**FALL
FEST**

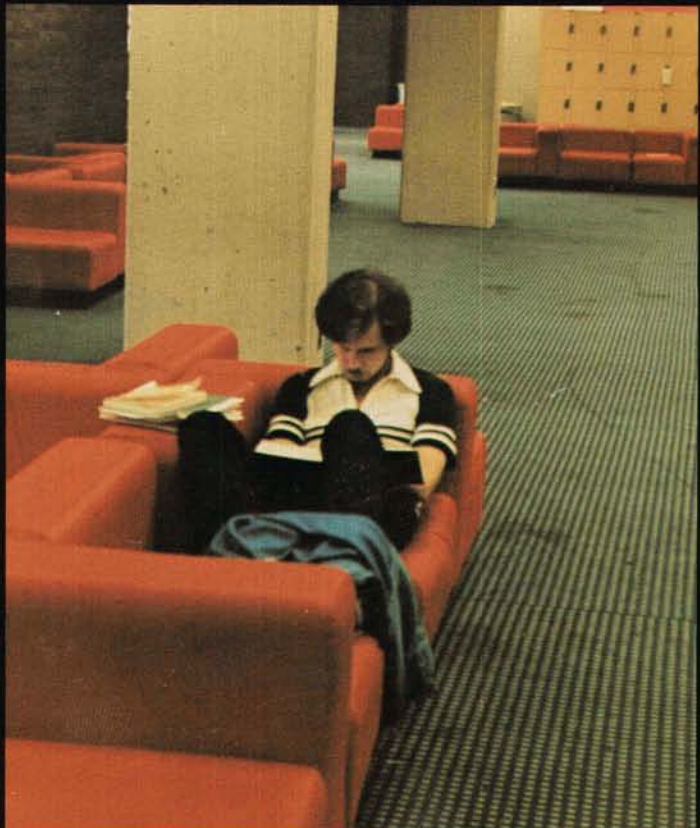

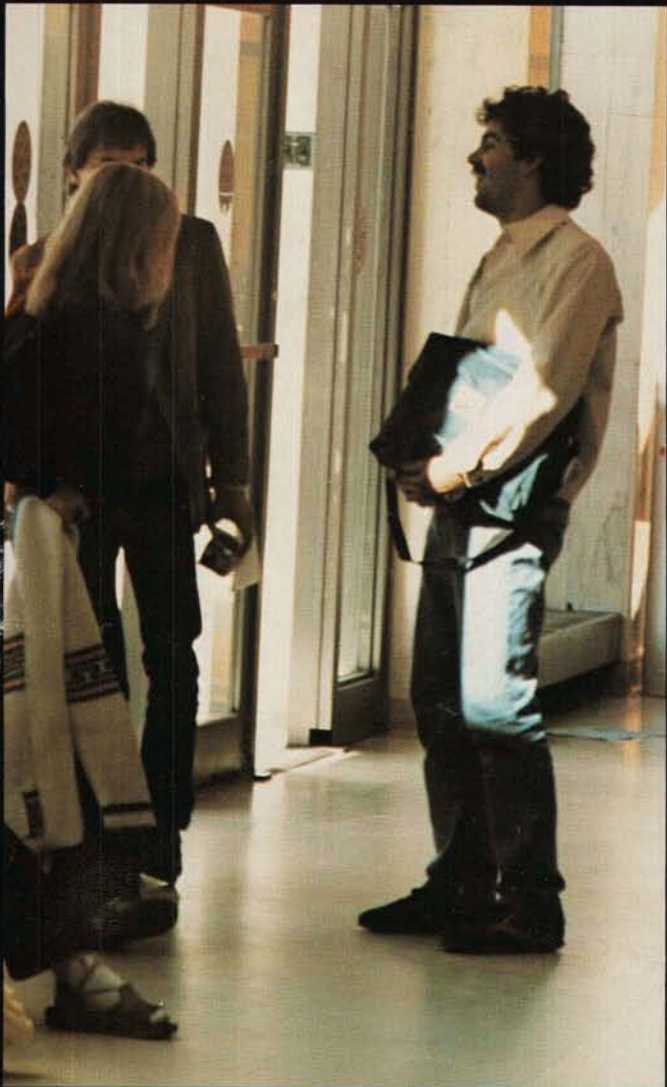

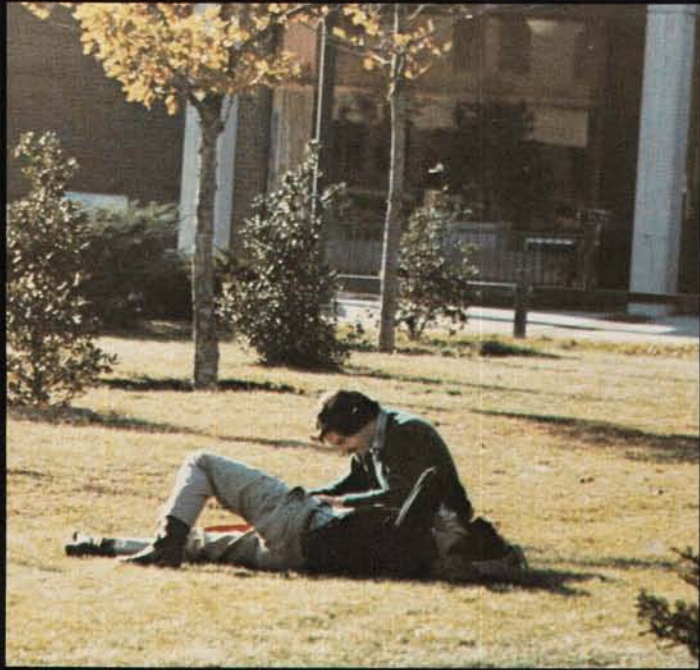

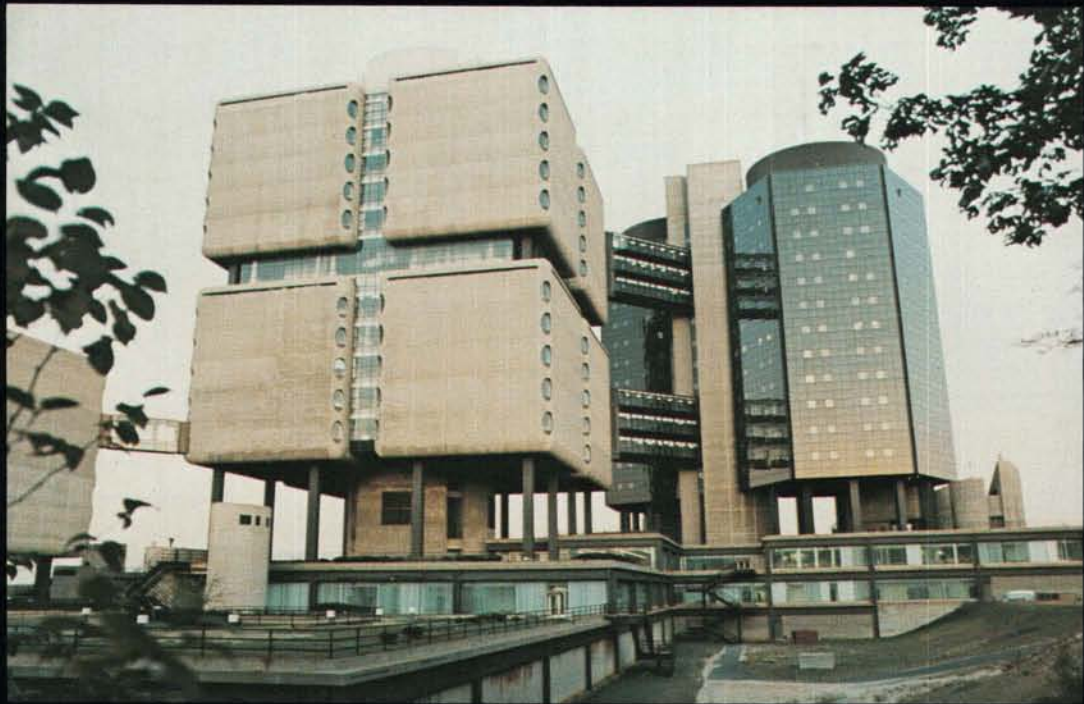

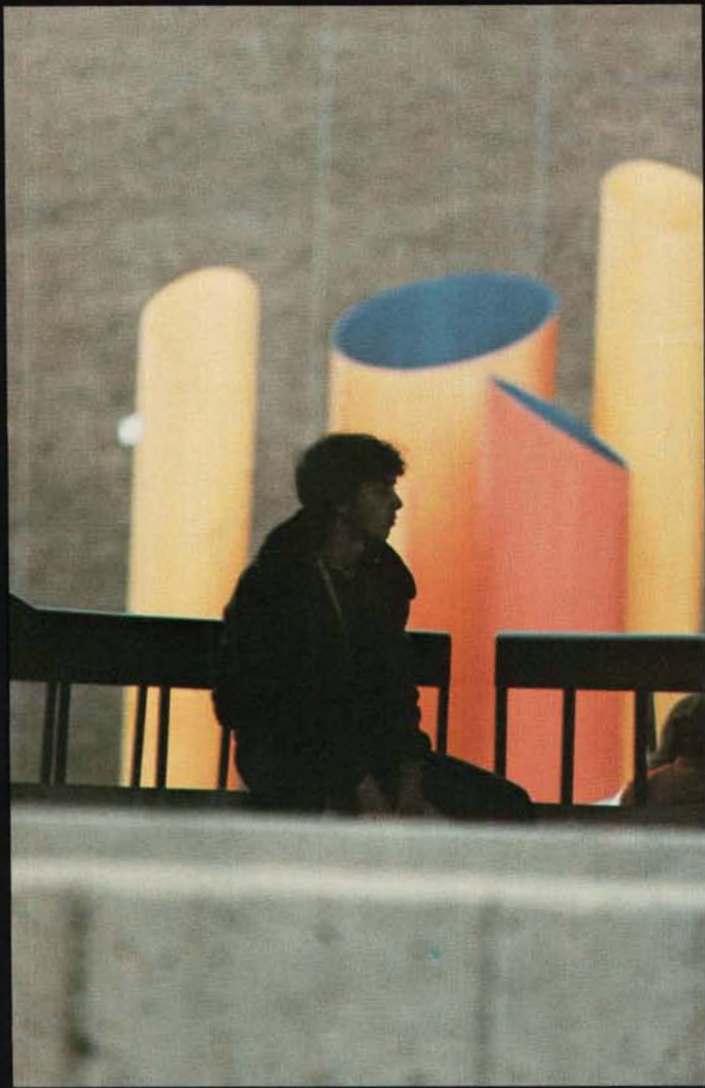

