## Department of Anthropology

Chairperson: William Arens

Director of Undergraduate Studies: Curtis Marean

### Faculty

William Arens, *Professor, Ph.D., University of Virginia*: Africa; social anthropology.

David Bernstein, *Associate Professor and Director of the Institute for Long Island Archaeology, Ph.D., State University of New York at Binghamton*: North American archaeology.

Diane Doran, *Assistant Professor, Ph.D., State University of New York at Stony Brook*: Behavior and ecology of African apes; primatology.

David Gilmore, *Professor, Ph.D., University of Pennsylvania*: Mediterranean area; social anthropology.

Frederick Grine, *Associate Professor, Ph.D., University of Witwatersrand*: Physical anthropology; human evolution.

Margaret Gwynne, *Adjunct Associate Professor, Ph.D., State University of New York at Stony Brook*: Caribbean area; women in development.

David Hicks, *Professor, Ph.D., University of London; D. Phil., University of Oxford*: Indonesia; social anthropology.

Theodore R. Kennedy, *Associate Professor, Ph.D., Princeton University*: North America; Caribbean area; social anthropology.

Aisha Khan, *Assistant Professor, Ph.D., City University of New York*: Joint appointment with Africana Studies; Caribbean; Post-Colonial Societies; Diaspora Studies.

Curtis Marean, *Associate Professor, Ph.D., University of California, Berkeley*: African prehistory; archaeozoology.

Lawrence Martin, *Professor, Ph.D., University of London*: Ape and human evolution; dental anthropology.

Dolores Newton, *Associate Professor, Ph.D., Harvard University*: South America; cultural anthropology; material culture.

Gregory Ruf, *Assistant Professor, Ph.D., Columbia University*: Joint appointment with Social Sciences Interdisciplinary Studies; Social organization and gender; theory and methodology; rural industrialization; East Asia, China, Overseas Chinese, Japan.

John J. Shea, *Assistant Professor, Ph.D., Harvard University*: Lithic technology; Old World paleolithic; archaeology of northeastern North America.

Elizabeth C. Stone, *Professor, Ph.D., University of Chicago*: Near East; Old World archaeology.

Patricia Wright, *Professor and Director of the Institute for the Conservation of Tropical Environments, Ph.D., City University of New*

*York*: Primate ecology; primate behavior; primate conservation; Madagascar.

Anthropology is a social science that seeks to understand and explain human cultural, behavioral, and biological variation through time and space. This gives anthropology a wide reach and has

resulted in the formation of three subdisciplines: social anthropology, archaeology, and physical anthropology. Social anthropology concentrates on modern human culture and behavior. Archaeology examines cultural and behavioral variation over time. Physical anthropology studies the biological evidence for human evolution, encompassing everything from the study of modern non-human primates to the earliest stages of mammalian fossil evolution. The objective of the anthropology major is to train the student in all three subdisciplines while allowing the student to concentrate on any specific subdiscipline.

Students with a major in anthropology take several post-graduate paths. Some continue their anthropology training in graduate schools, many at the finest graduate schools in the country. Others pursue, for example, medical school or conservation studies.

The undergraduate program introduces the student to the general field of anthropology, its branches, its theories and methods, and its relation to the other social sciences, the humanities, and the natural sciences. The curriculum emphasizes the fields of cultural and social anthropology, archaeology, and physical anthropology, and includes offerings in medical anthropology. Students often have the opportunity to pursue coursework in any of the three fields in different cultural settings. Please see the Director of Undergraduate Studies for details.

## Department of Art

Chairperson: James H. Rubin

Director of Undergraduate Studies: Jacques Guilmann

### Faculty

Ilan Averbuch, *Lecturer, M.F.A., Hunter College*: Sculpture.

James Beatman, *Adjunct Lecturer, M.F.A., University of Massachusetts-Amherst*: Sculpture.

Michele H. Bogart, *Associate Professor, Ph.D., University of Chicago*: Art and architectural history; American and 20th-century art.

Toby Buonagurio, *Professor, M.A., City College of New York*: Ceramics; ceramic sculpture; drawing; painting.

Rhonda Cooper, *Adjunct Lecturer, M.A., University of Hawaii*: Oriental art; museum and gallery administration.

Michael Edelson, *Associate Professor, B.A., State University of New York Empire State College*: Photography; photographic criticism; film and television theory and criticism.

Barbara Frank, *Assistant Professor, Ph.D., Indiana University*: African art history.

Ann Gibson, *Associate Professor, Ph.D., University of Delaware*: 20th-century art history.

Jacques Guilmann, *Professor, Ph.D., Columbia University*: Art and architectural history; medieval art.

Helen Harrison, *Adjunct Lecturer and Director, Pollock-Krasner House and Study Center, M.A., Case Western Reserve University*: American art.

Deborah Johnson, *Adjunct Lecturer, M.A., University of Minnesota-Minneapolis*: History of American art.

Donald B. Kuspit, *Professor, Ph.D., University of Michigan; D.Phil., University of Frankfurt*: Art criticism; 20th-century and northern Renaissance art.

Stephen Larese, *Adjunct Lecturer, M.F.A., University of Cincinnati*: Painting and drawing.

Martin Levine, *Visiting Assistant Professor, M.F.A., California College of Arts and Crafts*: Printmaking.

Nina A. Mallory, *Professor Emeritus, Ph.D., Columbia University*: Art and architectural history; Renaissance, baroque, and 18th-century art.

Daniel Monk, *Assistant Professor, Ph.D., Princeton University*: Architectural history and criticism.

Anita F. Moskowitz, *Professor, Ph.D., New York University*: Art and architectural history; medieval and Renaissance art.

Stephen Nash, *Adjunct Associate Professor, M.A., Royal College of Art, London*: Anatomical and biological illustration.

D. Terence Netter, *Adjunct Associate Professor, M.F.A., George Washington University*: Drawing; painting; art and philosophy.

Melvin H. Pekarsky, *Professor, M.A., Northwestern University*: Drawing; painting; public art.

Howardena Pindell, *Professor, M.F.A., Yale University*: Drawing; painting.

James H. Rubin, *Professor, Ph.D., Harvard University*: Art and architectural history; 18th- and 19th-century European art and criticism.

Thomas Thompson, *Adjunct Lecturer, M.F.A., Ohio University*: Photography and printmaking.

Astronomy is the scientific discipline dedicated to the study of everything in the universe outside the Earth's atmosphere. The undergraduate major leading to the Bachelor of Science degree in astronomy/planetary sciences (AST) prepares a student for graduate and professional work. Our graduates teach in secondary schools, work in academic, government, and industrial laboratories, and teach and conduct research at colleges and universities.

Course requirements for the B.S. program are listed below and are summarized in the accompanying chart. Upon declaring the AST major, the Director of Undergraduate Studies will assign a faculty advisor to the student. This advisor will assist the student in the selection of courses. Students should consult frequently with their faculty advisors regarding their progress and regarding appropriate science courses. Because the position of the scientist in society is responsible and complex, the student is cautioned to pay careful attention to general education in the arts, humanities, and social sciences.

**Department of  
Biochemistry and Cell Biology**

Chairperson: William J. Lennarz  
Director of Undergraduate Studies: Raghupathy Sarma

**Faculty**

- Paul M. Bingham, *Associate Professor, Ph.D., Harvard University*: Regulation of transcription in and transposon biology of developing multicellular organisms.  
Deborah Brown, *Assistant Professor, Ph.D., Stanford University*: Trafficking of membrane proteins in polarized epithelial cells.  
David Bynum, *Adjunct Associate Professor, Ph.D., Dartmouth College*: Cell motility. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1988, and the President's Award for Excellence in Teaching, 1988.  
Elof Axel Carlson, *Distinguished Teaching Professor, Ph.D., Indiana University*: Mutation and gene structure; history of genetics; human genetics.  
Vitaly Citovsky, *Assistant Professor, Ph.D., Hebrew University*: Nuclear targeting and intercellular communication in plants.  
Neta Dean, *Assistant Professor, Ph.D., University of California, Los Angeles*: Molecular genetics and protein sorting in yeast.  
Dale G. Deutsch, *Associate Professor, Ph.D., Purdue University*: Molecular biology of marijuana action.  
Bernard S. Dudock, *Professor, Ph.D., Pennsylvania State University*: Structure and function of cellular and viral tRNA. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1974.  
Martin Freundlich, *Professor, Ph.D., University of Minnesota*: Regulation of gene expression.  
J. Peter Gergen, *Associate Professor, Ph.D., Brandeis University*: Molecular biology; genetics of embryonic development in *Drosophila*.  
Robert Haltiwanger, *Assistant Professor, Ph.D., Duke University*: Glycosylation of nuclear and cytoplasmic proteins.  
Bernadette Holdner, *Assistant Professor, Ph.D., University of Illinois-Chicago*: Development and

genetic regulation of mouse gastrulation; genome organization.

Nancy Hollingsworth, *Assistant Professor, Ph.D., University of Washington, Seattle*:

Analysis of meiotic chromosome recombination, synapsis, and segregation in yeast.

Abraham D. Krikorian, *Professor, Ph.D., Cornell University*: Plant growth and development.

William J. Lennarz, *Professor, Ph.D., University of Illinois*: The role of glycoproteins in cellular and developmental biology.

Erwin London, *Associate Professor, Ph.D., Cornell University*: Membrane biochemistry and biophysics.

Harvard Lyman, *Associate Professor, Ph.D., Brandeis University*: Photoregulation of chloroplast development and replication. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1991, and the President's Award for Excellence in Teaching, 1991.

Kenneth B. Marcu, *Professor, Ph.D., State University of New York at Stony Brook*: Organization, mechanisms of expression, and evolution of eukaryotic multigene systems.

Raghupathy Sarma, *Associate Professor, Ph.D., Madras University*: X-ray crystal structure analysis of molecules of biological interest.

Nisson Schechter, *Professor, Ph.D., Western Michigan University*: Molecular basis of nerve growth and regeneration.

Jakob Schmidt, *Professor, Ph.D., University of California, Riverside; M.D., University of Munich*: Neurochemistry.

Richard B. Setlow, *Adjunct Professor, Ph.D., Yale University*: DNA repair; biological effects of ultraviolet and ionizing radiation.

Sanford R. Simon, *Professor, Ph.D., Rockefeller University*: Structure-function relationships in hemoglobin; membrane biochemistry.

Rolf Sternglanz, *Professor, Ph.D., Harvard University*: DNA replication.

F. William Studier, *Adjunct Professor, Ph.D., California Institute of Technology*: Genetics and physiology of bacterial viruses.

William E. Theurkauf, *Assistant Professor, Ph.D., Brandeis University*: Microtubules and microfilaments in early development.

Gerald H. Thomsen, *Assistant Professor, Ph.D., Rockefeller University*: Vertebrate molecular embryology: cell-cell signaling and group factor function.

James S. Trimmer, *Associate Professor, Ph.D., University of California, San Diego*: Molecular neurobiology; structure, function, and regulation of voltage-sensitive ion channels.

**Department of  
Ecology and Evolution**

Chairperson: James D. Thomson  
Director of Undergraduate Studies: George J. Hechtel

**Faculty**

- Edwin H. Battley, *Associate Professor, Ph.D., Stanford University*: Thermodynamics of microbial growth; ecological energetics; microbial ecology; nitrification and denitrification in aquatic systems.  
Michael A. Bell, *Associate Professor, Ph.D., University of California, Los Angeles*: Evolutionary biology; ichthyology; paleobiology and geographic variation.  
Daniel E. Dykhuizen, *Professor, Ph.D., University of Chicago*: Population genetics and molecular evolution, especially of bacteria.

Walter F. Eanes, *Professor, Ph.D., State University of New York at Stony Brook*: Population and biochemical genetics of *Drosophila*; molecular evolution.

Douglas J. Futuyma, *Professor, Ph.D., University of Michigan*: Ecological genetics; coevolution of species, especially of plants and insects; evolutionary biology. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1974.

Lev R. Ginzburg, *Professor, Ph.D., Agrophysical Institute, St. Petersburg, Russia*: Theoretical and applied ecology.

Jessica Gurevitch, *Associate Professor, Ph.D., University of Arizona*: Evolutionary ecology of plant populations and communities; plant physiological ecology.

George J. Hechtel, *Associate Professor, Ph.D., Yale University*: Systematics and zoogeography of marine demospongiae. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1982.

Charles H. Janson, *Associate Professor, Ph.D., University of Washington*: Social ecology of ver-

*of Wisconsin*: Pollination biology; plant reproductive systems; community ecology.

Gregory A. Wray, *Assistant Professor, Ph.D., Duke University*: Evolution of developmental mechanisms; evolution and paleobiology of echinoderm larvae; origin and radiation of echinoderm body plans.

The Department of Comparative Studies integrates the efforts of a number of humanities programs centering on comparative studies in literature, language, and culture. In addition to the major in comparative studies in literature, described below, the department offers major programs in humanities and religious studies and minor programs in classical civilization, Japanese studies, Judaic studies, Korean studies, and religious studies. Requirements for these programs appear under each program title elsewhere in the alphabetical listings of Arts and Sciences programs. Further information is available in the Comparative Studies Office.

