Bernie,

Yes I do plan to make a presentation at the Dec. 10 University Senate meeting on

"Why Stony Brook University should take on a regional leadership role"

It will be a ppt presentation.

Peter Baigent informed me that the President is already making plans to do this. I am meeting with Peter Baigent next Monday to discuss what these plans are hopefully could include these in the presentation.

I can provide a short summary of the presentation to accompany the title after our meeting.

Gil-

Do you still plan to make a 10 minute presentation at the December 10th University Senate meeting? If so, we will need a short title for the agenda. The Senate has a laptop and projector so you can build your talk around a power point if you want to. We can also distribute copy electronically or as paper. Laurie will help you with the facilities and handouts.

I thought that what you showed us at the Coordinating Council was very interesting and will generate heated discussion by the Senate as it did at the Council. The topic might in itself attract an audience at the Senate meeting if we give it advanced billing so the title and/or the electronic distribution matters.

If you want to talk about this, I am at 4-2224.

-Bernie
