## OFFICE OF THE REGISTRAR

### WELCOME to the UNIVERSITY AT STONY BROOK

Dear New and Continuing Students:

We are providing you with this Schedule of Classes so that you can prepare for the **Fall 2000 semester**. You will find important information on: the Telephone Registration Schedule, the Academic Calendars and Key Deadline Dates, general policies, "New" policies and procedures and most important, the courses that are being offered.

Although this Schedule of Classes was prepared on the basis of the best information available at the time, all information (including the calendar events, course offerings, and statements on tuition and fees) is subject to change without notice. All information in this publication supersedes information previously published in the University's Schedule of Classes.

Use the **AUTOMATED TELEPHONE SYSTEM** instead of standing in line. The **ON CAMPUS** phone number is: **2-1100** the **OFF CAMPUS** phone number is **(631) 632-1100**. If you need assistance, please stop by the Registrar's Service Counter in the lobby of the Administration Building. Our office phone is **(631) 632-6175** and our normal office hours during the Fall/Spring are: M, W, Th, F 8:30 – 4:00 p.m. and Tuesday, 10:00 a.m. – 7:00 p.m. Our office hours change after May graduation. Please check with our office for the change in service hours. Once you have registered, you may review your registration at any time using one of the following access methods:

- World Wide Web <http://www.sunysb.edu/registrar/reghome/htm>
- The Automated Telephone System The system will speak all of your registered for courses, credits, meeting times and locations. On Campus 2-1100 Off Campus (631) 632-1100. **Please note that we have a new AREA CODE: 631**
- Any **SOAR** Terminal/Kiosk, located in Academic Advising, Transfer Office, Health Sciences Center, Office of Student Services, the Registrar's Service Counter or lobby of the Administration Building.

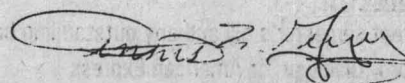

#### CHECK IT OUT

Any **UPDATES** to the Schedule of Classes are available on the web  
<http://www.sunysb.edu/registrar/reghome.htm>

You are encouraged to contact your academic advisor before choosing your courses. The Prime Time Advising period begins April 12 - 18. **Fall 2000 registration begins Wednesday, April 19th for Graduate Students and Monday, April 24th for Undergraduates. Please review our Fall 2000 Academic Calendar in this publication for important deadline dates. There is a "new policy" for the Undergraduate P/NC and Withdrawal options. A page is dedicated in this publication to provide undergraduates with the new policy statement.**

Spring Semester classes begin **Tuesday, September 5, 2000.**

The staff of the Registrar's Office wants to extend their best wishes for a successful semester.

Dennis L. Geyer  
University Registrar

# Did you know ...

## • **Automated Telephone System**

In an effort to make your busy life a little less hectic, the University has developed an automated telephone system at 516-632-1100 that allows anyone with a touch-tone phone to conduct registration business, receive grade reports, get a summary of financial aid procedures and a status report on financial aid, access account information, and pay bills. We will soon be adding new modules to the system that will enable you to do business over the phone with the Undergraduate Admissions Office and Campus Residences.

## • **Easy to Use**

All you need to access the phone system is your University ID number (SS#) and a PIN number (PIN starts out as your six digit birth date, but should be changed and protected). After dialing 516-632-1100 (or 2-1100 on campus) you will hear the main menu:

1. Registration
2. Grades
3. Financial Aid
4. Account information and Bill Payment

After pressing 1,2,3, or 4, depending on which submenu you want to access, you will receive guidance in making your way through the various options in each submenu. They are as follows:

### **Registration**

- Register for courses
- Add courses
- Drop courses
- Change course sections
- Change the Pass/No Credit option (undergraduates only)
- Hear your program (including classroom locations)
- Change your PIN number

### **Grades**

- Grades for the previous semester.

### **Financial Aid**

- Information on your financial aid application and award status
- General financial aid information on grants, Federal Work Study and other student employment opportunities, loans and scholarships.
- Code numbers and information on how to apply for financial aid
- Request application materials
- Financial Aid Office information, including business hours

### **Account Information and Paying Bills**

- Detailed itemization of your current semester's bill and any outstanding balances
- Pay your bill via VISA, MasterCard, Discover, or American Express

The State University at Stony Brook is an affirmative action/equal opportunity educator and employer.

## FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act of 1974, as amended, sets out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records.

**University of Stony Brook is authorized to release "Directory Information" concerning students. Directory Information includes:**

***Student's name, addresses (including email), telephone numbers, date and place of birth, major field of study, class, participation in officially recognized activities and sports, weight and height of members of athletic teams, likenesses used in University publications, dates of attendance, degrees and awards received and previous institutions attended.***

The above-designated information is subject to release by University at Stony Brook at any time unless USB receives prior written objection for the student. **Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act.** Forms requesting the withholding of directory information are available at the Registrar's Office, 2<sup>nd</sup> floor or the Administration Building. Please be sure to bring your identification card with you in order for changes to be processed to your academic record.

University of Stony Brook is authorized to provide access to student records to campus officials and employees who have legitimate educational interest in such access. These persons are those who have responsibilities in connection with campus academic, administrative or service functions or a person or company with whom USB has contracted (such as the National Student Loan Clearinghouse) and who have reason for using student records connected with their campus or other related academic responsibilities.

## TELEPHONE REGISTRATION SCHEDULE

Please find the days allocated for your class code (Grads, U4,U3,U2,U1,U0), look across to find the first letter of your last name, and move up the column to find the start time for your registration. After your start time you will be allowed continual access (7AM – 11PM) to the telephone system until the end of registration. However, you should register before the first day of classes to avoid a late registration fee. Telephone registration for Summer Session I or II 2000, and Fall 2000, is available to all continuing students. Call (631) 632-1100. Each telephone call will be limited to **one** of the above three terms but you may call as often as you wish.

Class	Day	Date	Times						
			7AM	9AM	11AM	1PM	3PM	5PM	7PM
			First Letter Last Name						
Grads	Wednesday	19-Apr-00			G4,G5	G3,G2	G1	G0

U0 "	Wednesday	10-May00	A-Z						

## IN-PERSON REGISTRATION SCHEDULE

Your first opportunity to register in-person for Summer or Fall is determined by your Class Code:

Day and Date	Class Code	Time of Day
Wednesday, May 3	G1-G5	8:30AM-4PM
Thursday, May 4	G0	8:30AM-4PM
Friday, May 5	U4	8:30AM-4PM
Monday, May 8	U3	8:30AM-4PM
Tuesday, May 9	U2	10:00AM-7PM
Wednesday, May 10	U1	8:30AM-4PM
Thursday, May 11	U0	8:30AM-4PM

\*New and visiting undergraduate students are classified U0, and may register in person for summer classes beginning Thursday, May 11.

Summer: Payment for Summer Session classes is due seven (7) days after you have registered. To find out the amount you owe, call the automated system 48 hours after you have registered. Select option 4 to obtain your balance and to pay your bill. You may pay by phone using VISA, MasterCard, American Express, or Discover. You may also pay in person by cash, check, or credit card at the Bursar's Office, second floor lobby of the Administration Building. Information about the Time Option Payment Plan (TOPP) appears in the previous section of this Catalog.

You are responsible for tuition and fees for all courses for which you have registered unless you have officially dropped or withdrawn from the courses by the published deadlines. Non-attendance of classes, or non-payment of tuition and fees does not constitute official withdrawal.

## FINAL EXAMINATION SCHEDULE – FALL 2000

PERIODS--> 2.5 hour periods	1 8:00-10:30 AM	2 11:00-1:30 PM	3 2:00-4:30 PM	4 5:00-7:30 PM	5 8:00-10:30 PM

**\*\*The last examination of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Examination Period at the time designated for the course. Exceptions may only be granted by the dean of the instructors college for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.**

### NOTES:

- To determine the time and date of your examination, find the time your class **lecture** meets (or the "common exam" box for large multi sectioned courses) and look to the left of the row to find the **day** of the examination, and to the top of the column for the **time**.
- If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the examination for a class that begins at 10:45 A.M. on Monday will be held at the time indicated for classes that meet at 10:30 - 11:25 A.M. on M/W/F).
- Unless otherwise announced, the examination will be given in the room where the regular class is held.
- It is the student's responsibility to plan a program that avoids examination conflicts and too many examinations in the same day. Students taking evening classes must be especially careful to avoid examination conflicts between their evening course examinations and the common examinations. Instructors are not obligated to give makeup examinations to students.**

Revised: 2/22/00

**PROGRAM PLANNING WORKSHEET WITH FINAL EXAMINATION PERIODS - FALL 2000 Exam Periods (2.5 HR)**

\* Also, TU classes beginning 7 PM. TU-5 12/19

\*\* Also, TH classes beginning 7 PM. TH-5 12/21

>>>If your LEC meets one day a week at a non-standard time, the examination will be held at the previous standard LEC time (e.g., the exam for a class that begins at 10:45AM on Monday will be held at the time indicated for classes that meet at 10:30 - 11:25AM on MWF.

## Telephone Registration Instructions

- A. If you are registering for courses or adding new selections to your registration, please be ready with the 8 digit codes for those courses. These consist of a 3 digit department call number (listed on the next page and throughout the schedule), a 3 digit course number, and a 2 digit section number (section 1 would be 01).

Example: AMS 102 section 4 would be 12010204

- B. Dial (631) 632-9393 (refer to the Telephone Registration Schedule on the previous page for your first opportunity to register). **For all transactions, wait until the system is finished speaking to enter your response. Be patient, the system may be slow to respond when it is processing numerous requests simultaneously.** Touch 1 to identify yourself as a touch-tone caller.
- C. Enter your Stony Brook ID number (9 digits; usually your Social Security number). Students with ID numbers beginning with **USB** should enter 872 followed by the remaining 6 digits of their ID number. Students with ID numbers beginning with **FOR** should enter 367 followed by the remaining 6 digits of their ID number.
- D. Enter your six digit Personal Identification Number (PIN). Your PIN number is initialized to your date of birth (e.g., February 9, 1973 would be 020973). We encourage you to change your PIN number at your earliest convenience since birth date is not very secure.
- E. If you are not eligible to register you will hear instructions relating to your particular situation.
- F. Once the system recognizes you as eligible to register, you may select from among the following choices. Listen carefully and respond. All necessary instructions will be read to you.
- 1 - to create your **initial registration** for this semester.
  - 2 - to **add** courses after having registered previously.
  - 3 - to **drop** courses after having registered previously.
  - 4 - to **change sections**.
  - 5 - to add or remove the **Pass/No-credit** grading option.
  - 6 - to hear your **schedule**, meeting times and locations.
  - 7 - to change your **PIN number**.
- G. After all the information has been entered, press the pound key (#) to receive a confirmation of your transactions.

Note: If you wish to drop all of your courses or your only course you must file in writing for a cancellation or withdrawal from the University. Send mail to: Registrar's Office/Student Services, SUNY at Stony Brook, Stony Brook, NY 11794 - 1101 or FAX to (631) 632-9491.

## SPRING 2000 – Academic Calendar (Revised 1/7/00)

- Jan. 4 – 18, Tues. – Tues. Final two weeks of advance registration for the spring 2000 semester. Undergraduate students may now register for up to 19 credits by telephone and in person based on class status.
- Jan. 19, Wed. **Classes begin.** Late registration begins with a \$30 late fee assessed. Last day for removal of Incomplete grades from the fall semester for graduates, G1-G5 students (Does not apply to SPD/GSP students). Last day for departments to advance doctoral students to candidacy.
- Jan. 21, Fri. Senior Citizen Auditor Program registration. (Telephone 632-9493 for information.)
- Jan. 25, Tues. Last day to drop a course **without any tuition liability.** Undergraduates must have "Permission of Instructor" to **add** a course in the 2<sup>nd</sup> week of classes (Wednesday, January 26 – Tuesday, February 1). **Must be done in-person at the Registrar's Office.**
- Feb. 1, Tues. End of late registration period for undergraduates and SPD/GSP students. Last day for undergraduates and SPD/GSP students to add a course. **Last day for ALL undergraduate and graduate students to drop a course without a "W" (withdrawal) being recorded. Last day for undergraduate students to change status to or from full-time/part-time.** Must be done by the close of business – 5:00PM. Tuition and fee liability remains applicable. **Last day of 30% tuition liability.**
- Feb. 2, Wed Last day for May - August degree candidates to file for graduation in order to be included in the May commencement ceremony to be held Friday, May 19. Candidates should file as follows: West Campus undergraduates at the Registrar's service window in the Administration Building, Graduate Students at the Graduate School, and SPD students at the SPD Office.
- Feb. 8, Tues. End of late registration period and last day to **add or withdraw** from a course for G1-G5 graduate students. SPD and GSP graduate students may continue to withdraw. **ALL transactions that were handled by the telephone registration system for SPD students must now be done either in-person or by telephoning the Registrar's Office.**
- Mar. 15, Wed. Last day for removal of Incomplete grades from the fall semester for **undergraduates and SPD/GSP students only.** Last day for **undergraduates** to withdraw from the University and still be eligible to return the next semester. Last day for **SPD/GSP students** to withdraw from one or all courses.
- Mar. 20-25 **SPRING RECESS (Monday through Saturday)**  
Mar. 27, Mon. **CLASSES RESUME.**
- Apr. 12-18 **"NEW DATES" Prime Time** for students. Intensive academic advising period.  
Wed.-Tues. Telephone registration activities will **no longer be available for the Spring 2000 transactions.** Withdrawals and P/NC's can be processed in-person at the Registrar's Office through the published deadline - **April 14, 1999.**
- Apr. 14, Fri. Last day for undergraduates to withdraw from a course or change a course to or from Pass/No Credit. Full-time students must maintain Full-time status (minimum of 12 credits). **(This cannot be done through the automated telephone system). Must be done in person or by calling the Registrar's Office during business hours (8:30 – 4:00PM).**
- Apr. 19, Wed. **"NEW DATES" Telephone registration begins for current USB students for the fall and summer session.** (Schedules will be available prior to registration). **G0-G5'S start registering at 11A.M.**
- Apr. 19, Wed. **Classes scheduled to meet after 5PM will not be in session in observance of the Passover holiday.**  
Apr. 20 - 21, **PASSOVER.** Classes are **not** in session Thursday and Friday. Saturday classes **will meet** as usual.
- Apr. 24, Mon. **"NEW DATES" Undergraduates may begin to register by telephone for the fall and summer sessions.** (Check schedule)  
May 3, Wed. Current USB students may begin to register **In-Person** for the fall and summer sessions. This will be according to the In-Person Registration Schedule in this publication.
- May 10, Wed. Telephone registration begins for new students, visiting students, and returning students.
- May 5, Fri. **Last day of classes for Monday - Friday course offerings.** Last day to withdraw from the University, (SPD/GSP students must have SPD approval: see March 15 above.) Student's taking SATURDAY classes must withdraw by this date (does not apply to SPD/GSP students)
- May 6, Sat. **Last day of classes for Saturday course offerings.** (See May 5<sup>th</sup> regarding withdrawing from the University)
- May 8, Mon. **READING DAY** (No classes, no labs scheduled on this date)  
May 9, Tues. **Final examinations begin.**  
May 13, Sat. **Saturday course offerings will hold their finals during their regular class time**  
May 16, Tue. **Final examinations end.** Spring semester ends. Last day for departments to submit completion statements for May Master's and doctoral degree candidates.
- May 18, Thurs. Doctoral Graduation & Hooding Ceremony; Baccalaureate Honors Convocation  
May 19, Fri. University Graduation Ceremony; Masters, Bachelors and Advanced Certificates awarded.

**\*\*The Health Sciences Center Academic Calendar is published separately (<http://ws.cc.sunysb.edu/registrar/acadcal.htmHealth>).. Health Technology and Management (undergraduate) and Basic Sciences, Medicine, Dental Medicine students see HSC academic calendar for Spring 2000 classes to begin and modular dates.**

## 2000 SUMMER SESSIONS

All current Stony Brook students are mailed a Summer Sessions Catalog in March which contains the final course schedule as well as information on telephone and in-person registration, tuition and fees, payment options, housing, and summer students services and activities. This information also appears on the **Summer Sessions Web site: [www.sunysb.edu/summer](http://www.sunysb.edu/summer)**. Summer Sessions's registration follows the same registration schedule as the fall semester.

