary studies in environmental geoscience. Intended for those seeking a science-related career, the program allows flexible course selection for students who may or may not be planning on graduate studies. The program is flexible in that it is designed to meet the needs of students who desire a more diverse liberal arts and sciences background. The various programs prepare students to choose careers in teaching, law, environmental science, or research in private industry and government.

was set forth in 1988 when Stony
Brook upgraded its lacrosse and women's soccer programs to Division towards a full-fledged Division I program when the athletic department announced the hiring of Dr. Richard Laskowski as the Dean of Physical
Education and Athletics in March of 1993 and he was charged with guiding the athletic department into the Division I level. On Jane 3, 1997,
University President Shirley Strum Kenny announced that the university will upgrade its entire intercollegiate athletics program to NCAA
Division I status, effective in the 1999-2000 eacademic year. With Stony
Brook's goal of arriving in Division I accomplished this fall, a new task
has emerged. The Seawolves will take on the difficult task of leaving a
lasting impression on Division I competition.

ACADEMIC EXCELLENCE

ACADEMIC EXCELLENCE One of the most important pr orities of Stony Brook's athletic program is its dedication to academic excellence. The University has set forth a tradition of academic excellence that the athletic department has used as a blueprint for its athletic teams. In recent years, the tennis teams received all-academic

GOALS

Success both on and off the field has become a staple at Stony Brook as the University strives to produce a well-balanced program. Stony Brook has a clear vision of where it wants to go and its goal is to provide an equal opportunity for all athletes in all of their endeavors and the foundation for the highest level of achievement for the rest of their lives. In its short history, Stony has established a tradition of athleti cess through the journeys from I III to Division II. From Final Fo State Championships, Stony Brook has proved to be a winner at every level which it has competed at. Just last year, both the volleyball and men's tennis teams took home the NECC Championship, and the men's and women's swi won Met Conference champi onships The baseball team achieved unparal

The baseball team achieved unparal-leded success, winning the most games in the program's history (33) while going 8-3 against Division I teams. Head baseball coach Matt Senk also had one of his former players make his major league debut when De Nathan was called up to make his first major league start in May. Stony Brook is ready for the move to Division lead will be successful to the program of the progr I and will now turn its attention toward establishing its deep-rooted win-ning tradition at the Division I level.

COMPETITION

Stony Brook will put its history of athletic success on the line against some of the toughest competition in the nation. On the slate for 1999 and 2000 are matchups with teams like St. John's, Utah, North Carolina, Yale and Princeton among many others. The athletic department at Stony Brook knows that to be the best you have to play the best, and University at Stony Brook will play the very best.

Stony Brook student-athletes have a penchant for making a lasting mark in the community. One of the many ways Stony Brook reaches
out to the community is with its annual Girls and Women in Sports Day.

1999 STEASON PREVIEW

Seawolves Open a New Era of Stony Brook Football

Stony Brook Enters First Year at Division IAA

SEASON OUTLOOK

The 1999 season will mark the beginning of a new era for Stony Brook football. Division IAA non-scholarship play begins this season after completing the final year at the Division II level in 1998. Last year, Stony Brook finished its second year as a member of the Eastern Football Con-ference and despite posting a 3-7 record, there is much to look forward to in 1999. Four of the losses were by a combined total of 23 points for a team that relied on 13 first-year starters in '99.

Head coach Sam Kornhauser has already lined up an outstanding recruiting class he hopes to blend with a solid returning nucleus that will help the Seawolves make a big splash in their first season at Division IAA.

STONY BROOK OFFENSE

QUARTERBACKS

The quarterback position is up for grabs as the Seawolves head into

the first season at the Division I level. Stony Brook returns seven starters on the offensive side of the ball but will have to find a quarterback to take over after the loss of Scott Meyer to over after the loss of Scott Meyer to graduation last spring. Kornhauser will look to Oscar Alcantara, Chris Vollmer or Brian Stanley to take over a complex offense that features mul-tiple formations. Stanley has seen spot duty as the Seawolves' signal caller in his first two seasons (4-16 for 61 yards) while Vollmer has sat out his first two seasons at Stony Brook due to injury and has no var-

sity experience. Sophomore Alcantara is an option-type quarterback who saw limited duty at the position last season, but he has tremendous athletic ability that can give Stony Brook a big threat at the quarterback spot. Alcantara was outstanding in the Red/White scrimmage during spring practice and may have the edge heading into camp. Alcantara is also a very dangerous

special teams player who may see time there as well.

Head Coach • Sam Kornhauser

16th season

The only coach in Stony Brook varsity football history, Sam Kornhauser has posted a 72-73-2 record over 15 seasons. Over the last 10 years, he has developed his program into one of the most successful in the metropolitan area.

Coach Kornhauser is a versatile coach, able to adjust his game plan to suit the talent of his team. In the 1980s, Stony Brook was known as a team with a tough, stingy defense and an offense with a strong ground attack that would attempt to control time of possession. In recent seasons USB has become much more wide open offensively, as the talent at quarterback and wide receiver has permitted Kornhauser and his coaching staff to stretch the field and force opposing defenses to defend a much larger area.

