RE: "SUNY Side Up" Radio Program
DATE: Spring/Summer 1982

SUNY SIDE UP

SUNY Side Up is a weekly public affairs program highlighting events and issues at Stony Brook and the people who make them happen. It is broadcast weekly on Wednesday evenings from 6 to 6:30 p.m. on WUSB(90.1 FM).

Now in its second year of production, SUNY Side Up had a very exciting first year which included such programs as the first radio interviews with incoming President Marburger and Vice President Black; several profiles of various programs and departments on campus; investigatory programs about SUNY-wide issues and how they affect campus and community; and special features about special events.

All members of the university community are urged to suggest topics and/or guests for the series by writing or telephoning the producers.

SUNY Side Up is a campus/community program sponsored by the Center for Continuing Education at Stony Brook in cooperation with WUSB.

Host and Producer: Barbara Gore Suter, CED

Assistant Producer: Steve Kreitzer, WUSB
