

SUNY Side Up - Feb. 24, 1982

The theme song is "Sunny Side Up"; the name of the program is "SUNY Side Up."

And, I must say, the athletic teams at SUNY are keeping their sunny sides up this winter ~~here~~ at Stony Brook.

Hi, everybody. This is Al Oickle at the State University of New York, here at Stony Brook. The winter sports season is beginning to wind down. ~~In another two weeks~~, most of the regular season activity ~~will have~~ ended and the post-season championship events ~~will be~~ taking place.

This has been a better than average year for Stony Brook's teams. The women's basketball team appears headed for the State Championship contests and ~~a~~ possibly a top rating in Division III. The men's basketball team, after a slow start, appears certain to finish with a record above .500. Two ~~of~~ <sup>members</sup> of the men's indoor track team have qualified for the prestigious IC4A championships at Princeton in March, and Captain Neal Vohr of the men's squash team is being hailed as a potential All-American with a season's record of 18 victories in 20 competitions. Even the club hockey team appears ~~into~~ <sup>on its way</sup> a winning season.

But the most spectacular records of all have been recorded by the swimming teams, here at Stony Brook. ~~Here~~ <sup>with me today</sup> to talk about their seasons, are Coach Dave Alexander of the women's swim team and his All-American swimmer, Jan Bender; and Coach John DeMarie of the men's swimming team and his sensational ~~freshman~~ <sup>MASS</sup> swimmer, Bjorn Hansen.

in action...soon.

Next week, I will be talking <sup>with faculty</sup> about education and teaching  
...and about ~~how~~ the role parents play in this process of learning.  
Until then, this is Al Oickle. So long, everybody.
