Whether you are just starting your career at Stony Brook or have been employed for many years, these workshops are for you.

January 24th 12-1:00 p.m. Location: Women's Center, Old Chem Bldg. (across from UUP Office)

Empowerment— This workshop is designed to lay the foundation for a more productive, more effective organization by helping leaders bring out the best in people at all levels. It challenges leaders to evaluate their own style of leadership and how well they nurture professional growth and development within their organizations. Handouts will be provided. Ed O'Connell to facilitate.

February 21st 12-1:00 p.m. Location: Women's Center, Old Chem Bldg. (across from UUP Office)

CELEBRATING DIFFERENCES— What can we learn from a small Island nation 1,200 miles off the coast of Africa? A nation with five distinct societies, four major religions, and nine spoken languages? In **Mauritius: Celebrating Differences**, we will journey to the isolated island of Mauritius. It is here where a fascinating multicultural society flourishes. A society that values differences as strengths, and diversity as the fundamental key to problem-solving. Mauritius offers timeless insights designed to create an environment where people subordinate "mine" for "ours," and "now" for "the future," by recognizing the power of diversity. Handouts will be provided. Ed O'Connell to facilitate.

March 25th 12-1:00 p.m. Location: TBD

WHAT IT TAKES TO BE A PROFESSIONAL AT SBU— Back by popular demand...this work shop answers your questions concerning what you can expect in your performance program, what is your professional obligation, what do you do if your duties and responsibilities are increased, and more.

April 29th 12-1:00 p.m. Location: TBD

WHAT IT TAKES TO GET PERMANENT APPOINTMENT — This workshop will discuss eligibility, procedures, and strategies for obtaining permanent appointment. Questions will be answered by the UUP Labor Relations Specialist and handouts will be provided.