In addition to his coaching duties at Stony
Brook, Kornhauser is a tenured Associate Professor in the Department of Physical Education and serves as the Senior Associate Director of Athletics. A member of the American Football Coaches Association (AFCA) since 1979, he is the past chairman of the District I AFCA All-

American committee and served as a member of the Public Relations Committee. Currently, he is a member of the summer manual committee. Nornhauser is the Director of the Stony Brook Passing Camp (a summer football clinic) and he is a guest lecturer and instructor at numerous football clinics across the Northeast. Kornhauser has had 10 articles published during his coaching career. Three years ago, the Eastbay Football Chanches clinic asked him to participate in the Science of Coaching Video Lecture Series, which produced two tapes for sale. One detailed the one-back passing game at USB while the other highlighted the one-back running game at USB. All proceeds from the sales go to the "Make a Wish Foundation." Prior to coming to Stony Brook, Kornhauser was the defensive coordinator at Norwich. Kornhauser's defenses were known for pressure and movement. In addition to his college coaching experience, he has also held high school coaching positions in Brooklyn, N.Y., and Nome, Ala. He spent his first five years out of college as a teacher and assistant football coach at his high school alm matter Brooklyn Tech before leaving to take a new coaching position in Alaska, While in Alaska, Coach k was the head coach of the Nome-Beltz High School boy's baskeblat team. In his first season, he led the Nanooks to a 23-3 record and a trip to the state championship game.

Kornhauser's a 1971 graduate of Missouri Valley College, where he was twice selected as an All-Conference offensive tackle and was named an NAIA District 16 All-Star. The Vi-kings were nationally ranked during Kornhauser's senior season. He carned his

Eight starters return from a defensive unit that ranked first in the EFC and 15th in the nation in passing defense last year. Redshirt sophomore DE Mitch Ramson spearheads a defensive line that should cause trouble for opponents all year long. Ramson totaled a team-high 9.5 sacks and led the team in tackles for a loss (16) while DT John Kostkowicz racked up 48 tackles, 13 of them for losses, five sacks and three fumble recover-ies last season. Kostkowicz is a ballhawk who is ninth on the all-time list ies last season. Kostkowicz is a balinawk who is minth on the ali-time last for career fumble recoveries with nine. Also returning for Stony Brook is DEs George Karafantis and Brian Flaherty. Karafantis entered 1998 as the Seawolves' top pass rusher but missed the entire season due to mono-nucleosis. The senior captain totaled 39 tackles and five sacks in '97. Flaherty started in place of Karafantis last year and will look to build upon a successful campaign that saw him record 27 tackles and 3.0 sacks Defensive coordinator Dave Caldiero will look to youth to round out the

defensive tackle position. Sophomores Dave Savage and Keith Rippe enter their second

Jesus Marcano leading the way. Marcano totaled 92 tackles in '98, sec Icsus Marcano leading the way. Marcano totaled 92 tackles in '98, second-best on the team, and intercepted two passes. The senior linebacker also plays a bjor den on offense, coming in as a blocker in goal-line situations. Rounding out the linebacker corps will be Scott Hall, Mike Spizzo, Dan Bertzos, Alexis Ayala and John Phelan. Bertzos, a sophomore, finished third on the team in tackles at the weak side linebacker position as a freshman. Hall is a solid run-stopper (36 tackles) who missed four games to injury last season. Spizzo made 33 tackles on the year while both sophomores Phelan and Ayala also made by impacts at linebacker in '98. Caldiero should call upon them to fill even bigger roles this year. The 1990s have been an era of change athletic facilities at the State Univer-of New York at Stony Brook. The era s kicked off with the opening of Stony ook's Sports Complex and will also see opening of a new outdoor athletic sta-um in the next few years. Funding for stadium was approved two years ago construction is expected to begin in year ahead. Stony Brook's physical acation and athletic facilities are im-owing at the pace of its athletic program ich assumes NCAA Division I status in 99-2000. Indoor physical education and athletic

ilities include the Sports Complex ich contains a new west wing that ened in 1990, and the existing Pritchard mnasium. The main arena of the comx seats 5,226 for basketball or volley-l and 6,000 for special events such as tures, concerts and commencement ceronies. The Sports Complex is the largindoor facility in Suffolk County and ond largest on Long Island (Nassau liseum being the largest). In addition hosting Seawolves athletic events, the ility has served host to the Professional wlers Tour, Ross Perot's Presidential mpaign Tour in 1992, Suffolk County gh School Championships, and count

Also located in the west wing of the nplex is the Herman Nertz Track, a ir-lane, five-sprint-lane track (177 ters in distance). The facility houses

six glass-back-walled squash courts, new lockerroom facilities, including six new team rooms, and a state-of-the-art Ath letic Training Room that includes hydrotherapy, electro therapy and a com-prehensive, well-equipped rehabilitation area. The building also contains two attractive lobby areas suitable for recep-

tions and large gath-erings, and two fully-equipped concession

The west wing is connected to the existing Pritchard Gymnasium, which fea-tures a main gymnasium that seats 1,700 for basketball or volleyball. When not in use for competition, the gymnasium contains three multi-purpose courts suitable for basketball, volleyball, badminton or in-door soccer. The east wing also houses a six-lane, 25-yard swimming pool, eight rac-quetball courts, a varsity free weight room, a Universal weight room, a dance studio and an exercise room.

Outdoor physical education and athletic facilities extend over 25 acres and fea-ture the 2,000-seat Seawolves Field, which houses the football and lacrosse teams. The

Seawolves Field has been the sight of many memorable USB events

fenced-in fields and is used exclusively by the varsity soccer teams. The baseball and softball fields have both been recently reno-vated and contain modern dugouts and new 28-foot scoreboards. In addition to the new scoreboards erected at baseball and softball in 1995, Seawolves Field and the soccer complex also received new scoreboards.

In 1999, Stony Brook's athletic facili-ties played host to the 1999 Empire State Games, marking the first time the Games have taken place on Long Island.

Stony Brook will continue to keep im-proving its athletic venues with the move to Division I. Construction is anticipated to begin this year on a state-of-the-art 7,500-seat outdoor stadium to house foot-ball, lacrosse, soccer and track. Additional outdoor facilities include 24

tennis courts, a six-lane, 400-meter runnin track, four single-wall handball/paddleball courts and recently renovated intramural areas for softball, flag football, soccer, beach

volleyball and many other sports.

