Stony Brook

MEMORANDUM

TO: Faculty and Staff, SUSB
FROM: David Woods, Director, University News Services
SUBJECT: 1981 books by Stony Brook authors and editors
DATE: December 14, 1981

David Woods

One very successful University Affairs project last year was a compilation of all Stony Brook authors and editors. It permitted us to distribute a news release that was used by Long Island and New York journalists. An exhibit (with an authors' reception) was held in the Administration Building lobby. A similar project is now being planned for 1981 books.

We are about to begin putting together the list for 1981. Enclosed are copies of a form we will use to compile the lists from which we will develop a news release and other information for the media.

We would appreciate your notifying your colleagues and distributing these forms. Additional copies are available on request; or you may want to make photocopies of this form.

Your cooperation, as always, would be appreciated.
Happy Holidays!

Kathy:

~~PLEASE:~~

Please type and attach a label to each of the Happy Holidays cassettes.

It doesn't make any difference if the label says A or B.

But please be sure the tape is wound on the LEFT side when you place the label on top.

I have more labels if you run short.

Thanks,

Al Oickle 12/8/83
