NEWS FROM PERSONNEL: (submitted by Chris)

I am pleased to announce Elaine Hoffman's new responsibilities as government documents librarian. She will be responsible for all liaison activities with the Government Printing Office. As a member of the Reference Department, she will be in charge of public service and collection development of all government documents. This adds federal, United Nations and local documents to her previous responsibility for New York State documents. Her responsibilities include training reference librarians in the use of online government documents and shifting the emphasis of the documents collection from print and microforms to electronic. Elaine will continue her reference, library instruction, and, with some modifications, collection development work. I very much appreciate Elaine's willingness to take on these important added responsibilities. Chris