Most physical education and athletic facilities may be used for recreational purposes when they are not scheduled for classes, intercollegiate, intramural or spe-cial events. Membership is required for use of the Sports Complex by all non-Stony Brook ID holders. Information pertaining to all physical education and athletic offer-ings, and facility usage, may be obtained in the Complex Main Office or by calling 516-632-7205.

ATTRILITTIS ADMINISTRATION

Dr. Richard Laskowski, Dean of P.E. & Athletics

THE PARTY OF

Dr. Richard Laskowski,

Dr. Richard Llaskowski arrived at Stony Brook in the spring of 1994 with the directive to lead the university's abletic program to Division. I. Five years later, after moving the program from Division. Il to Division II, Laskowski has fallilled his directive; all of the Seavolves varsity teams will begin Division II competition this fall.

Now beginning his sixth year as Dean, Dr. Laskowski has designed and NCAA Reclassification program for the university's upgrade to Division II creised and increased the academic standards of the university's student-arthletes, undergone the first ever voluntary NCAA compliance review of the athletic program; negotiated the televising of numerous contests in men's and women's basketabli, flootabli, acrosse and women's Socret; initiated the change in the logo and nickname of the Stony Boook teams to the 'Seawolves'; and worners' basketabli, flootabli, acrosse and women's socret; initiated the change in the logo and nickname of the Stony Boook teams to the 'Seawolves'; and oversaw the creation of the top three Development and Marketing programs in the logo and nickname of the Stony Boook teams to the 'Seawolves'; and oversaw the creation of the top three Development and Marketing programs in the country in Division II with income approaching \$1,000,000 a year.

"We have been able to make tremendous progress in our move to Division I as a result of the tirtless efforts and dedication of our coaches and staff, and the support of our President, Dr. Shirley Strum Kenny,' said Laskowski. 'Competing in one of the finest Division II conference, in the country for the past four years, the New England Collegiate Conference, we were able to steadily improve our won-loss record each and every season. We have the same expectations for Division I; we didn't upgrade our program just to be classified as Division I, we did so with the intention of developing a highly successful program both in the classroom and on the playing field."

"In oder to be successful and Divisi

State, Georgetown, Villanova, Army and Navy, we need to provide the funds necessary to attract those elite student-athletes to Stomy Brook. Therefore, the continuance of our success in marketing and development is vital, and we are dependent on the support of the alumni and riends of the university to achieve our goals in these areas. Our first year in Division I will be very challenging, and so very exciting. I'm confident that all of us will rise to the occasion."

Prior to joining Stomy Brook, Dr.

of us well rise to the occasion."

Prior to joining Stony Brook, Dr.

Laskowski spent 19 years at St. John's
University, serving as the Associate Director of Athletics of Varsity Sports in his final eight years. Laskowski s tenure at St. John's began in 1974, when he created and became the first athletic academic counselor at the school. In 1978, he was named Director of Intramurals, Club Sports and Recreation and held that position until 1983, when he was named Associate Athletic Director. Chairman of the Big East Tennis Committee and a member of the Baseball Committee, Dr. Laskowski was recognized as one of the conference's outstanding administrators at the Big East's 10-year Anniversary Dinner in 1901.

Dr. Laskowski serves on the Executive Board of the following organiza-tions: the Long Island Sports Commission, the Eastern College Athletic Con-ference, has also served on the Executive Board of the New England Collegiate Conference.

A native of Brooklyn, N.Y., Dr. Laskowski received all of his educational degrees from St. John's. He earned a bachelor of social science in 1965, a master's degree in counselor education in 1970, a professional degree in coun-selor education in 1972 and a doctorate in school administration in 1982. Dr. Laskowski currently resides in Setauket.

Sandy Weeden, Director of Athletics

Sandy Weeden is entering her 30th year of ser vice at the University and in the Department of Physical Education and Athletics. During her tenure Weeden has coached women's basketball, softball and tennis and served as the intramural director of

rector of Women's Athletics before becoming the Director of both Men's and Women's Athletics four years ago. During her career, she has been an active in the NCAA having served four years on the women's soccer com-

mittee and the powerful NCAA Council for four years, been a member of the NCAA's Olympic Liaison Committee for two years, the Academic Requirements Committee for three years and the graduation rates committee for three years. She is also an Associate Professor of Education and was enshrined in the Cortland State College Athletic Hall of Fame in 1987.

Outside of the NCAA, Weeden has also been instrumental within other col-legiate organizations. She served as the President of the New York State Women's Collegiate Athletic Association, the Vice President and Chair of the Scholar Athlete Selection Committee and the Chair of the Service Award Committee. As a member of the ECAC, Weeden was a volleyball and basketball selection committee member as well as the chair of the volleyball selection committee

She has been a driving force behind Stony Brook's move to Division I and was the New England Collegiate Conference's Chair of the Women's Basketball Committee for the last two years.