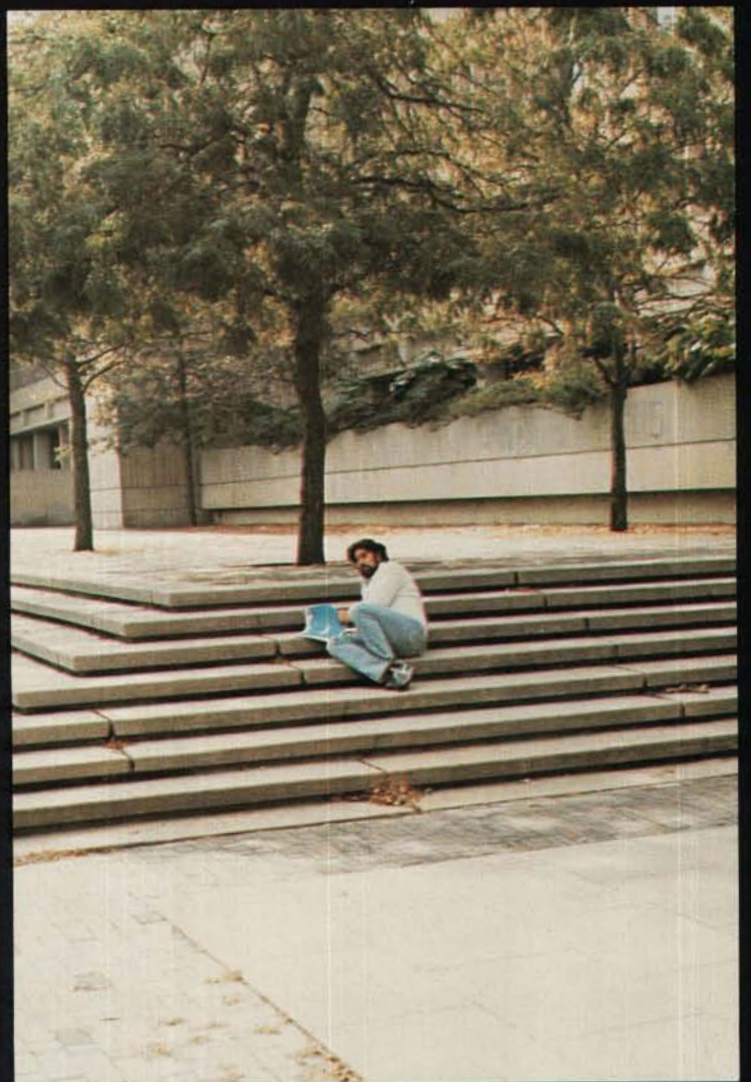

*Fain would I take with me
all that is here. But how shall I?*

*A voice cannot carry the tongue
and the lips that give it wings.
Alone must it seek the ether.*