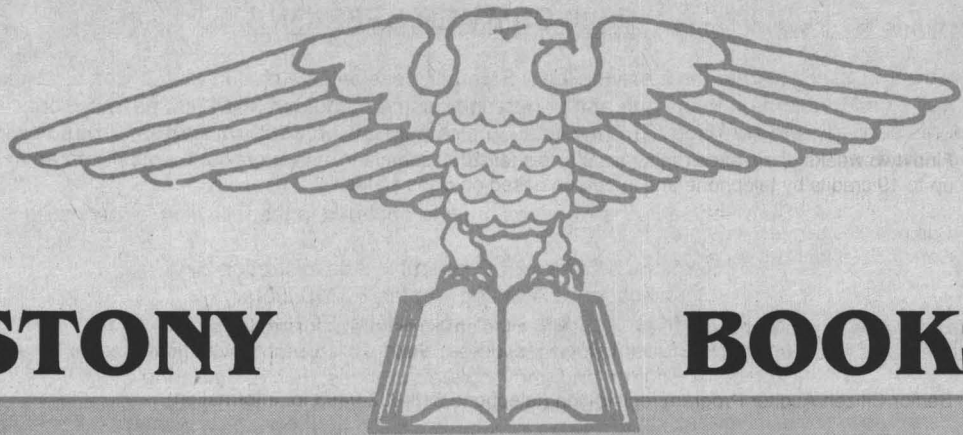

All Summer Sessions Catalogs may be obtained in the following locations:

Registrar's Office, 2<sup>nd</sup> floor lobby, Administration Bldg.  
 Academic Advising Center, E3310 Library  
 Undergraduate Academic Affairs, E2360 Library  
 Commuter Student Services Office, Suite 131 Student Activities Center  
 College of Engineering and Applied Sciences, 127 Engineering Bldg.  
 School of Professional Development, N201 Social & Behavioral Sciences Bldg.  
 HSC Student Services, Level 2, 271 Health Sciences Center  
 Summer Sessions Office, 102 Humanities Bldg.  
 Undergraduate Admissions, 118 Administration Bldg.  
 Residential Quad Offices

## Deadline for Requisitions to be submitted to the University Bookstore

April 1 for Summer Term I & II

April 15 for Fall Semester

## FALL 2000 Academic Calendar (Revised 03/03/00)

(Calendar subject to changes and updates. Academic calendars also appear on our web page)

- Aug. 21-Sept. 1, Mon – Fri. Final two weeks of advance registration for the fall 2000 semester. Undergraduate students may now register for up to 19 credits by telephone and in person based on class status.
- Sept. 2, Sat. Campus Residences new student check-in
- Sept. 4, Mon. Campus Residences continuing student check-in
- Sept. 5, Tues. Classes begin. Late registration begins with a \$30 late fee assessed for students who have not registered for any courses. Last day for removal of incomplete grades from the spring semester for graduates, G1-G5 students (Does not apply to SPD/GSP students) Last day for departments to advance doctoral students to candidacy.
- Sept. 8, Fri. Senior Citizen Auditor Program registration (telephone 516-632-9493 for information).
- Sept. 11, Mon. Last day for students to drop a course without incurring a tuition liability. **Undergraduates** must have 'Permission of Instructor' to add a course in the second week of classes (Tuesday, September 12 through Monday, September 18). Undergraduates & Graduate students may continue to drop a course through Monday, September 18 without a "W" (withdrawal) being recorded.
- Sept. 18, Mon. End of late registration period for undergraduates and SPD/GSP students. Last day for undergraduates and SPD/GSP students to add a course. **Last day for ALL undergraduate and graduate students to drop a course without a "W" (withdrawal) being recorded.** Last day for undergraduate students to change status to or from full-time/part-time. Tuition and fee liability remains applicable; **Last day of 30% tuition liability.**
- Sept. 25, Mon. End of late registration period and last day to **add or withdraw** from a course for NON-SPD/GSP G1-G5 graduate students. SPD/GSP graduate students may continue to withdraw. **ALL** transactions that were handled by the telephone registration system for SPD students must now be done through the Registrar's Office.
- Sept. 26, Tues. Last day for students to file applications for December - January graduation. Undergraduate students file in the Registrar's Office. Graduate students should file at the Graduate School Office. SPD students file at the School of Professional Development Office and Health Sciences students file at the HSC Offices of Student Services.
- Sept. 29, Fri. **Rosh Hashanah** – No Classes in Session **after 5PM Friday, 9/29 - through Saturday, 9/30.**
- Oct. 9, Mon. **Yom Kippur Observed** (No Classes in Session)
- Oct. 11, Wed. **Students will follow a MONDAY class schedule**
- Oct. 12, Thurs. Columbus Day (Classes are in session)
- Oct. 30, Mon. Last day for undergraduates to withdraw from the University and still be eligible to return next semester. Last day for SPD/GSP students to withdraw from one or all courses. Last day for removal of Incomplete grades from spring and summer sessions for SPD/GSP and undergraduate students.
- Nov. 7, Tues. Election Day (Classes are in session)
- Nov. 10, Fri. **As per new P/NC & withdrawal policy - Last day for undergraduates to withdraw from a course or change courses to or from Pass/No Credit.** Full-time students must maintain Full-time status (minimum of 12 credits).
- Nov. 15-22 Wed-Wed. (Tentative) **Prime Time** for students. (Intensive academic advising period). Telephone registration activities will no longer be available for the fall 2000 transactions.
- Nov. 23-25, Th-Sat. Thanksgiving Recess. Evening classes will be held on Wednesday. No classes Thursday through Saturday, November 25.
- Nov. 27, Mon. **CLASSES RESUME.** Telephone Registration begins for spring semester (Schedules will be announced prior to registration.)
- Dec. 8, Fri. **Last Day for students to process a section change for the semester. This will insure students appearing on the correct instructor grade sheet.**
- Dec. 15, Fri. **Last day of classes for Mon-Friday course offerings.** Last day to withdraw from the University, (SPD/GSP students must have SPD approval; See Oct. 30 note above). Last day for graduate students to submit thesis and dissertations to the Graduate School for December graduation.
- Dec. 16, Sat. **Last day of classes for courses that meet on Saturdays. Last day to withdraw from the University is Friday, Dec. 15<sup>th</sup>.** Finals will be held Saturday, Dec. 23rd during regular class time.
- Dec. 17, Sun. **Graduation Ceremony scheduled for December 2000 graduates.**
- Dec. 18, Mon. **Final examinations begin.**
- Dec. 22, Fri. **Final examinations end for Monday-Friday course offerings;** fall semester ends. Last day for departments to submit Completion Statements for December master's and doctoral degree candidates.
- Dec. 23, Sat. **Finals examinations for Saturday courses. Exams held during regular class time.**

**\*\*The Health Sciences Center Academic Calendar is published separately** (<http://ws.cc.sunysb.edu/registrar/acadcal.htm>Health). Technology and Management (undergraduate) and Basic Sciences, Medicine, Dental Medicine students see HSC academic calendar for fall 2000 classes to begin and modular term code dates.

**KEY DATES FOR UNDERGRADUATE STUDENTS (Fall 2000)**

**\*\*Also refer to complete Academic Calendar in this publication**

<b>DATES:</b>	<b>Undergraduate Students, non-matriculated, Freshman through Seniors</b>
8/21 - 9/1 Mon-Fri.	Students may now register for up to 19 credits maximum
09/05/00, Tues.	<b>CLASSES BEGIN</b>
09/11/00 Mon.	LAST day for student to drop a course WITHOUT incurring tuition liability. Undergraduates <b>MUST</b> have permission to <b>ADD</b> a course in the <b>second week of classes</b> . Last day for graduate students to submit thesis and dissertations to the Graduate School for December graduation.

# New PASS/NO CREDIT & NR policies

## New Deadline

You have until the end of the NINTH week of the semester to change a course to or from the Pass/No Credit option.

or

to withdraw from a course.

For Fall 2000, that means

**Friday, November 10**

---

## New Restrictions on Pass/No Credit

**You may take a course for Pass/No Credit only ONCE.**

You may take no more than **2 courses** under the Pass/No Credit option in any one semester if you are full time (registered for 12 credits or more).

You may take no more than **1 course** under the Pass/No Credit option in any one semester if you are full time (registered for 12 credits or more).

---

## New Policy on No Record (NR) Grades

Grades of NR which have not been replaced by a final grade or by a W by the end of the ninth week of the fall semester (for spring NR grades) or by the end of the ninth week of the spring semester (for fall NR grades) will be converted to one of the following grades: N/F for letter-graded courses, N/U for courses graded A-C/U or S/U, or N/C for courses taken under the Pass/No Credit option. The grade of N/F will be treated as a failure for the purposes of academic standing and will be averaged as an F the student's g.p.a. is computed.

Note: see page 58 of the 1999-2001 *Undergraduate Bulletin* for further information about when an instructor may assign an NR grade.

# New Academic Standing Policy Effective Fall 1999

**This policy applies to ALL West Campus undergraduates**

All students must maintain a minimum cumulative g.p.a. of 2.0 to be in good academic standing.

Academic standing is reviewed at the end of each spring semester. Freshmen and all students on probation will have their academic standing reviewed at the end of each semester.

## **Academic Support and Retention**

Stony Brook is committed to helping students who appear in danger of falling into, or who do fall into, academic difficulties. The following retention system is designed to identify and provide academic support for these students.

- **Academic Warning**

Students who are in good academic standing but whose semester g.p.a. falls below 2.0 will receive a letter of warning and will be encouraged to contact an academic advisor.

First semester freshmen whose g.p.a. is below 2.0 will receive a letter of warning and will be required to contact an academic advisor who must approve the student's schedule for the following semester. Students who fail to consult an academic advisor will be deregistered.

Students in good academic standing whose semester g.p.a. is below 2.0 for two consecutive semesters will receive a letter of warning and will be required to contact an academic advisor who must approve the student's schedule for the following semester. Students who fail to consult an academic advisor will be deregistered.

- **Probation**

Students whose cumulative g.p.a. falls below 2.0 will be placed on probation and will be required to contact an academic advisor who must approve the student's schedule for the following semester. Students who fail to consult an academic advisor or who fail to register for the approved schedule will be deregistered.

- **Suspension**

Students on probation who fail to achieve good academic standing the following semester will be suspended. Students may petition for reinstatement by completing a petition form and submitting it to the Committee on Academic Standing and Appeals of their college (College of Arts and Sciences or College of Engineering and Applied Sciences).

- **Dismissal**

All reinstated students remain on probation. Conditions may be attached to the student's reinstatement. Students who fail to meet the conditions for reinstatement or who fail to achieve a 2.0 cumulative g.p.a. within two semesters of reinstatement will be dismissed.

# GENERAL REGISTRATION INFORMATION FOR UNDERGRADUATES

## ***What is full-time or part-time status?***

Whether you are full-time or part-time is determined at the end of the add/drop period. At that time, if you are registered for 1-11 credits, you are part-time; if you are registered for 12 credits or more, you are full-time. You must be full-time to receive most forms of financial aid. It is your responsibility to determine in advance how changing your enrollment status will affect your financial aid.

## ***What about prerequisites?***

Instructors assume you come into their courses having completed the mandatory prerequisites. You can have done this in three ways: by taking the prerequisite course; by transferring a comparable course; or through knowledge acquired by other means. Instructors have the option to de-register you if you have not completed the proper prerequisites.

Policies on prerequisites differ by department. If you want to take a course but have not completed the prerequisites, you should speak to the department offering the course.

## ***What are crosslisted courses?***

These are regularly scheduled undergraduate courses that are sponsored by two departments. You may register under **either** department's designator.

## ***When are the placement exams given?***

The **Writing Placement Examination** is tentatively scheduled to be given Wednesday, April 12, 2000, from 7:00-9:00 pm in Engineering room 143. Students should sign up for the exam in advance in the Writing Center, Humanities, room 198.

### **Writing placement is indicated on the student's record in the following way:**

**Placement 1 ESL 192;** for students who would benefit from intensive work on basic sentence structure and paragraph development.

**Placement 2 ESL 193;** for students who would benefit from work on sentence construction; students improve skills in descriptive and argumentative writing.

**Placement 3 WRT 101 and Skill 2 Basic Writing Competence;** for students whose composition skills reveal adequate preparation. Students improve their facility in advanced constructions and develop more academic writing skills. (Students matriculating before Fall 1999 do not receive Skill 2.)

**Placement 4 WRT 102 and Skill 2 Basic Writing Competence;** for students whose composition skills are strong. Students improve academic writing skills.

**Placement 5 WRT 103 and Skill 2 Basic Writing Competence;** for students whose composition skills are strong. Students explore various methods in academic writing.

The **Mathematics Placement Examination** will be given on Tuesday, March 28, and Thursday, April 27, from 6:30-8:00 pm, in the Math Tower, Room P-131. Students should bring a Stony Brook ID card and a pencil. The first part of the exam is the test for basic competence in mathematics for students who did not satisfy this requirement before enrolling at Stony Brook. A score of level 3 or higher satisfies Skill 1 Basic Mathematics Competence.

**Foreign language proficiency examinations** are usually offered by the language departments early in the semester. If you are planning to satisfy the entry skill in a foreign language by examination, you should make arrangements with the appropriate department before the first day of the semester.

### ***Satisfying D.E.C. Category A***

You must take the appropriate writing-sequence course (ESL 192, ESL 193, WRT 101, and WRT 102 or 103) each semester until you have completed D.E.C. category A, beginning in your first year at Stony Brook. Your registration may be blocked and your graduation delayed if you fail to register for the appropriate writing course.

### ***Registering for courses that require permission***

Permission is required if the course is restricted to certain students or if the instructor or the department is keeping a waiting list. Whether or not you need permission to register is noted in the Class Schedule in the remarks for each course. See the page on **Adding and Dropping** in this publication for more information.

### ***Registering for Directed Readings and Research Courses***

When you register for a directed reading or research course, you must register using the particular instructor's section number. These are available through the department.

### ***Taking graduate courses***

Upper-division students with superior academic records may take graduate courses with the permission of the dean of the Graduate School or continuing education courses with the permission of the dean of the School of Professional Development and Continuing Studies (SPD). You must obtain permission of the instructor, the chairperson of the department offering the course and either the Graduate School or SPD and complete SUSB Form #3065, available through the Graduate School and SPD, before registering.

A maximum of 6 graduate credits may be applied toward undergraduate degree requirements. You should discuss your plans to take graduate or continuing education courses with your major and general advisors in order to assess whether the credit will be applicable toward your degree requirements.

### ***Taking Senior Honors Seminars (495-496 Courses)***

You must complete both semesters to receive credit for the first semester.

### ***Getting Departmental Brochures***

Many departments publish brochures with more detailed information about course offerings, often including number of papers and examinations. These are available in the departments' main offices.

# ⇒ COURSE & PROGRAM NOTES ⇐

## **\*Chemistry**

---

CHE 310, Chemistry in Technology and the Environment, will be offered in Spring 2001. This course is strongly recommended for students seeking teacher certification in chemistry.

Registration in CHE 475, 476, 487, and 495-496 requires permission of the department. Students must complete a request form in the Chemistry Office, Chemistry Bldg. Room 104.

## **\*Health Sciences Center Courses**

---

You may enroll in certain HSC courses, which are listed separately in this publication. You must obtain permission of the instructor before registering **in person** at the Student Services Center, 276 Administration Building.

Students interested in the clinical laboratory sciences should consider this one-credit course:

### **HAD 210 Introduction to Clinical Laboratory Sciences**

Acquaints students with the clinical laboratory sciences profession. Students have the opportunity to observe clinical laboratory settings. Primarily offered to lower-division students considering a major in clinical laboratory sciences. Call Ms. Golightly at 444-3220 for more information.

Students interested in the respiratory care major should consider this one-credit course:

### **HAT 210 Introduction to Respiratory Care**

An introduction to the science of respiratory care. Current trends in professional practice are discussed and students have the opportunity to observe clinical practice at a variety of affiliated health care facilities. This course is designed for lower-division students considering a major in respiratory care. Call Prof. Colletti at 444-3180 for more information.

Students interested in the nursing major should consider this two-credit course:

### **HNI 290 Introduction to Nursing**

An introduction to nursing for students who plan a career in nursing but are not yet enrolled in a school of nursing. The student is oriented to the nature and scope of the profession of nursing and settings where nursing is practiced.

Students interested in the social welfare program should consider this one-credit course:

### **HWC 210 Introduction to Social Work**

Introduces the student to the field of social work. Provides an overview of the variety of settings in which social workers practice. Describes the knowledge, values, and skills which social workers use in order to help individuals, families, groups, and communities.

### **Clinical Research in Emergency Medicine**

The Department of Emergency Medicine offers an internship in Clinical Research. Students are introduced to research design and data collection in a hands-on environment. Participating students are required to spend several hours per week working in the Emergency Department. Contact Dr. Adam Singer, 444-7856, for more information.

## **\*Music Courses**

---

The prerequisite for any course in the music major is the Undergraduate Musicianship Examination which will be given on Wednesday, September 6, 2000, at 3:00 pm in Staller Center Room 0113 (Basement Choral Room). You must sign up **in advance** in the Department of Music office, Staller Center Room 3304, 632-7330.

Instrumental and vocal instruction is available to all qualified students. If you want to enroll in one of the Performance Study courses, you must audition during the first week of the semester. See the Department of Music the week before classes for instructions on auditioning.

## **\*Psychology Courses**

---

The Psychology department publishes a brochure each semester that contains extended descriptions of course offerings and other announcements of interest to undergraduates. These are available in the Psychology Undergraduate Office, Psychology B Rm 116, which is open from 8:30 am-5:00 pm every day. The bulletin board outside the office also contains up-to-date information about community service and research opportunities.

## **\*Psychology Community Service Courses**

---

PSY 283 Community Service provides supervised training for and experience in human service work in agencies on campus and in the community. Four different sections are offering in Spring 2000. Check with the Psychology Department's Undergraduate Office, Psychology B Rm 116, for complete details before registering.

## **\*Social Sciences Secondary Teacher Preparation Program**

---

If you plan to enter the program during the 2000-2001 academic year, see Dr. Georges Fouron to open a certification file for this purpose. Failure to do so may result in a delay in meeting the New York State teacher certification requirements.

If you are planning to take SSI 451, 452, Supervised Student Teaching, and the corequisite SSI 454, Student Teaching Seminar, during the Fall 2000 semester, you must contact Dr. Fouron **between March 1 and May 30, 2000**, to be cleared for and recommended to student teacher placements at both the middle and high school levels.

## **\*SSI 283 Practicum in Child Development**

---

If you plan to work in the day care center by registering for SSI 283, 487, etc., you must present proof of a recent medical examination when reporting to work.

## **\*Teacher Preparation Programs**

---

The University is revising its teacher education curriculum to bring it into compliance with the new standards approved by the New York State Board of Regents. Students should consult the teacher preparation advisor in their field of study for further details.

