FALL 1992 FINAL EXAMINATION SCHEDULE -- MONDAY, DECEMBER 14 THROUGH SATURDAY, DECEMBER 19

Large multisectioned courses having a common final examination time are listed in Part I. Their final examination is scheduled according to the course number rather than the lecture time, in Period 4, M through TH, or Period 2, W. All other final examinations are scheduled according to class time. See Part II. Examinations for courses having both a lecture and recitation are scheduled according to the lecture time. Unless otherwise announced by the instructor, the examination will be given in the room where the regular class is held. In planning programs for the semester, students should take the final examination schedule into consideration. It is the student's responsibility to plan a program that avoids examination conflicts as well as too many examinations in the same day. Students taking evening classes must be especially careful to avoid examination conflicts between their evening courses and courses listed in Part I below. Instructors are not obliged to give makeup examinations to students who fail to avoid such situations.