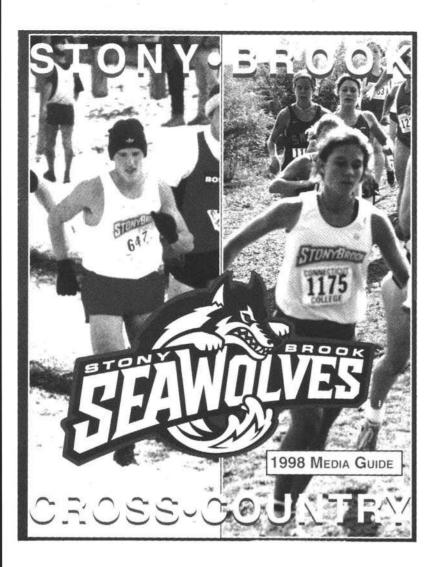

In addition to her work with

the NCAA, Weeden has had a major impact at the university level. Her outstanding work as a coach, a professor and athletic administrator have earned her numerous honors that include Stony Brook Women's Athletics Coach

of the Year (1972 & 1976), the NYSWCAA Service Award (1985) and has twice been recognized for exceptional service to undergraduate education at the Uni over ir cognizion or exceptionia service to unicerganiziate cuication at the Uni-versity at Stony Brook (1985 Step1). Her exceptional work at the university has landed her a position on the Undergraduate Excellence Awards selection com-mittee in addition to her work as a member of the Administrative Hearing Board.

Weeden earned her undergraduate degree in physical education from SUNY-Cortland in 1967 and completed her master's degree in education at UNC-

Little hit 72 threepointers on the year, the second best nark for three-pointers made in a season in school history. "In his rookie year, Josh proved to be a steady outside shooter who should develop into an outstanding all-round shooting guard," Tomlin stated. Complementing Little will be veterans Bobby Mahoney and Demez Carrington. Carrington returns as the only Seawolf with experience at the point guard position while Mahoney is a versatile performer who is the best defensive player of the roster. > lift at this position. Roel Moors, one of two freshmen from Belgium, is an excellent floor general who can penetrate and break down defenses. Moors has the ability to step in right away and nake an impact. Tomlin also has high hopes for Steve Pratta, who comes to Stony Brook after spending last season at Tyler Junior College and the previous year at the University of Houston Pratta played in 16 games while at Houston in his freshman year, displaying versatile combination guard skills with a shooting touch from the outside and the ability to run an offense when called upon to do so.

Red-shirt sophomore Rob Hartman will be in the backcourt mix as well this season. Hartman looks to pick up where he left off after his freshman year when he was one of the best NECC newcom ers in 1996-97. He sat out last season due to a knee injury but hopes to rebound this year and build upon his excellent first season. His tenacious defense and uncanny shooting ability skes him a valuable member of this

Forwards

Sophomore Chris Balliro returns after pushing teammate Josh Little for NECC Rookie of the Year honors in '97. At 6-7, Balliro frustrates opponents with nacious style of play. "He can rebound, score and he is an intense player that will be a big part of our success this year," says Tomlin. Veteran Pablo Porras returns for his third season at Stony Brook. Porras can play more than one spot as he provides good defense and solid rebounding for the Seawolves. Senior Kendall Richards is a steady, aggressive and reliable reserve who will play valuable minutes for the Seawolves off the bench.

Tomlin also went international at the forward position, nabbing Belgian Stefan Salden for his frontcourt. "He has excellent perimeter skills and post moves and will be a great addition for the Seawolves under the basket," explained Tomlin. Freshman Dan Graham,

out of Williston Northampton High School in Massachusetts, is an athletic player that excels in an up tempo game, a style that Tomlin may use a lot more this season. Francois Oloa, a native of France, will also make his debut this season after sitting out last season upon transferring from Concordia. Oloa is a great leaper who could see time at both the guard and the forward position.

Center

Ryan McDermott returns for his third year as the Seawolves center. McDermott is a giant force on the boards as he averaged .. board in his first two season and should only get better as he has added size to his 6-8 frame during the off season. nott has also shown the ability McDe to get up and down the floor to finish

Tomlin acknowledges that Klepkos should be an immediate force in his first season at Stony Brook "He is a strong power player that can score inside and rebound in traffic." Klepkos will get help from junior transfer Boris Reznik who also enters his first season with the Seawolves, some three years after it looked like he would Reznik who initially planned on coming to Stony Brook three years ago out of high school, has spent the last 2 1/2 years as a member of the Cal-Irvine Anteaters. Reznik was a mid-season transfer in 1997-98 and will eligible to par ticipate in late December. His 6-10 frame gives the Seawolves a post player who can be a big force in the paint, giv ing Tomlin size and depth on the boards

Going Global

Of the six new faces on this year's oster, four of them reside in foreign countries, with the other two were born outside the United States.

Division I

The 1998-99 schedule will be a stern test for the Seawolves. The slate includes seven Division I opponents including Cleveland State, Columbia, re State, Drake, Wisconsin-Milwaukee. The Seawoives will also play the College of Charleston in the College of Charleston Tournament and either Delaware or Charleston Southern in the second round of the tournament in December

The conference schedule will again provide a tough test for the Seawolves. Sacred Heart, Southern Connecticut, Franklin Pierce and New Hampshire College will all be vying for the top spot this season. New Hampshire College comes into the season ranked ninth in the nation at Division II. If Stony Brook is to claim the conference title, it will

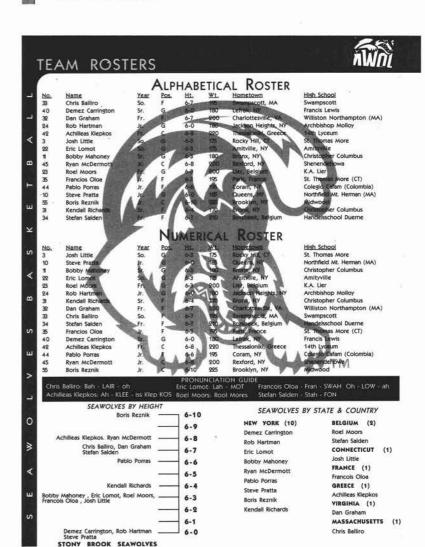

1997-98 NECC Coach of the Year Bernard Tomlin

have to prove they can beat those teams at home and on the road.