Students planning to apply for provisional secondary teacher certification in biology, chemistry, earth sciences, or physics should consult the Science Education Program director, Jacqueline Grennon Brooks, telephone 632-7075.

## **\*Undergraduate Research**

---

All undergraduates doing research must register for research projects using the research course number in the department of their research supervisor (such as PHI 487 Readings and Research in Philosophy). The number of credits to be earned for the project is chosen in consultation with the project supervisor and departmental research coordinator. Students who elect to pursue research without earning credit must register for the course for zero credit. For information on undergraduate research opportunities, students should visit the University's web site category on Research Opportunities for Undergraduates (<http://notes.cc.sunysb.edu/Prov/underresop.nsf>) as well as departmental web sites.

# Undergraduate Degree Requirements

## General Education Requirements

The Diversified Education Curriculum (D.E.C.) exposes students to a wide range of skills, disciplines, and cultural perspectives. Courses satisfying each category are indicated by the appropriate letter following the course number. All courses applied to D.E.C. requirements must be taken for a letter grade.

Students with majors in the **College of Arts and Sciences**, the **Harriman School for Policy and Management**, or the **Marine Sciences Research Center** must satisfy the following requirements:

### Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

Skill 3—Elementary Foreign Language

### University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities  
(*1 course*)

Category C—Mathematical and Statistical Reasoning  
(*1 course*)

Category D—Understanding the Fine and Performing  
Arts (*1 course*)

**Disciplinary Diversity** (*two courses in each category*)

Category E—Natural Sciences

Category F—Social and Behavioral Sciences

Category G—Humanities

**Expanding Perspectives and Cultural Awareness**  
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions

Category J—The World Beyond European Traditions

Category K—American Pluralism

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through H.

Students with majors in **applied mathematics and statistics**, **information systems**, or **computer science**, or those pursuing **Bachelor of Engineering** degrees, must satisfy the following requirements:

### Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

### University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities  
(*1 course*)

Category C—Mathematical and Statistical Reasoning  
(*1 course*)

### Disciplinary Diversity

Category E—Natural Sciences (*two courses*)

Category F—Social and Behavioral Sciences (*one course*)

Category G—Humanities (*one course*)

**Expanding Perspectives and Cultural Awareness**  
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions\*

Category J—The World Beyond European Traditions\*

Category K—American Pluralism (*required only of students enrolled in majors leading to the Bachelor of Science degree*)

\*In choosing courses for categories I and J, students must select one with a humanities designator and one with a social sciences designator.

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through G.

## Other Requirements

All students must also complete the following requirements in order to receive a bachelor's degree from the State University of New York at Stony Brook:

### Upper-Division Credit Requirements

At least 39 credits must be earned in upper-division courses (numbered 300 or higher at Stony Brook).

### Residence Requirement

At least 36 credits must be earned at Stony Brook after attaining junior status.

### Grade Point Average Requirement

A cumulative grade point average of at least 2.00 is required for all academic work undertaken at Stony Brook.

### SOAR System

The SOAR system provides students with direct, immediate access to selected aspects of their academic record. Students may view and print:

- Unofficial Grade Reports (ARTIS Reports)
- Degree Audits (DARTS Reports)
- Times and Locations of Current Classes
- Times and Locations of Upcoming Classes
- Registration Status
- Mailing Address(es)
- Status of Transcript Requests

Students may log into SOAR on the Internet at:

<http://www.sunysb.edu>

or at these locations:

Administration Lobby/Registrar

*2nd floor, Administration Building*

Academic Advising Center

*3rd floor, Melville Library*

CEAS Undergraduate Student Office

*1st floor, Engineering Building*

Undergraduate Transfer Office

*1st floor, Administration Building*

Office of Student Services

*2nd level, Health Sciences Center*

### Major Requirements

Each candidate for a degree must satisfy the requirements of a declared major. Courses transferred from other institutions must be evaluated by the corresponding academic department at Stony Brook for specific applicability toward major requirements.

### Minor Requirements

Students are not required to pursue a minor in order to graduate. However, a number of minors are available for those wishing to select them.

### Credit Hour Requirement

At least 120 credits are required for a Bachelor of Arts or a Bachelor of Science degree. At least 128 credits are required for a Bachelor of Engineering. Some courses do not count toward the minimum credits required for graduation. Refer to the "Course Credit and Grading Options Limits" section in the chapter on Academic Policies and Regulations in the 1999-2001 *Undergraduate Bulletin* for complete information.

### DARTS Reports

DARTS Reports summarizing students' progress toward completion of the D.E.C. requirements are available for all students through the SOAR system.

DARTS Reports also summarize progress toward completion of many majors. It is, however, important to note that the audit of major requirements does not include transfer courses. Students must speak with their major advisor about how their transfer credits will be applied.

Students who are within a year of graduating are particularly encouraged to review their DARTS Reports to confirm their status.

## West Campus Undergraduate Majors

Africana Studies 632-7470  
 Anthropology 632-7620  
 Applied Mathematics and Statistics 632-8370  
 Art History and Criticism 632-7250  
 Astronomy/Planetary Sciences 632-8100  
 Atmospheric & Oceanic Sciences 632-8680  
 Biochemistry 632-8530  
 Biology 632-8530  
 Business Management 632-7171  
 Chemistry 632-7886  
 Cinema and Cultural Studies 632-6460  
 Comparative Literature 632-7460

 Physical Therapy *new*  
*B.S.H.S./M.S.P.T.* (444-3250)

Physician Assistant (444-3190)  
 Respiratory Care (444-3180)  
 Social Work (444-3141/2138)

# TRANSFER CREDIT

## TRANSFER CREDIT POLICIES

All credits are accepted for coursework completed as part of a SUNY or CUNY A.A. or A.S. degree. All other credits earned with a grade of C or higher at regionally accredited institutions or recognized by the Program on Non-Collegiate Sponsored Instruction of the University of the State of New York and recorded on official transcripts are accepted for transfer credit. Courses successfully completed for which a letter grade was not assigned are also accepted for transfer credit. Credits meeting these criteria are accepted for transfer regardless of when they were earned.

## TRANSFERRING UPPER-DIVISION CREDIT

To transfer upper-division credit toward Stony Brook's upper division requirement (39 credits of courses numbered 300 or higher), students must complete a transfer course evaluation form, available in the Transfer Office, 134 Administration Building, 632-7028, and have each course evaluated by the appropriate department. (If Stony Brook does not have a comparable department, consult with an advisor in the Transfer Office.) No transferred courses with a grade lower than "C" may be counted toward the upper division requirement. **NOTE: Credit earned at community and agricultural colleges may not be evaluated as upper division credit by academic departments.**

## SECOND BACCALAUREATE DEGREE

A person who has received a bachelor's degree from Stony Brook or another institution and who wishes to earn a second degree from a West Campus program must apply and be accepted as a matriculated student for the second baccalaureate. Some majors have additional admission criteria.

After matriculation, the student must earn at least 36 credits at Stony Brook, including completion of a new major, the "Expanding Perspectives and Cultural Awareness" portion of the Diversified Education Curriculum, and 21 credits of upper division coursework. Coursework completed for the first bachelor's degree, whether taken at Stony Brook or elsewhere, do not count toward completing these requirements. Satisfactory completion of Stony Brook's writing and mathematics requirements (D.E.C. categories A and C) is also required. Coursework from the first bachelor's degree may be used to satisfy D.E.C. A and C.

## TRANSFER CREDIT GUIDES

Many courses for transfer have already been evaluated for their applicability toward Stony Brook's general education requirements. Transfer guides are available from the Transfer Office, 134 Administration Building (632-7028) and the Academic Advising Center, Library E-3330 (632-7082)

TRANSFER GUIDES FOR:  
College of Staten Island  
College of Technology at Farmingdale  
Fashion Institute of Technology  
Kingsborough Community College  
Nassau Community College  
Queens College  
Queensborough Community College  
Rockland Community College  
Suffolk County Community College  
SUNY Albany  
Westchester Community College

## STUDY AT OTHER INSTITUTIONS AFTER MATRICULATION AT STONY BROOK

*Courses must be taken at regionally accredited institutions.  
Courses must be passed with a grade of C or higher.*

**Students who wish to take courses toward the D.E.C. and elective credit courses** must present the bulletin description to the evaluators in the Transfer Office for approval and, upon completion of the course with a grade of C or higher, have an official transcript from the other institution sent to the Transfer Office.

**Students who wish to take courses toward their major and upper-division requirements** at other institutions must following these steps:

1. If the course has not already been evaluated in the transfer guides, obtain a **Request and Authorization to Take Courses at Another Institution** form, available in the Transfer Office, 134 Administration Building (632-7028).
2. Present the form and bulletin description or syllabus of a course to the appropriate academic department for approval.
3. When the course has been approved by the department, the form must be returned to the Transfer Office for final approval.
4. After the course is completed, have an official transcript from the other institution sent to the Transfer Office.

See the *1997-1999 Undergraduate Bulletin*, pp. 53-54 for complete details on transfer credit policies.

## COLLEGE OF ARTS AND SCIENCES

**Africana Studies**

*Africana Studies: A New Vision for the Future*  
 Wednesday, April 12, 2:00-4:00 pm  
 Richard B. Moore Library  
 SBS, room S-224

**Anthropology**

*Anthropology Prime Time*  
 Wednesday, April 12, 12:30-2:00 pm  
 SBS, 5th Floor Lobby  
*Refreshments will be served!*

**Art History and Studio Art**

*Art in the 21st Century*  
 Wednesday, April 12, 12:30-2:00 pm  
 Staller Center, 2nd floor lobby  
*Refreshments will be served!*

**Bioengineering/Biomedical Engineering**

*Bioengineering Minor*  
 Monday, April 17, 1:00-3:00 pm  
 Student Lounge,  
 Centers for Molecular Medicine

**Biology and Biochemistry**

*Prime Time Advising*  
 Monday, April 17, 1:00-3:00 pm  
 Student Lounge,  
 Centers for Molecular Medicine

**Chemistry**

*Chemists have 'Solutions'-and refreshments too!*  
 Tuesday, April 18, 11:30 am-1:30 pm  
 Chemistry Lobby

**Cinema and Cultural Studies,  
Comparative Literature**

*Extended Prime Time Advising Hours*  
 for information email Prof. Robert Harvey at  
 Robert.Harvey@sunysb.edu

**Economics**

*Planning Your Economics Major*  
 Wednesday, April 12, 1:00 pm  
 SBS, 6th Floor Lobby  
*Refreshments too!*

**English**

*Mud Wrestling and Monster Truck Competition!!*  
*Large Cash Prizes to First 1000 English Majors!!*  
 (okay, maybe not, but get the lowdown on  
 the English major & fall courses)  
 Monday, April 17, noon-1:30 pm  
 Humanities Faculty Lounge, room 283  
*Refreshments will be served-for real!*

**European Languages, Literatures and Cultures**

*Extended Prime Time Advising Hours*  
 Times posted at Library, room N-4004

**Geosciences-GEO and ESS majors**

*Presentation & Discussion with Profs. Davis and  
 Rasbury: How you can get involved in research, intern-  
 ships and TAs*  
 Wednesday, April 12, 12:40-1:30 pm  
 Earth & Space Sciences, room 115  
*food too!*  
 extended Prime Time advising hours

**Health Sciences**

*Learn about opportunities in new Health Sciences tracks*  
 Monday, April 17, 1:00-3:00 pm  
 Student Lounge,  
 Centers for Molecular Medicine

**Hispanic Languages and Literature**

*Prime Time*  
 Monday, April 17, 10:00 am-12:00 pm  
 Melville Library, room N-3034  
*Refreshments will be served!*

**History**

*Prime Time Advising*  
 Wednesday, April 12, 11:30-3:30 pm  
 SBS, room N-303  
*Refreshments will be served!*

**Japanese Studies**

*Explore the minor!*  
 Tuesday, April 18, 2:30-3:30 pm  
 Old Chemistry, room 132A  
*There'll be refreshments too!*

**Latin American & Caribbean Studies**

Explore the interdisciplinary minor in Latin American and Caribbean Studies

Wednesday, April 12, 12:30-4:00 pm

LACC Conference Room, SBS N-320

Refreshments, too!

**Linguistics**

Speech-Language Therapy information & refreshments!

Wednesday, April 12, 12:30 pm

SBS, room S-207

**Mathematics**

Prime Time Open House and Intensive Advising

Wednesday, April 12, 12:40-2:00 pm

Common Room, 4-125, Math Bldg.

**Multidisciplinary Studies**

Extended hours! See your MTD advisor!

Melville Library, room E-2360

Call for hours: 632-7080

**Music**

Music Department Open House

Everything you need to know about making music at Stony Brook: information about lessons, performance ensembles, the major, minor & career preparation!

Thursday, April 18, 4:00-5:00 pm

Staller Center, room 2319

Refreshments will be served! Multi-media arts lab tour! more questions? email JSugarman@Compuserve.com

**Pharmacological Sciences**

Undergraduate Pharmacology Prime Time

Thursday, April 13, 2:00-4:00 pm

Graduate Chemistry, room 434

**Philosophy**

Prof. Robert Crease: Performing Yourself

Wednesday, April 12, 1:00-2:30 pm

Harriman Hall, room 214

**Physics and Astronomy**

Prof. Michael Rijssenbeck: Careers in Physics

Wednesday, April 12

Refreshments served beginning at 12:30 pm with discussion from 1:00-2:00 pm

Mathematics, room S-240

**Political Science**

Prime Time Advising & Open House

Learn about the M.A. in Political Science & the B.A./M.A. joint program

Thursday, April 13, 12:30-2:00 pm

SBS 7th Floor Lobby

**Psychology**

Careers in Psychology: Questions & Answers

Tuesday, April 18, 1:30-2:30

Individual advising by Faculty

Tuesday, April 18, 2:30-3:30 pm

Psychology B, room 118

**Social Sciences Interdisciplinary**

Introduction to the SSI Major, Child & Family Studies minor, Chinese Studies minor & Provisional Teacher

Certification in Social Studies

Wednesday, April 12, 2:30-4:30 pm

SBS, room N-505

Cookies, coffee and soft drinks too!

**Sociology**

Learn more about careers in Sociology!

Wednesday, April 12, 12:50-2:10 pm

SBS, room N-401

**Theatre Arts**

Profs. Phillip Baldwin and Paul Cassel: Workshop and discussion of the story before Shakespeare's King Lear, expressed in terms of body image and multimedia image

Wednesday, April 12, 12:40-2:10 pm

Theatre II, Staller Center

**Women's Studies**

Women's Studies Beyond the Millenium

Thursday, April 13, 10:00 am-3:00 pm

Old Chemistry Lobby

Refreshments will be served!

**Writing and Rhetoric**

Get tested! Take the writing placement exam

Wednesday, April 12, 7:00-9:00 pm

Old Engineering, room 143

Sign up in advance in the Writing Center,

Humanities, room 198

## COLLEGE OF ENGINEERING AND APPLIED SCIENCES AND HARRIMAN SCHOOL

### Applied Mathematics and Statistics

*Careers in Applied Mathematics & Statistics*  
 Monday, April 17, 2:00-3:00 pm  
 Mathematics, room P131

### Business Management

*Prime Time*  
 Wednesday, April 12, 10:00 am-4:00 pm  
 Harriman Hall, room 304  
*food throughout the day, too!*

### Computer Science & Information Systems

*Computer Science & Information Systems: Advising for admission to the majors, and discussion of curriculum changes*  
 Wednesday, April 12, 12:40-2:00 pm  
 Computer Science, room 1211

### Electrical & Computer Engineering

*Information about the Electrical Engineering & Computer Engineering Majors*  
 Wednesday, April 12, 12:00-1:00 pm  
 Light Engineering, room 250

### Engineering Science

*Engineering Materials Science for your future*  
 Monday, April 17, 12:00-1:00 pm  
 Engineering, room 301  
*Refreshments will be served!*

### Mechanical Engineering

*Information about the Mechanical Engineering Major*  
 Wednesday, April 12, 12:45-2:00 pm  
 Light Engineering, room 113

## HEALTH SCIENCES CENTER PROGRAMS

### SCHOOL OF HEALTH TECHNOLOGY AND MANAGEMENT

#### Clinical Laboratory Sciences

*Information and Advising Session*  
 Wednesday, April 12, 12:00 noon  
 HSC, Level 2, room 049

#### Cytotechnology

*Information and Advising Session*  
 Thursday, April 13, 12:00 noon  
 HSC, Level 2, room 050

#### Physical Therapy and Occupational Therapy

*Information and Advising Session*  
 Thursday, April 13, 2:30 pm  
 HSC Level 2, room 089

#### Physician Assistant

*Information and Advising Session*  
 Tuesday, April 11, 12:00 noon  
 HSC, Level 2, room 089

#### Respiratory Care

*Prime Time Advising*  
 Thursday, April 13, 2:00 pm  
 HSC Level 2, RC Lab A, room 060A

And announcing a new major for Fall 2000:

#### Bachelor of Science in Health Science

Concentrations available in:  
 Public Health  
 Environmental Health  
 Community Health Education  
 Medical Information Systems  
 Healthcare Management Information

#### General Information Meeting

Thursday, April 13, 12:00 noon  
 HSC Level 2, room 050  
 Call 444-2252

## UNIVERSITY-WIDE PROGRAMS

### Living/Learning Centers

#### Environmental Studies Program

*Nurture the Earth & minor in environmental studies:*

*Who could ask for more?*

Wednesday, April 12, 2:00-5:00 pm

Dreiser Faculty Director's office, rm 139

#### Health and Wellness

*How the Health & Wellness Living Learning Center can help you with a career in the Allied Health Professions*