The Chinese studies minor (CNS) is designed for students interested in an interdisciplinary study of China that combines coursework in social and behavioral sciences with that in humanities and fine arts. Students design an individualized program of study with the approval of the director of the Chinese studies minor. Consultation with the director is encouraged for those students considering special opportunities for overseas studies programs.

The field of earth and space sciences is a broadly based multidisciplinary science combining geology, astronomy, atmospheric science and marine science. The major in earth and space sciences leads to the Bachelor of Arts degree and is a diversified program in the natural sciences and mathematics aimed at fostering a basic understanding of the earth and space sciences; it also includes concentrated study in any one of the natural sciences or mathematics or interdisciplinary studies in environmental geoscience. Intended for those seeking a science-related career, the program allows flexible course selection for students who may or may not be planning on graduate studies. The program is flexible in that it is designed to meet the needs of students who desire a more diverse liberal arts and sciences background. The various programs prepare students to choose careers in teaching, law, environmental science, or research in private industry and government.

Paul R. Adams, *Professor, Ph.D., London University, England*: Ion channels and synaptic transmission.

Miguel Berrios, *Assistant Professor, Ph.D., Rockefeller University*: Characterization of the nucleoskeleton; nuclear pore complexes.

Daniel Bogenhagen, *Professor, M.D., Stanford University*: Mitochondrial molecular biology; 5S RNA gene expression.

Carlos de los Santos, *Research Assistant Professor, Ph.D. University of Buenos Aires, Argentina*: NMR solution structure of nucleic acids and proteins.

Jean M. Devlin, *Assistant Professor, B.S., London University, England*: Physiological and molecular pharmacology.

Colin Dingwall, *Assistant Professor, Ph.D. University of Cambridge, England*: Nuclear protein transport and the biochemistry of the nuclear pore complex.

Moises Eisenberg, *Associate Professor, Ph.D., California Institute of Technology*: Molecular modeling of biomolecules.

JoAnne Engebrecht, *Assistant Professor, Ph.D., University of California, San Diego*: Mechanism of meiotic chromosome segregation.

Paul A. Fisher, *Associate Professor, M.D., Ph.D., Stanford University*: The extrachromosomal karyokeleton/eukaryotic DNA replication.

Michael Frohman, *Assistant Professor, M.D., Ph.D., University of Pennsylvania*: Control of gene expression during mammalian embryogenesis.

Arthur P. Grollman, *Professor, M.D., The Johns*

*Hopkins University*: Molecular mechanism of carcinogenesis and DNA repair.

Charles R. Iden, *Associate Professor, Ph.D., The Johns Hopkins University*: DNA damage produced by genotoxic substances.

Francis Johnson, *Professor, Ph.D., Glasgow University*: Inhibition of HIV-1 (AIDS) using rationally designed drugs; effects of chemical carcinogens on DNA.

Craig C. Malbon, *Leading Professor, Ph.D., Case Western Reserve University*: Signal transduction during differentiation and development: roles of G-proteins.

Andrew J. Morris, *Assistant Professor, Ph.D., University of Birmingham*: Roles of phospholipids in cellular signaling.

Joav Prives, *Associate Professor, Ph.D., McGill University*: Regulation of surface receptors in muscle cells.

Edward Reich, *Distinguished Professor, M.D., Ph.D. The Johns Hopkins University*: Biochemistry of plasma proteins: new therapeutic systems.

Thomas A. Rosenquist, *Research Assistant Professor, Ph.D., University of Wisconsin*: Genetic analysis of mammalian DNA repair; genetic analysis of fibroblast growth factors.

Shinya Shibutani, *Research Associate Professor, Ph.D., Toyama Medical and Pharmaceutical University*: Mechanisms of translesional DNA synthesis.

Sidney Strickland, *Professor, Ph.D., University of Michigan*: Protease function in mammalian memory and neuronal degeneration; Genetics of early development.

Joel L. Sussman, *Research Professor, Ph.D. Massachusetts Institute of Technology*: 3-D structural studies of proteins and nucleic acid.

Stella-Anna E. Tsirka, *Research Assistant Professor, Ph.D., Aristotelian University of Thessaloniki*: Extracellular proteolysis in hippocampal function and degeneration.

William Van der Kloot, *Professor, Ph.D., Harvard University*: Acetylcholine; quanta; neuromuscular junction; synapse; neurotransmitter.

David Williams, *Professor, Ph.D., University of Illinois at Urbana-Champaign*: Hormonal regulation of mRNA stability; molecular biology of carcinogenesis and DNA repair.

## Department of Physics

Chairperson: Peter Paul

Director of Undergraduate Studies: Peter B. Kahn

## Faculty

Philip B. Allen, *Professor, Ph.D., University of California, Berkeley*: Theoretical solid-state physics; superconductors and superconductivity.

Dimitri Averin, *Associate Professor, Ph.D., Moscow State University*: Solid-state physics.

Marc Baarmand, *Assistant Professor, Ph.D., University of Wisconsin-Madison*: High-energy physics.

Ilan Ben-Zvi, *Adjunct Professor, Ph.D., Weizmann Institute*: Accelerator and beam physics.

Thomas Bergeman, *Research Professor, Ph.D., Harvard University*: Theoretical atomic physics.

Gerald E. Brown, *Distinguished Professor, Ph.D., Yale University; D.Sc., University of Birmingham*: Theoretical nuclear physics. Member, Institute for Theoretical Physics.

Robert L. deZafra, *Professor, Ph.D., University of Maryland at College Park*: Experimental atmospheric sciences: remote sensing, stratospheric dynamics and trace constituent measurements, millimeter-wave spectroscopy.

Roderich Engelmann, *Professor, Ph.D., University of Heidelberg*: Experimental elementary particle physics.

Richard C. Fernow, *Adjunct Professor, Ph.D., Syracuse University*: Experimental accelerator physics.

David B. Fossan, *Professor, Ph.D., University of Wisconsin-Madison*: Experimental nuclear physics; nuclear structure and reactions.

Marvin Geller, *Adjunct Professor, Ph.D., Massachusetts Institute of Technology*: Atmospheric dynamics.

Alfred S. Goldhaber, *Professor, Ph.D., Princeton University*: Theoretical physics; nuclear theory; particle physics. Member, Institute for Theoretical Physics.

Vladimir J. Goldman, *Associate Professor, Ph.D., University of Maryland at College Park*: Experimental condensed matter physics.

Erlend H. Graf, *Associate Professor, Ph.D., Cornell University*: Experimental low-temperature physics.

Paul D. Grannis, *Professor, Ph.D., University of California, Berkeley*: Experimental high-energy physics; elementary particle reactions.

Michael Gurvitch, *Professor, Ph.D., State University of New York at Stony Brook*: Experimental solid-state physics.

Siyuan Han, *Research Associate Professor, Ph.D., Iowa State University*: Experimental solid-state and X-ray physics.

Thomas Hemmick, *Associate Professor, Ph.D., University of Rochester*: Experimental relativistic heavy-ion nuclear physics. Recipient of the State University President's Award for Excellence in Teaching, 1996. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1996.

Barbara Jacak, *Professor, Ph.D., Michigan State University*: Experimental nuclear physics; relativistic heavy ions.

Andrew D. Jackson, *Professor, Ph.D., Princeton University*: Nuclear theory.

Chris Jacobsen, *Associate Professor, Ph.D., State University of New York at Stony Brook*: X-ray physics.

Jainendra Jain, *Professor, Ph.D., State University of New York at Stony Brook*: Theoretical solid-state physics.

Chang Kee Jung, *Associate Professor, Ph.D., Indiana University*: Experimental high-energy physics.

Peter B. Kahn, *Professor, Ph.D., Northwestern University*: Theoretical physics; nonlinear dynamics.

Janos Kirz, *Distinguished Professor, Ph.D., University of California, Berkeley*: X-ray optics. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1976.

Peter M. Koch, *Professor, Ph.D., Yale University*: Experimental atomic physics; quantum chaos; nonlinear dynamics.

Vladimir Korepin, *Professor, Ph.D., Leningrad University*: Exactly solvable models in quantum field theory. Member, Institute for Theoretical Physics.

T.T.S. Kuo, *Professor, Ph.D., University of Pittsburgh*: Nuclear theory.

Linwood L. Lee, Jr., *Professor, Ph.D., Yale University*: Experimental nuclear structure.

Konstantin Likharev, *Professor, Ph.D., Moscow State University*: Solid-state physics.

James Lukens, *Professor, Ph.D., University of California, San Diego*: Experimental solid-state physics.

Robert L. McCarthy, *Professor, Ph.D., University of California, Berkeley*: Experimental elementary particle physics.

Barry M. McCoy, *Professor, Ph.D., Harvard University*: Statistical mechanics. Member, Institute for Theoretical Physics.

Robert L. McGrath, *Professor, Ph.D., University of Iowa*: Experimental physics; nuclear structure.

John H. Marburger, *Professor and former President of the University at Stony Brook, Ph.D., Stanford University*: Laser theory.

Michael Marx, *Professor, Ph.D., Massachusetts Institute of Technology*: Experimental high-energy and relativistic heavy ion physics.

Emilio Mendez, *Professor, Ph.D., Director of the Institute for Interface Phenomena, Massachusetts Institute of Technology*: Solid-state experimental physics.

Harold J. Metcalf, *Professor, Ph.D., Brown University*: Atomic physics; laser cooling and trapping; atom optics, precision Stark spectroscopy, lasers and optics teaching. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1974.

Laszlo Mihaly, *Professor, Ph.D., University of Budapest*: Experimental low-temperature physics.

Richard A. Mould, *Associate Professor, Ph.D., Yale University*: Theoretical physics; general relativity; quantum theory of measurements.

Herbert R. Muether, *Professor Emeritus, Ph.D., Princeton University*: Experimental nuclear physics; neutron physics. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1978.

Robert Nathans, *Professor, Ph.D., University of Pennsylvania*: Energy; policy planning.

Hwa-Tung Nieh, *Professor, Ph.D., Harvard University*: Theoretical physics; elementary particles. Member, Institute for Theoretical Physics.

Luis Orozco, *Associate Professor, Ph.D., University of Texas at Austin*: Experimental atomic physics.

Robert Palmer, *Adjunct Professor, Ph.D., Imperial College*: Accelerator physics.

Peter Paul, *Distinguished Service Professor, Ph.D., University of Freiburg*: Experimental nuclear physics.

Madappa Prakash, *Research Assistant Professor, Ph.D., University of Bombay, India*: Theoretical nuclear physics.

Michael Rijssenbeek, *Professor, Ph.D., University of Amsterdam*: Experimental high-energy physics.

Martin Rocek, *Professor, Ph.D., Harvard University*: Theoretical physics. Member, Institute for Theoretical Physics.

Robert Shrock, *Professor, Ph.D., Princeton University*: Theoretical physics; gauge theories, statistical mechanics. Member, Institute for Theoretical Physics.

## Department of Physical Education

Chairperson: John DeMarie

## Faculty

David B. Alexander, *Instructor, part time, M.S., Adelphi University*: Swimming.

Peter G. Angelo, *Assistant Professor, Ph.D., State University of New York at Stony Brook*: Aquatics; first aid and cardiopulmonary resuscitation.

Norman Berhannan, *Lecturer, M.A.L.S., University at Stony Brook*: General physical education.

David Caldiero, *Instructor, M.S., University of Bridgeport*: Football; general physical education.

John DeMarie, *Associate Professor, M.A., Adelphi University*: General physical education.

Susan DiMonda, *Assistant Professor, M.A., Adelphi University*: General physical education.

Paul J. Dudzick, *Associate Professor, M.A., State University of New York at Stony Brook*: General physical education.

John Espey, *Associate Professor, M.A., University of North Carolina at Chapel Hill*: Lacrosse; general physical education.

Beckie Francis, *Lecturer, M.A., Niagara University*: Women's basketball.

Nobuyoshi Higashi, *Associate Professor, part time, M.A., New York University*: Self-defense; judo.

Samuel B. Kornhauser, *Associate Professor, M.S., Southern Illinois University*: Football; general physical education.

Kathryn Ann Koshansky, *Associate Professor, M.S., University of Illinois at Urbana-Champaign*: Athletic training. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1989, and the President's Award for Excellence in Teaching, 1989.

Richard Laskowski, *Professor, Ed.D., St. John's University*: General physical education.

Gregory Laub, *Lecturer, part time, M.B.A., Adelphi University*: First aid and cardiopulmonary resuscitation.

Nell Lee, *Lecturer, part time, M.A.L.S., University at Stony Brook*: Women's tennis; general physical education.

George Lukemire, *Assistant Professor, part time, B.S., Cornell University*: Horsemanship.

Colin A. Martindale, *Associate Professor and Director of Professional Studies, Ph.D., City University of New York*: General physical education.

James Meegan, *Lecturer, part time, M.A., Adelphi University*: Track and cross country.

Jeannean Mercuri, *Lecturer, part time, B.A., University at Stony Brook*: General physical education.