Outlook

After a surprising 10-6 finish in the NECC last season, Coach Tomlin has set his sights on a bigger prize this season the NECC title "With the addition of some strong inside players and the return of freshman class that proved that can score, we feel that the championship is a realistic goal." Our goal through our Division I schedule is to establish Stony Brook as a true competitor and let others know that Stony Brook will be a tough opponent when we become a Division I school next year. With the addition of our new recruits and the return of a good nucleus, we are looking to generate some excitement for our student body and the long Island community. I think we'll do just

The 1997-98 NECC Coach of the Year, Benard Tomlin enters his eighth season at the helm of Story Brook's men's basketball program, bringing to the University a wealth of basketball coaching experience, ranging from all levels of NCAA competition as well as the product larks. In his seven years at Story Brook, Tomlin has compiled a 90-93 record and let the Seawolves to four postseason appearances.
Tomlin came to Story Brook after serving as head coach of the Long Island Surf of the United States Basketball League in 1991. While with the Surf, Tomlin coached current NBA star Anthony Mason.

United States Basketball League in 1991. While with the Surf, Tomlin coached current NBA star Anthony Mason.

Prior to his stint with the Surf, Tomlin was an assistant coach at the University of Rhode Island for three years, which included the Rams' trip to the second round of the NCAA Tournament in 1992. Tomlin was a key figure in the recruiting process for the Rams. Prior to Rhode Island, Tomlin was the head coach at Adelphi University in 1987-88. During the 1986-87 season, Tomlin began his head coaching career by guiding William Paterson College to 80-9 mark and an Eastern College Athletic Conference (ECAC) playoff appearance. He also served as an assistant with three other Division I programs: Duquesne University, St. Bonaventure, and his alma mater, Hofstra.

Playing Experience

A standout performer at Hostra University, Tomlin led the Rying Dutchmen to their firstever NCAD Division I Tournament appearance as a senior. In his junior season, Tomlin led the
team in scoring, averaging 19.8 points per contest and was named to the All-East Coast Conference Team. Tomlin still holds the Hodstra record for most field goals in a game with 80, and is
the Rying Dutchmen's all-time free throw percentage leader (.880). Tomlin graduated from
Hodstra in 1976 with a degree in Social Science.
Prior to playing at Hodstra, formlin suited up for the Runnin' Utes for the University of Utah,
where he scored a whopping 30.9 points per game and was named conference Rookie of the

Personal

PEFSORAI

During the summer months, Tomlin serves as Director of the Story Brook Superstars Basketball Camp. He also gives lectures and serves as a coach at various camps in the East. Tomlin
also is the Director of the NBA Pro Development Basketball Camp, a week long camp for NBA
players and top college prospects that has featured such prominent NBA first-round picks such
as Adonal Foyle (Golden State) and John Thomas (Boston). The instructors are former NBA
head coach Bob Hill and NBA Hall-of Famer Bill Walton who are annual fixtures at the camp
each summer.

Tomlin currently resides in Hempstead with his wife Della, Assistant Dean of Cultural esources at Adelphi University; and their two daughters, Dana and Dawn.

The 1998-99 Seawolves: An International Attraction

The 1998-99 edition of the Story Brook Seawolves features a unique blend of talent from all over the globe. Of the 16 players on the roster, seven were born in a foreign country, five of which make their nt home in other countries around the world.

Freshman • 6-8 • 220 Thessaloniki, Greece

SEAWOLVES NEWCOMERS

The international roll call looks like this: Roel Moors and Stefan Salden (Belgium), Achilleas

Klepkos (Greece) and Francois Oloa (France) Pablo Porras (Colombia). In addition to those players, two others were born abroad in Boris Reznik (Russia) and Dan Graham (Holland).

(Holland).

Coach Bernard Tomlin sees the addition of these players as a big step for the program. Last spring, Tomlin spent four days in Belgium and three days in France scouting

some of the best young talent in Europe. He came away very impressed by what he saw overseas. Stony Brook has a large international population in its student body and with the emergence of European basketball, iknew that it would be a good opportunity for players from overseas to come to Stony Brook to receive a great education and excel on the basketball court." Tomlin said.

Greg Taylor

Greg Taylor Claims Save Percentage Title

Seawolves standout goalie records nation's best .671 mark in '98

Greg Taylor became the first goalie in Stony Brook men's lacrosse history to win the NCAA Division I save percentage title, compiling a .671 save percentage during the 1998 season.

A three-year starter for Stony Brook, Taylor finished with an 18-17 career record, including a 16-9 mark over the last two seasons. His play during that span helped vault the Seawolves into the Top 25 for the first time in school history. In the spring of 1997, he helped Stony Brook register an overtime win over #17 Hartford, the first time Stony Brook has ever deleated a ranked opponent.

The 1998 season saw Taylor turn in two 20-plus save performances, including a 25-save effort in an 18-8 win over Dartmouth. His outstanding play was rewarded as he was selected to play for the North squad in the annual North-South All-Star Game at Nazareth College on June 13.

Taylor also ranked third in the nation in goals against average, yielding only 7.92 oals per game.

Head Coach Scott Dean

Scott Dean begins his second season as head coach of the Stony Brook Seawolves. Dean came to SBU in 1997 from the University of Rhode Island after a season of serving as the school's assistant men's soccer coach Dean brings over seven years of coaching experience to his first head coaching job at the collegiate level.

Several coaching and player changes finally caught up to the Seawolves in 1997 as the team finished 0-17-1 in its inaugral season under Dean. The Seawolves broke a string of five consecutive losses to start the season with a 2-2 tie in overtime with New Jersey Tech.