Monday, April 17, 1:00-2:00 pm

Mount College Lounge

#### Human-Sexual and Gender Development

*Academic Interruptus*

Wednesday, April 12, 7:45-8:30 pm

Eisenhower College Classroom

#### International Studies

*International Studies Minor & Living Learning Center*

Wednesday, April 12, 12:40-1:40 pm

Stimson College Main Lounge

#### Interdisciplinary Arts

*Information & Advising: Careers in the Arts*

Monday, April 17, 9:00-10:30 pm

Greeley Lounge

*Refreshments will be served!*

#### Interdisciplinary Science & Engineering

*Learn about the interdisciplinary science & engineering minor and Keller Living Learning Center*

Monday, April 17, 7:00 pm

Keller College Main Lounge

#### Service Learning for C-BAR [Community-Based Action Research]

*Mission Possible: Be a social change agent*

Wednesday, April 12, 8:00-9:30 pm

Douglass College Classroom

#### Celebration of Undergraduate Research and Creative Achievements

*Recognizing the accomplishments of Stony Brook undergraduates*

Wednesday, April 12, 11:00 am-4:00 pm

Thursday, April 13, 10:00 am-4:00 pm

The Student Activities Center lobby, auditorium and third floor will be filled with student poster presentations, displays, demonstrations, live performances, tapings, films, and art exhibits

### Internships & Career Placement

*Finding an Internship:*

Wednesday, April 6, 1:30-3:00 pm

*Career Paths in Engineering:*

Tuesday, April 11, 5:00 pm

*Preparing for Summer Job Expo:*

Wednesday, April 12, 12:40-2:10 pm

all events in the Career Placement Center

### National Student Exchange

*Broaden Your Horizons! Go Away with NSE!*

Wednesday, April 12, 1:00-2:00 pm

Stony Brook Union, room 221

& Monday, April 17, 5:00-6:00 pm

Student Activities Center room 308

### Federated Learning Community

*Issues in Health and Society*

Monday, April 17, 5:00-6:00 pm

Center for Excellence in Learning &

Teaching (1st floor Library)

*Refreshments too!*

## SUMMER SESSIONS

Information about Summer Sessions Classes,  
Fees, Registration & Payment Options

Our Office: Humanities 102;  
open Monday - Friday, 9:00 am-5:00 pm

Our Website: [www.sunysb.edu/summer](http://www.sunysb.edu/summer)

Our Email: [summerschool@sunysb.edu](mailto:summerschool@sunysb.edu)

Our Telephone: 632-7790

*Summer Catalogs are available:*

2nd floor lobby, Administration Building  
Academic Advising Center, E-3310 Library  
Commuter Student Affairs Office, 131 SAC  
CEAS, 127 Engineering Building  
School of Professional Dvlpmnt, N-201 SBS  
HSC Student Services, Level 2, 271 HSC  
Admissions, 118 Administration Building;  
all dormitory quad offices  
Undergrad. Academic Affairs, Lbry E-2360  
and the Summer Sessions Office!

# Take Kaplan. Get a higher score. Get into school.

## Kaplan gets you in.

Classes on Stony Brook campus. Financial aid available.

College Law School Business School Graduate School Medical School

For over 60 years, Kaplan has been helping students get into the schools of their choice. Whether you're facing the SAT, LSAT, GMAT, GRE, MCAT or TOEFL<sup>†</sup>, take Kaplan and get the score you need to get into the schools you want.

For information or to enroll in a class near you,  
call 1-800-KAP-TEST or visit us online at [kaptest.com](http://kaptest.com).

# 1999-2001 UNDERGRADUATE BULLETIN SUPPLEMENT FALL 2000

**Psst! Can't find a course in the Bulletin? Look here!**  
**This Supplement includes all changes and corrections to the Bulletin  
AND descriptions of special topics courses!**

**Use the Bulletin OnLine:  
[www.sunysb.edu/ugbulletin](http://www.sunysb.edu/ugbulletin)  
The Bulletin OnLine contains  
changes as they occur!**

## **THIS SUPPLEMENT CONTAINS:**

**College of Arts & Sciences and Marine Sciences:**  
New and changes to majors, minors, courses plus  
special topics & new course descriptions

**College of Engineering & Applied Sciences &  
Harriman School:**  
Changes to majors, minors, courses plus new  
course descriptions

**Corrections to the *Undergraduate Bulletin***

## **NEW POLICY ON PASS/NO CREDIT**

The deadline for changing a course to or from Pass/No Credit and the last day to withdraw from a course is at the end of the ninth week of classes. For Fall 2000, the deadline is Friday, November 10.

Please refer to p. 57-58 of the 1999-2001 *Undergraduate Bulletin*.  
3. Election of the P/NC option is limited to the end of the ninth week of the semester as specified in the academic calendar in the Class Schedule. After the date specified in the academic calendar, no changes either to or from the P/NC option may be made.

Add: The P/NC option may be elected only once for a given course.

Add: Full-time students (those registered for 12 or more credits) may not take more than two courses per semester under the P/NC option. Part-time students (those registered for 11 or fewer credits) may not take more than one course per semester under the P/NC option.

7. If a student re-takes a course with a grade recorded as P, the student will not receive credit for the re-taken course and the grade will not count toward the student's credit load, semester g.p.a. or cumulative g.p.a. unless the grade assigned by the instructor for the course taken as P/NC was C- or lower.

## **NEW POLICY ON NO RECORD (NR) GRADES**

Please refer to page 58 of the 1999-2001 *Undergraduate Bulletin*.  
Under No Record (NR) add:

Grades of NR which have not been replaced by a final grade or by a W by the end of the ninth week of the fall semester (for spring NR grades) or by the end of the ninth week of the spring semester (for fall NR grades) will be converted to one of the following grades: N/F for letter-graded courses, N/U for courses graded A-C/U or S/U, or N/C for courses taken under the Pass/No Credit option. The grade of N/F will be treated as a failure for the purposes of academic standing and will be averaged as an F when the student's g.p.a. is computed.

## COLLEGE OF ARTS AND SCIENCES AND MARINE SCIENCES RESEARCH CENTER

### Majors, Minors, and Academic Programs

The requirements for the majors, minors and programs listed below have been added or changed since the publication of the 1999-2001 *Undergraduate Bulletin*. When requirements change, students who have completed at least 45 credits may elect to satisfy either the previous major requirements or the new major requirements. Students with fewer than 45 credits must satisfy the new requirements, unless the major department specifies otherwise. Please consult the section "When Major Requirements Change" at the beginning of the CAS Approved Programs chapter of the *Bulletin* for complete details.

#### Africana Studies (AFS)

##### Requirements for the Major in Africana Studies

Please refer to page 85 of the 1999-2001 *Undergraduate Bulletin*. Under Requirement 2, add to the course list:  
AFH 213-G Caribbean and American Connections in Literature (in English)

#### American Studies (AMR) *new minor*

*Minor Coordinator:* Fred Gardaphe, European Languages, Literatures and Cultures

*Office:* Library N-4073

*Phone:* 632-1215

*Email:* Fred.Gardaphe@notes.cc.sunysb.edu

Interdisciplinary in nature, the minor in American Studies is designed especially for students who wish to add a variety of American perspectives and an overview of American culture to the development of their majors in the arts and sciences. Students are encouraged to approach American studies from the perspective of their major. Beyond the four required courses, the minor is organized around the student's interest in a particular area of American studies. At least 12 of the 21 credits required for the minor must be taken at Stony Brook. The specific distribution of credits should be determined in consultation with the minor coordinator.

##### Requirements for the Minor in American Studies

Completion of the minor in American studies requires 21 credits. All courses offered for the minor must be passed with a letter grade of C or higher. Students should consider the prerequisites to upper-division courses for the minor when choosing elective and D.E.C. courses.

1. AMR 101-F National Boundaries and World Systems
2. AMR 102-G Making American Identities
3. AMR 301-K Ethnicity and Race in U.S. History
4. AMR 401 Senior Seminar in American Studies
5. Three additional courses selected from the approved list of courses (available from the minor coordinator) at the 300 or 400 level, chosen in consultation with the American Studies coordinator.

#### Declaration of the Minor

Students must declare the American studies minor no later than the middle of their junior year, at which time they must consult with the minor coordinator and plan their course of study for fulfillment of the requirements.

#### Chemistry (CHE)

##### Requirements for the Major in Chemistry (B.S. Track)

Please refer to page 105 of the 1999-2001 *Undergraduate Bulletin*. Under B. Area Requirements, 3. Chemical Physics Option, delete CHE 305 and add:  
CHE 351 Quantum Chemistry or CHE 353 Chemical Thermodynamics

#### Cinema and Cultural Studies (CCS)

##### Honors Program in Cinema and Cultural Studies

Students who have maintained a grade point average of 3.5 in the major and 3.0 overall may attempt the degree in cinema and cultural studies with honors. Students should apply for the honors program at the end of their junior year. The student must find a faculty member affiliated with the program to act as sponsor and, with written approval of the sponsor, submit a written proposal for an honors thesis or honors project to the department. The thesis or project is reviewed by at least two faculty members affiliated with the program and one unaffiliated faculty member. If the honors thesis or project is judged to be completed with distinction and the student has achieved a 3.5 g.p.a. in all courses for the cinema and cultural studies major taken during the senior year, honors are conferred. Course credit for the honors thesis or project is given under CCS 495.

#### Federated Learning Community Minor in Issues in Health and Society (IHS)

The Federated Learning Community is a year-long program, changing from year to year, that focuses on an issue of major importance and leads an academic minor. The program design enables students to register as a group for a cluster of courses arranged around that issue. The program seminar focuses and integrates the material of the "federated" courses in a small community setting. The topic for 2000-2001 is Issues in Health and Society.

All students may enroll in FLC courses but to receive the minor in Issues in Health and Society, students must complete 24 credits of federated courses, including the program seminars, FLC 301 in the

fall and FLC 302 in the spring, and six of the following courses\*, distributed in any manner over the two semesters:

**Fall 2000**

AFS 422 AIDS, Race, and Gender in the Black Community  
 ANT 350-F Medical Anthropology  
 HIS/WST 316-I The Healer and the Witch in History  
 SOC/HMC 200-F Medicine and Society

**Spring 2001**

BIO 300-H Biology of Human Reproduction  
 BIO 358-H Biology and Human Social and Sexual Behavior  
 SOC 392-F Sociology of Health Care Delivery  
 FLC 302 Program Seminar—*required*

FLC 301 Program Seminar—*required*

\*The following courses may be substituted for federated courses: ANT 392 Anthropology of Disease; ECO 356 Health Economics; LHD 305, 307 HIV Reduction in the Campus Community I and Laboratory, MEC 290-H Nuclear Technology: History, Society, Medicine and the Environment, and PSY 346-F Health Psychology.

All courses offered for the minor must be completed with a letter grade of C or higher.

For more information about the Federated Learning Community minor in Issues in Health and Society, contact Prof. Helen Lemay at Helen.Lemay@notes.cc.sunysb.edu or call or stop by the Learning Communities Program office, Library N-3007 (phone 632-4378).

**Human Sexual and Gender Development (LHD)**

The correct telephone number for the minor coordinator, Roberta Karant, is 632-6769.

**Mathematics (MAT)**

**Requirements for the Major in Mathematics**

Please refer to page 170 of the 1999-2001 *Undergraduate Bulletin*. Under A. Mathematics and Mathematics-Related Courses, requirement 3. should read:

3. One course in computer literacy: MAT 331 or MEC 111 or CSE 114 or (for students graduating with the Secondary Teacher Preparation Option) MAE 330. MAT 331 may be used both here and in requirement #6.

**Requirements for the Minor in Mathematics**

Please refer to page 171 of the *Undergraduate Bulletin*.

Requirement 5 should read:

5. Three additional MAT courses numbered 300 or higher (excluding 475)

**Music (MUS)**

**Requirements for the Major in Music**

Please refer to page 179 of the 1999-2001 *Undergraduate Bulletin*.

Under Requirement B.1. Theory:

Delete MUS 131, 132 Keyboard Harmony I, II  
 Delete MUS 222 Modal Counterpoint  
 Delete MUS 231, 232 Keyboard Harmony III, IV  
 Add MUS 122 Beginning Keyboard  
 Add MUS 141, 142 Keyboard Harmony A, B

Under Requirement B.2. History and Literature

Delete MUS 101 Understanding Music  
 Add MUS 130 Sound Structures

Under Requirement B.3. Performance

c. .... Pianists and guitarists who do not pass the audition for one of the ensembles may fulfill the four semesters with MUS 391 Chamber Music; pianists may also substitute MUS 388 Fundamentals of Accompanying; guitarists may substitute MUS 266 for two of the semesters.

**Requirements for the Minor in Music**

Please refer to pages 180-181 of the *Undergraduate Bulletin*.

Under "Requirements for the Minor in Music," add:

*A Note on the Performance Requirement:*

With the permission of the director of undergraduate studies, students who do not pass the audition for one of the ensembles may fulfill the performance requirement through private lessons (MUS 161-187). For students in the minor who fulfill the performance requirement through lessons, the ensemble corequisite for private lessons (MUS 161-187) will be waived.

Under "General Track, 1. Theory," the requirement for MUS 119 should be revised to read, "MUS 119 Elements of Music or MUS 130 Sound Structures."

Under "General Track, 2. History," replace the existing requirement ("Three chosen from...") with "MUS 101 and two courses chosen from the following: MUS 105, 106, 301-314."

Under "Theory Track," delete MUS 220 Modal Counterpoint and add MUS 130 Sound Structures.

In both the General Track and the Theory Track, add MUS 266 to the list of acceptable performance courses.

**Physics (PHY) new minor**

The minor in physics is available for those who want their formal university records to emphasize a serious amount of upper-division work in physics.

All courses offered for the minor must be passed with a letter grade of C or higher. Completion of the minor requires 18 credits.

**Requirements for the minor in physics for students with majors in the College of Arts and Sciences**

PHY 251 Modern Physics  
 PHY 262 An Introduction to Solid-State Physics  
 PHY 301 Electromagnetic Theory  
 PHY 303 Mechanics  
 PHY 335 Electronics and Instrumentation Laboratory

One of the following:

PHY 306 Thermodynamics, Kinetic Theory, and Statistical Mechanics  
 CHE 302 Physical Chemistry II

**Science and Engineering (LSE)**

Please refer to page 207 of the 1999-2001 *Undergraduate Bulletin*.

Under Requirement 3, add PHI 365 Philosophy of Computers  
 Under Notes, add the following:

For students with majors in engineering, only PHY courses numbered 200 or higher may be applied toward the minor.

**Course Descriptions**

The courses below are special topics courses for Fall 2000 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here. Special topics course descriptions only include prerequisites additional to those enumerated in the *Bulletin*.

**AFS 421 The Black Experience in Film special topic Fall 2000**

Study of the history of Blacks in the film industry, examining images and filmmaking and their impact on the Black community in the United States and worldwide.

**AFS 422 AIDS, Race, and Gender in the Black Community special topic Fall 2000**

The effect of the AIDS epidemic on the African American community. Topics include the community's efforts to eradicate the causes of HIV/AIDS and to stem its spread, its struggle to develop ways of exploring healthy forms of sexual communication and interaction, and the role of poverty and politics in the health status of African Americans.

*Prerequisite:* U3 or U4 standing

*Advisory Prerequisite:* Completion of D.E.C. category F

**AMR 101-F Local and Global: National Boundaries and World-Systems new course**

Introduction to the contemporary capitalist world-system as a complex network of unequal power relationships and its inextricable role in our own daily lives. Consideration of the ways the Americas have been incorporated into the world-system through colonialism and early capitalist ventures, with emphasis on the 20<sup>th</sup> century in terms of transnationalism, globalization, and the mobility of capital and labor, especially as this creates racial formations.

3 credits [first offering Spring 2001]

**ANP 391-E Studying Primates special topic Fall 2000**

Introduction to the concepts and practical skills needed to study primates. Topics include design of research and analysis, basic statistics, ecological field methods, behavioral observations, physiological measures as well as presentation of results. Laboratory sessions teach students how to obtain and analyze data focussing on habitat description, primate densities, use of space, feeding ecology, and dominance. May be repeated as the topic changes.

**ANP 403 Primate Ranging special topic Fall 2000**

Exploration of the patterns of daily travel and home range use in a variety of different primates, from semi-solitary nocturnal prosimians to diurnal group-living primates. Consideration of the concept of a home range, their size and patterns, daily path lengths, rates of travel and seasonal patterns in ranging behavior, and correlations between ranging behavior and factors such as group size, food patch size, feeding competition and the risk of predation. The course concludes with a discussion of how knowledge of ranging behavior contributes to our understanding of humans. May be repeated as the topic changes.

**ANT 391 India special topic Fall 2000**

Study of the place of South Asia in the Western imagination and South Asian representations of themselves through classic texts of anthropology as well as novels, films, and photographs. Topics include caste, religion, ethnic conflicts and family life in the context of colonialism, the Partition and Indian nationalism. May be repeated as the topic changes.

**ANT 392-K Anthropology of Diseases special topic Fall 2000**

The effect of the importation of disease, the emergence of dormant disease, and the mutation of disease on the ecology, peoples, and cultures of the Americas. May be repeated as the topic changes.

**ANT 393-F Underwater Archaeology special topic Fall 2000**

A survey of underwater archaeology throughout the world. Methods of underwater excavation and site interpretation based on anthropological theory are explored. Case studies range from inundated prehistoric sites to 19<sup>th</sup>-century steamboats.

