"SUNY Side Up" October schedule

September 30, 1981

Here's the way it shapes up now:

Oct. 7 - Homer Neal, provost, and Fred Preston, vice president for student affairs

Oct. 14 - Profs. Tobias C. Owen and Philip Solomon - planetary exploration and star formation

Oct. 21 - Denise Coleman, Robert Brodsky, Aldonna Jonaitis, ~~Jack Guarneri~~ - Alumni activities

11 AM 30 Oct. 28 - Prof. Helen LeMay, History Department, on "Witches and Other Healers")

Beyond that, I am working with the following tentative schedule:

Nov. 4 - CED: new Fellowship program; business education. *Les Dadey - Vera Rong*

Nov. 11 - Prof. William Mann: women's health issues

Nov. 18 - WUSB: Norm Prusslin and student program director (CALL-IN)

Nov. 25 - Prof. Peter Williams - Community and Preventive Medicine

I have been delighted with the special assistance provided by Eric Price, the two Steves and yourself, Norm. WUSB is a friendly place. The patience and good-natured help make it, as Terry Netter likes to say of the Fine Arts Center, "a warm and welcome place." Thanks.