Richard B. Miekley, Jr., *Instructor, M.S., Ohio University*: Athletic training; general physical education.

Masataka Mori, *Associate Professor, part time, B.A., Takushoku University*: Self-defense; karate.

Susan Ryan, *Assistant Professor, M.A., State University of New York at Stony Brook*: Soccer; general physical education.

Matthew Senk, *Lecturer, part time, B.S., State University College at Cortland*: Baseball.

Mansour Tabibnia, *Lecturer, part time, B.A., St. John's University*: Men's tennis.

Eric Teepe, *Lecturer, B.S., Averett College*: Women's soccer.

Theresa Tiso, *Associate Professor, M.S., State University College at Cortland*: Volleyball; wellness; general physical education.

Bernard Tomlin, *Lecturer, B.A., Hofstra University*: Men's basketball.

David Villano, *Lecturer, part time, Certificate, Dance Educators of America*: General physical education.

Sandra Weeden, *Associate Professor and Director of Athletics, M.Ed., University of North Carolina at Greensboro*: General physical education.

## Department of Political Science

Chairperson: Mark Schneider

Director of Undergraduate Studies: Frank Myers

## Faculty

Clifford J. Carrubba, *Assistant Professor, Ph.D., Stanford University*: Political economy; comparative politics.

Albert D. Cover, *Associate Professor, Ph.D., Yale University*: American politics and institutions; legislative politics.

James F. X. Doyle, *Lecturer, part time, J.D., Fordham University*: Administrative law.

Stanley Feldman, *Professor, Ph.D., University of Minnesota*: Political behavior and political sociology; logic of inquiry and research design; statistics.

Patricia Filiberto, *Lecturer, part time, J.D., St. Johns University*: Criminal law.

Yassin El-Ayouty, *Lecturer, part time, J.D., Benjamin N. Cardozo School of Law*: International law.

Leonie Huddy, *Associate Professor, Ph.D., University of California, Los Angeles*: Political psychology; public opinion.

Elliot Kleinman, *Lecturer, part time, J.D., Brooklyn Law School*: Business law.

Lee E. Koppelman, *Professor, D.P.A., New York University*: Regional planning; resource management.

Milton Lodge, *Professor, Ph.D., University of Michigan*: Political psychology; political behavior.

Kathleen McGraw, *Professor, Ph.D., Northwestern University*: Social psychology; cognition; research methods; psychology and the law.

Michael Manoussos, *Lecturer, part time, J.D., Detroit College of Law*: Personal injury.

Carla E. Molette-Ogden, *Assistant Professor, Ph.D., Washington University at St. Louis*: American politics; international relations; political economy; comparative politics.

Frank Myers, *Professor, Ph.D., Columbia University*: Comparative politics; political theory.

Helmut Norpoth, *Professor, Ph.D., University of Michigan*: Political behavior; legislative process; research process; research methods.

Myra D. Rochelson, *Lecturer, part time, J.D., Hofstra University School of Law*: Appellate Practice.

Howard A. Scarrow, *Professor, Ph.D., Duke University*: Comparative politics; American government; political parties. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1987, and the President's Award for Excellence in Teaching, 1987.

Mark Schneider, *Professor, Ph.D., University of North Carolina at Chapel Hill*: Public policy; urban politics.

John Scholz, *Professor, Ph.D., University of California, Berkeley*: Public policy; public administration.

Jeffrey A. Segal, *Professor, Ph.D., Michigan State University*: American institutions; constitutional and public law.

Charles Taber, *Associate Professor, Ph.D., University of Illinois at Urbana-Champaign*: International relations; political psychology; foreign policy.

Paul Teske, *Associate Professor and Graduate Studies Director, Ph.D., Princeton University*: Political economy; urban politics; regulatory policy.

Richard J. Timpone, *Assistant Professor, Ph.D., State University of New York at Stony Brook*: American government; political psychology; methodology.

Steven R. Van Winkle, *Assistant Professor, Ph.D., Ohio State University*: American politics, statistical methods and formal theory; public opinion.

# Special Events

**NINETY  
EIGHT**

Every year, Stony Brook University holds many prestigious events. These include world renowned guest speakers such as President Aristead and Stony Brook annual traditions of I-CON and the Roth Pond Regatta.

# I-CON Seventeen

A Convention of Science Fiction, Fact, and Fantasy

I-CON is a yearly convention, organized by the Stony Brook Chapter of I-CON, consisting of science fiction, fact and fantasy. The convention lasted from March 27 to March 29th and every day was chock full of adventure. Over the course of three days dealers of I-CON "artifacts" were in the Sports Complex dealing in everything from broad swords and Celtic jewelry to Star Trek models and rare comic books. In addition to that, special appearances were made by TV celebrities, Nana Visitor from Star Trek: Deep Space Nine and Claudia Christian from Babylon 5, award winning authors James Morrow and Allen Steele, Japanimation (Japanese Animation) artists, comic book artists, and many more. However, the convention did not come to a halt at the Sports Complex, there were events all over campus. Role Playing Games, Battletech and Quake tournaments were held in Humanities and Social and Behavioral Sciences, sci-fi and fantasy movies played in Harriman Hall, and guest speakers lectured in Javits. Along with the honored guests were the attendees decked out in their sci-fi/fantasy costumes and make up. There were Klingons, Medieval Folk, Starfleet Officers, and people dressed in civilian attire.

# GRADUATION SALUTE

The Graduation Salute, was held to prepare the upcoming graduates of Stony Brook University for their "big day." Many different departments were on hand to offer advice and assistance to make graduation go smoothly. Students were able to purchase their graduation gowns from the University Bookstore, the Class Ring from Jostens, look into the

School of Professional Development & Graduate Study programs, and most importantly, buy their 1998 Yearbook. The Stony Brook Alumni Association was also there to show the benefits and privileges of being part of the Alumni family. Free popcorn was offered to fill everyone's tummies as well as Arizona Iced Tea to wet everyone's whistle.

**Above:** Members of SBVAC harass the Yearbook Staff on whether they should purchase the 1998 publication.

**Above Right:** Cast members of the skit "Swallow This" performed a 30-second advertisement for their upcoming show on Campus alcohol and drug use.

# Roth Pond Regatta

The Roth Pond Regatta is a yearly event producing young sailors and sailorettes ready for the briny sea. With this year being the 10th Anniversary of the Regatta, it was packed with many cardboard makeshift boats mummified with aluminum foil, duct tape, or anything the University boat builders could get their hands on. The most popular name that the boat's were christened with was, you guessed it, *The Titanic* and according to unconfirmed reports, none of the boats with such a name crossed the finish line floating. The water was cold and dirty, and almost everyone eventually

got splashed, immersed, or dunked into the Pond.

# CARIBBEAN STUDENTS ORGANIZATION

## *Fashion Show*

# LATIN AMERICAN STUDENT ORGANIZATION

## *Latino Fashion Show*

# Diversity Day

*Diversity is One True Thing We Have in Common*

Diversity Day, a celebration of all the different people that occupy our Campus Community. The event was held on April 24, and anybody walking by was drawn to check it out. A few of the organizations that were on hand for information were the Latin American Student Organization, Catholic Campus Ministry, Hillel Foundation, and the Residence Hall Association. Complementing the organizations was the option to try food from different cultures. Caribbean, Italian, Mexican, and Chinese delicacies were available. The event was also booming with various types of music; Japanese hip-hop, Irish rock, Caribbean reggae, American pop, Etc. The most unifying activity was the piecing together a puzzle, a duplicate of the banner that used to hang in the lobby of the S.A.C., that defines our diversity as a University. In addition to the crowd that helped with the puzzle were event organizers, Christina Vargas - Law, Liliana Graf, Roy Flores, President Shirley Strum Kenny, and Dean of Students Carmen Vasquez.

## \$\$ The Missing Million \$\$

Once again the Africana Studies Program is under attack by University officials. In our last issue we as students questioned why such a long-lived program has not yet been given departmental status? In this issue we are questioning the unexplained absence of one million dollars from the AFS budget over a span of five years.

Dr. Leslie Owens of the AFS Program, alerted a group of student leaders to the ills that are transpiring at this University, concerning this particular unit.

The discovery of the "missing million" resulted from a self-study that was conducted by AFS. Over the past five years AFS has generated more than two million dollars, which is a direct result of student enrollment revenue.

The College of Arts and Sciences, which houses the AFS Program, allots an annual budget of \$352,343 to AFS. A debt of \$21,000 that was incurred by the College as a whole, and not by AFS, is deducted from the annual budget, leaving a total of \$331,343. It is this

figure multiplied by five years and subtracted from the two million plus that produces the "missing million" from the AFS budget.

Dr. Owens sent a memo to Dean of the College of Arts and Sciences, Paul Armstrong, requesting an explanation for the misappropriation of funds. In his memo Owens writes: It seems legitimate for AFS to raise questions about how the balance of \$979,185.00 has been spent and for what purposes. It clearly has not been used to enhance the development of AFS. And it is abundantly clear that the AFS program has successfully produced revenues to fund itself in the environment of the University at Stony Brook but has not been acknowledged for doing so.

Owens proudly says, "Africana Studies is totally self-sufficient. No other department pays for itself. They must get outside funding."

The "missing million" has concerned the AFS faculty. "This causes emotional and intellectual difficulties," Owens said.

## The Votes Are In

In a matter of moments, anticipation exploded into excitement as, Student Polity Election Board Chair, Denzine Burke posted the results on the door of the Polity suite in the SAC.

Aneka Gibbs, the newly elected Polity president, was ecstatic about the 566 votes that cast her into the winners circle over her opponent, current Polity Vice President Diane Lopez's 423 votes.

"I'm pleased," Gibbs said "It was a clean race despite my opponent's negativity.

We are finally going to make some progress."

Sayed Ali, the current Polity Secretary, was elected to be Polity Vice President. Upon hearing the news, he walked through the suite with an amazed expression on his face. Once he overcame the initial shock he said, "It's time that we had a change in Polity."

Ali mentioned that he felt bad

that Lopez did not win the presidency. She was present in the suite amongst the celebrations, but she did not wish to comment on the results of the election.

The outcome of the elections is as follows: Luis Trujillo, Secretary; Christopher Grant, Senior Representative; Andrez Carberry, Junior representative; Calvin Coleman, Sophomore Representative; Christine Sadowski, Stony Brook Council; Tung Lai Pan (Lisa), USSA.

The Statesman will receive Referenda funding with an increase in the amount of Student Activity Fee paid. The Cultural and Advocacy Interests organizations will receive Referenda funding with no increase in the amount of the Student Activity Fee paid. The Men's Rugby team will continue to receive 75 cents per student, bi-annually. The Part Time Student Activity Fee will be mandatory for all part time undergraduate students.

## Affirmative Action Watch

By: Curtis Morris

The Stony Brook Research Foundation, a recipient of over 104 million dollars in Federal funds during fiscal 1997, has been found in violation of Federal Affirmative Action guidelines.

In an audit conducted by the Office of Federal Contract Compliance (OFCCP), the Research Foundation at Stony Brook is guilty of non-compliance to Executive Order 11246, a government law which mandates federal contractors to adopt hiring policies that do not discriminate on the basis of race and gender.

Officially, the audit is still being conducted. The Research Foundation is now in the process of "negotiating" with the government concerning the violations. Or in other words, the Research Foundation is amending its policies which do not adhere the Federal guidelines

and submitting the revisions to OFCCP. But in addition to the negotiation process, as a result of already being found guilty of Affirmative Action violations, the Research Foundation will be closely monitored till the year 2000, with regular six month campus visits by a federal auditor. It is not known at this time how these Affirmative Action violations will affect Stony Brook's Brook Haven National lab bid.

During a recent interview with BLACKWORLD and EN ACCION, President Kenny denied any knowledge of the audit results; however, BLACKWORLD has since learned that she was officially notified of at least two Research Foundation violations, weeks ago but has been trying to suppress the information. The fact that these Research Foundation violations occurred under

the Kenny Occupation should not come as a surprise. With Kenny serving as president, there have been over 400 Affirmative Action waivers applied to hiring situations. And this has occurred with a steadily decreasing retention rate of Black and Hispanic faculty and staff.

Similarly, when contacted, the University Affirmative Action Office - which is still operating without a full-time Director and reports to George Meyer, Assistant Vice-President for Presidential Initiatives (read: Kenny watchdog), issued "no comment" concerning the on going investigation. But BLACKWORLD has solicited the audit findings from the U.S. Department of Labor under the Freedom of Information Act. As more details become available, BLACKWORLD will be the first to bring them to you.

## \*\*\*Super Cop Ruby Collins\*\*\*

Where was Ruby Collins when television producer Steven Bochco created the failed television comedy on ABC about singing and dancing cops called *Cop Rock*, because New York Police Department police officer Ruby Collins can actually sing!

Collins, a Brooklyn native, grew up singing in her Seventh Day Adventist church at a very young age. She used to be self-conscious about singing in front of large crowds because she didn't think she looked good enough. "I was extremely shy about my appearance," the 5'8" Collins said. "I knew I could sing, but the confidence in my appearance was low." All of that is behind her now, and after hearing her first album titled, "The Gift of Song," I can safely say that Whitney Houston should be scared!

