SPRING 1993 FINAL EXAMINATION SCHEDULE MONDAY, MAY 17, 1993 THROUGH SATURDAY, MAY 22, 1993

Large multisectioned courses having a common final examination time are listed in Part I. Their final examination is scheduled according to the course number rather than the lecture time, in Period 4, M through TH, or Period 2, W. All other final examinations are scheduled according to class time. See Part II. Examinations for courses having both a lecture and recitation are scheduled according to the lecture time. Unless otherwise announced by the instructor, the examination will be given in the room where the regular class is held. In planning programs for the semester, students should take the final examination schedule into consideration. It is the student's responsibility to plan a program that avoids examination conflicts as well as too many examinations in the same day. Students taking evening classes or more than one course with a Part I examination must be especially careful to avoid examination conflicts among courses with Period 4 examinations. Instructors are not obliged to give makeup examinations to students who fail to avoid such situations.

HEALTH SCIENCES CENTER COURSES - GRADUATE

SPRING 1993

The Health Sciences courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register at West Campus Office of Records, not at HSC. When West Campus students register for a Health Sciences course scheduled in a spring modular term, this course counts towards the students' spring workload only, even if the module extends into the summer term.