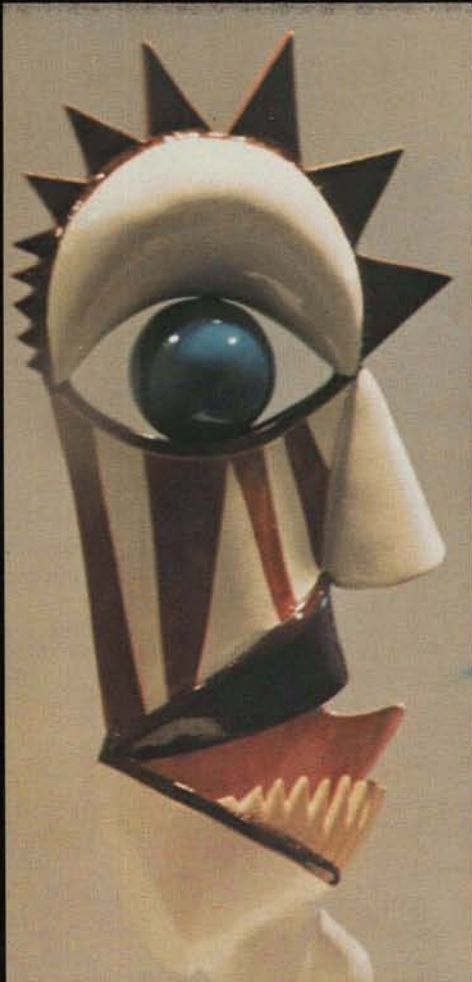

*And alone and without his nest
shall the eagle fly across the sun.*

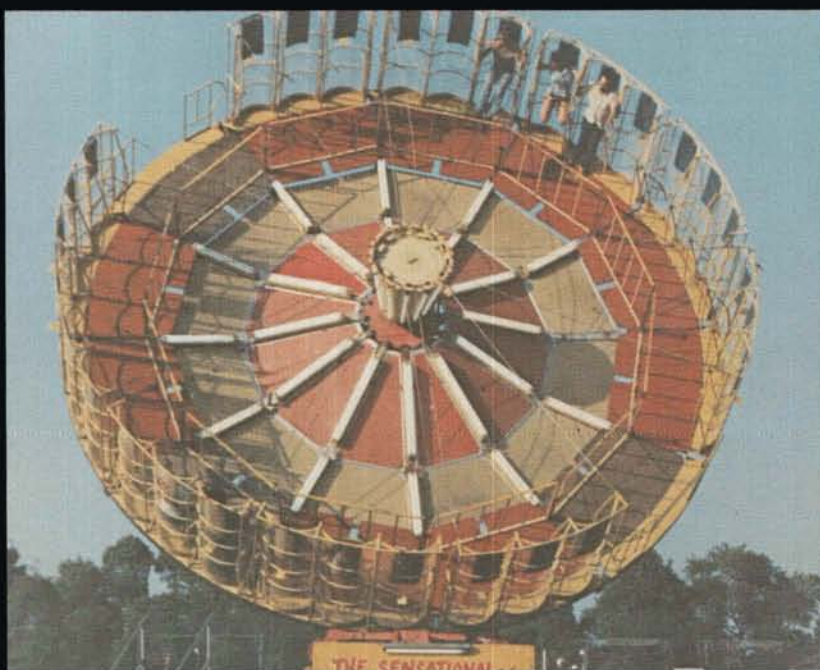

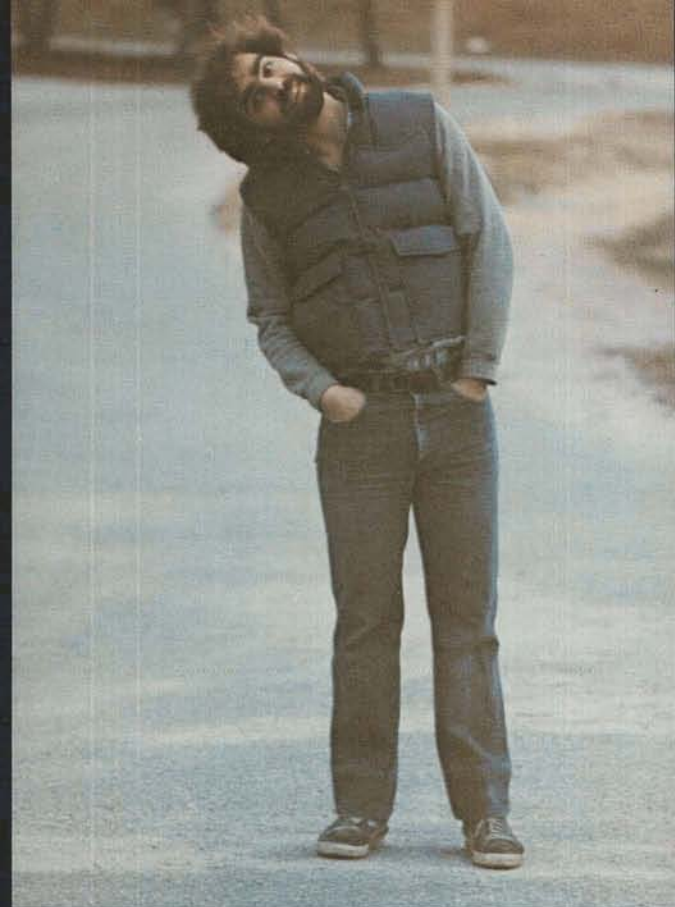

Forever Young . . .

*May God's blessings keep you always
May your wishes all come true
May you always do for others
And let others do for you.
May you build a ladder to the sky
And climb on every rung
And may you stay Forever Young*

*May you grow up to be righteous
May you grow up to be true
May you always know the truth
And see the light surrounding you.
May you always be courageous
Stand upright and be strong
And may you stay Forever Young.*

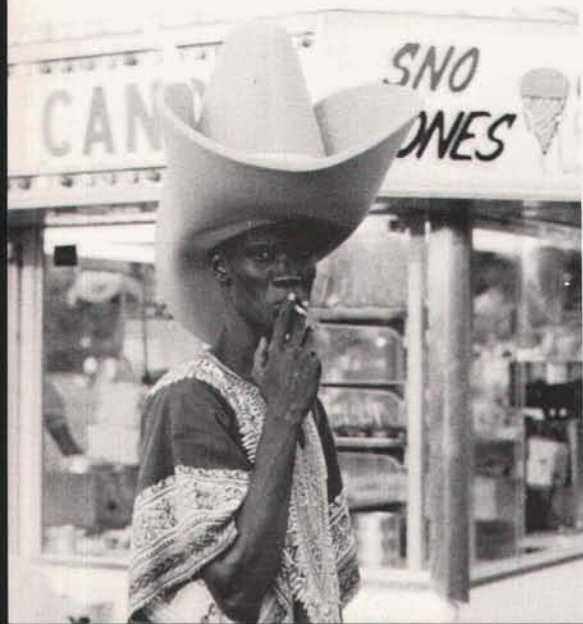

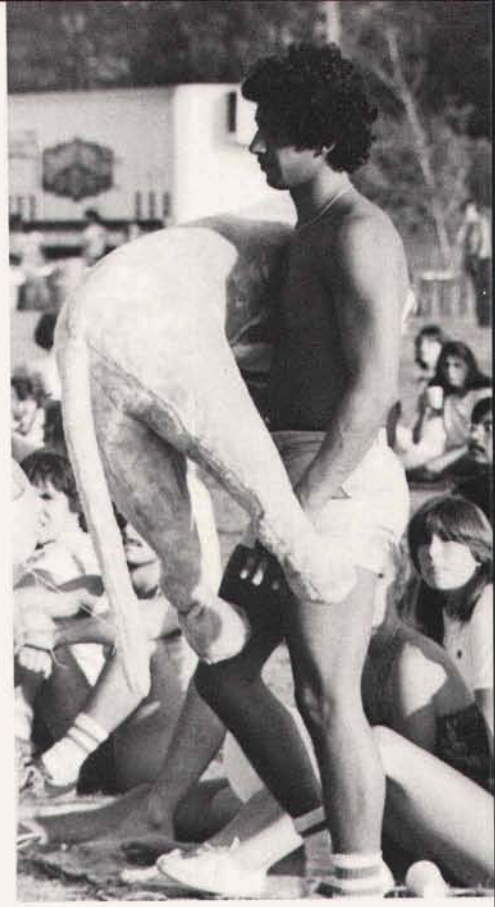

*May your hands always be busy
May your feet always be swift
May you have a strong foundation
When the winds of changes shift.
May your hide always be joyful
May your song always be sung . . .*

... And may you stay Forever Young ...

Stony Brook

Office of the President
State University of New York at Stony Brook
Stony Brook, NY 11794
telephone: (516) 246-5940

To Candidates for Graduation,

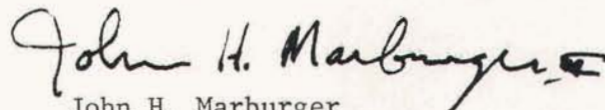

Your last two years at Stony Brook have been my first two, but for us all they have been years of preparation. As I contemplate the choices that lie ahead for our University, you consider the choices that will determine the courses of your lives. For both of us the decisions are of immense importance, and yet we do not know enough to be certain that we will make them right.

