MEMORANDUM

To Alvin F. Oickle
From Steve Kahn
Subject "Conversations Unlimited"
Date 9/6/83

I talked to a number of radio stations re "Conversations Unlimited". Three stations said that they may have a slot open for the program.

1. WBBF-AM (Rochester)-They have not received the original demo tape. However, if we send them another tape, they will seriously consider the program for their line-up. We should send a tape to: Ed Ornstein, 850 Midtown Tower, Rochester, NY 14604.

2. WQBK (Albany)- I talked to Tom Leykis, their program director. They have a 24-hour talk format. However, Tom said the criteria for use of the program was: would you be getting guests on the air that he couldn't get elsewhere?

3. WRIV (Riverhead)-If we send a tape to Marilyn Mason, their news director, there is a possibility that the program could be fitted in their schedule.

WJLJ (Niagara Falls) gave us a definite no.