*Prerequisite:* ANT 104

**ANT 401 Anthropology of Travel special topic Fall 2000**

Examination of some of the classic travel descriptions of other cultures, comparing and contrasting these texts to modern anthropological literature. May be repeated as the topic changes.

**ARH 302-J Ancient Egyptian Art new course**

Survey of art and architecture of ancient Egypt from the development of the first monumental art and architecture (c. 3000 B.C.) through the Early Christian era (c. 300 A.D.) focussing on culturally specific concepts of representation and aesthetics and the status and purposes of ancient Egyptian arts. The role of patronage, the uses of art and architecture in cult, in temples, and in tombs, and the relationship of art and politics are considered,

along with the question of the place of Egyptian art within the development of world art and the concept of Egypt as the African origins of Western civilization.

*Prerequisite:* ARH 101

*3 credits*

**ARH 307-I The Age of Michelangelo in Central Italy** *revised title and description*

An exploration of the works of Michelangelo, Da Vinci and other major masters, including Raphael, Bramante and Pontormo, who inspired, were influenced by or rejected the work and ideals of Michelangelo.

**ARH 310-I Splendors of Renaissance Art in Venice** *revised title and description*

The special qualities of Venetian art, which blends Byzantine, Islamic, and Western traditions, are explored through the works of such major figures as Giovanni Bellini, Giorgione, Titian, Veronese, and Palladio.

**ARH 335-G History of Photography** *revised course*

A historical survey of the technical, theoretical, and aesthetic development of black-and-white and color still photography and its close interrelationship with the evolution of modern art. Not for credit in addition to the discontinued ARH 204.

*Prerequisites:* ARH 102 or CCS 101

**ARH 370-I Masterpieces of Western Art** *new course*

In-depth exploration of a select number of major art works central to the Western tradition, e.g., the Parthenon, Chartres Cathedral, the Sistine Chapel. Monuments are analyzed visually, historically, technically, and in terms of their meaning and function for those who commissioned and those who created them. The student develops a critical vocabulary for the analysis, interpretation, and experience of the work of art. Among the issues discussed is the continuing aesthetic and expressive validity or significance of a monument despite changes of context and culture.

*Prerequisites:* Completion of D.E.C. categories B and D

*3 credits*

**ARS 325 Theory and Practice of Electronic Media: Print** *new course*

An examination of the theories and techniques of computer and electronic media through lecture, labs, readings and project critiques. Digital imaging techniques are combined with layout programs to create image centered works, such as artists' books, individual prints, multiples and installations. Hybrid combinations of digital and traditional photography and printmaking techniques are explored.

*Prerequisite:* ARS/MUS/THR 208

*3 credits*

**AST 112 Astronomy Laboratory** *revised course*

An introduction to observational activities in astronomy. Students make astronomical measurements using simple instruments such as a quadrant, cross-staff, spectrometer, and telescope; analyze measurements; examine how quantities of interest and their errors

are derived from the measurements and how they are properly reported. Not for credit in addition to the discontinued AST 111.

*Pre- or corequisite:* AST 101 or 105 or 248

*1 credit*

**ATM 205-E Introduction to Atmospheric Science** *revised course*

The nature and causes of atmospheric phenomena. Basic physical and chemical processes and energetics. Topics include composition and structure of the atmosphere, atmospheric thermodynamics, hydrostatics, solar and terrestrial radiation, cloud and precipitation processes, elementary dynamics, atmospheric wind and pressure patterns, and severe storms.

**ATM 345-E Atmospheric Thermodynamics and Dynamics** *revised course*

A quantitative introduction to the thermodynamical and dynamical processes of Earth's atmosphere. Topics include moist and dry thermodynamical processes, hydrostatic stability, external forces of atmospheric motion, equations of atmospheric motions on a rotating planet, coordinate transformations, and horizontal motions under balanced forces.

*Prerequisites:* MAT 203 or 205 or AMS 261; MEC 111; PHY 126/127 or 132 or 142

**ATM 347-E Advanced Synoptic Meteorology and Weather Forecasting** *revised course*

The application of dynamical and physical meteorology to the analysis and prediction of the atmosphere. Topics include application of numerical and statistical models, diagnosis of vertical motion, development of midlatitude synoptic systems, mesoscale phenomena associated with cyclones, convective systems, and radar applications. Laboratories include extensive practice in forecasting and diagnosis of synoptic and convective systems.

*Prerequisites:* ATM 346 and 348

**BIO 307 Computer Modeling of Biological Systems** *revised course*

No longer crosslisted with EST 307.

**BIO 325-E Animal Development** *revised description and prerequisite*

Not for credit after BIO 321.

*Prerequisite:* C or higher in BIO 202

**BIO 340-E Zoology (formerly BIO 242)** *revised course*

Not for credit after BIO 343, 344, or 346.

*Prerequisites:* BIO 111 or MAR 104 or BIO 201 (or the discontinued BIO 151)

**BIO 349 Biodiversity and Evolution in the Fossil Record** *new course*

An examination of biodiversity as preserved in the fossil record and how it contributes to the understanding of evolution. Species examined include invertebrates, plants, dinosaurs, and mammals and the ultimate origin and evolution of humans. Principles of

evolution, paleontology, phylogeny reconstruction, and conservation are discussed. Crosslisted with HBA 349.

*Prerequisites:* BIO 201

*Advisory Prerequisite:* BIO 202 or 203

*3 credits*

**BIO 409 Membranes** *special topic Fall 2000*

The structure, function, and biosynthesis of biological membranes. May be repeated as the topic changes.

**CCS 495 Senior Honors Project in Cinema and Cultural Studies** *new course*

A one-semester project for cinema and cultural studies majors who are candidates for the degree with departmental honors. The project involves completion of an honors thesis or project under the close supervision of an appropriate faculty member and the written and oral presentation of the thesis or presentation of the project to the program faculty colloquium.

*Prerequisites:* Permission of instructor and undergraduate program director

*3 credits*

**CHE 131-E, 132-E General Chemistry**

**CHE 141-E Honors Chemistry I**

*Revised prerequisites:* AMS 151 will also satisfy the mathematics prerequisite

**CHE142-E Honors Chemistry II**

**CHE 198-E Chemistry for Engineers**

**CHE 221-E Introduction to Chemistry of Solids**

**CHE 301-E Physical Chemistry I**

**CHE 312-E Physical Chemistry (Short Course)**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**CHE 346-E Biomolecular Structure and Reactivity** *revised prerequisites*

*Prerequisites:* CHE 322 or 332; CHE 301 or 312

**CLT 220 Chinese Literature** *special topic Fall 2000*

Introduction to representative works of Chinese literature since the 11<sup>th</sup> century B.C. Examination of traditional Chinese philosophy to facilitate the comprehension of literary writings and situate literature within a cultural context. An East-West comparative perspective is encouraged. May be repeated as the topic changes.

**CLT 335 Shakespeare and Dostoevsky on Film** *special topic Fall 2000*

Examination of the phenomenon of multiple film adaptations of single literary works from several critical cultural and national perspectives, specifically considering Shakespeare's *Macbeth* and Dostoevsky's *Crime and Punishment*.

**CNS 250 Modern China** *revised description*

Exploration of the changes and continuities in Chinese culture and society across a century of economic upheaval and political turmoil. Drawing on interdisciplinary scholarly studies, autobiographical and biographical accounts, government documents, journalist reports, popular fiction, documentary film, and photographs, it surveys major historical developments in 20<sup>th</sup>-century China, and introduces key concepts and terms employed in the process of creating a modern China. Crosslisted with SSI 250.

**ECO 351-F eCommerce** *special topic Fall 2000*

Study of the possible evolutions of e-commerce. Emphasis is on the infrastructure of the Internet, pricing and advertising strategies, diversification and shopping behavior compared to traditional retailing.

*Prerequisite:* ECO 303

**ECO 352-F The Working Class Majority** *special topic Fall 2000*

Investigation of the economic foundations of social class and the connection between class, race, and gender. Consideration of both theoretical and empirical strategies to understanding the working class, the middle class, and the capitalist class in contemporary U.S. society, including the implications of class analysis for such social issues as "the underclass," and welfare reform, globalization, living standards and the distributions of income and wealth, and the "family values" debate.

*Prerequisite:* ECO 107 or 109

**ECO 356-F Health Economics** *special topic Fall 2000*

An application of microeconomics to the health sector of the economy. Topics include the demand for health care; the roles of hospitals, physicians, and HMO's in the supply of health care; the role of the government in the provision of health care; and the determinants of health care costs.

*Prerequisite:* ECO 303

**EGL 393 Performance and Technology in Teaching Literature and Composition** *new course*

Introduction to the teaching of literature and composition through the use of classroom performance and technology, including film, video, and other media as well as computers and the Internet.

*Prerequisite:* Acceptance into the English secondary teacher preparation program

*3 credits*

**ESL 192 Intermediate Composition** *revised description*

The Pass/No Credit option may not be used.

**ESL 193 Advanced Composition** *revised description*

The Pass/No Credit option may not be used.

**FLA 440 Foreign Language Acquisition Research** *new course*

A study of recent trends in foreign language acquisition research. The focus is on classroom-based research: qualitative and quantitative research methodologies, variables in classroom-based learning research, analysis of research results. Students conduct classroom research studies, present their findings, and address applications of their findings to classroom teachers and learners of foreign languages.

*Prerequisite:* Acceptance into a foreign language secondary teacher preparation program

*Pre- or corequisite:* FLA 339

3 credits

**FRN 434 Studies in 18<sup>th</sup>-Century Literature** *special topic Fall 2000*

Major issues of the Enlightenment, such as progress, tolerance, and equality, as well as questions of language and identity are discussed. Readings include masterpieces of French prose including Voltaire's *Candide*, Rousseau's *Confessions*, Montesquieu's *Lettres persanes*, Beaumarchais's *Mariage de Figaro*, and Grafigney's *Lettres d'une Peruvienne*. May be repeated as the topic changes.

**FRN 442 The French Novel** *special topic Fall 2000*

A study of the nature and development of the novel from its beginnings to the present, with special attention to the stylistic and thematic aspects of the works considered. May be repeated as the topic changes.

**GEO 310-E Introduction to Geophysics**

**GEO 315-E Groundwater Hydrology**

**GEO 318-E Engineering Geology and Coastal Processes**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**HIS 111-F Introduction to the Social History of Medicine: Women and Medicine** *new course special topic Fall 2000*

Introduction to the themes in the social history of medicine: the social construction of disease, cultural significance of bodily fluids, medical

politics, religions and medicine, international considerations.

Themes are explored through the history of a particular medical event such as AIDS or the Black Death.

3 credits

**HIS 266-K History of the United States West** *new course*

Study of the United States West as both a place and a process, examining the region through its history as the homeland of various Native American peoples; as an object of European imperial designs and then Mexican and U.S. economic, territorial, and cultural expansionism; and finally as a region with particular ties to the United States federal government as well as distinctive patterns of race relations and a unique place in U.S. cultural memory.

*Advisory Prerequisite:* HIS 103 or 104

3 credits

**HIS 392-I Topics in European History: England and France in the Age of Revolution** *special topic Fall 2000*

An examination of the social, intellectual, cultural, and political life of England and France from the death of Louis XIV to the Battle of Waterloo. Topics include the structure of the ancient regime states, the impact of war and colonial acquisition, the rise of public culture, *salonieres* and the Enlightenment, exoticism and the culture of imperialism, the emergence of popular radicalism, and the transformation wrought by the late-18<sup>th</sup> century revolutions. May be repeated as the topic changes.

**HIS 393-I Topics in Modern European History: London, Paris, Berlin, 1900-2000** *special topic Fall 2000*

Investigation of modernist culture, the gender of urban experience, sexual politics and social reform, the development of modernist architecture and urban planning, the struggles to re-define public space in Nazi Germany, cold war Europe, and post-unification Germany, considered within the conceptual framework of the "city" as a symbol of modernity and the site of complex struggles to define the nature of modern society. May be repeated as the topic changes.

**HIS 396-F Topics in U.S. History: Class and Corporations in Modern America** *special topic Fall 2000*

Survey of the history of class differences in America from the late 19<sup>th</sup> century through the 1980's, as it has intertwined with the history of the big corporation. Topics include middle versus working class experience during and after the corporation's rise; the evolving importance of work versus neighborhood, shopping, and popular culture in the making of class; the shifting class meanings of gender, racial, and ethnic identity; and the fate of class difference during corporate globalization. May be repeated as the topic changes.

**HIS 397-K American Pluralism: Asians and Pacific Islanders in American History** *special topic Fall 2000*

Introduction to the historical factors that have molded Asian Pacific American life in the United States. Examination of the particular experiences of Japanese, Chinese, Filipino, Vietnamese, Korean, and South Asian Americans including themes of gender, immigration, labor and mass media. May be repeated as the topic changes.

**HIS 398-H The Scientific Revolution** *special topic Fall 2000*

Investigation of how the different facets of European life, including intellectual, social, political and economic transformations, intersected and influenced each other, through examination of the lives of Copernicus, Paracelsus, Galileo, Kepler, Newton, van Helmont and John Ray. May be repeated as the topic changes.

**HIS 399-F The Urban Night: An Illuminating History** *special topic Fall 2000*

The course explores the re-illumination of the city in the 19<sup>th</sup> century and the lives of those who live by night: bohemians, artists, revolutionaries, musicians, criminals, prostitutes, and war-workers. Students consider the nocturnal streets of Georgian London, Second Empire Paris, Gilded Age New York, Art Nouveau

Vienna, Ragtime New Orleans, Weimar Berlin, and Beat Generation San Francisco. Optional all-night field trip. May be repeated as the topic changes.

**HIS 401 20<sup>th</sup>-Century French Cultural History** *special topic Fall 2000*

The literary history, philosophical thought and visual and popular culture of France considered through readings of novels and texts from the history of French Marxism, existentialism, structuralism, and deconstruction. May be repeated as the topic changes.

**HIS 402 Vices and Pleasure in Europe** *special topic Fall 2000*

Examination of the way modern societies are governed through consideration of questions of health, economic productivity, sexuality, and bodily pleasures, including the medicalization of society; the connections between sexuality, venereal disease and citizenship; attitudes toward cigarettes, alcohol and drugs; tourism and mass consumption. May be repeated as the topic changes.

**HIS 411 Getting There: Society and Travel in America** *special topic Fall 2000*

The ways in which new modes of transportation and the experience of travel shaped American culture from the colonial era to the 20<sup>th</sup> century, including how new transit choices transformed the city, how migration and travel for entertainment altered the Western frontier, how Americans coped with the hazards of travel and work on the railroad, and how society today comprehends the dangers of travel. May be repeated as the topic changes.

**HIS 414 War, Smuggling, and Immigration: The History of the U.S.-Mexico Border** *special topic Fall 2000*

Examination of how war, migration, and environmental changes have transformed part of the northern frontier of New Spain into the current boundary between the U.S. and Mexico. Topics covered include ethnic relations, the U.S.-Mexico War, tourism, vice, immigration, smuggling, environmental degradation, and the economic integration between the U.S. and Mexico. May be repeated as the topic changes.

**HIS 431 The Chinese Diaspora and Chinatowns** *special topic Fall 2000*

Exploration of the overseas Chinese, with particular focus on the 19<sup>th</sup> and 20<sup>th</sup> centuries. Topics include the places Chinese emigrants settled and their experiences; the complex reasons for emigration and the lives they create for themselves; the ways emigrants carried the experience of China to other continents and countries; the popular images of China and Chinese in host countries; the treatment of Chinese in their new homes; and the representations of these experiences to those still in China.

**HIS 461 Darwin in America** *special topic Fall 2000*

Consideration of the evolution of Darwin's theory and its influence on American culture and society. Who Darwin was, what he wrote, whom he knew in the United States and how they introduced his theory to the American public are examined, including the ways in

which Darwin's theory has been used for ideological as well as scientific purposes.

**HON 201 The Arts and Society** *revised course*

An exploration of the interconnections between art and society, using the biographies and autobiographies of notable visual artists, performers, and composers when appropriate, but also using other texts that focus on art works by anonymous creators such as the architects and sculptors who designed and created medieval cathedrals or the anonymous lyricists and composers who created the songs and dances of traditional cultures. Close examination of the works themselves is an integral part of the course, generally involving several field trips.

**HON 301 Science, Engineering, Medicine, and Society** *revised course*

An examination of the mutual relations among science, technology, medicine, and society: how the sciences and various technologies affect society and, at the same time, are affected by it. This examination is conducted through the perspectives of disciplines outside the sciences—such as history, philosophy, sociology, and economics—in combination with the natural sciences, applied sciences, clinical medicine, and engineering.

**HON 401 Global Issues** *revised course*

Using historical, geographical, sociological, political, and economic perspectives, students examine global issues. This examination may be either topical or regional and may be oriented either toward the past, the present, or the future.

**HUE 269 Modern Poland** *special topic Fall 2000*

Introduction to the world of modern Polish culture, broadly defined. Literature, the arts, and media are presented in their historical context. Special attention is given to contemporary writers' and filmmakers' attitudes toward the political and artistic legacies of the past. May be repeated as the topic changes.

**HUI 331 Primo Levi and the Holocaust** *special topic Fall 2000*

A study of the Holocaust as portrayed in literature, focusing on authors of various cultural backgrounds, including Primo Levi, Elie Wiesel, and Isaac Bashevis Singer. May be repeated as the topic changes.

**HUI 390-G Italian American Studies in the Humanities: The Gangster in Italian-American Literature** *new course special topic Fall 2000*

Exploration of the gangster in the literature of American writers of Italian descent. Drawing on background material from Greek mythology, historical and sociological studies of American masculinity and violence, and popular culture studies, the course provides a context for understanding the figure of the gangster and explores the interactions of gender and ethnicity. May be repeated as the topic changes.