I spent some time with Collins at the apartment she shares with her mother in Brooklyn to find out more about the woman who enforces the law by day, and records tracks for her soon to be released album, by night.

Upon entering her home I heard a voice filtering the air from the stereo in the dining room. When Collins asked if I recognized the voice that I heard, I thought it sounded like a familiar gospel singer, possibly Vanessa Bell Armstrong. I soon realized, however, that the voice belonged to Collins, who sounded as professional and talented as someone with a record deal already.

Collins got her start when she auditioned for the New York City police commissioner, Howard Safir. She wanted to sing at her graduation from the Police Academy in Madison Square Garden. Since bringing down the house with that performance, Ruby has performed for millions on Show Time at the Apollo and the Rosie O'Donnell Show. In 1996 she sang for the President in Washington, D.C. for the National Peace Officer Memorial Day, which was a ceremony that honored slain cops. Collins has also sung the national anthem at the Garden for a New York Knicks game.

Not only can Collins sing, but she writes her own lyrics and plays the piano too. All of her musical talent has not been discovered yet, but Collins just says, "It wasn't my time. Everything happens for a reason. I believe my time is coming soon though."

In the meanwhile, Collins will continue to be a police officer, even

though that is not what she always aspired to do. After graduating from John Jay College of Criminal Justice, she took the New York City police exam and shortly thereafter became an officer. Since becoming an officer, she has not regretted a moment of it, but in back of her mind, she knew that she had a God-given talent that she was not going to waste.

Currently, Collins works in the Drug Prevention Unit. She speaks to public school students about the dangers of drug and alcohol abuse, which oddly enough includes sniffing Wite-Out, the correction fluid. Besides teaching students how to stay off drugs, she encourages them to reach for their goals, like she is doing. "I always tell the children I speak with to aspire to achieve their dreams," Collins said. "Whatever it is you want to do, never stop believing it can be done. If you believe in it and work towards it, doors will open up in ways you would never imagine."

Collins took matters into her own hands and opened doors for herself when she created her own record label called Bourne Records. She named the label after her relatives in Trinidad, whose surname is Bourne. "I wanted my own label because if I can do it myself, I have more control."

Collins is definitely a multifaceted woman. She's catching the bad guys, doing business, educating our youth, and making music. The only thing left for her to do is drop that album!

BLACKWORLD wishes this very positive sister much success.

Ruby Collins

## Mary McLeod Bethune, A Forgotten African-American Legend

Onica E. Sandy  
Oprah Winfrey  
perhaps the most influential African-American woman in the U.S. today, but how often do people ever consider the African-American women who paved the way, so that Oprah could get to where she is.  
Too often, Black pioneers get lost among the few that are continually recognized. Besides Martin Luther King Jr., Malcolm X, and W.E.B. Du Bois, how many other African-Americans have contributed to the growth of the Black community? How many women would be in that category?  
One of the most influential African-American women in the history of Black people was Mary McLeod Bethune. The daughter of ex-slaves, Bethune rallied to help improve conditions for black America - the people. From the cotton field she rose to the top of the political arena, ultimately becoming advisor to five presidents. She did not attain such an astute position overnight, but rather she fought hard to overcome all obstacles in her path. She felt impelled to aid in the plight of young black females, especially.  
In 1904 she established the Daytona Normal and Industrial Institute for Girls, which later expanded to include males in 1923. She began the school with five little girls, 10 in God, and 50 dollars. "From nothing and against great odds, she had brought forth a mighty institution of higher learning." Initially the school was designed to train young girls as domestics, but she expanded the curriculum to include a nursing program.  
Bethune never waited for things to happen. She believed that Black people needed political power if they were ever to survive the brunt of social and economic oppression in America. Her true calling thus became a political one. In 1924 she became head of the National Association of Colored Women (NACW), where the fight for women's suffrage and an end to lynching in the South became an uphill battle. She was later recruited under the Wilson administration to help integrate the American Red Cross.  
During presidencies of Calvin Coolidge and John Edgar Hoover, Bethune was invited to attend national conferences on child welfare. Her national credentials

# Why USB is Among the Elite

- In a national study of research universities, Stony Brook was tied for second among public research universities, behind only UC Berkeley.
- Charles Wang, Chairman of Computer Associates International, donated \$25 million to build a new Asian American Center, the largest private donation in SUNY history.
- Stony Brook's faculty tutored one out of every eight Westinghouse Science Talent Search Finalists.
- Stony Brook is the first public university in New York State to be ranked a "Type 1 Research University" by the Carnegie Foundation for the Advancement of Teaching, a distinction granted to fewer than two percent of all colleges and universities in the nation.
- Selected as one of 10 universities as the winner of the National Science Foundation's Recognition Award for Integrating Research and Education.
- The University Hospital at Stony Brook is ranked among the 15 Best Teaching Hospitals in the United States and one of the best 100 hospitals overall.
- The National Science Foundation funded two new Materials Research Science and Engineering Centers at USB. Only 20 such centers are funded nationwide, and Stanford is the only other university with two.
- Stony Brook has been named a Best Buy by *Money Magazine* and *U.S. News and World Report*.
- The faculty includes a Nobel Prize winner in Physics; a faculty that ranks second among America's best public universities in research per faculty member.

# Stony Brook: Division I In All Sports In 1999

University President Dr. Shirley Strum Kenny announced that the University will upgrade its entire intercollegiate athletics program to NCAA Division I status, effective in the 1999-2000 academic year on June 3, 1997.

The announcement came after President Kenny endorsed a plan set forth by the Intercollegiate Athletics board (IAB) to immediately bring Stony Brook's 19 varsity athletic programs in compliance with NCAA Division I regulations. Dr. Kenny notified the NCAA on Friday, May 30, 1997, of the University's intention to reclassify the school's membership from Division II to Division I.

The decision marked the culmination of an initiative whose roots date back to the 1988-89 academic year when the men's lacrosse and women's soccer programs were upgraded to the Division I level.

Only three years later, the Future Directions Committee recommended to then University President Dr. John H. Marburger III, that the University elevate its intercollegiate programs from the Division III level to NCAA

Division I status.

In March of 1993, Dr. Richard Laskowski came to Stony Brook and was charged with guiding the athletic program to the Division I level. Over the past four years, Laskowski has set the course to make the dream a reality.

In the fall of 1995, Stony Brook competed at the Division II level for the first time as a member of the New England Collegiate Conference.

With the decision, USB immediately begins complying with all Division I regulations during the mandatory two-year transition period to NCAA Division I status. As a result, Stony Brook's athletic teams are ineligible for NCAA championship competition and can only compete in ECAC postseason tournaments.

For Stony Brook, the time is now. The fall of 1999 is only two short years away.

## Why Seawolves?

In an effort to bring an exciting new identity with its move to the Division I level, then University at Stony Brook President Dr. John H. Marburger III, and Dr. Richard Laskowski announced in 1993 that beginning in the 1994-1995 academic year, the University and its athletic teams would be referred to by their new nickname, Seawolves.

The Seawolves became the fourth nickname in the history of the University at Stony Brook and was chosen by a 32-person committee comprised of students, alumni, faculty and administrators. Seawolves was selected from a list of over 200 possible names.

A Seawolf is a mythical creature of Indian legend that is said to bring good luck to all those who were fortunate enough to see it.

USB President Shirley Strum Kenny announces the move on June 3.

## Here We Come...Division I

### ATHLETIC ADMINISTRATION

#### Sandy Weeden Director of Athletics

Sandy Weeden is entering her 28th year of service in the Division of Physical Education and Athletics. During her tenure, Weeden has coached women's basketball, softball and tennis and served as the intramural director for women.

The University's most experienced athletic administrator, Weeden spent 23 years as the Director of Women's Athletics before becoming the Director of both Men's and Women's Athletics. Weeden, who served for four years on the powerful NCAA Council, is an Associate Professor of Physical Education and was enshrined in the Cortland State College Athletic Hall of Fame in 1987.

Weeden currently serves on several NCAA Committees, including the NCAA Division II Academic Requirements Committee as well as being a member of the selection committee for Undergraduate Excellence and Outstanding Achievement awards. She is also the chair of the NECC Women's Basketball Committee.

In addition to her work with the NCAA, Weeden has had a major impact at the university level. Her outstanding work as a coach, a professor and athletic administrator have earned her numerous honors that include Coach of the Year (1972 & 1976), the NYSWCAA Service Award (1985) and has twice been recognized for exceptional service to undergraduate education at the University at Stony Brook (1985 & 1991).

Weeden earned her undergraduate degree in physical education from SUNY-Cortland in 1967 and completed her masters degree in education at the UNC-Greensboro in 1972.

Weeden has been a driving force in Stony Brook's move to Division I

#### Sam Kornhauser Sr. Associate Dir. of Athletics

rently serves on

In addition to serving as head football coach for the past 13 years, Kornhauser served as the Director of Men's Athletics from 1992-95. He is currently the Senior Associate Athletic Director and a tenured Associate Professor in the Department of Physical Education. Kornhauser, who has been named the University's Sports Coach of the Year three times, currently serves as the ECAC Football Playoff Selection Committee.

#### Paul Dudzick Associate Dir. of Athletics

letics (1980-81)

Coach of the Year. Currently, his primary responsibility is serving as the NCAA Compliance Coordinator.

#### Rick Cole, Jr. Associate Dir. of Athletics

In his third year at Stony Brook, Rick Cole heads the athletic advancement initiative designed to raise the necessary funds for USB's move to Division I. His responsibilities include marketing the Athletics program through corporate sponsorship donations. A 1992 graduate of the University at Buffalo, Cole was a volleyball standout who earned All-America honors following his junior season. Cole served as the Assistant Director of Marketing at Buffalo for one year before coming to Stony Brook.

#### Rob Emmerich, Jr. Director of Media Relations

Rob Emmerich begins his first full year as the Director of Athletic Media Relations after joining Stony Brook last December as the Assistant. A 1991 graduate of Cornell University, Emmerich was an assistant in the Big Red Sports Information Office upon graduation. He interned for both the New York Mets and Hoop-It-Up before serving as a graduate assistant for two years in the Stony Brook athletic department. Emmerich earned his masters degree from Stony Brook in 1995.

#### Judy Christ Business Manager

In the midst of her 20th year, Judy Christ was served as the Business Manager for the past 14 years. She began at Stony Brook 1978 as the head softball coach and remained in that post for 15 years. Christ received the prestigious Chancellor's Award for Excellence and Professional Service in 1986 and was honored with the NYSWCAA Service Award in 1993 after serving as that organization's treasurer for 10 years.

# A Look At Stony Brook Athletics

The University at Stony Brook offers 19 intercollegiate varsity sports, 10 for men and nine for women competing within the National Collegiate Athletic Association (NCAA), the Eastern College Athletic Conference (ECAC), the New England Collegiate Conference (NECC) and local conferences for various sports.

In July of 1993, Stony Brook initiated a process of complying with NCAA Division II regulations that will ultimately take its entire athletic program to the NCAA Division I level. On June 3, 1997, University President Dr. Shirley Strum Kenny announced that Stony Brook will elevate its entire collegiate athletic program to Division I level in the 1999-2000 academic year.

Seventeen of the University's 19 sports are currently NCAA Division II men's lacrosse and women's soccer already compete at the NCAA Division I level.

Stony Brook teams have enjoyed success in recent seasons with NCAA Division II appearances by the men's tennis (1997), men's basketball (1991), men's volleyball (1990, 91, 92, 93, 94) and baseball (1995) teams. Three seasons ago, the football (ECAC Southeast Championship Game), men's soccer (ECAC playoffs), men's basketball (ECAC playoffs) and women's basketball (NYSWCAA playoffs) teams competed in the postseason.

Over the past seven years the women's volleyball team has captured two York State championships and won at least one match in each of its five tournament appearances. The women's volleyball team has captured two playoff regional titles (1992, 1994), finished third in the nation (1992), captured an ECAC title (1995) and finished second in the ECAC Championships (1996) women's indoor track team finished fourth at the NCAA Championships after the 1989-90 season, while the men's basketball team won the ECAC championship the same year. Following the 1990-91 season, the men's indoor track team captured the ECAC championship in 1992 and advanced to the ECAC final in 1994. The 1995-96 winter season saw the women's swim team capture the Metropolitan Conference Championship.

And just last year, the men's tennis team claimed Stony Brook's first New England Collegiate Conference Championship.

Stony Brook consistently produces All-Americans both in the classroom and on the fields of play. Since squash standout Stuart Goldstein ('74) became Stony Brook's first All-American, the University has produced countless All-American athletes in the sports of football, men's and women's basketball, lacrosse, women's soccer, women's volleyball, men's tennis, men's and women's indoor and outdoor sports, men's and women's swimming, and squash.

The University at Stony Brook is quickly developing a rich athletic tradition with individual and team success at the national level. Stony Brook will continue this excellence as it approaches its new beginning of NCAA Division I competition.

