## MEMORANDUM

TO: Faculty and Staff, SUSB  
FROM: David Woods, Director, University News Services  
SUBJECT: 1981 books by Stony Brook authors and editors  
DATE: December 14, 1981

*David Woods*

One very successful University Affairs project last year was a compilation of all Stony Brook authors and editors. It permitted us to distribute a news release that was used by Long Island and New York journalists. An exhibit (with an authors' reception) was held in the Administration Building lobby. A similar project is now being planned for 1981 books.

We are about to begin putting together the list for 1981. Enclosed are copies of a form we will use to compile the lists from which we will develop a news release and other information for the media.

We would appreciate your notifying your colleagues and distributing these forms. Additional copies are available on request; or you may want to make photocopies of this form.

Your cooperation, as always, would be appreciated.  
Happy Holidays!