*Prerequisite:* U3 or U4 standing

*Advisory Prerequisite:* One 200-level literature course  
3 credits

**HUR 341 Forbidden Texts** *special topic Fall 2000*

Literary works censored or banned by their societies. Emphasis is on the texts of Vladimir Nabokov and other Russian authors who have come into sharp conflict with prevailing ideological and social norms, with examples from American fiction, including Salinger, Faulkner, and Hemingway, toward an intercultural understanding of literature's threat to the prevailing order. No knowledge of Russian required. May be used to satisfy English major requirements. May be repeated as the topic changes.

**ITL 431 Renaissance Novellas** *special topic Fall 2000*

An examination of the most popular short stories in the Italian Renaissance. A selection of comic, tragic, and philosophical novellas allow students to gain a unique perspective on Italian society and culture at the dawn of modernity. May be repeated as the topic changes.

**KRH 331 History of Korea: Cultural Perspectives** *special topic Fall 2000*

Consideration of the defining themes of Korean cultural history, from the founding myth of "Tan'gun" to the end of the last dynasty. Particular attention is paid to the culture and values of the powerful Yangban or scholar-bureaucrats, who left behind a colorful and multifaceted heritage, including masterpieces of poetry, calligraphy, and painting, as well as philosophy and literature.

**LHD 301 Men in America** *special topic Fall 2000*

Consideration of the nature of masculinity and male role conflict and the elements that foster male development through review of developmental theories and examination of male experiences of childhood, adolescence, and adulthood.

**LHD 302 Parenting Skills** *special topic Fall 2000*

The course addresses the skills needed for effective parenting, including setting limits, imposing structure and developing behavior modification techniques, and focuses on particular stages of child development.

**LHD 401 Families at Risk** *special topic Fall 2000*

Exploration of the social and cultural changes that have taken their toll on the American family, including issues such as a teen pregnancy, single parenting, dual career couples, custody battles, and family violence.

**LIA 487 Projects in the Interdisciplinary Arts** *revised course*

The completion of a group-generated or individual creative project under the supervision of an instructor.

*Prerequisites:* LIA 101; any 200 level art, dance, music, or theatre course; permission of instructor and minor coordinator.

**LIA 488 Internship in Arts Management** *new course*

Study of the field of arts management, including public relations, scheduling, resource coordination, and community interaction. Practical work with management of the annual Shirley Strum Kenny Student Arts Festival.

*Prerequisite:* Permission of instructor and minor coordinator  
*0-6 credits*

**LIN 250-K Languages and Cultures of Asian Americans** *new course*

Study of language use and cultural accommodation in selected Asian American communities in historical perspective. Issues include linguistic and cultural diversity of Asia and Asian Americans; comparison of Asian and European immigration patterns; struggle for equality and acceptance; cultural factors in assimilation; patterns of Asian language use and maintenance in various domains; the role of language in ethnic identity; attitudes toward English and bilingualism; bilingualism as a problem and as a resource.

*Prerequisite:* Completion of D.E.C. category A  
*3 credits*

**LIN 356-I Language and Life in Europe: Language and Life in Italy** *new course special topic Fall 2000*

Consideration of the language of a particular country or region in Europe and the relationship between language and the society, culture, history, and politics of the country or region. May be repeated as the language examined changes.

*Prerequisite:* One LIN course or satisfaction of Entry Skill 3 Foreign Language Proficiency  
*3 credits*

**LIS 201 Introductory Seminar in International Studies** *revised course number*

**LRN 104-G The Person** *revised course*

The first course in a two-semester sequence providing a broad cross-disciplinary approach to the study of the humanities and social sciences while laying the foundation for future academic success by fostering critical and conceptual skills through collaborative research projects. Issues associated with human identity and human values are examined in the context of modern social, psychological, and humanistic thought on learning, perception, cognition, and the self, including representations of the person and the self in literature and the arts.

**LRN 141-G Perspectives from the Humanities** *new course*

An interdisciplinary introduction to key methods and ideas in the humanities. Topics may include the varieties of knowledge, the nature of personal identity, ethics, aesthetics, and others.

*Prerequisites:* Enrollment in Learning Communities Program  
*3 credits*

**MAT 122 Overview of Calculus**

**MAT 123 Introduction to Calculus**

Students may take both courses for credit.

**MAT 125-C Calculus A** *revised description and prerequisite*

Differential calculus, emphasizing conceptual understanding, computations and applications, for students who have the necessary background from 12<sup>th</sup> year high school mathematics. Differentiation of elementary algebraic, trigonometric, exponential and logarithmic functions; graphing; modeling; and maximization. May not be taken for credit in addition to MAT 131 or 141 or AMS 151 (or the discontinued MAT 124).

*Prerequisite:* MAT 123; or level 4 on the mathematics placement examination; or MAT 122 and coregistration in MAT 130

3 credits

**MAT 126-C Calculus B** *revised description and prerequisite*

A continuation of MAT 125, covering integral calculus: the fundamental theorem, symbolic and numeric methods of integration, area under a curve, volume, applications such as work and probability. May not be taken for credit in addition to MAT 132 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 125 or 131 or 141 or AMS 151 (or the discontinued MAT 124) or level 6 on the mathematics placement examination

3 credits

**MAT 127-C Calculus C** *revised description and prerequisite*

A continuation of MAT 126, covering: improper integrals and l'Hospital's rule, complex numbers, sequences, series, Taylor series, differential equations and modeling. May not be taken for credit in addition to MAT 132 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 126 or level 8 on the mathematics placement examination

3 credits

**MAT 130 Functions** *revised course*

Inverse functions, exponential and logarithmic functions, radian measure of angles and trigonometric functions. Open to prospective students in engineering, physical sciences, and mathematics who need to bridge the gap between MAT 122 and MAT 125 or 131 or AMS 151. May not be taken for credit in addition to MAT 123 (or the discontinued MAT 124).

*Advisory Prerequisite:* C or higher in MAT 122

*Advisory Corequisite:* MAT 125 or 131 or AMS 151

1 credit

**MAT 131-C Calculus I**

The differential calculus and integral calculus, emphasizing conceptual understanding, computations and applications, for students who have the necessary background from 12<sup>th</sup>-year high school mathematics. Differentiation of elementary algebraic; trigonometric, exponential, and logarithmic functions; graphing; modeling and maximization; the Riemann integral; and the fundamental theorem. May not be taken for credit in addition to

MAT 125 or 141 or AMS 151 (or the discontinued MAT 124).

*Prerequisite:* B or higher in MAT 123, or level 5 on the mathematics placement examination, or B or higher in MAT 122 and coregistration in MAT 130

4 credits

**MAT 132-C Calculus II**

A continuation of MAT 131, covering symbolic and numeric methods of integration; area under a curve; volume; applications such as work and probability; improper integrals and l'Hospital's rule; complex numbers; sequences; series; Taylor series; differential equations; and modelling. May not be taken for credit in addition to MAT 126 or 127 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 131 or 141 or AMS 151 or level 7 on the mathematics placement examination

4 credits

**MAT 141-C Honors Calculus I** *revised course*

The topics of MAT 131 treated with additional attention to the underlying theory as a means of understanding why the processes of calculus work. May not be taken for credit in addition to MAT 125 or 131.

*Prerequisite:* Level 5 on the mathematics placement examination; priority given to students in the University's honors programs

4 credits

**MAT 142-C Honors Calculus II** *revised course*

A continuation of MAT 141 in the same spirit, covering the topics of MAT 132. May not be taken for credit in addition to MAT 126 or 127 or 132 or AMS 161.

*Prerequisite:* C or higher in MAT 141, or B or higher in MAT 131 or AMS 151, or level 7 on the mathematics placement examination

4 credits

**MAT 203 Calculus III with Applications** *revised description*

Vector algebra in two and three dimensions, multivariate differential and integral calculus, optimization and Lagrange multipliers, vector calculus including theorems of Green, Gauss, and Stokes. Approach motivated by applications. Not for credit in addition to AMS 261 or MAT 205.

**MAT 205 Calculus III** *revised description*

Vector algebra, multivariate differential and integral calculus, divergence and curl, line and surface integrals, theorems of Green, Gauss, and Stokes. More theoretical than MAT 203 with applications to the physical sciences. Not for credit in addition to AMS 261 or MAT 203.

**MAT 310 Linear Algebra** *revised prerequisites*

*Prerequisite:* MAT 211 or 305 or AMS 210

**MAT 311 Number Theory** *revised prerequisites*

*Prerequisites:* MAT 312 or 313 or 318

**MAT 312 Applied Algebra** *revised prerequisites*

*Prerequisites:* MAT 211 or AMS 210

**MAT 313 Abstract Algebra** *revised prerequisites*

*Prerequisites:* MAT 310 or 312 or 318

**MAT 316 Invitation to Modern Mathematics** *revised prerequisites*

*Prerequisites:* MAT 211 or AMS 210; MAT 203 or 205 or AMS 261

**MAT 318 Classical Algebra** *revised prerequisites*

*Prerequisite:* MAT 125 or 131 or AMS 151; MAT 211 or AMS 210

**MAT 320 Introduction to Analysis** *revised prerequisites*

*Prerequisite:* One of the following: MAT 203, 205, 211, AMS 261, or A- or higher in MAT 127, 132, 142, or AMS 161

**MAT 322 Analysis in Several Dimensions** *revised prerequisites*

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 320

**MAT 331 Computer-Assisted Mathematical Problem Solving** *revised prerequisites*

*Prerequisite:* MAT 203 or 205 or AMS 261

**MAT 341 Applied Real Analysis** *revised prerequisites*

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361

**MAT 342 Applied Complex Analysis** *revised prerequisites*

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361

**MAT 351 Differential Equations: Dynamics and Chaos** *revised prerequisites*

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361

**MAT 360 Geometric Structures** *revised prerequisites*

*Pre- or corequisites:* MAT 203 or 205 or AMS 261; MAT 211 or AMS 210

**MAT 362 Differential Geometry of Surfaces** *revised prerequisites*

*Prerequisite:* MAT 320 or 364

**MAT 364 Topology and Geometry** *revised prerequisites*

*Prerequisite:* MAT 203 or 205 or AMS 261

**MAT 401 Ways of Counting** special topic Fall 2000

On different ways of counting: combinatorics and number theory. Consideration of how many formulae in mathematics can be derived in different ways and have interesting number theoretic and combinatorial consequences. Examples such as power series, including the trigonometric form of the Pythagorean theorem. May be repeated as the topic changes.

**MUS 101-D Introduction to Music** *revised description*

Not for credit after MUS 130.

**MUS 119-D Elements of Music** *revised description*

Not for credit after MUS 130.

**MUS 122 Beginning Keyboard** *new course*

Basic keyboard skills, including reading in clefs and rudimentary technical competence.

*Prerequisite:* Placement by undergraduate musicianship examination

*Corequisites:* MUS 121 and 321

1 credit

**MUS 130-D Sound Structures** *new course*

Development of strategies for informed listening, analysis, and writing about music. Topics include timbre and sonority, meter and rhythm, melodic design, form, organization of pitch and harmony, and interactions between music and language. Repertory is drawn from a wide range of historical periods and cultural contexts.

Considerable emphasis on writing and on acquiring concepts and vocabulary appropriate to diverse types of music.

*Prerequisite:* Primarily intended for prospective music majors and minors; others with sufficient musical background by permission of instructor

3 credits

**MUS 141, 142 Keyboard Harmony A, B** *new courses*

Practical studies in music theory through basic keyboard exercises.

MUS 141 may not be taken for credit in addition to the discontinued MUS 131 or 132. MUS 142 may not be taken for credit in addition to the discontinued MUS 231 or 232.

*Prerequisite* to MUS 141: MUS 122

*Corequisite* to MUS 141: MUS 220 and 321

*Prerequisite* to MUS 142: MUS 141

*Corequisite* to MUS 142: MUS 221 and 323

1 credit per course; MUS 141 not offered Fall 2000

**MUS 261 Stony Brook Chorale** *revised prerequisites*

*Prerequisites:* Audition; ability to read music

**MUS 264 Big Band Jazz Ensemble** *revised title and credits*

1 credit

**MUS 266 Guitar Workshop** *new course*

An overview of guitar technique and fingerboard harmony, featuring in-class performance, transcription of tablature systems, and arranging for solo guitar. May be repeated.

*Prerequisite:* Audition

1 credit

**MUS 267 Jazz Combo** *new course*

Arranging and extended improvising skills for the small jazz ensemble. Emphasis on in-class performances, transcription assignments, and learning standard jazz compositions. May be repeated.

*Prerequisite:* Permission of instructor

1 credit

**MUS 393 Women's Chorus** *new title and revised prerequisites*

*Prerequisites:* Audition; ability to read music

**PHI 384-G Gender in the Foundations of Western Philosophy** *special topic Fall 2000*

A study of the place and function of power and gender difference in foundational texts of Western philosophy. Most readings are constituted by primary texts. May be repeated as the topic changes. Crosslisted with WST 384.

**PHI 402 Analysis of Philosophical Texts: Heidegger's Being and Time** *special topic fall 2000*

Discussion of one of the most important works written in the past 100 years and its attempts to transform not only our understanding of the nature of human subjectivity but of the world in which we live. Consideration of the text in relation to Heidegger's lectures from this period and the leading ideas and their implication for a theory of human embodiment.

**PHI 435 Systems of the Great Philosophers** *special topic fall 2000*

Examination of the "systems of the great philosophers" following the theses of Charles Taylor's historical-systematic reconstruction of *The Sources of the Self*, itself a systematic reconstruction of the history of philosophy. The approach provides a chance to re-conceptualize that history and to reflect on the nature of systematic thought.

**PHY 121-E Physics for Life Sciences I**

**PHY 125-E Classical Physics A**

**PHY 126-E Classical Physics B**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**PHY 127-E Classical Physics B**

**PHY 132-E Classical Physics II**

**PHY 142-E Classical Physics II: Honors**

*Revised prerequisites:* AMS 151 will also satisfy the mathematics prerequisite

**PHY 262-E An Introduction to Solid-State Physics** *revised credits*

Three lecture hours per week.

*3 credits*

**PHY 263 Introduction to Solid-State Physics Laboratory** *new course*

Laboratory component of PHY 262. Three hours of laboratory per week.

*Prerequisite:* PHY 251 and 252

*Corequisite for physics majors:* PHY 262

*1 credit*

**PHY 313-H Mystery of Matter** *new course*

Exploration of our understanding of the fundamental particles that are the constituents of all matter; how our understanding of them and the tools developed to study them affect aspects of contemporary society. Historical discoveries and their place in social and political institutions of the time are considered, along with issues of government funding and the cost to society. Includes discussion of developments at Brookhaven National Laboratory and their social as well as scientific impact.

*Prerequisites:* U3 or U4 standing; one D.E.C. category E course  
*3 credits*

**POL 401 Politics and the Internet** *special topic Fall 2000*

How to use internet resources to conduct research in political science and, more generally, in other fields. No prior knowledge of computer use required. May be repeated as the topic changes.

**POL 402 Political Leadership and Rhetoric** *special topic Fall 2000*

Consideration of the concept of political leadership and analysis of political rhetoric. Readings in classical rhetorical theory and examination of some classical examples are followed by close study of speeches by several significant political leaders, such as Lincoln, Eisenhower, Reagan, and Martin Luther King. Topics include campaign rhetoric, apologies, women politicians, policy change, and social movement leadership. May be repeated as the topic changes.

**POL 403 Tocqueville's Democracy in America** *special topic Fall 2000*

Close reading of what is generally considered the best book ever written on America and its people, Tocqueville's *Democracy in America*. May be repeated as the topic changes.

**PSY 310-F Research and Writing in Psychology** *new course*

An introduction to and critical analysis of the methodology of psychological research. Not for credit in addition to PSY 300.

*Prerequisites:* PSY 103 and PSY 201 or any other course satisfying the department's methodology requirement  
*4 credits*

**RLS 310 Gospel and Imagination** *special topic Fall 2000*

Exploration of the New Testament Gospels, especially Mark and John, as imagination literature, using critical comparison of ancient sources and reference to modern adaptations.

*Advisory Prerequisite* for Fall 2000: RLS 270

**RUS 491 Great Books** *special topic Fall 2000*

Examination of the major texts of Russian literature, including works of Gogol, Dostoevsky, Tolstoy, and Bulgakov, in terms of their canonical status, considering what makes "great" literature, what shapes canons, and what affects literary reputation. May be repeated as the topic changes.

**SCI 440 Clinical Experience and Action Research** *new course*

A full-year course including weekly clinical experience in campus teaching laboratories, campus outreach programs and regional

schools. Students generate a proposal for an independent research study and begin the data collection phase of that study during the first semester. During the second semester, students continue weekly clinical experiences and present the findings and a final report. Students receive a final grade at the conclusion of the year.

*Corequisites:* SCI 410 and 420

*3 credits; students enroll in 1.5 credits for each of the two semesters*

**SOC 348-F Global Sociology** *new course*

The impact of globalization on human societies, cultures, organizations, and identities. Consideration of the roles of institutions such as the United Nations, organizations such as media conglomerates and transnational corporations, and religious associations in shaping an emerging global society including a survey of contemporary global issues such as the environment, human rights, and economic development.

*Prerequisites:* SOC 105; two other social science courses  
*3 credits*

**SOC 390-F Sociology of Men** *special topic Fall 2000*

Examination of the life experience, emotions, physical responses, ideas and aspirations of men as they interact with women, with each other, and with themselves. A "life-course" perspective is used to understand the ways men's lives change over time as they grow up, learn and play with others, go to school, discover and experience their sexualities, become fathers, and grow older. Consideration of the ways in which men's experiences differ based on race, ethnicity, class, sexuality, and religion. May be repeated as the topic changes.