The problem of making decisions on insufficient information is the deepest one that we face in life, and it is to this problem that the deepest part of the educational process is directed. I hope that when you look back upon your experience at Stony Brook you will find sources of strength and confidence for dealing with the ambiguities of reality. For my own part, I have tried to learn from your reactions to the Stony Brook environment how to change it to enhance its benefits for future generations of alumni.

As you test your skills against the difficulties of the world beyond formal education, I hope that you will tell us what it was we did that seemed to have been helpful. As we worked together to improve Stony Brook while you were here as students, let us work together in the future to build an excellent and humane institution.

Congratulations and good luck!

Sincerely,

John H. Marburger

After two and a half years of stealing desks, scrounging for supplies and begging for Polity funds, The Stony Brook Press is now recognized by thousands as the best damn weekly journal this side of the Nissequogue. The Press' insightful and hard-hitting coverage of the infant formula controversy, racism at Stony Brook, the Civil Defense system, El Salvador, Stony Brook's medical suspension process, draft registration, chemical warfare and sex discrimination at Stony Brook has earned the 1981 Columbia Scholastic Press Association 1st Place Award for writing/editing and content. Said Jim Black, V.P. for University Affairs and Press fan club spokesman, "Ah, the Press. It's a humdinger of a newspaper."

Have a great summer, buckos and buckas, Thanks for the support!

Secret of Life

The secret of life is enjoying the passage of time
Any fool can do it, there ain't nothing to it
Nobody knows how we got to the top of the hill
But since we're on our way down
We might as well enjoy the ride
The secret of love is in opening up your heart
It's okay to feel afraid
But don't let that stand in your way
'Cause anyone knows that love is the only road
And since we're only here for a while
Might as well show some style
Give us a smile

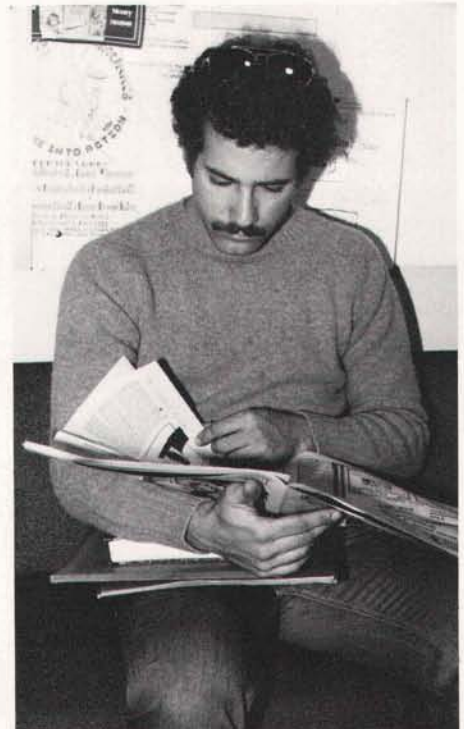

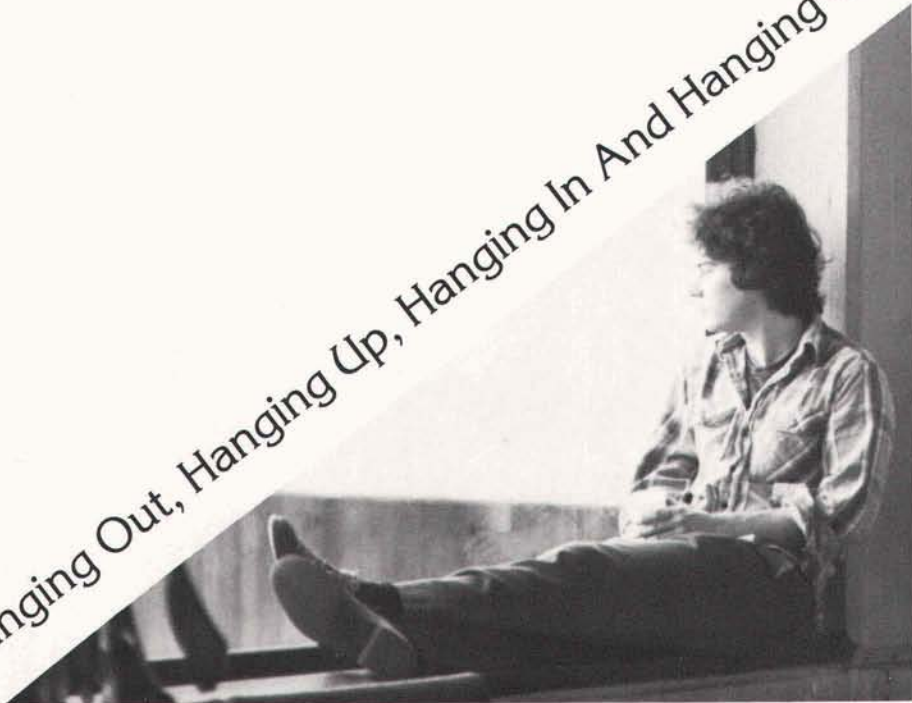

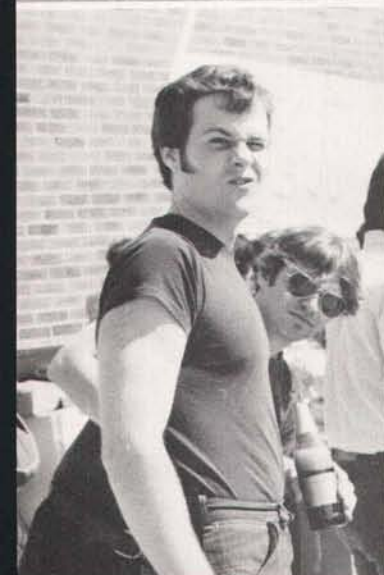

Isn't it a lovely ride
Sliding down, Gliding down
Try not to try too hard
It's just a lovely ride
Now the thing about time is that time
Isn't really real
It's just your point of view
How does it feel for you
Einstein said he could never understand it all
Planets spinning through space
The smile upon your face
Welcome to the human race
Some kind of lovely ride
The secret of life is enjoying the passage of time . . .