At Rhode Island. Dean was an integral part of the urge to national prominence. Involved in every phase of the Rhode Island program, he helped make Rhode Island into a Top 20 team, a program that was ranked as high as fourth in the nation. At the end of the regular season, Rhode Island received a NCAA Division I Tournament berth.

Prior to Rhode Island, he served as the Connecticut Olympic Development Coach while also assuming the role of head coach at Old Saybrook High School. In his three years at Old Saybrook HS, Dean led the team to its' first tournament bid in his first year and then followed that up with a perfect 16-0 record in his second season. In his third season, Dean guided the team to 19 wins, which was a school record for most wins in a season.

As the Connecticut Olympic Development Coach

Dean participated in the selection of the team as well as scheduling. A USSF State Staff Coach, he planned training sessions and lesson plans while also evaluating, grading and issuing state licenses.

Along the way. Dean's coaching excellence has earned his numerous awards. Dean was twice named the Shoreline Coach of the Year (1994-95) and was the Connecticut Senior Bowl Coach in 1993-94.

A 1988 graduate of Green Mountain College in

Poultney, Vermont, Dean earned a bachelor of science de-gree in business. At GMC, he captained the Eagles and was named to the Mayflower Conference team and the NAIA District V Team in 1987.

Upon graduation from GMC. Dean served as an as sistant men's soccer coach at his alma mater for one season before moving on to become Westbrook High School's head coach for two years.

Kurt Kelley Volunteer Coach

Kurt Kelley joins the Seawolves staff Kurt Kelley joins the Seawolives staff as a volunteer coach. Kelley was a goalkeeper on the Costa Rican Na-tional Championship teams in 1989 and 1997. During his 19-year career he has played with Deportivo Saprissa, Deportivo Carmellta, Club Sport Cartago and Deportivo Belen He will assist the Seawolves as a goalkeepers coach

1998 Season Outlook

The Stony Brook University men's soccer program will have a new look once again under second-year head coach Scott Dean. Dean travelled the globe in search of new talent for the 1998 edition of the Seawolves and found 18 newcomers to add to the squad including players from Sweden, Mexico, West Africa and the West Indies. We are expanding our recruiting bound-

aries and going all over the world to find the best studentathletes,* Dean said.

The 1998 Seawolves will try to improve upon last year's 0-17-1 record. Coach Dean is confident that a com bination of experienced veter ans, talented newcomers and a year of experience under his belt will lead to dramatic im-

Newcomers to lead offense

Offensively the Seawolves will look to its incoming group of newcomers to add a scoring punch to a team that scored just 11 goals last season Leading the charge will be Sam Glassen, Angel Vassilaras, Juan Manuel Sanchez, Michael Megaloudis and Diego Bravo. The newcomers will be supported by last years leading scorer Ricky Brown and co-captain Gerrard Sampson who sat out last sea son because of NCAA rules regarding transfers.

The captain steers the defense

The Seawolves defense will be led by returning veteran and co-captain Paul Breun. Dean will look to the veteran to lead the talented newcomers on defense. Among those expected to contribute on the defensive side are Diogo Henriques, Stephen King and Moses Sarr.

Goalkeepe

Taking over the reigns in net for the Seawolves will be freshman Brian McOmber. McOmber arrives at Stony Brook as an outstanding scholar-athlete who was captain of the varsity soccer

> team and an honor roll student. Stefan Ursu, a transfer from SUNY-Oneonta, and John Gorman a freshman, arrive at Stony Brook to provide relief for McOmber.

Preparing for the Future

Dean knows the importance of tough schedule and how it will prepare the program for the challenges that lay ahead in Division I * Playing in the NECC will

only help our transition to Division I. It's going to be a tough conference to compete in. We are very young and more talented but we also have less experience so it should be an excellent learning ronment for us,* Dean stated.

The Seawolves have been able to take the lessons learned from Dean's first year at the helm and turn them into positives for the 1998 season. "What we have to take from the first year is the team cohesiveness as soon as possible and have everyone on the same page

notivation to where we have to go to become one of the best teams in the country," Dean said. "We now know who we are playing and what we are in for. Our main goal at this point is to get

team at Stony Brook. Senk has established a tradition of excel lence for the program, both at an individual and a team level. Dur-ing his tenure at Stony Brook, Senk has had 37 players named All-Conference, 18 players named All-Region Team, five players nominated for All-American honors, one signed to an independent-league contract (Frank Colon) and one (Joe Nathan) chosen in the annual Major League Baseball Free-Agent Draft. Nathan is now a member of the San Francisco Giants' 40-man roster. Last year, Senk has a pitcher (Greg MacKoul) sign a free agent contract with the Milwaukee Brewers. Senk also had a player (Craig Ansman) earn the New England Collegiate Conference Player of the Year accolades last season. Academically, over 90 percent of his players have graduated and moved on into successful careers or graduate

In his eight seasons at Stony Brook, Senk has become the alltime winningest coach in the history of the program. Last season, Senk guided the Seawolves to a record of 23-11-1 and the program's fifth postseason appearance. The mark was a 16 game turnaround from the previous season. For his efforts, Senk was named Stony Brook's Men's Coach of the Year and the team earned the Stony Brook Men's "Quantum Leap" award for the biggest imp from the previous season. Three years ago, Senk guided the Sea

volves to a 30-8 record, including the University's first appearance in the NCAA Division III New York Regional Championships. The season prior to that, Senk led Stony Brook to a 26-9 record, the Skyline Conference title, and an appearance in the ECAC Metro NYNNJ Championship. Following that season, Senk was honored as the Skyline Conference Coach of the Year. In addition to last season, Senk has been named the Stony Brook Men's Athletics Coach of the Year for the 1991-92, and 1994-95 academic years.

