Dear Al-

Thanks for keeping me informed about "Sony Side Up." You've been handling it terrifically. (is that a word?) and you know I appreciate your efforts. I had a chance to hear Toni Bosco's "sentimental journey" and thought it was a wonderful idea and well executed; especially nice for those of us who've known the Campus a long time.

Glad to hear you'll be doing a show beginning June. I hope it's going to be sufficiently different from Sony Side Up so that we don't end up repeating ideas which could be boring, and it might make the campus suddenly seem much smaller! I'll be interested in hearing your ideas —

It's hard to believe that BABY is 4½ months old and I'll soon be back to work. I am still exhausted trying to keep up with him. That's what I get for becoming a 35 year old mom!

Regards to all at WSB —

Barbara