CHANGES: What's New At Stony Brook?

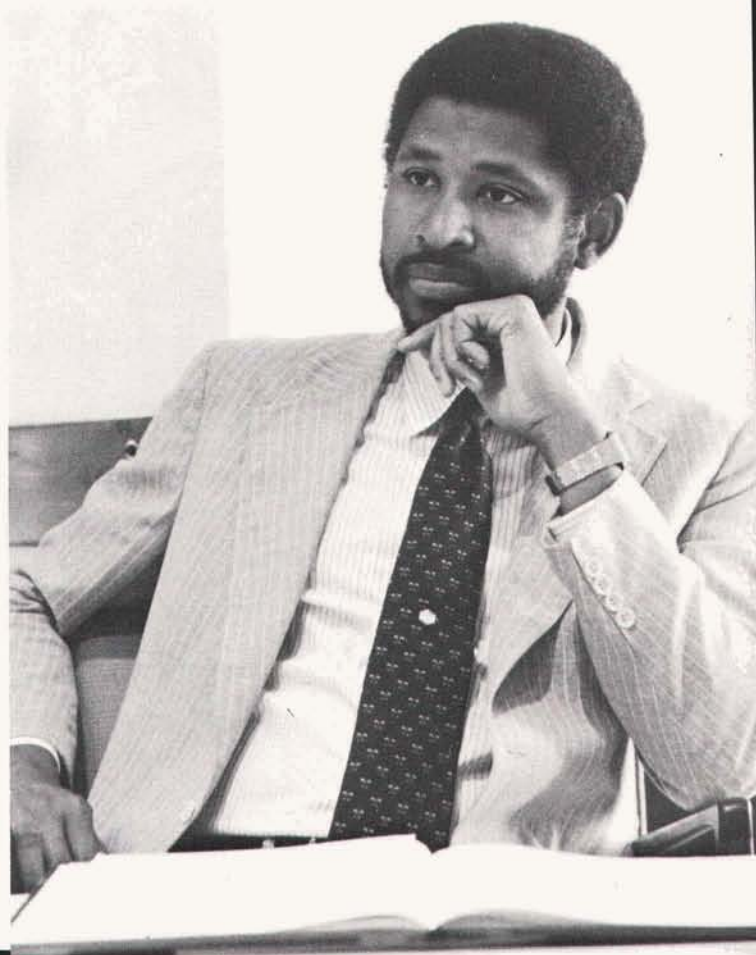

Stony Brook got two new administrators and a singing team all at the same time. Drs. Preston and Francis (above left and right) made their debuts as Vice Presidents and Stony Brook's very own singing "Admin. Brothers"

Homer Neal (right) assumed the post of Provost of the University.

The Department of Public Safety (above) officially changed their title to University Police.

Commuter College (left) celebrates its grand opening in the Union — a move away from its former quarters in the basement of Gray College.

North Gate (right) underwent a face-lift as repairs and construction were undertaken to expand and beautify this entrance.

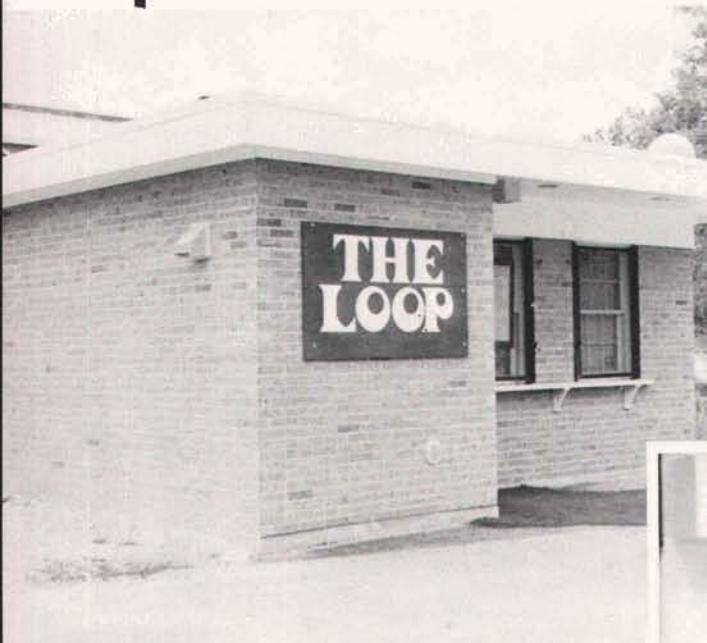

Dr. Chris George holds the computer printout from his Chinese writing computer (left) that would speed up industrial printing of Chinese words.

Lackman Food Services expanded its services in hopes of enticing more customers by including two new alternatives. The "Chinese Take-Out Kitchen" (left) in Roth has a variety of Chinese dishes . . .