**SPN 435 Romanticism in Spanish America** *special topic Fall 2000*

Analysis of the various literary genres produced during the period which lay claim to Spanish American intellectual independence and examination of the emergence of a Spanish American self from a literature riddled with anxiety about its origins. Genres considered include the political essay, "gauchesca" poetry, *tradiciones*, the historical novel, and the sentimental novel. May be repeated as the topic changes.

**SPN 445 The Rise of the Spanish Novel** *special topic Fall 2000*

The rise of the Spanish novel, beginning with its origins in *La Celestina* and proceeding through its development in the picaresque novel (*Vida de Lazarillo de Tormes*, *La picara Justina*) in a tradition that culminated in *Don Quixote*. The course also considers the reasons for the relative decline of the Spanish novel during the Enlightenment (*Eusebio*) and for its resurgence, in its classic form, in the 19<sup>th</sup> century (*La gaviota*, *La de Bringas*). May be repeated as the topic changes.

**SPN 465 Syntax** *special topic Fall 2000*

Introduction to transformational-generative grammar, the formal theory of sentence structure, including basic concepts, principles and techniques of current syntactic theory and analysis and central areas of syntactic thought, and providing practice in using analytic techniques and concepts on data from the Spanish language. May be repeated as the topic changes.

**SSI 250 Modern China** *revised description*

Exploration of the changes and continuities in Chinese culture and society across a century of economic upheaval and political turmoil. Drawing on interdisciplinary scholarly studies, autobiographical and biographical accounts, government documents, journalist reports, popular fiction, documentary film, and photographs, it surveys major historical developments in 20<sup>th</sup>-century China, and introduces key concepts and terms employed in the process of creating a modern China. Crosslisted with CNS 250.

**THR 484:05 Projects in Theatre: Performance Workshop**  
*new course special project Fall 2000*

A small company of actors develop several Story Theatre productions which are toured to elementary, middle, and high school in the spring semester. Audition. May be repeated. Only six credit of THR 480, 483, 484 and 487 may be used to satisfy major requirements.

**THR 487 Independent Research** *revised course*

Designing and developing a research project selected by the student in consultation with a faculty member. May be repeated. Only six credit of THR 480, 483, 484 and 487 may be used to satisfy major requirements.

*Prerequisite:* Permission of department  
*0-6 credit*

**WST 384-G Gender in the Foundations of Western Philosophy**  
*special topic Fall 2000*

A study of the place and function of power and gender difference in foundational texts of Western philosophy. Most readings are constituted by primary texts. May be repeated as the topic changes. Crosslisted with PHI 384.

**WST 391-G Women in the Visual Arts** *special topic Fall 2000*

Survey of the lives and work of selected women artists, including painters, sculptors, photographers, performance, installation and video artists, studied in conjunction with feminist writings in various fields, toward an understanding of how, if and why the work reflects the ideology of gender. May be repeated as the topic changes.

## COLLEGE OF ENGINEERING AND APPLIED SCIENCES AND HARRIMAN SCHOOL OF POLICY AND MANAGEMENT

### CEAS Majors and Minors

#### Computer Science (CSE)

##### Acceptance into the CSE Major

Please refer to page 239 of the 1999-2001 *Undergraduate Bulletin*.

Qualified freshman and transfer applicants may be accepted directly into the Computer Science (CSE) or Information Systems (ISE) major upon admission to the University. Currently enrolled students may apply for acceptance to one of these majors after completing the following courses with a grade point average of 2.8 or higher and no grade in any of them lower than a C.

1. CSE 113 Foundations of Computer Science I
2. CSE 114 Computer Science I
3. AMS 151 or MAT 125 or MAT 131

Only one of these courses may be repeated, and repeated only one time.

#### Requirements for the Major in Computer Science

Please refer to page 239 of the *Undergraduate Bulletin*. The numbered items are revised as follows:

1. Required Introductory Courses  
The new CSE 219 has been added as a required course.
2. Required Advanced Courses
  - a. CSE 303 or 373
  - b. CSE 308
  - c. Three courses chosen from: CSE 305; 306; 304 or 307; 328 or 333
  - d. One course chosen from: CSE 310, 345, 346, ESE 318, 345
3. Computer Science Electives  
Three upper-division CSE or ISE courses, excluding CSE/ISE 475, 488, and ISE 440.
4. Deleted. See 3 above.
8. Deleted. See 2 above.
9. PHY 125 (or 131 or 141) and AST 203 has been removed from the list of approved natural science sequences.

#### Minor in Computer Science

The minor in computer science is open to all students not majoring in either computer science or information systems. The minor requires seven CSE or ISE courses totaling 22 to 24 credits as outlined below. All of these courses must be passed with a letter grade of C or higher. In order to declare the minor in computer science, students must complete CSE 113 and 114 with grades of C or higher.

#### Requirements for the Minor in Computer Science

- CSE 113 Foundations of Computer Science I
- CSE 114 Computer Science I
- CSE 214 Computer Science II
- CSE 219 Computer Science III or CSE 220 Computer Organization and Systems Programming
- Three upper-division CSE or ISE courses totaling at least nine credits (excluding CSE/ISE 300, 475, 487, 488 and ISE 440). ESE 318 may be substituted for one of these three CSE or ISE courses.

#### Information Systems (ISE)

##### Acceptance into the ISE Major

Please refer to page 239 of the 1999-2001 *Undergraduate Bulletin*.

Qualified freshman and transfer applicants may be accepted directly into the Computer Science (CSE) or Information Systems (ISE) major upon admission to the University. Currently enrolled students may apply for acceptance to one of these majors after completing the following courses with a grade point average of 2.8 or higher and no grade in any of them lower than a C.

1. CSE 113 Foundations of Computer Science I
2. CSE 114 Computer Science I
3. AMS 151 or MAT 125 or MAT 131

Only one of these courses may be repeated, and repeated only one time.

#### Requirements for the Major in Information Systems

Refer to page 247 of the 1999-2001 *Undergraduate Bulletin*.

Requirement numbers A.1. and A.3. have been revised as follows:

- A. 1. CSE 113, 114, 213, 214, 219, and 220
- A. 3. ISE/CSE 310 and ISE 440

#### Enrolling in CSE and ISE Courses

- To enroll in CSE and ISE courses, students must:
  1. Have completed all prerequisites with a grade of C or higher. (Pass/No Credit grades are not acceptable to meet prerequisites.) For transfer students, official transfer credit evaluations must have been completed and approved and the relevant proficiency examination for lower division courses, given during the first week of each semester, must have been taken and passed.
  2. Attend the first class.
- Failure to satisfy the prerequisites or to attend the first class may result in deregistration.
- Priority for registration is given to students who have not taken the same course previously.
- Upper-division CSE and ISE courses are restricted to CSE and ISE majors.
- The Pass/No Credit option is not available to CSE and ISE majors for CSE and ISE courses.

**Notice to CSE and ISE Majors Regarding Course Offerings:**

- CSE 106 has been discontinued.
- CSE/ISE 309 has been discontinued and CSE/ISE 308 has been revised and will be offered in both the Fall and Spring semesters.
- ISE 441 has been discontinued.
- In addition to the regular semester offering of CSE 113, 114, 213, 214, and 303, these courses will also be offered in Summer 2000.

**Physics (PHY) new minor**

The minor in physics is available for those who want their formal university records to emphasize a serious amount of upper-division work in physics.

All courses offered for the minor must be passed with a letter grade of C or higher. Completion of the minor requires 18 credits.

**Requirements for the minor in physics for students with majors in the College of Engineering and Applied Sciences**

1. PHY 251 Modern Physics
2. One of the following:  
PHY 262 An Introduction to Solid-State Physics  
ESG 281 An Engineering Introduction to the Solid State
3. One of the following:  
PHY 301 Electromagnetic Theory  
ESE 319 Introduction to Electromagnetic Fields and Waves
4. PHY 303 Mechanics
5. One of the following:  
PHY 306 Thermodynamics, Kinetic Theory, and Statistical Mechanics  
ESM 309 Thermodynamics of Solids  
MEC 398 Thermodynamics II
6. One of the following:  
PHY 335 Electronics and Instrumentation Laboratory  
ESE 314 Electronics Laboratory B

**Mechanical Engineering (MEC)**

**Requirements for the Major in Mechanical Engineering**

Please refer to page 255 of the 1999-2000 *Undergraduate Bulletin*. Item 2.b. has been revised. effective with new freshmen in Fall 2000.

2. b. PHY 251 Modern Physics and PHY 252 Modern Physics Laboratory  
or  
ESG 281 Introduction to the Solid State

**Department of Technology and Society (EST)**

**Requirements for the Minor in Technology and Society REVISED**

Beginning with the Fall 1999 semester, all students must complete at least six EST courses (minimum 18 credits) with a minimum cumulative g.p.a. of 2.5. At least three of the six courses must be at the 300-level or above. No EST course that is counted towards

the requirements for a student's major may be counted towards the EST minor requirements. EST 475 and 499 may each be used only once to satisfy requirements of the minor.

**Course Descriptions**

The courses below are special topics courses for Fall 2000 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here.

**AMS 110 Probability and Statistics for the Life Sciences revised description**

The course may now be taken for credit in addition to AMS 102.

**AMS 151-C Applied Calculus I revised prerequisites**

Not for credit in addition to MAT 125 or 126 or 131 or 141.

*Prerequisites:* B or higher in MAT 123, or level 5 on mathematics placement examination, or B or higher in MAT 122 and coregistration in MAT 130 (not offered spring 2000)

**AMS 161-C Applied Calculus II revised prerequisites**

May not be taken for credit in addition to MAT 127 or 132 or 142.

*Prerequisites:* C or higher in AMS 151 or MAT 131 or 141, or level 7 on the mathematics placement examination

**AMS 345 Computational Geometry new course**

The design and analysis of efficient algorithms to solve geometric problems that arise in computer graphics, robotics, geographical information systems, manufacturing, and optimization. Topics include convex hulls, triangulation, Voronoi diagrams, visibility, intersection, robot motion planning, and arrangements. Crosslisted with CSE 355.

*Prerequisites:* AMS 301; programming knowledge of C or C++ or Java  
3 credits

**BNG 201-H Bioengineering and Society revised course**

How engineers interact with others in the development of solutions to societal problems, with emphasis on engineering problems arising in the biological realm. In-depth evaluations of both successful and unsuccessful technologies illuminate the role of bioengineers in supporting the well-being of urban and rural populations throughout the world, through developments in medical engineering, biotechnology, environmental engineering, and ergonomic design.

*Prerequisite:* One D.E.C. category E course

**BNG 304 Genetic Engineering new course**

Introduction to production engineering with specific focus on the production of genetically engineered products. How cost, time, efficiency, and quality influence the selection of production techniques. Structure and function of DNA and the flow of genetic information. The methodology involved in recombinant DNA technology and the application of these technologies to cloning and

genetic modification of plants and animals, production of pharmaceuticals, and gene therapy.

*Prerequisite:* BNG 201 or ESG 201

*3 credits*

**BUS 110 Business in the 21<sup>st</sup> Century** *new course*

NOTE: In Fall 2000, this course is open *only* to new freshmen and transfer business majors.

Introduces students to major business thinkers and actors who have influenced today's business practices. Explores contributions over the last century from Henry Ford to Bill Gates showing how the industrial revolution became the information revolution. Provides knowledge on how business works and a perspective on its evolution into the next millenium while preparing the student for advanced business courses.

*3 credits*

**CSE 113 Foundations of Computer Science I** *revised course*

A rigorous introduction to fundamental concepts of computer science with a special emphasis on recursion and its applications in functional programming as well as reasoning techniques based on propositional logic and mathematical inductions.

**CSE 114 Computer Science I** *revised course*

An introduction to procedural and object-oriented programming methodology. Topics include program structure, conditional and iterative programming, procedures, arrays and records, object classes, encapsulation, information hiding, inheritance, polymorphism, file I/O, and exceptions. Software debugging and testing techniques are emphasized including an introduction to formal verification methods. Includes required laboratory.

*Prerequisite:* C or higher in CSE 113

*4 credits*

**CSE 213 Foundations of Computer Science** *revised course*

A continuation of CSE 113 focussing on the descriptive formalisms relevant to computing including set theory and its application to quantifiers, relations and graphs, combinatorics, and finite state machines.

*Prerequisite:* CSE 113

*Pre- or corequisite:* CSE 114

**CSE 214 Computer Science II** *revised course*

An extension of programming methodology to data storage and manipulation on complex data sets. Topics include: programming and applications of major data structures; stacks, queues, lists, binary trees, heaps, priority queues, balanced trees and graphs. Recursive programming is heavily utilized. Fundamental sorting and searching algorithms are examined along with informal efficiency comparisons.

*3 credits*

**CSE 219 Computer Science III** *new course*

Development of the basic concepts and techniques learned in CSE 114 Computer Science I and CSE 214 Computer Science II into practical programming skills that include a systematic approach to

program design, coding, testing, and debugging. Application of these skills to the construction of robust programs of 1,000 to 2,000 lines of source code. Use of programming environments and tools to aid in the software development process.

*Prerequisite:* CSE 214

*3 credits*

**CSE 220 Computer Organization and Systems Programming**

*revised prerequisite*

*Prerequisite:* CSE 114

**CSE 308 Software Engineering** *revised course, effective Spring 2001*

Introduces the basic concepts and modern tools and techniques of software engineering. Emphasizes the development of reliable and maintainable software via system requirements and specifications, software design methodologies including object-oriented design, implementation, integration, and testing; software project management; life-cycle documentation; software maintenance; and consideration of human factor issues. Crosslisted with ISE 308.

*Prerequisite:* CSE 219

**CSE 346 Computer Communications** *revised prerequisites*

*Prerequisite* for electrical and computer engineering majors: ESE 306

*Prerequisites* for computer science majors: CSE 220; AMS 310 or 311

**CSE 355 Computational Geometry** *new course*

The design and analysis of efficient algorithms to solve geometric problems that arise in computer graphics, robotics, geographical information systems, manufacturing, and optimization. Topics include convex hulls, triangulation, Voronoi diagrams, visibility, intersection, robot motion planning, and arrangements. Crosslisted with AMS 345.

*Prerequisites:* AMS 301; programming knowledge of C or C++ or Java

*3 credits*

**CSE 364 Advanced Multimedia Techniques** *new course*

Digital media production techniques for high-bandwidth applications such as electronic magazine illustration, broadcast television, and motion picture special effects. Students explore techniques such as 3D modeling and character animation, video compositing, and high-resolution image processing in a state-of-the-art multimedia computing laboratory. High-capacity mutlimedia storage, high-speed networks, and new technologies such as DVD, HDTV, and broadband will be reviewed. Crosslisted with ISE 364.

*Prerequisites:* CSE/ISE 334 and permission of the instructor

*3 credits*

**EAS 201 Oral Communication for Engineers** *new course*

An examination and application of oral communication in a variety of contexts, including interpersonal, small group, and public speaking, focussing on the importance of communication in professional life as related to the technical field of engineering. The

various roles and functions of speaking in such contexts will be the primary aim, with emphasis on: communicating with co-workers and supervisors; leadership in task groups (problem solving); writing and presentation of diverse and relevant speeches including informative oral reports and persuasive speeches.

*Prerequisite:* U3 or U4 CEAS major

*3 credits*

**ESE 333 Real-Time Operating Systems** *new course*

Introduces basic concepts and principles of real-time operating systems. Topics include structure, multiple processes, interprocess communication, real-time process scheduling, memory management, virtual memory, file system design, security, protection, and programming environments for real-time systems.

*Prerequisites:* ESE 124; CSE 214; ESE 380 or CSE 220

*3 credits*

**ESE 342 Digital Communication Systems** *revised course*

Pulse modulation and sampling. All-digital networks. Pulse code modulation. Digital modulation techniques. Time-division multiplexing. Baseband signaling. Intersymbol interference. Equalization. Basic error control coding. Exchange of reliability for rate. ARQ schemes. Message and circuit switching.

**ESE 346 Computer Communications** *revised prerequisites*

*Prerequisite* for electrical and computer engineering majors: ESE 306

*Prerequisites* for computer science majors: CSE 220; AMS 310 or 311

**ESG 111 C Programming for Engineers** *new course*

Introduces computer programming techniques for engineering students who are not planning to take advanced computer science courses. Students will learn C programming language as applied to various scientific and engineering problems. Includes advanced simulation packages such as Labview to introduce computer control of experimental systems. Not intended for students who have completed a C programming course.

*Pre- or corequisites:* AMS 151 or MAT 125 or 131 or 141; PHY 125 or 131 or 141

*3 credits*

**ESG 310 Research Methods for Engineers and Scientists**

*new course*

Introduction to the scientific method and research methods within the context of engineering and the sciences. Topics include: interpretation of research, design of experiments, ethics, writing an abstract, use and abuse of statistics in reporting data, presentation and publication.

*Pre- or corequisite:* A research, independent study, or internship course

*2 credits*

**EST 100 Computer Literacy in a Digital Era** *revised course*

Introduces computer applications and selection of computer-based tools and the skills necessary to be successful in an era of digital

revolution including: electronic communication; application-based projects; information management and assessment; and the societal impacts of digital literacy. Emphasizes computer literacy skills used in education, industry, and other professional environments. Participation in weekly computer labs is required.