### ATHLETIC SUPPORT STAFF

#### Bill Kuzmack

##### Ass't Athletic Director of Athlete Services

Bill Kuzmack enters his first year as a member of the Seawolves athletic staff. He comes to the department after spending the previous 13 years working in various roles for Stony Brook. Beginning in 1985, he spent two years as a financial aid advisor before assuming the role of Associate Director in the Office of Student Accounts. Bill spent eight years as the Associate Director and has worked the last two years as the Associate Registrar for the University in the Student Services Center. In that role, he began to take on the responsibility of academic advisor to assist Stony Brook students in their pursuit of academic excellence. He joins the athletic department and will head the athlete services program and run the new Stuart Goldstein Academic Center.

## 1997 Season Preview

The Seawolves will once again feature a quick, aggressive group of defenders that will focus on creating turnovers. With eight starters returning the Seawolves' defense is loaded with experience from top to bottom. All-American Jon Sorbera (53 tackles, 9 for losses) and Ryan Maloney give the Seawolves a pair of tackles that possess size, strength and quickness, while George Karafantis (38 tackles, 6.5 sacks) and John Kostkowicz (44 tackles, 13 for losses, 7 sacks) developed into solid defensive ends by the end of last season.

"This year's group of defensive tackles and defensive ends might be the best group to ever play at the University at Stony Brook," Kornhauser said. "Sorbera, Maloney and (Brian) Schwizbin are without a doubt the best group of defensive tackles to play here. And, when Karafantis, Kostkowicz and (Keith) McInnes are healthy, they are the best group of defensive ends that have played here."

Stony Brook returns a pair of starting linebackers in All-American John Harris (69 tackles, 12 for losses, 5 sacks), and Phil Pape.

"John Harris can flat out play football," Kornhauser said. "He has better than average speed, can defend the passing game and is one of the best tacklers on the team. He is a great football player."

"Pape has been very versatile over his career, but really settled in last season as a linebacker," Kornhauser commented. "We are looking towards Jesus Marcano and

Randy Misa to fill the void left by Vin Romano."

Junior Gabe Rodriguez and Andre Mais return in the Seawolves secondary, while Solan James, who recorded two interceptions as a situation specialist, and Lyshaan Hall, who returns to the team after sitting last season out, will also see a lot of playing time.

"Our secondary will remain solid with four players that have played a lot of football for us the past three years," Kornhauser said. "All four of our returners are college pass defenders."

The kicking game remains solid with the return of punters Jeff Heck and AJ Schaeffer, and kickoff specialist Jason Harris.

With more seniors returning than ever before, Kornhauser wants them to know that this season is their opportunity to leave a mark on Stony Brook football.

"This group of seniors has gone from playing in the Division III ECAC playoffs, to having two successful seasons at the Division II level to complying by Division I rules this year," Kornhauser said. "We are counting on this year's seniors to provide us with the experience, physically and mentally, that will allow us to win every close game."

"Every game is winnable," Kornhauser said. "But, there aren't any easy games along the way."

There never are.

**HERE WE COME DIVISION I**

**Dean Murray**  
ASSISTANT COACH  
Second Season  
Appalachian St. '88

Dean Murray begins his second season with the Seawolves as Bernard Tomlin's top assistant after spending four seasons as an assistant at Division I Charleston Southern University. Murray's responsibilities at Stony Brook include serving as the program's recruiting coordinator, scouting of opponents, team conditioning and serving as the assistant director of the University at Stony Brook's Superstars Summer Camp.

At CSU, Murray was instrumental in recruiting two of programs best classes in school history as well as the No. 1 class in the Big South Conference in 1993-94. That freshman class won two Big South Championships and advanced to the NCAA Tournament in 1997. Prior to CSU, Murray spent two seasons as a graduate assistant coach at Division I Coastal Carolina. During his stay at Coastal Carolina, the Chanticleers were 30-2 in conference play, won two Big South Championships and advanced to the 1991 NCAA Tournament.

During his seven seasons in the conference, Murray assisted the Big South coach the year three times and coached the Big South player of the year five times. Murray's teams totaled three conference titles.

Murray is a 1988 graduate of Appalachian State University where he played four years of basketball and also lettered in baseball. His coach at Appalachian State, Kevin Cantwell, is currently associate head coach at Georgia Tech with head coach Bobby Cremins. Murray earned his Master's in Education from the University of South Carolina in 1992.

Murray lives with his wife Connie in Stony Brook.

**Jim Pitman**  
ASSISTANT COACH  
Fifth Season  
Kent Wesleyan '80

Jim Pitman enters his fifth season as an assistant coach with the University at Stony Brook basketball program. He has worked with Stony Brook dating back to the 1993-94 season.

Pitman is involved in all areas of the program, including recruiting. Pitman served as an assistant coach at the New York Institute of Technology in 1992-93 and was a member of Adelphi University's men's basketball program for four seasons prior to NYIT. Pitman also coached at numerous high schools throughout Long Island.

He has also worked with the Long Island Surf of the United States Basketball League.

Pitman received his bachelor's degree in History from Kentucky Wesleyan College in 1980 and attained his master's degree in Physical Education from Adelphi in 1985.

**Brian Hennessy**  
ASSISTANT COACH  
First Season  
Stony Brook '97

Brian Hennessy begins his first season as an assistant coach. Hennessy was a three-year performer for the Stony Brook men's basketball team. He is one of the most prolific three-point shooters in the history of USB basketball.

He was the Seawolves 1996-97 Most Valuable Player after averaging 15.2 points and 3.5 rebounds during his senior year. He also set a University record with 77 three-point field goals made. In his career-finale against Southern Connecticut in the NECC Quarterfinals, he tied Mike Francis for the school record for three-pointers in a game, making eight on 14 attempts. Hennessy also served as team captain as a senior.

Hennessy scored 770 points in his career at Stony Brook. He ranks second on the all-time list for three-pointers made with 143 and three-pointers attempted with 378.

Hennessy transferred to Stony Brook from C.W. Post in 1993-94. At Oceanside High School, Hennessy was an All-Long Island player.

Assistants: Dean Murray, Jim Pitman, Brian Hennessy

The 1996-97 edition of the University at Stony Brook men's basketball team seems poised to get to another level in the powerful and challenging New England College Conference. Coming off a (10-16, 6-12) effort last year, several key returners combined with its best crop of recruits in years should propel the Seawolves into the upper half of the NECC.

Standing in the way will be several top teams, two of which are ranked among the best in the country. Division II Preseason polls have NECC members Southern Connecticut ranked eighth and New Hampshire College eleventh in the nation. Coach Bernard Tomlin hopes he has assembled a squad that he feels can compete against anyone, one that will take the next step to Division I.

Guards

Long senior Larry Gibson returns to provide the Seawolves with leadership in the backcourt. The four-year starter saw the bulk of the action at point guard last year and should see significant time at that position this year as well. "Larry is our leading returning starter in scoring and assists and his leadership will be a valuable asset to our team," coach Tomlin said. "The Seawolves will count on Gibson to provide some more offense as he looks to replace some of the scoring that Brian Hennessy provided last season. Hennessy averaged over 15 points per game last year."

Look for Demez Carrington to spell LeFrak at the point guard position at times with Gibson shifting to the shooting guard spot to allow him to further utilize his offensive skills. Carrington has shown great improvement in his ballhandling and decision-making skills at the point guard position which could make his second year at Stony Brook a memorable one.

Complementing Gibson and Carrington in the backcourt will be a host of newcomers that will bring a new level of excitement to this year's team. Joining veterans Gibson and Carrington will be rookie Eric Lomot, a three-sport

standout at Amityville High School. Lomot is a solid combination guard who will see more time at shooting guard where he can hurt opponents from point land. Freshman Josh Little the Seawolves a solid transition with the proven knack for scorer Eric Austin-Johnson gives the Seawolves depth off the bench.

One big loss is sophomore Hartman. Last year's NECC Rookie of the Year candidate torn his ACL right knee in the off-season and will miss the entire year.

Forwards

Returning starter Pablo Porras counted on to give the Seawolves scoring in the paint. Perhaps Tomlin's most reliable rebounder stepped in to the starting lineup rookie season and performed well, averaging 4.7 points and 4.2 rebound per game. Bobby Mahoney is a scoring

Larry Gibson

Pablo Porras

Center

The Seawolves will feature some size under the basket in returning starter Ryan McDermott. McDermott, who split time at power forward and center last season, has added some size to his 6-8 frame and looks to build upon his impressive rookie numbers. In 26 games, he averaged 6.0 points and 4.8 rebounds per game while posting five double digit rebound performances. He also totaled 26 blocks.

Recruits

This year's crop of recruits is one of the best ever assembled by Tomlin. Four new faces join the team, all of which will most likely make significant contributions immediately. The new players give the Seawolves more shooting at every position and the opportunity to be more aggressive on offense this season. Balliro, Chapman, Lomot, and Little are all legitimate threats from three-point land and will give opposing defenses something to think about.

A Tough Road

Cracking into the upper crust of the NECC will not be easy. The conference boasts two teams in the preseason top 25 poll with Southern Connecticut ranked eighth and New Hampshire College eleventh in the nation. Last season, Southern Connecticut advanced to the Elite Eight where it was defeated by eventual champion Cal-State Bakersfield. Franklin Pierce, Albany and Sacred Heart all return solid teams that will also compete for NECC supremacy.

Outlook

This year's team has set its sights on making a run at the conference championship and going far in the ECAC playoffs. Look for the Seawolves to make use of their good shooters and creating an exciting style of play as they look forward to establishing the foundation of success in the move towards Division I.

ward who excels in the transition game, able to give the Seawolves an instant lift anytime. This year's team plans to run more than any other Stony Brook team so that style should suit Mahoney's skills very well. Steady Kendall Richards will be a stable inside force who gives Tomlin a proven rebounder and depth at the forward spot.

Coch Tomlin will again rely heavy on his young talent at this position. Chris Balliro joins the Seawolves out of Swampscott High School in Massachusetts. A pure shooter, Balliro averaged 24 points and 14 rebounds per game in his senior season and will allow the Seawolves to become more aggressive on offense this season. Transfer Chris Chapman comes to Stony Brook after spending one season at Okaloosa Community College in Miami, Florida. The 6-6 forward is the most versatile player on the Seawolves roster, who will see action and the small and power forward positions. His skill level will also allow him to step in at shooting guard when needed.

Bill Zatulskis enters his first season as head coach of the women's basketball team at the University at Stony Brook. Zatulskis becomes the fourth head coach in the history of women's basketball at Stony Brook after taking over the team following one year as the top assistant to Beekie Francis. Zatulskis was promoted to head coach after Francis assumed the head coaching position at Oakland University.

Prior to Stony Brook, Zatulskis was head women's basketball coach at Adelphi University from 1990-1996. During his tenure at Adelphi, the Panthers compiled an 87-81 (.518) record, made five postseason appearances and had nine players receive All-Conference honors. From 1992-95, he guided the Panthers to three straight winning seasons, going 49-34 in that span. In his final two seasons at Adelphi, the Panthers made it the NYCAC Tournament semifinals. Zatulskis served as an assistant coach at Adelphi from 1986-1990.

A native of Branford, Conn., Zatulskis is a 1984 graduate of Southampton College with a bachelor's degree in psychology. He earned his master's of education in 1986 from Springfield College. While at Springfield, Zatulskis was an assistant women's basketball and softball coach.

In the summer months, Zatulskis works various basketball camps and has also been an assistant for the LI Open team that competes in the Empire State Games.

1997-98 Seawolves Women's Basketball - 21

# Head Coach John Espey

John Espey enters his 11th year as head coach of the Seawolves and his tenth season with USB in NCAA Division I competition. At Stony Brook, Espey has pumped pride and excitement into the lacrosse program and last year brought the Seawolves into the Top 25 for the first time in their history and to the brink of a Top 20 ranking.

Last season, Espey had perhaps his finest team in his 10-year history at the school. Veteran leadership and outstanding talent combined to turn around a 3-8 record in 1996 to a 9-4 showing last year, including a win over nationally-ranked Hartford. The 9-4 finish matched UMBC for the best turnaround record in the nation, improving six victories from the year prior. Ironically, it was a gut-wrenching 12-11 loss to UMBC last spring that prevented the Seawolves from cracking the Top 20 and having the best turnaround season of any team in the country.

In his first season at Stony Brook in 1988, Espey led USB to the semifinals of the ECAC NY/NJ Metropolitan Lacrosse Championships, where they fell at Montclair State, 12-4. Two years later, Espey led Stony Brook to a school-record 12 victories. After losing its first game of the season to Georgetown 11-9, Stony Brook won 12 straight games for the longest NCAA winning streak of the season. Since that time, Espey has upgraded the Seawolves' schedule to regularly include the nation's elite teams, including North Carolina, Princeton, Navy and Duke. In 1999, the Seawolves will add Virginia and Cornell to their schedule.

Prior to his arrival at Stony Brook, Espey coached at Duke University for six years, twice leading the Blue Devils to a national ranking in the Top 20. Credits on other levels include North Hempstead Lacrosse Club and Chaminade High School, both of which enjoy local reputations for quality teams with outstanding individual talent. Throughout his lacrosse career, Espey has coached over 75 collegiate All-Americans and World Team players.