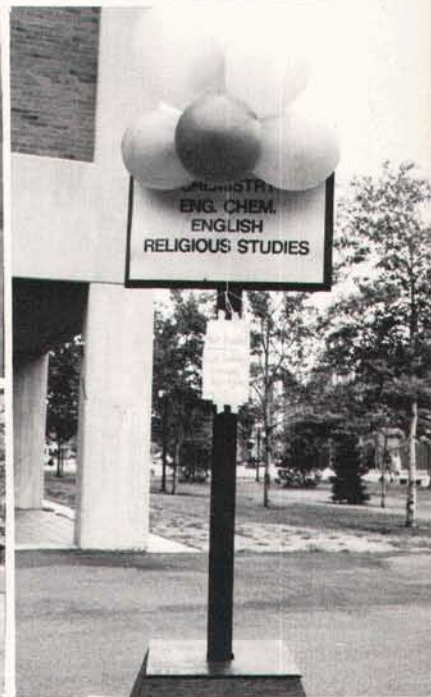

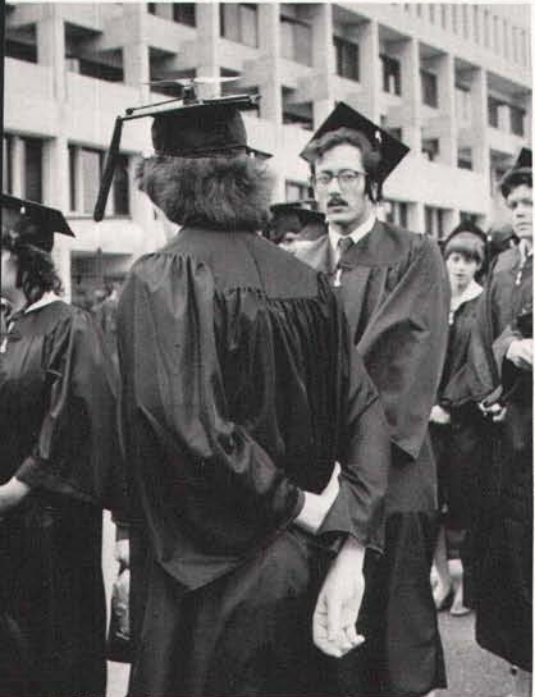

. . . while "Seymour's" (right) in the Union offers a menu of Italian food.

FSA opens "The Loop" (left) on Engineering Road for those who want to pick up a quick coffee, newspaper, or snack on the way to class.

FSA also took over the management of the End of the Bridge and the Cookie Clown, both located in the Union building. The former kept its name while the latter (right) became the "Main Desk."

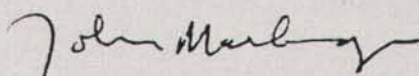

TO CANDIDATES FOR GRADUATION, THEIR FAMILIES AND FRIENDS:

1982 marks the twenty-fifth anniversary of the State University of New York at Stony Brook, and the twentieth year of development of the Stony Brook campus at its present site. Each of those years has seen enormous change, and each new graduating class has had a distinctive experience which continues to enrich the lives and careers of each of its members.

To celebrate this experience and affirm its importance in our lives, we encourage your participation in our Twenty-Second Commencement Ceremony. Traditionally, for students who have fulfilled the requirements for academic degrees, Commencement at Stony Brook allows the entire university community to measure annually its extraordinary progress in building a distinguished university.

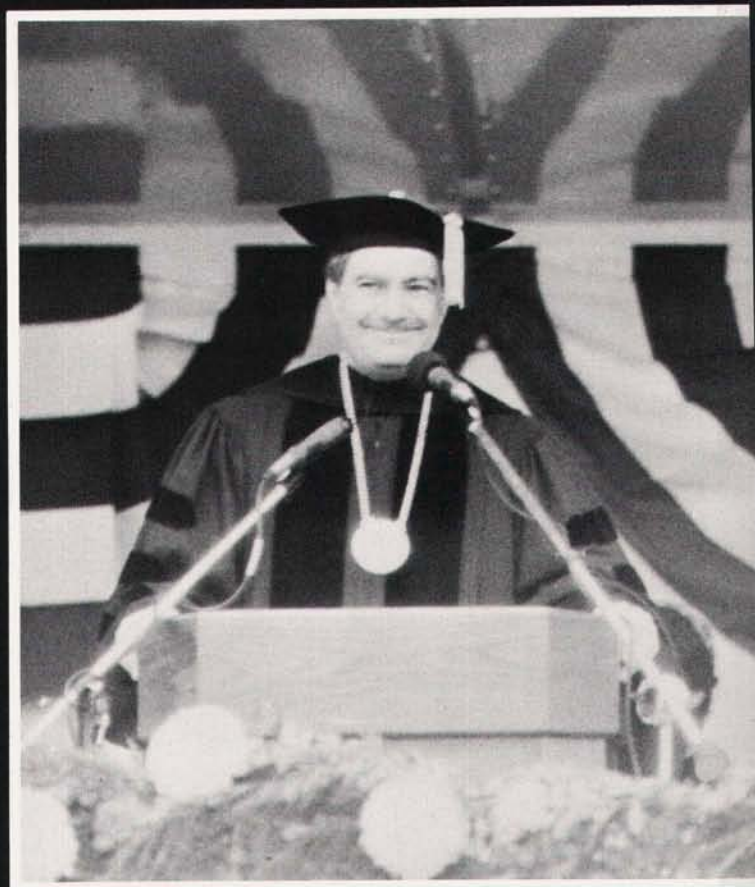

At Stony Brook our mood of optimism contrasts auspiciously with grim forecasts of future national circumstances. We are preparing here a generation of men and women who have the confidence, the knowledge and the skills to endure such difficult times and to build beyond them toward a stronger society. Please join us to commemorate their accomplishments and to encourage their aspirations.

