#### Your UUP Chapter is looking for Suggestions for Programs you would like to see next year

The Professional & Academic Councils as well as some Chapter Committees run training & Information programs through out the year. We would like to hear from you what type of programs you would like to see us book for our members. This summer the schedules are being worked on by your officers & chairs & your input would help us. We, your chapter will provide the Dime (aka the room, trainer & refreshments) if you can provide the ideas for an exciting program. If you would like to be the presenter/trainer we could work with you on programs our members would like to see (this could be part of your Campus Service portion for the review process in your department). **Please call or email us so you can help us plan for a great new year .**