Espey earned a bachelor's degree from the State University of New York College at Cortland, where as a member of the Red Dragon's NCAA Division I lacrosse team, he twice received All-America honors as a midfielder. Espey led the Red Dragons to a Final Four appearance in 1972 where Cortland fell to the Virginia Cavaliers, the eventual 1972 NCAA Champions. In 1973, Espey led the Red Dragons to their first-ever NCAA Championship. As a senior, he was honored by being selected to play in the North-South Senior Classic in Atlanta, Georgia. In 1992, Espey returned to the North-South All-Star Game as an assistant coach for the North team, which included former Stony Brook goalie Rob Serratore.

Espey received his master's degree in health and physical education from the University of North Carolina at Chapel Hill in 1976, while serving as a graduate assistant coach. Espey serves on the United States Intercollegiate Lacrosse Association Ranking Committee. Over the summer, Espey directs the Stony Brook Boy's Lacrosse camp and is an instructor at coaching clinics and summer camps in New York State throughout the East.

Currently a tenured associate professor in the Division of Physical Education at Stony Brook, Espey resides in Commack, New York with his wife Linda and their three children Michelle, Kimberly, and John.

# Assistant Coach Eric Seremet

Eric Seremet begins his second season as the Seawolves' top assistant coach. He was a standout midfielder at the University of North Carolina from 1989-92. While in Chapel Hill the Tar Heels captured four ACC championships and appeared in the NCAA Tournament during every year of Seremet's career. The Heels won the NCAA title in 1991.

Following his graduation with a degree in Industrial Relations, from North Carolina, Seremet worked as an assistant coach at Dartmouth College in 1993 and played for the Boston Blazers of the Major Indoor Lacrosse League from 1993-94.

Seremet has been a star for the New York Saints of the MILL and now National Lacrosse League for the past three seasons. In 1996, he was named Team Most Valuable Player. He has been among the team leaders in goals and assists for the past three years.

With the Seawolves, Seremet will be involved in every aspect of the lacrosse program. He will work with the goalies as well as team offense and man-up strategies.

Seremet is responsible for many aspects of the club. He will aid in recruitment of players from Central New York.

At West Genesee High School, Seremet was a member of the 1987 New York State High School Championship squad.

Seremet has been one of the New York Saint's leading scorers for three seasons.

# Assistant Coach Jerry DeMeo

Jerry DeMeo enters his fourth season at Stony Brook, where he will serve as Defensive Coordinator and will also be in charge of recruiting in Suffolk County.

DeMeo previously was head coach of the New York Athletic Club Lacrosse Team, where he compiled a 47-11 record over a four-year span and was named USCLA Club Coach of the Year in 1990. The club reached the USCLA championship game in both 1990 and 1991.

DeMeo was also head coach for two years at Southampton College, where the Colonials captured the Knickerbocker Championship in 1984. He was an assistant coach at Cornell University and an associate coach at Dartmouth College. At Cornell, the Big Red reached the national championship game. While at Dartmouth, DeMeo was also the assistant women's soccer coach. In 1983 DeMeo was a consultant for the Australian Lacrosse Federation where he worked to promote the sport of lacrosse.

In 1994, DeMeo was a member of the selection committee for the 1994 USA World Team.

After a standout high school career at Glen Cove, where was named team captain and MVP in 1976, DeMeo was inducted into the Glen Cove Hall of Fame in 1984. He attended Cortland College and in 1981 was named first-team All America. DeMeo has worked as a firefighter for the New York City Fire Department for the last nine years.

# 1997-98 Season Preview

The 1997 season featured the arrival of the University at Stony Brook men's tennis program into the national spotlight. The Seawolves finished the season with a 15-3 record, captured the New England Collegiate Conference Championship and earned an NCAA post-season bid as the number-one seed in the Northeast Regional and the number-four seed in the East. Head Coach Mansour Tabibnia is confident that the 1998 season will be just as successful.

"Last season was a tremendous season for our program," Tabibnia said. "For the first time ever we received national recognition." Returning from Tabibnia and the Seawolves from last year's team will be number-one singles player Daniel Antonius, number-two singles player Tae Byon, as well as number-five singles player Charles Greenhut and number-six player Otto Krcal. Tabibnia also returns veteran players Arman Halajian and Schelton Assoumou.

"We have a great group of returning players that learned just how hard it is to be considered a contender last year," Tabibnia said. "We had a great season and with a large number of players returning and a solid recruiting class, should have another great season."

This year's newcomers include Phillippe Douyon, Seheui Jo and Kyle Warner. "Our newcomers should be able to step in and help us immediately," Tabibnia said. "We have some of the top junior players from the Eastern Tennis Association joining our team."

One step that Tabibnia has taken each year at Stony Brook is improving his schedule. 1997-98 will be no different. The Seawolves schedule includes Division I opponents (Colgate, Bucknell, Bradley and Hofstra) as well as Division II venues such as Concordia, Quinnipiac, S.C. Aiken, Millersville and Kutztown.

The Seawolves also received an invitation to the prestigious Bloomsburg Duals in April.

"One of the keys to becoming a top team is playing against the best teams," Tabibnia said. "Now that we have received some notoriety, making quality schedule is easier."

"This year we have some unfinished business to take care of," Tabibnia said.

## Head Coach Mansour Tabibnia

Mansour Tabibnia enters his fifth season as head coach of the University at Stony Brook men's tennis team. Last season was Tabibnia's best at Stony Brook as the men posted a 15-3 record, captured the NECC championship and became the first team at Stony Brook to earn an NCAA bid at the Division II level.

In 1996, Tabibnia was selected as the Professional Coach of the Year by the United States Tennis Association (USTA), the Eastern Tennis Association (ETA), and the Long Island Tennis Association (LITA).

### Tabibnia Year-By-Year

1994	11	3	.786
1995	9	5	.643
1996	8	7	.533
1997	15	3	.833

Tabibnia, who graduated from St. John's University in 1988 with a degree in Business Administration, played on the men's professional circuit for a period of 18 months after graduating from high school.

Tabibnia has compiled a 43-18 record as the Seawolves men's tennis coach. Tabibnia also coached the Stony Brook women's tennis team for three seasons, 1993-95.

In addition to his coaching, Tabibnia serves as Founder/Director of the Impact Tennis Training Academy and Grand Slam Tennis Camps. He is a USTA/ETA Summer National Coach and was head coach of the USTA/ETA Long Island Player Development. Tabibnia has coached over 100 nationally-ranked juniors, and seven professional circuit players.

Tabibnia currently resides in Dix Hills, NY.

## 1998 Seawolves Season Preview

The Seawolves are looking to rebound from a disappointing 15-19 season of a year ago. Last season was only the second time during the seven year tenure of head coach **Matt Senk** that the team finished under .500 baseball. It also broke a streak of three consecutive post-season appearances by the Seawolves. The 1998 edition of the Stony Brook baseball team is expected to return to form and compete for the NEC title this season.

"We're looking to bounce back from an atypical season. We've established a winning tradition and we want to get back to the type of baseball Stony Brook is known for," Senk said. "Our goals always remain the same. We want to win the conference, head to the postseason and be ranked nationally as high as possible."

### Pitching

Matt Senk knows the key to winning this season is good pitching. "The pitching staff could be the key to our success. It's not an overpowering staff but if they understand and accept their roles that should lead to good things for us," said Senk.

This year's staff will be comprised of junior **Tim Loyal** and returning seniors **Greg MacKoull** and co-captain **Dennis Kelly**. Loyal and Kelly combined last season to pitch 108 2/3 innings. Loyal finished with a 3-3 record with a 3.49 ERA and Kelly produced a 4-4 record with a 3.27 ERA. They will be expected to carry the bulk of the pitching load again this season. The 1998 Seawolves pitching staff will be bolstered by the addition of lefty **Brian Keyes**, a sophomore transfer from Rhode Island and Long Island native, is expected to win a spot in the starting rotation. Returners **Ray Fifield**, **Harrison Edwards** and **Ed Rasmison** will compete for the final spot in the rotation. Fifield and Rasmison will also be used as middle relievers. Edwards could see work in the closer role.

Three transfers will enter the Seawolves pitching scenario with hopes of strengthening the bullpen. **Moises Cruz**, a junior transfer from Suffolk Community, **David Fanning**, a senior transfer from Iona and **Keith Otto**, a senior transfer from Dowling will be used as middle relievers. **Chris Collins**, **Chris Gregory**, **Mike Johnston** and **John Zervas** are returning players who should see more time out of the bullpen. **Lee Reynolds** and **Jason Dvoviak** round out the pitching staff.

### Infield

"Coming off the fall season our overall defense, especially in the infield, is considerably tighter than last year. That, combined with solid pitching should give us a greater opportunity to win games," said Senk. That figures to be an important area for the Seawolves as last year they were 3-7 in games decided by two runs or less and 2-5 in games decided by one run.

The infield will be led by senior co-captain **Vin Causeman**. Causeman batted .355 with 21 RBI last season for the Seawolves. Senior co-captain **Eric Dieckmann** returns to man the second base position. While he will receive the majority of playing time at second, Dieckmann will also be used as a utility infielder, able to play shortstop and third base.

Freshman **Matt Salmon** is expected to step in and start at shortstop this season and

make an impact immediately. As a senior in high school he earned All-League and All-County awards. He was also the recipient of back-to-back Best Defensive Player honors. Sophomore **Gregg Foster** returns this season and will bring his solid all-around play to the third base spot. Last season, Foster batted .337 with 23 runs scored and a team-high nine stolen bases.

**John Salmon** and **CJ Lutz** will be the only backups in the infield. Salmon will see time at second and allow Dieckmann to be utilized at the other infield spots. Also, look for Salmon to come off the bench in pinch running situations. Lutz will be used at first base and also in the designated hitter role.

### Catcher

Sophomore **Craig Ansanman** will be responsible for most of the catching duties. Last season, he batted .333 with a .417 slugging percentage. "Ansanman has a cannon of an arm and should keep people from running on the basepaths against us. We expect solid receiving from him and improved power numbers," said Senk. Freshman **Omar Ramos** will spell Ansanman behind the plate. "He is a solid player who will get better," said Senk.

### Designated Hitter

Both Lutz and Causeman will be used in the designated hitter spot when they are not playing first base. John Salmon could also be used for speed in the DH role.

### Outfield

Power hitting sophomore **George Kearnes** will return to the centerfield position and his role as cleanup hitter. Last year, Kearnes batted .302 and drove in 31 runs. Kearnes also set a new USB record for most home runs in a single season with nine round trippers. "He's got lots of tools, puts up big power numbers and has a great arm," Senk said. **Jeff Fiermonte** makes the move from first base to rightfield for this season. Fiermonte batted .345 with three homers and 19 RBI last year. Senk said "He really improved his defense over the summer. He had a solid year last season and now hopes to have an even better year in 1998."

**Chris Manna** will be in leftfield this season. "He's a game player, a hard worker and a solid hitter," Senk said. Last season, Manna hit .310 with a .646 slugging percentage. **Ramy Nasr**, a sophomore transfer from Lehman College, will be the first outfielder off the bench. He will also be used as a defensive replacement. The outfielding core will be rounded out by **Joe Deneroff**, a sophomore transfer from Wooster College and **Paul DiDio**, a sophomore transfer from Concordia College.

### Outlook

This season looks to be a year of improvement for the Seawolves as they attempt to rebound from the disappointment of last season. The expected improvement of returning starters and the addition of key transfers and freshmen should lead to a better record for the Seawolves in '98. In addition, the improving defense and added depth in the bullpen should help Stony Brook in their efforts to reverse their fortunes from last year in close games. Nineteen-Ninety Eight promises to be a successful campaign for the Seawolves.

### Head Coach

**Matt Senk**

Eighth season  
SUNY-Cortland '80

Matt Senk enters his eighth year as head coach of the baseball team at the University at Stony Brook. Senk has established a tradition of excellence for the program, both at an individual and a team level. During his tenure at Stony Brook, Senk has had 32 players named All-Conference, 15 players named All-Region Team, five players nominated for All-American honors, one signed to an independent-league contract (Frank Colon) and one (Joe Nathan) chosen in the annual Major League Baseball Free-Agent Draft. Nathan is now a member of the San Francisco Giants' 40-man roster. Academically, over 90 percent of his players have graduated and moved on into successful careers or graduate school.

In just seven seasons at Stony Brook, Senk has become the all-time winningest coach in the history of the program. Last season, Senk guided the Seawolves to a 15-19 mark after graduating nine starters from a team that went 24-17 and earned an Eastern College Athletic Conference (ECAC) playoff bid in their first season at the Division II level. Three years ago, Senk guided the Seawolves to

a 30-8 record, including the University's first appearance in the NCAA Division III New York Regional Championships. The season prior to that, Senk led Stony Brook to a 26-9 record and the Skyline Conference title, and an appearance in the ECAC Metro NY/NJ Championship. Following that season, Senk was honored as the Skyline Conference Coach of the Year. In addition, Senk has been named the University at Stony Brook Men's Athletics Coach of the Year for the 1991-92 and 1994-95 academic years.