Prior to accepting the coaching position at Stony Brook, Senk spent three years as head coach at Kellenberg Memorial High School where his teams captured both League and Division Championships. Before coaching at Kellenberg. Senk was the head coach at St. Agnes Cathedral High School where he guided his team to a Division Championship and was named Nassau-Suffolk Catholic High School Athletic Association Coach of the Year.

Senk is a graduate of the State University of New York College at Cortland where he earned his Bachelor's degree in Psychology in 1980. While at Cortland, Senk was the Red Dragon's starting catcher for three seasons, a two-time All-SUNYAC selection and team Most Valuable Player as a senior. Senk earned his Master's degree in Physical Education from Adelphi University. Senk is a member of the American Baseball Coaches Association and the

New York State College Baseball Coaches Association.
In addition to his head coaching responsibilities, Senk is an experienced teacher and clinician. He was recently appointed the University's Coordinator of Summer Sports Camps and also teaches

The academic center houses the offices of the Compliance Coordinator as well as the Assistant Athletic Director for Athlete Services. Services offered by the Center's staff include academic and general advising, scheduling and registration updates, monitoring academic progress, tutor assignments, study hall, computer stations and coordinating curriculum requirements with learn advisors and instructors. In the upcoming year, the Department will begin to develop a life skills program that will assist student-athletes with the preparation for life after Stony Brook.

Strength & Conditioning

As Story Brook upgrades its athletic program to the Division I level, it will be necessary to provide the athletes with the strength and conditioning program on par with any school at the Division I level. Strength training and conditioning is vital to athletic success as it serves to improve performance and reduce the risk on injury.

In 1997, the Division of Physical Education and Althletics pur-chased over \$110,000 of new Nautilus and Hammer Strength exer-cise equipment for Story Brook's athletic teams. primary backup.

Overview

Coach Hobin will look to use the depth, versatilty and mo-bility of each of the players on the Stony Brook roster to con-tinue the growth the program has made in the last two sea-sons. The Seawolves, in their final season in Division II, will look to build momentum for the move to Division I next sea-son and also to leave their mark on the Stony Brook record book. With 12 wins last season, Hobin's Squad fell just a win shy of the school record set by the '91 team.

Diane Hobin enters her third year as head coach of the softball team at Stony Brook University.

She is the seventh coach in the history of Stony Brook's 25-year program. Hobin, who earned her BA degree in Psychology, was a four-year starter for the Flying Dutchwomen's basketball and softball teams.

As a softball player, Hobin was a two-time North Atlantic Conference first-team selection as well as an Eastern College Athletic Conference (ECAC) and two-time Mid-Atlantic regional All-American selection during her career.

On the basketball court, Hobin is a member of the 1,000 point club and was named to the East Coast Conference All-Rookie team in 1992 and All-Conference team in 1994.

Hobin has brought enthusiasm to a program that finished 1-20-1 in its first season at the NCAA Division II level in 1996. In her first year at the helm, Stony Brook posted six victories including an upset over #8 C.W. Post. In Hobin's second season. Stony Brook finished 13-24-1. It tied for the third highest win total in the program's history. Last season, Hobin took another step in her successful tenure as head softball coach as she watched several of her young players establish new SBU records. Stephanie Spader set new standards as she broke the schools all-time and single-season strikeout marks. Spader also equalled a single-season high for wins, with nine.

SAYED KARAR ALI COMMENCEMENT ADDRESS

At last we have reached our destination. Through hard work and constant struggle, we've finally crossed the finish line, but this has just been one race in the never-ending journey called life. The road that we have traveled in these past four years has fortified us with an arsenal of lessons that we will take with us on the journey that lies ahead.

All the midnight oil we burnt, the early classes we could not afford to miss, the anxiety during finals and the waiting on long lines to perfect our semester schedules has finally paid off. All those advisement sessions to make sure we graduated, the books from the libraries to write our papers and endless hours in front of the computers making sure

we finished our papers on time was well worth this day.

Let us reminisce about our years at Stony Brook. Today as a product of Stony Brook University, we prepare for tomorrow's journey to our new destination in the outside world. I will use myself as an example to exemplify the products we've become. In September of 1995, I flew from Nairobi, Kenya to attend State University of New York at Stony Brook. The first few months, I was as miserable as ever, alone in a foreign country with an accent and no friends at all, I learnt to persevere. I suffered from major cultural shock — different food, different attitudes and especially different manners, I learnt to adjust.

As a freshman, registering for the classes was nerve racking. The classes I wanted always seemed to be full and I thought at this rate I would never graduate, I learnt to persist. Once in class, I promised to do my best and during midterms and finals, I stayed up until wee hours of the morning making sure I finished reading the class material, and

over the course of four years, I learnt to discipline myself.

I lived my entire Stony Brook life with a roommate. We helped each other during times of crisis and later we became good friends, I learnt to share. I made many good friends at Stony Brook, friendship that I will always cherish, and although we constantly quarreled on where to eat and what movies to watch, I learnt to compromise. I sometimes missed classes and often a friend would pick up an extra syllabus for me and lend me his/her notes to copy, I learnt to care.