Sincerely,

John H. Marburger
President

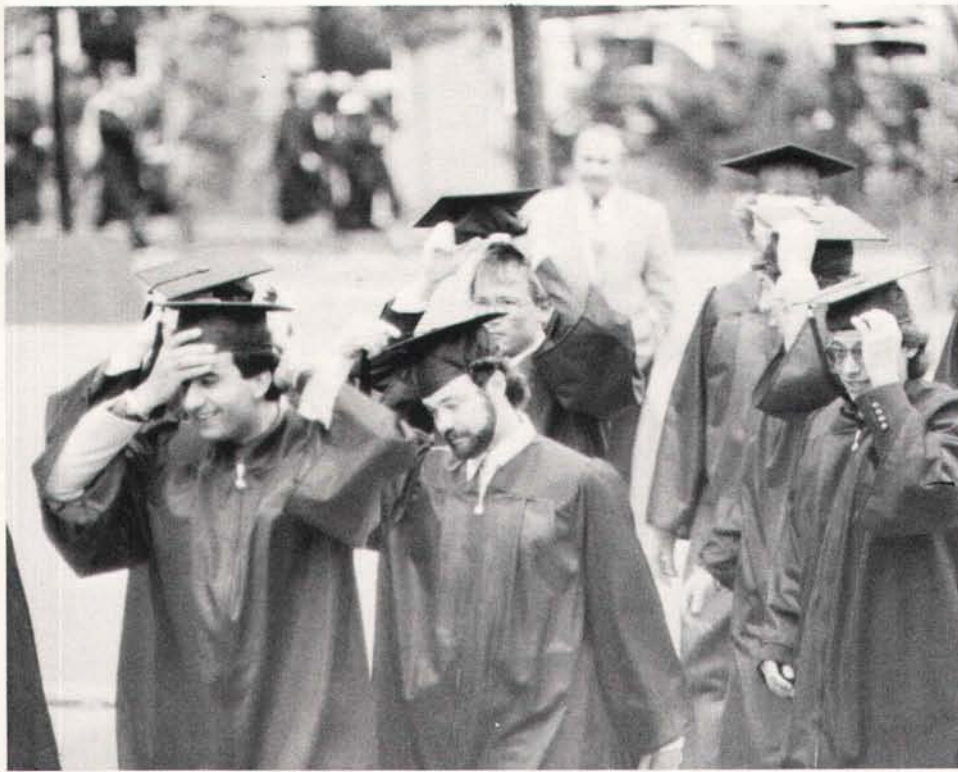

How queer everything is today!
And yesterday things went on as usual.
I wonder if I've changed in the night?
Let me think: Was I the same when I
got up this morning?
I almost think I can remember feeling a
little different.
But If I'm not the same the next question is:
"Who in the world am I?"
— Ah, that's the great puzzle.

How often have you sailed in my

dream.

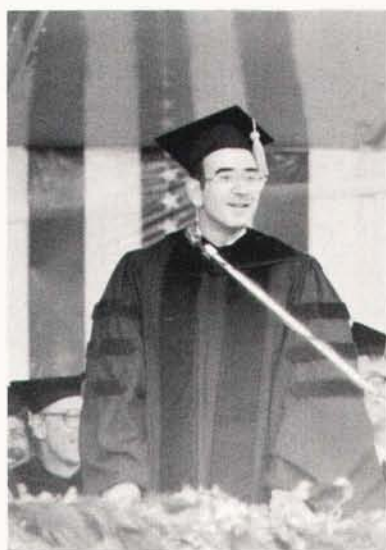

Ready am I to go, and my eagerness

Only another breath will I breathe in
this still air, only another loving look cast
backward.

... long have you searched the distance for your ship,
And now your ship has come,
and you must needs go.

Hi, do you know us?
Not many people do.
We're the folks who do
photography, lay-outs, and
publish a yearbook.
Despite all this people still
don't recognize us.
And since we are often behind
the scene, not many people
know of our work.
That's why we carry **Specula**
with us where ever we go.
So look for us folks
with the yearbook —
Specula. Don't leave
Stony Brook without it!

What is **Specula**? Is it . . . a fancy fleck of dust? an exhibition? a pair of eyeglasses? something wonderful and marvelous? (perhaps) or an onlooker? No, it is none of these. Neither is it an apparition nor is it to take a chance, although it may seem that way at times.

Specula is, in fact, Stony Brook's very own yearbook. That's right folks, there is a yearbook organization on campus, the one with the weird name. Much as we've tried, we achieve neither fame, fortune nor recognition for all our hard work. We're the ones, in case you're interested, buried next to the Stony Brook Press in the tiny windowless dungeon in the Old Biology building. You know, the structure that's blocking your way when you have to go from the Library to the Computer Center.

I would like to thank a great staff for their support and a job well done and to those outside our organization who lent a big hand in the production of this book.

To Darryl and Errol, my photo editors, in a photo essay yearbook such as this one you two did wonders in getting the photos we needed (I'm still wondering), and Margaret — the one who stayed with me to the very end and the rest of the staff — Mary, Ellen, Cara, Donna, Dominic, Bob, Henry, Winston and David. What can I say, gang, except thanks for everything.

Many thanks also to the Union Staff for their assistance; Bill, Carole, Dave, Marianne, Kayla and Dottie — you are some of the few people who know we exist and that's only because we keep bothering you for a room.

In Polity, a million thank-yous go to Barbara Broderick for putting up with all the B.S. for us. Also Ms. Virginia Boone, Lew Levy and all the student staff who answered the multitude of phone calls for us.

The University News Service, Chuck Webber of University Photo Service, Eric Wessman and **Statesman** who contributed to the photo needs of this book for which I am most grateful.

To Gail Lynch-Bailey, our yearbook representative who provided advice, supplies, wine and a sympathetic ear, I hope all goes well for you. Thanks for everything.

I also appreciate the assistance provided to us by the Office of the Registrar, the Office of Personnel, and the Alumni Association.

Not to be forgotten is the Greenberg-Biello Studio with Art and Jerry, our senior portrait photographers, who contributed an impressive part of this book.

And to James, my chauffeur, proof-reader etc. . . . especially the etc., and to anyone else who I did not mention, I thank you all.