Prior to accepting the coaching position at Stony Brook, Senk spent three years as head coach at Kellenberg Memorial High School where his teams captured both League and Division Championships. Before coaching at Kellenberg, Senk was the head coach at St. Agnes Cathedral High School where he guided his team to a Division Championship and was named Nassau-Suffolk Catholic High School Athletic Association Coach of the Year.

Senk is a graduate of the State University of New York College at Cortland where he earned his Bachelor's degree in

Psychology in 1980. While at Cortland, Senk was the Red Dragon's starting catcher for three seasons, a two-time All-SUNYAC selection and team Most Valuable Player as a senior. Senk earned his Master's degree in Physical Education from Adelphi University. Senk is a member of the American Baseball Coaches Association and the New York State College Baseball Coaches Association.

In addition to his head coaching responsibilities, Senk is an experienced teacher and clinician. He was recently appointed the University's Coordinator of Summer Sports Camps and also teaches classes in the Department of Physical Education. Senk also oversees the University at Stony Brook Baseball Camp as well as other camps throughout Long Island.

HEAD COACH

### Assistant Coach

**Gerry Sputo**

Sixth season  
Siena '85

Gerry Sputo enters his sixth season as an assistant coach at the University at Stony Brook and his third as Head Coach Matt Senk's top assistant. Sputo will be involved in all aspects of the Seawolves baseball program, concentrating specifically on hitting and team defense.

Primarily, Sputo is in charge of heading Stony Brook's recruiting as the Seawolves upgrade to Division I status. An experienced baseball instructor, Sputo has worked at various camps and clinics on Long Island.

Sputo is a graduate of St. Agnes Cathedral High School where he played two years of varsity baseball. He received his B.B.A. in Accounting from Siena College in 1985.

Sputo joined the Stony Brook staff after working for seven years on Wall Street. He is also an event supervisor for the Nassau County High School Athletic Association. Gerry is single and currently resides in Valley Stream, NY.

### Assistant Coach

**Kevin O'Reilly**

Second season  
SUNY-Cortland '85

Kevin O'Reilly enters his second year as a member of the Seawolves' coaching staff. In joining the USB baseball program, O'Reilly will utilize his experience in working with Stony Brook's pitchers.

Prior to Stony Brook, O'Reilly guided the Suffolk-West baseball program to the playoffs in each of the last four years. In those four years, he managed five All-Region players, two distinguished All-Americans and 18 players received academic or athletic awards.

In 1994, one of his pitchers finished fourth in the country strikeouts and led Region 15 in strikeouts as well. That same year, O'Reilly's closer ranked seventh in the nation in saves.

O'Reilly graduated from the State University of New York at Cortland in 1985. He spent three years as a member varsity baseball team and graduated with a degree in Physical Education.

Presently, O'Reilly teaches Physical Education at Brentwood Middle School. He currently resides in Shirley with his wife and three children, Morgan, Kyle and Justine.

## Head Coach: James M. Meegan

Coach Meegan begins his fifth season as the Director of the Cross Country and Track & Field programs here at the University at Stony Brook. Since arriving at Stony Brook, he has guided his athletes to NCAA All-American status on eight occasions, in both cross country and track. In 1996, two of his former athletes competed in the Summer Olympics in Atlanta for their home countries and one set the national record for his country in the 500-meter dash. He has also produced several individual conference champions in the short sprints and middle distance, in the addition to the long jump. In the fall of 1996, he guided one athlete to 30th place at the NCAA Division II Cross Country Nationals in Arcata, CA. Currently, he is still advising runners in the metropolitan New York area, one of whom qualified for the 1996 U.S. Olympic Trials in the women's 1,500-meter event.  
 A 1988 graduate of SUNY Cortland, he earned his master's degree from Adelphi University in Exercise Physiology/Cardiac Rehabilitation in 1993. Meegan is also a Certified USA Track & Field - Level I Coach, as well as a Certified Strength and Conditioning Specialist through the National Strength and Conditioning Association.  
 In addition to coaching, he is employed by LILCO as an exercise physiologist in their Corporate Wellness Program. He also works at Schwab's 2nd Wind, a specialty running store one mile from campus.

## Assistant Coach: J. William Sholly

Coach Sholly will enter his ninth season as the throws coach at the University at Stony Brook. He previously served as head coach of Track and Field for 94 years at Connetquot High School in Bohemia, NY. Over the past 33 years, Coach Sholly has had great success with athletes ranging from the sprints to the throws. In 1984, he coached the New York boy's state two-mile champion. On the college level, he has coached his throwers to several conference championships over the past nine years in the shot put, discus, weight and hammer throws.

A 1965 graduate of Bucknell University, he earned his master's degree from Adelphi University in 1972. He is also a Certified USA Track and Field-Level I Coach. He has a keen interest in strength and conditioning, and is a member of the National Strength and Conditioning Association.  
 In addition to coaching, he teaches social studies at Connetquot High School.

## Assistant Coach: Rich Zamperion

Coach Zamperion will be joining the Seawolves Track and Field staff this season. He will be leading the hurdlers and sprinters through their drills and workouts.  
 He competed for SUNY Cortland, where he received his undergraduate degree in 1988. Zamperion received his master's degree from the University at Stony Brook in 1997. In addition to coaching, he teaches physical education in Brooklyn, NY.

## 1997-98 Cross Country Season Preview

1997 Seawolves Cross Country team will open season at the Fordham Fiasco held in Van Hook in early September. The next challenge will be home course of Sunken Meadow, the site of the NCAA Division I Eastern Regional XC meet in Coach Meegan has a newly designed men's layout, in addition to the standard 5,000-five-mile courses. After a trip to Connecticut, the team will return once again to Sunken Meadow in mid-October. The move to Division I is on the horizon. Coach Meegan rejoined the prestigious ICAA conference for meet will be held at Van Cortlandt park on Oct. 7th. Rounding out the month of October, both teams will compete in the New England Collegiate Conference Championships. For those top athletes

who are still running strong in November, head coach Jim Meegan will be traveling in Boston's historic Franklin Park for the USAATF New England XC Championships, where they will get to run against top athletes from clubs such as Reebok Enclave, Nike and Central Mass Striders. This year's women's team will be led by sophomore sensation Meredith Reh, who came on strong at the end of her freshman campaign. Joining her will be Isa Merritt, a junior transfer from Connecticut, and Tara Sullivan, a sophomore transfer from Sacred Heart. Both of these runners thrive on distance running and will bring depth to the women's team. All three athletes should take turns leading the way throughout the season. Seniors Chris Lankowicz, Christina Vela, juniors Christina Palma, Stacy Roth and freshman Magdalene Vardaros will round out the Seawolves women's varsity team.

On the men's side, senior Gavin O' Donoghue returns for his fourth and final season of cross country in a Seawolves uniform. He will bring tenacity and leadership to a solid group of runners. Sophomore John Ravener and junior Jason Murphy will hope to reap the benefits of their summer mileage. The addition of freshmen Kevin Murtagh and Bill Raney, as well as sophomore Mike Black should lend some balance to the men's side. Overall, the 1997 season should be one that brings the team closer to its goal of being competitive at the Division I level. With a schedule that includes several regional powerhouses, it will be one that tests the physical and mental strengths of the runners. Coach Meegan is hoping the team's summer mileage will pay off, and they are ready to go up against the best teams around.

## 1998 Track & Field Season Preview

competition that head coach Jim Meegan has scheduled should provide the stimulus needed for outstanding performances this spring. The season will unfold with some low key meets in Deptford before winter break. Once school begins in February, the team will travel north to Boston University's site. The Midrose Games will take place in early March with Stony Brook traveling to the Delaware Invitational. The New England Collegiate Conference Championships will take place shortly after Southern Connecticut. The ECAC Championship will wrap up the indoor campaign in early March.

near, the top athletes will balance both schoolwork and preparation for their Conference Championships. The Collegiate Track Conference Championships will be held at Sacred Heart, while the ICAAs will take place at George Mason in Fairfax, Virginia.

The recruiting class of 1997 has brought some outstanding talent to Stony Brook. Leading the way on the men's side will be Kellenberg graduates, Ryan Sherfield and Chadwick Vallant in the 400-meters and 800-meters. The opening contingent will be comprised of Patrick Harding and Rich Krall in the shot put, with Rob Heim leading the discus throwers. The hurdles, both indoor and outdoor, have gained some depth as Ramone Ward will be joined by Steve Sayegh, Mike Black, freshmen Wayne Lee and Al Matuza. Stony Brook's distance team will be led by sophomore John Ravener in the mile and 800-meters events. The team will benefit greatly by the addition of Mike Thompson and Jason Strom, both transfers from St. John's, as well as Suffolk Community transfer Chris Davis. The long jump will be led by Ward and freshman John Damato, while Mike Black will take over at triple jump.

should have some outstanding performances turned in by sophomore Meredith Reh, who will lead the assault from 800-meters to the mile. Incoming transfers Isa Merritt and Tara Sullivan will be joined by freshman Magdalene Vardaros and Holly Galloway in the 3,000-meters and 5,000-meters. Junior Stacy Roth will lend support from the mile to 5,000-meters. The sprinters will benefit from freshman Karen Lahey and Kon LePore, a transfer from Central Florida, in the 400-meters. They will join forces with returnees Jessica Gammell, Maggie McCluskey and Blondine Jean-Baptiste in covering the sprint events. McCluskey will also be the Seawolves lone gun in the long jump.

Overall, these athletes have the desire and drive, as well as talent, to make this the best track and field program in many years here at Stony Brook. Several school records should be rewritten, in addition to several honors won throughout the 1997-98 campaign. Coach Meegan will be looking ahead to some outstanding performances, both individual and team, being turned in by these teams. The future looks very bright as the entire program gets ready to compete in Division I in the fall of 1999.

1997-98 Seawolves track and field team will be spring season at the College of New Jersey in the month of April unfolds, the team will travel in to Duke looking for some warm weather and some action. The following weeks will continue them with Division I competition as they travel Ithaca and St. John's. The Penn Relays will give the opportunity to visit historic Philadelphia and in the nation's largest track meet. As finals draw

## Head Coach Sue Ryan

Susan Ryan enters her 13th year at the helm of the University at Stony Brook women's soccer program. Last year, Ryan led a young squad to a 5-10-2 record.

Ryan was appointed head women's soccer coach in 1985 and has compiled an overall record of 86-112-16 in 12 years. Ryan inherited a team that finished with a 1-13-1 record and in her first year at the helm Stony Brook improved to 6-7. From

86-88, Stony Brook recorded double-digit win totals and made 100 post-season appearances. In 1986, Stony Brook finished 12-1, and earned its first-ever Eastern Collegiate Athletic Conference (ECAC) playoff bid after placing fourth in the New York State women's Collegiate Athletic Association championships. In 1987, Stony Brook went 11-6-1 and claimed the NYSWCAA championship. In following year, the program's final year at the NCAA Division III level, Ryan guided the team to its best-ever season with a 14-5 record, but lost in the NYSWCAA championship game to Ithaca. Ryan guided the Seawolves to a 12-6 mark in 1994, the best season in the program has had in its eight years at Division I. For her team's achievement, Ryan was named the University at Stony Brook's 1994 Women's Athletics Coach of the Year.

Ryan is one of a select few female coaches in the nation to have earned the United States Soccer Federation's 55F "A" license. She also holds National and Advanced National licenses from the National Soccer Coaches Association of America (NSCAA). In 1989, Ryan was appointed a member of the Executive Committee of the Intercollegiate Soccer Association and handled the added responsibility of Committee Secretary-Treasurer. In 1995, Ryan was named President of the Committee.

## Eric Teepe Assistant Coach

Eric Teepe begins his fourth season as an assistant coach at Stony Brook. Teepe's responsibilities include recruiting, scouting and promoting the Seawolves' women's soccer program.

A 1987 graduate of Averett College in Danville, Virginia, Teepe received his Bachelor of Science degree in Sports Management. While at Averett, he was a four-year performer on the college's soccer team and served as an assistant coach upon graduation. Teepe, who holds a National License from the NSCAA, was named to the Dixie Conference First-Team in 1986, after earning honorable mention the previous three seasons. In 1984, Teepe was a member of the VISA All-State Team, and has worked with many Northport club teams.

### 1997 Season Preview

After a retooling season last year, University at Stony Brook women's soccer coach Sur Ryan is optimistic that this year's team is ready for the big time. The Seawolves return 14 players from last year.

"Right off the bat we are better than last year," Ryan said. "Last year we lacked depth at some important positions, but this season we have a great group of upperclassmen, an experienced group of sophomores and a solid recruiting class."

#### Keller Leads Attack

The Seawolves will rely on junior Erica Keller's scoring ability once again this season. Last season the transfer from Iona College recorded 14 goals, five assists and 33 points. Ryan hopes that senior Allison Behrens will provide leadership to a young team while adding some punch up front. Behrens netted eight points last season from the midfield position.

"Our offense will also depend on Jodi Klein and Audra Dutkowsky," Ryan said. Klein is coming off an injury plagued season and looks to bounce back this year. Dutkowsky finished last season with seven points.