In my sophomore year and in subsequent years, I ran for a Student government position. My friends and I would work days and nights soliciting votes for myself through posters, phone-mail and word of mouth, I learnt to be a team member. As a student leader, I often received complains from students about various issues and trust me, if your are not a listener, being a leader can be tough, so I learnt to listen. Juggling the demands of my academics with the needs of the students that I was representing was often difficult. Many a times, I was faced with situations that forced me to prioritize. As a consequence I learnt to be responsible. By taking courses that I found interesting and talking to the professors about them, I began to explore. Standing online at he registrars to add or drop a course with other upset students, I learnt to be patient. To struggle with that one math or physic or chemistry problem that I could not seem to answer, I became a hard worker. To be away from home and family especially when I craved for mum's cooking, I learnt to appreciate. When I set my mind to achieve my goals, even if it meant breaking down barriers, I learnt to strive. On Thursday nights, enjoying the company of my friends at the local hangout location, I learnt to have fun. But most of all when I put all my lessons together, I learnt never to give up.

Our future too will be full of battles, only this time the protective walls of Stony Brook University will be behind us. From what I have gathered, life in the real world is quite competitive and not as easy as we perceive it to be. There is no need to worry, we have been well equipped with lessons to survive. This graduation is a stepping stone for us. We have done something that millions dream of doing and if we have made it this far, then surely we can cover the rest of the journey. Honestly, I am not an expert on life and I am unsure about what my future has in store for me. I am thrilled to be graduating, but I am also nervous about the real world. What I do know, is that we have the will power to make the impossible possible. Napoleon once said "impossible is only found in the dictionary of fools" and I guar-

antee that we are not fools. We shall succeed and we shall attain our goals.

Graduation will not be complete if I do not mention the people who put up with the idea of parting with us so that we could learn life for ourselves. Today we have fulfilled not only our dreams, but also the dreams of our parents. Dear parents, this graduation is our way of saying thank you. Thank you for your trusts, support, comfort, sacrifice

and for molding us to be who we are today.

To all the friends we have made at Stony Brook, we've shared times of joy, pain, sorrow and lots of laughter. Thank you for being there in time of need and for trusting in us to be worthy of your true friendship. And finally to all our professors and teachers, thank you for parting knowledge to us and for your patience and confidence in us. On this happy occasion, we must not forget our friends who are not with us today, wherever you are, we love you and you are always in our thoughts.

Good luck to all the 1999 graduates and may all your wishes and dreams come true!

"Helping hands are what make the world go around"

Welcome,

Student Polity Association Inc. is your student government run for and by the students. It's focus is to address the concerns of the student body. Polity is comprised of over 150 clubs and organizations each in its own unique way of promoting student unity, advocacy, and individuality. There are programming boards, service organizations, ethnic groups, academic clubs, athletics and many others. This vast array allows students like yourself to become involved in an affiliate that suits your individual needs as well as the needs of the undergraduate population.

However, as easy as it may seem, maintenance of such an immense organization requires the constant support and involvement of the entire student body. I encourage each and every one of you to get involved.

Many students like yourself has been given the opportunity to attend fine institutions, but all to often we forget how these opportunities came about. Somewhere along the line somebody paved a road, which made your journey a little bit easier to travel. And like our Polity Logo proudly displays "Helping hands make the world go round." Do not take your opportunity for granted.

On behalf of your student council, welcome!

Respectfully

Aneka Gibbs Polity President

ongratulations to all our graduates! You have had the responsibility of shaping your education and choosing your life's work. You have discovered a lot about facts and figures and people. You have had your share of triumphs, and I suspect you have learned something about fortitude. I hope you have experienced joy.

Now your days at Stony Brook are over. You are setting forth on the next leg of your life's adventure. We wish you only the best.

I am optimistic that undergraduates have learned, along with calculus and Shakespeare and periodic tables, to connect with others, to cooperate, to work together for shared goals. Graduate students have learned that your profession, whatever you have chosen, will serve you well only if you serve others well.

Commencement is a very special time not only for you but for Stony Brook. It is the time when we know the importance of what we do because we realize the impact that you—our graduates—will have on the future.

May your next journey be full of happiness. May you thrive, prosper, and grow.

COMMENCEMENT MESSAGE

*

ongratulations to all our graduates! You have had the responsibility of shaping your education and choosing your life's work. You have discovered a lot about facts and figures and people. You have had your share of triumphs, and I suspect you have learned something about fortitude. I hope you have experienced joy.

Now your days at Stony Brook are over. You are setting forth on the next leg of your life's adventure. We wish you only the best.

I am optimistic that undergraduates have learned, along with calculus and Shakespeare and periodic tables, to connect with others, to cooperate, to work together for shared goals. Graduate students have learned that your profession, whatever you have chosen, will serve you well only if you serve others well.

Commencement is a very special time not only for you but for Stony Brook. It is the time when we know the importance of what we do because we realize the impact that you—our graduates—will have on the future.

May your next journey be full of happiness. May you thrive, prosper, and grow.

Shirley Strum Kenny, President

UNIVERSITY AWARDS

WARD MELVILLE VALEDICTORIAN AWARD

In honor of the first chairperson of the Council of the University at Stony Brook, the University's most distinguished undergraduate honor, the Ward Melville Valedictorian Award, is given to the graduating senior who has attained the most outstanding academic record during four years at Stony Brook.

H. LEE DENNISON VALEDICTORIAN AWARD

The H. Lee Dennison Award, named in honor of Suffolk County's first chief executive, is presented to the graduating senior who entered Stony Brook as a transfer student, completed at least 60 credits of letter-grade work at Stony Brook, and attained the most outstanding academic record at Stony Brook in that work.

PRESIDENT'S AWARD TO DISTINGUISHED DOCTORAL STUDENTS

This Stony Brook Foundation award is made possible by Dr. Donald Squires and Dr. Marian Steinberg, Criteria for selection include the quality of the dissertation and its research base, the student's outstanding contributions in ability or service to the University, or the student's overcoming of personal or social handicaps. This year's recipients are:

Jennifer Hansen (Philosophy), Remembering the Self: Gender, Melancholia, and Philosophical Method