#### Super Sophs

At midfield, Amanda Piccirillo is expected to solidify the midfield position loaded with young talent. With a sophomore class loaded with a year of Division I experience under their belts, Ryan is depending on Monique Donahue, Larissa Mahns, Melissa Eigen, Elizabeth Friedler and Keri Scroope to continue to develop into solid contributors. "The sophomore class had an opportunity as freshmen to

## George Rahbari Assistant Coach

George enters his first season as a full-time member of the Stony Brook Seawolves women's soccer coaching staff. Overall, Rahbari in his fourth season as an assistant with the Seawolves. A 1992 graduate of Stony Brook, Rahbari began his playing career at the University at San Diego where he played three seasons for the Toreros. He finished his career as a member of the Stony Brook soccer team in 1991. A science teacher at Cold Spring Harbor High School, Rahbari holds masters degrees from Stony Brook in Biochemistry and Liberal Studies.

come in and get playing time immediately last season," Ryan said. "At times last season we struggled with four or five freshmen starting, but on the flip side they learned a lot about playing college soccer at the Division I level. This year we hope to reap the benefits of those lessons."

#### Owen in Goal

Junior goalie Jamie Owen and sophomore Erin Schnitzbauer will vie for the opening created by the graduation of Jodi Yerys. Owen played in four games last season, including two starts, and registered 29 saves and a 2.40 goals against average. Schnitzbauer did not get the opportunity to play in any games in the fall, but had an outstanding spring season and was named the team's Most Improved Player.

"Jamie has to step up and take control this season. The job is hers," Ryan said.

#### Newcomers

Sara Alzate, Rebecca Ferreira, Martha Yeager, Julie Passanante, Brett Wolfson and Christie McMurray are just a handful of newcomers that Ryan is counting on to provide some support for the Seawolves this season. Kristy More, Virginia Amandola, Leah Canton, Maha Osman and Wendy Todoric will also look to earn playing time in the preseason.

"The three keys to winning are: leadership, veteran players and good recruits," Ryan said. "I believe we will exceed a lot of expectations this season."

# Assistant Coach Michelle Kim

Michelle Kim begins her first season as Coach Tiso's assistant. She replaces Kim Foster who left after three years as an assistant coach at Stony Brook. Kim, a resident of Oceanside,

N.Y., graduated from Binghamton University in 1996 where she earned her degree in Psychology. The former Nassau County All-Conference player was a four-year starter for the Colonials as a setter and defensive specialist. She captained the team over her final two seasons at BU and helped lead the Colonials to a 23-17 record and the ECAC North Region semifinals last season.

In 1995, Kim was integral part of a team that posted an outstanding 40-9 mark and earned the school's first-ever SUNYAC and New York State Championship titles. That same team went to the NCAA Regional semifinals. Kim registered 576 assists and 248 digs that season.

In 1996, Kim finished the season with 892 assists, the second highest single-season total in school history, and 427 digs.

## 1997 Seawolves Season Preview

Expectations are high within the University at Stony Brook volleyball program as the 1997 season nears. Head coach Len Tiso returns six players, including five with a wealth of starting experience, from last season's Eastern College Athletic Conference (ECAC) Division II Championship runners-up.

It took a while for last year's team to get rolling, but after starting the season 9-15, the Seawolves rolled off a 14-match winning streak before falling to New Haven in the New England Collegiate Conference Championships.

### A Veteran Group

Leading the crop of returners will be juniors Sarah Boeckel, Carrie Doyle, Elka Samuels and Mary Schelp, and sophomore Jessica Serrano. Doyle, Samuels and Serrano provide the Seawolves with a solid hitting corps, while Boeckel and Schelp will set.

Doyle is coming off the best season of her career, as she set personal bests in kills (201), kill percentage (.236), aces (37) and digs (102). "Carrie established herself as a true team leader both on and off the floor this past season," Tiso said. "We are expecting Carrie to continue to improve her total game just like last year."

Boeckel was named a NECC Second-Team All-Star after becoming the second Stony Brook setter to record back-to-back 1,000 assists seasons. Boeckel finished the season with 1,014 assists, a team-high 59 aces and 245 digs. "Sarah has been one of the most consistent setters in the NECC the past two seasons," Tiso said of the Seawolves' 1996 Most Valuable Player.

Like Doyle, Samuels led the best season of her young career as she established career-highs in virtually every category. Samuels, a Second-Team NECC All-Star selection, finished the season with 307 kills, a .292 hitting percentage and 249 digs. "Elka came into last season a lot stronger, physically and mentally, and developed into a solid Division II volleyball player," Tiso said. "We look forward to Elka to continue to develop during the season and continue the strong play she

freshman season. Serrano led the team with 468 kills, a .269 hitting percentage to go along with 52 aces and 292 digs on her way to being named the NECC Rookie of the Year and a NECC Second-Team All-Star. "Jess is just an awesome hitter. She established herself as one of the best pure hitters in the conference," Tiso commented. "We are counting on Jess to have another outstanding season and if she can improve in other areas of the game she can become one of the best all-around players in the NECC."

### Plenty of Depth

Sophomore Heather Bure and newcomers Lara Reidy (Suffolk C.C.), Cynthia Orengo (Lady Warriors Club), Catrina Gordon (Lady Warriors Club) and Ivonne Estevez (St. Francis Prep) will provide the Seawolves with the depth needed to entertain ideas of capturing the NECC championship and an eighth consecutive trip to post-season play. Cheryl Sock (Westhampton Beach HS), Yin May Tuen (Lady Warriors Club), Trisha Lollo and Rosie Cicciarella (Long Island Power) round out the Seawolves roster.

exhibited during our spring season."

After playing only 55 games as a freshman, Schelp established herself as a solid contributor during her sophomore season. Last year, she played in 190 games, recording 191 digs, 67 assists and 50 kills. "Mary is probably our best all-around player," Tiso said. "The best thing about Mary is her willingness to accept any role that she is asked to take on and do an excellent job."

### Rookie of the Year

Serrano will have a hard time posting better numbers than she did during her award-winning

"We have a solid group of players returning and a great group of newcomers that are looking forward to competing for the NECC championship and an ECAC playoff bid," Tiso said.

"We have a tough schedule, which includes four teams (Millsville, Bentley, Bryant and New Haven) that have competed in the NCAA tournament in the last three years," Tiso said. "But we are ready for the challenge."

**Head Coach Diane Hobin**

Second Season • Hofstra '95

Diane Hobin enters her second year as head coach of the softball  
team at the University at Stony Brook. Last year, she posted six  
wins in her inaugural season, including an upset win over #8 C.W.  
Post.

She is the seventh coach in the history of Stony Brook's 25-year  
program. Hobin, who earned her BA degree in Psychology was a  
four-year starter for the Flying Dutchmen's women's basketball, field  
hockey and softball teams.

As a softball player, Hobin was a two-time North Atlantic Conference  
all-star selection as well as an Eastern College Athletic Conference (ECAC) and two-time All-  
Mid-Atlantic all-star selection during her career.

On the basketball court, Hobin is a member of the 1,000 point club and had over 500  
assists. She was named to the East Coast Conference All-Rookie team in 1992 and All-Conference  
team in 1994.

Hobin has brought enthusiasm to a program that finished 1-20-1 in its first season at the  
NCAA Division II level in 1996 while improving to 6-28 in its second season.

**Assistant Coach Karen Loeber**

First Season • Green Mountain '92

Karen Loeber enters her first season as assistant coach of the softball team of the University at Stony Brook. She comes  
to Stony Brook from Adelphi University where she served as head volleyball coach from 1992 to 1995.

Loeber earned her bachelor's degree in 1992 from Green Mountain College in Vermont. At Green Mountain, she  
was a three-sport star as she started all four years for the basketball, softball and volleyball teams. She earned coaches  
awards in 1991 from both basketball and softball and was named volleyball team MVP in 1990 and 1991. She went on  
to play in the Pro Beach Volleyball circuit in 1991 and then served as assistant volleyball coach at Western Maryland  
College from 1991 to 1992.

Presently, she is the owner of I.E. Personal Training in Bay Shore, NY.

# 1997-98 Women's Season Preview

their third season at Division II, Division I in 1999, expectations of the swimming and diving program continue to grow. Last season the Seawolves finished with a 19-5-3 record, second in the Metropolitan Championships. Stony Brook had the Metropolitan title in its first year of competition in 1996.

The Seawolves will look to several veteran swimmers to provide the spark and energy, who have coached all 18 programs at Stony Brook.

On the way are captains senior Nikki junior Heather Martin. Barnes is top backstroke in the region was named the top diver in the area in 1996, will be a key to the team's success in 1997.

Jennifer Elvers returns to the team after last season with an injury, one of the team's most versatile

swimmers and will be counted on to provide leadership in the locker room and around the pool.

Sophomores Jennifer Roberts and Kristine Coleman are looking to build on sensational freshman seasons at Stony Brook. Roberts is a strong short distance swimmer while Coleman is the team's top distance swimmer.

Other important returning swimmers include sophomores Andrea Buzas, Jennifer Coffey and Elizabeth Dannenbaum, juniors Christina Guelleme, Joy Hartman and senior Jawond Brown.

Key newcomers include senior October Dow, freshmen Rachel Greenfield, Rachel Goldman, Patti Prehm and Erica Wagner.

On the diving side, junior Jennifer Negron has improved and will compete against some of the region's best performers. Also looking to improve on her freshman season is Vicki Kuklinski.

The Seawolves' schedule continues to be

a challenging one. After opening the season with meets against local rivals Queens and Staten Island, Stony Brook travels to Boston to compete in one of the best Division II meets in the region. At the Bentley Invitational, Stony Brook will battle strong teams including host Bentley, Southern Connecticut and St. Michaels.

Following a tri-meet at Lehman with Southern Connecticut, Stony Brook will host the USA Defender's Cup as the Seawolves look for their third consecutive championship. Adelphi, William Paterson and Southern Connecticut will be at University Pool for the meet.

Other tough opponents include New York University, Montclair State, Mount St. Mary and Binghamton.

Stony Brook finishes out its season at the Metropolitan Championships which will be held at the College of New Jersey in Trenton from Feb. 20-22.

# 1997-98 Men's Season Preview

are also entering their third season at Division II level and look to build a winning record at the Division I level in 2000 academic year.

The Seawolves finished 8-8 last season, but hope to improve on that record in 1997.

On the men's swimming team and team looks to rebuild this season. Many of this small team are still high schoolers, still looking for ten more bodies to have a diver on the roster. This year, the Seawolves expect great things from recruit Carlington Sims. Coach Alexander feels he can make an impact in his rookie season with the Seawolves. He comes to Stony Brook from the West Side "Y" program in New York City and is a "natural" flyer with unlimited po-

tential.

Freshman Jake Epelbaum from Oceanside, NY and the Long Island Express swim team will add strong distance swimmers (500 & 1,000) to the lineup.

From the West Coast, Tom Gotsch will add to the USB backstroke depth.

Luckily for the men the division was recently split in two. This should benefit Stony Brook as the season wears on. According to Alexander, "We happen to be in the right place at the right time. If we can get enough bodies, we can win the championship in February."

## Head Coach Dave Alexander

Dave Alexander enters his 18th season as the head coach of the University at Stony Brook women's swimming program. Alexander is also in his third year as the head coach of the Seawolves men's swimming team. Last season the men's team finished 8-8, an improvement from 3-7 in Alexander's first season at the helm.

Last season the women's squad finished 12-5-1 and placed second at the Metropolitan Conference Swimming and Diving Championships.

The only swimming coach in the 18-year history of the women's program, Alexander has a record of 156-58-9 (727). Alexander's teams have captured five Metropolitan Conference Swimming and Diving Championships, including one two seasons ago.

Over 100 of his women swimmers have earned All-Metropolitan Conference accolades, 90 were named All-America and over four have the NCAA National Championships.

Alexander was named the Metropolitan Conference's Women's Swimming and Diving Coach of the Year in 1991 and 1996. Alexander has earned the University at Stony Brook Female Athlete of the Year honors on two occasions.

A graduate of SUNY New Paltz, Alexander earned his master's degree from Adelphi University. He is a Special Education Teacher in the Smithtown Central School District. He resides in Northport, NY with his wife Barbara and their four daughters: Allison, Erin, Katie,

### Commencement Message

Congratulations to all our graduates!

You have had the responsibility of shaping your education and choosing your life's work. You have discovered a lot about facts and figures and people. You have had your share of triumphs, and I suspect you have learned something about fortitude. I hope you have experienced joy.

Now your days at Stony Brook are over. You are setting forth on the next leg of your life's adventure. We wish you only the best.

I am optimistic that undergraduates have learned, along with calculus and Shakespeare and periodic tables, to connect with others, to cooperate, to work together for shared goals. Graduate students have learned that your profession, whatever you have chosen, will serve you well only if you serve others well.

Commencement is a very special time not only for you but for Stony Brook. It is the time when we know the importance of what we do because we realize the impact that you—our graduates—will have on the future.

May your next journey be full of happiness. May you thrive, prosper, and grow.

Shirley Strum Kenny, President