**ISE 203 Using the Internet for Research** *new course*

Presents methods of information retrieval from large databases and Internet resources. Emphasis on developing cognitive skills for effective information retrieval from web-based search engines and the very large textual databases that are increasingly available to end-users through the Internet. Includes the use of Boolean operators to retrieve relevant information. Students learn how to create search strategies, how to discern relevance in the research process, and they complete a project in which they apply these skills by thoroughly investigating a research topic and creating a website featuring the subject of their database research. Not for CSE or ISE major credit.

*Prerequisites:* CSE 103 or equivalent; U3 or U4 standing; permission of instructor

*2 credits*

**ISE 364 Advanced Multimedia Techniques** *new course*

Digital media production techniques for high-bandwidth applications such as electronic magazine illustration, broadcast television, and motion picture special effects. Students explore techniques such as 3D modeling and character animation, video compositing, and high-resolution image processing in a state-of-the-art multimedia computing laboratory. High-capacity multimedia storage, high-speed networks, and new technologies such as DVD, HDTV, and broadband will be reviewed. Crosslisted with CSE 364.

*Prerequisites:* CSE/ISE 334 and permission of the instructor.

*3 credits*

**ISE 440 Information Systems Design** *revised course*

Student groups select an appropriate senior design project; analyze the application; produce specification, design, test plan, and user manual documents; perform coding, testing and final evaluation.

**MEC 112 Practical C/C++ for Scientists and Engineers** *new course*

Introduces computer sciences and the use of the computer for solving scientific and engineering problems using the C/C++ programming language. Students gain experience using graphical interface (GUI) and object-oriented programming concepts. Primarily for engineering students who are not planning to take advanced computer science courses. Students who have earned a C or higher in CSE 114 may not take MEC 112.

*Prerequisites:* AMS 151 or MAT 125 or 131 or 141 (or the discontinued 124); PHY 125 or 131 or 141

*3 credits*

**MEC 160 E Introduction to Nuclear Science and Technology** *new course*

Introduces the basic concepts of nuclear science. Topics include: basic atomic structure; isotopes; mass-energy equivalence; binding

energy; decay of radionuclides; nuclear reactions; fission and fusion; the interaction of radiation with matter; and biological effects of radiation. Discusses nuclear science concepts in the context of relevant applications such as nuclear medicine and imaging, nuclear power, radioactive waste, food irradiation, and weapons. Not intended for science majors.

*Prerequisite:* MAT 123 of level 4 on the mathematics placement examination

*3 credits, first offering Spring 2001*

**MEC 290-H Nuclear Technology: History, Society, Medicine and the Environment** *new course*

Introduces the history and applications of nuclear technology in our society and addresses the social and environmental implications and issues. Topics include radiation types and sources; biological effects, standards, and radiation protection; fission, breeding, and fusion; nuclear waste; weapons. Discusses current applications including power, food irradiation, medical applications, isotope dating, and advanced applications such as space power and propulsion, accelerators, and antiprotons.

*Prerequisites:* One D.E.C. category E course

*3 credits*

**MEC 406 Energy Management in Commercial Buildings** *new course*

Basic heating, ventilating, and air-conditioning (HVAC) system design and selection for commercial buildings. Includes both low-rise and high-rise structures. Selection of central plant components and equipment, calculation of space heating and cooling load, computer techniques for estimating annual energy consumption. ASHRAE codes. Building controls. BACnet.

*Prerequisite:* MEC 398

*3 credits, first offering Spring 2001*

**CORRECTIONS TO  
1999-2001 UNDERGRADUATE  
BULLETIN**

CORRECTIONS ARE UNDERLINED.

**Academic Policies and Regulations**

**Class Standing**

Class standing is based on the total credits earned prior to the beginning of each semester:

Freshman, U1	0-23 credits
Sophomore, U2	24-56 credits
Junior, U3	57-84 credits
Senior, U4	85 credits or more

**College of Arts and Sciences**

**Africana Studies Faculty Listing**

Olufemi Vaughan, Associate Professor, Ph.D., University of Oxford: Joint appointment with History; African politics and history; international relations. Recipient of the State University Chancellor's Award for Excellence in Teaching, 1997.

**English Faculty Listing**

Ira Livingston, Associate Professor, Ph.D., Stanford University: Romanticism, literary theory.

**Minor in Health and Wellness**

Please see page 147 of the 1999-2001 Undergraduate Bulletin. Under Requirement 3, add PSY 356 Physiological Psychology.

**Minor in Science and Engineering**

Please see page 207 of the 1999-2001 Undergraduate Bulletin. Add the following note at the end of the requirements for the minor: For students with majors in engineering, only PHY courses numbered 200 or higher may be applied toward the minor.

**Corrections to Course Descriptions**

**BCP 394-H Environmental Toxicology and Public Health**

This course satisfies D.E.C. category H.

**CCS 101-B Images and Texts: Understanding Culture**

This course satisfies D.E.C. category B.

**EGL 232-I Rebels and Tyrants**

An exploration of literary rebels and tyrants central to Russian and Anglo-American traditions. The subversive tactics of such writers as Shakespeare, Dostoevsky, Sir Walter Scott, Solzhenitsyn, and Salinger are appraised in the light of the dominant social, political, and aesthetic systems they confront. Crosslisted with HUR 232.

*Advisory Prerequisite:* One D.E.C. category B course

*3 credits*

**ENS 101-E Prospects for Planet Earth**

This course satisfies D.E.C. category E.

**HUR 232-I Rebels and Tyrants**

Course satisfies D.E.C. category I

Crosslisted with EGL 232.

**MAR 394-H Environmental Toxicology and Public Health**

This course satisfies D.E.C. category H.

**PSY 383 Research Lab: Physiological Psychology**

*Prerequisites:* PSY 300; PSY 356; permission of instructor

**SAS 401, 402 Special Topics in South Asian Studies**

May be repeated as the topic changes.

*Prerequisite:* U3 or U4 standing

*3 credits*

**HEALTH SCIENCES CENTER - Undergraduate Courses****Fall 2000**

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Student Services Center, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

## Lecture Notes

### Provided by: First Class Notes

**Earn While You Learn!**  
\*Note takers wanted\*

First Class Notes & Ushock.com  
are looking for qualified students to take notes.

To qualify you need:

\*3.5 GPA

\*Good note taking skills

\*A desire to learn

With First Class Notes and Ushock.com  
you will earn lots of cash, get great online  
experience and improve your grades!

For more information call 689-1668  
or visit [www.ushock.com](http://www.ushock.com)

**SAVE TIME, RUNNING AROUND and UNNECESSARY TRIPS BACK AND FORTH TO DEPARTMENTS AND ADMINISTRATIVE OFFICE**

**BEFORE REGISTERING** for classes, consult the alphabetical listing of courses in this publication and check the remarks for each course. The remarks tell you important things you need to know. For instance:

- If the course will require permission to register
- If the course is restricted (by major, class, etc)
- If a specific section is for a special group or population of students.

**"NEW P/NC AND WITHDRAWAL POLICY"  
READ ABOUT IT IN THIS PUBLICATION.**

**THIS CHANGE IN POLICY BECOMES EFFECTIVE  
WITH THE FALL 2000 SEMESTER.**

**IF YOU HAVE ANY QUESTIONS, CONTACT THE  
ACADEMIC ADVISING OFFICE FOR YOUR MAJOR**

- **College of Arts & Sciences students – 632-7082**  
- OR -  
➤ **College of Engineering students – 632-8381**

### SUPPRESSION OF PERSONAL DATA:

**If you want to keep your NAME, ADDRESS, TELEPHONE, EMAIL information confidential, you can only do this by:**

- **Coming in-person, with your ID CARD, to the Registrar's Service Counter and we will suppress that information from the public.**
- **If you have any questions, please call our office during our service hours - (631) 632-6175, Choose #3**

BUS 110 :05		Business/21 <sup>st</sup> Century	F 12:40-2:00 pm	W 9:25-10:45 am

#### Friday 2:15-5:15pm

ANP 391 :01	E	#Studying Primates	F 2:15-5:15 pm	
-------------	---	--------------------	----------------	--

### Saturday Courses

#### Saturday 9:00-12:00pm

BUS 114 :04		Financial Accounting	SA 9:00-12:00 pm	
-------------	--	----------------------	------------------	--

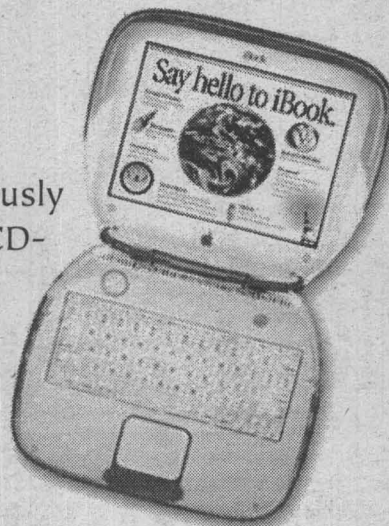

**SATURDAY FINALS WILL BE HELD  
SATURDAY, December 23rd DURING THE  
REGULAR SCHEDULED CLASS TIME**

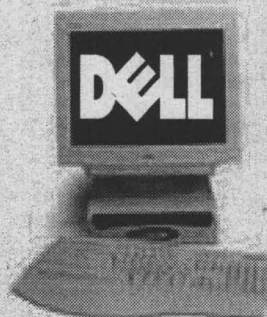

# BUY YOUR SYSTEM NOW AND HAVE IT DELIVERED, SET UP AND READY FOR START OF CLASSES.\*

## Apple®

**iBook**, now with twice the memory and a ferociously fast processor. The iBook comes with a built-in CD-ROM and high-performance ATI RAGE Mobility graphics. Take on the Net with a 56K modem, 10/100BASE-T Ethernet port. Optional AirPort gives you the wireless freedom to surf from the comfort of your bed, favorite chair or deck.

\*On-campus only

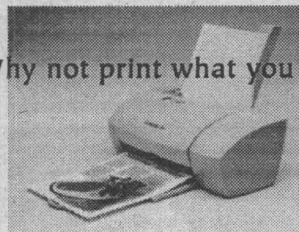

**DELL GX100®** desktops are offered through Computer Corner at academic discounts. Built for quality and reliability, Dells are designed for ease of use. Campus ready with a 56K modem,

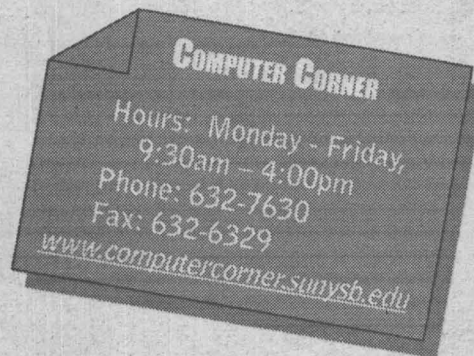

10/100 BASE-T Ethernet port.

COMPUTER CORNER is an Authorized Educational Dealer for Apple, Dell, Hewlett Packard, Lexmark, Microsoft, Symantec and other manufacturers; and an authorized service provider for Apple, Dell, Hewlett Packard and Lexmark. Located in the ECC building, we offer brand name software, peripherals and accessories.

Why not print what you create?

**LEXMARK™ COLORJET PRINTER Z11** has the highest injet resolution on the planet! True 1200 x 1200 resolution, the Z11 prints up to four pages per minute. Lexmark printers are available at Computer Corner. Come in for a demonstration.

COMPUTER CORNER is a service provided by the Faculty Student Association.

**HEALTH SCIENCES CENTER - Graduate Courses****Fall 2000**

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Student Services Center, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

For a complete list of Social Welfare courses contact, Kathy Albin, (631) 444-3141.

## School of Professional Development (SPD) REGISTRATION INFORMATION: FALL 2000

### To SPD STUDENTS:

#### The FALL semester begins TUESDAY, SEPTEMBER 5, 2000

This SCHEDULE booklet contains everything you need to know about course offerings, registration, payment, classroom locations, important phone numbers, academic calendars, and more. Please KEEP IT FOR REFERENCE and note:

- LIBERAL STUDIES (LS) courses, required for the MA/LS Degree, are identified with a "REMARK" after such courses: AH/LS (Arts and Humanities), NS/LS (Natural and Applied Sciences), and SB/LS (Social and Behavioral Sciences). For example, see all "CEI" courses. CORE courses for the MPS Degree are also indicated with a "REMARK".
- Section numbers 21 are off-campus courses; Section 30 are courses given on-line; Section 50 are courses offered on Saturdays.
- Descriptions of SPD courses will be printed in the SPD Fall Bulletin, which will be published and mailed to you in late spring. SPD course descriptions are posted on SPD's Web site at <http://www.sunysb.edu/spd/>
- Keep both your SPD BULLETIN and class SCHEDULE for future reference.

The Registrar's Office maintains a listing of closed courses and course changes on its Web site at <http://www.sunysb.edu/registrar/reghome.htm>

#### SPD ACADEMIC ADVISEMENT

If you have questions or problems in selecting courses, you may call SPD at (631) 632-7050 to SCHEDULE a phone or in-person appointment with an academic advisor. SPD advisors are available Monday-Thursday until 6 PM while classes are in session. The Administration Building Lobby Offices, will be open on Tuesday evenings until 7 PM during Fall and Spring (until 6 PM in SUMMER) to assist you with registration, billing, payment; etc.

#### NUMBER OF CREDITS FOR WHICH YOU MAY REGISTER

According to SPD policy, you may register for a maximum of 18 credits for the fall and spring semesters. Students registered for 1-11 credits are part-time and those registered for 12-18 credits are full-time.

#### REGISTRATION BLOCKS

Students born 1/1/57 and after will be blocked from registering unless the University Health Services Office has received proof of immunity for Measles, Mumps, and Rubella within thirty days of admission to Stony Brook. Call the Health Office at (631) 632-6740 for details. Students having any other OFFICE BLOCKS, such as SPD, Student Accounts or Traffic blocks will not be allowed to register. They are advised to contact the appropriate office to resolve the problem prior to Advance Registration, which begins April 19, 2000.

#### CANCELLING OR WITHDRAWING REGISTRATION

Please remember:

Once you register either in person, by FAX, or phone, you will be liable for tuition and fees, whether or not you receive a bill or make any payment, unless you formally cancel your registration. You are eligible for a refund of 100% of your tuition, only if you cancel or drop courses during the first week of classes. Refer to the Academic Calendar and the Tuition Liability Schedule found in the class schedule or by visiting the Registrar's Web site: <http://www.sunysb.edu/registrar/reghome.htm>.

#### GRADUATION APPLICATION

In order to receive your degree or certificate, you are required to file a graduation application. If you are completing degree or graduate certificate requirements at the end of the fall, 2000 semester, the deadline for applying is Tuesday, September 26, 2000. Pick up applications in SPD's main office: SBS N-201.

#### SPD REGISTRATION OPTIONS: Register Early

If you are matriculated in a master's degree AND you have earned 24 or more credits, your class designator is G2 and you may begin TELEPHONE REGISTRATION on Wednesday April 19 at 1:00 PM. If your class designator is G1 (less than 24 credits) you may begin on Wednesday, April 19 at 3:00 PM. If you are non-matriculated GSP, your class is G0 (even if you are taking all undergraduate courses) and you may begin on Wednesday, April 19 at 5:00 PM. Telephone registration is the easiest way to register. However, you may also register by FAX with the SPD Office only; or in-person at the Registrar's office (The first day of In-Person Registration for G1-G2 is May 3 and for G0, May 4). The options are:

#### Telephone Registration: Call: (631) 632-1100

Refer to the Telephone Registration Instructions in this publication, which provide step-by-step Instructions and a Worksheet. The telephone registration system is available daily from 7 AM - 11 PM including holidays. Remember, telephone registration requires:

- your PIN (Personal ID Number) which is your birth date in six digits (e.g. 102374 for October 23, 1974) Note: you may change this number to any six-digit number.
- your student ID number (Social Security number).
- specific Departmental Call NUMBERS which are required for telephone registration in lieu of course LETTERS. Refer to the list of these call numbers in this publication. They can also be found within the alpha listing of courses throughout the Schedule.

Remember, the earlier you register, the better course selection you will have. To avoid a late fee, you must register by the first day of classes, Tuesday, Sept. 5, 2000.

FAX Registration will be accepted prior to and up through Monday, May 1, 2000. Only the SPD Office will accept FAX registrations.

Prior to sending a FAX registration, be sure to check the Registrar's Web site for course cancellations or changes to course offerings:

- Step 1: On a blank piece of paper, indicate the following information: Your name, ID (SS#), your home and business numbers, semester, title of course(s), and letters/numbers of course(s).

- Step 2: FAX the above registration information to SPD at: (631) 632-9046 by 5/1/00.

#### In-Person Registration begins Wednesday, May 3, 2000

In-person registration takes place in the 2nd floor lobby of the Administration Building at the Registrar's Office. Beginning May 3 (G1; G2) and May 4 (G0) you may register each weekday in person between 8:30 AM and 4 PM, except Tuesdays when registration takes place from 10 AM - 7 PM. We encourage you to use the telephones in the lobby area to register. If you need assistance, go to the Registrar's service window.

#### Late Registration

Late registration begins on the first day of classes, Tuesday, September 5, with a late fee of \$30. Permission of the instructor, as indicated by his/her signature on a Registration Adjustment Form, is required ONLY if classes are closed (filled to capacity) or the class indicates permission is required. If permission is not required for courses with available seats, you may continue to use the telephone system to late register, and drop courses through the end of the add/drop period, September 18. You are eligible for 100% refund ONLY if you drop classes by Monday, September 11.

# \$ Gonna Need Cash?

Consider a job with Dining Services right here on campus!

Wait Staff

Bartenders

Cashiers

Host/Hostesses

and More!

## Many Benefits to you:

- Hundreds of jobs available.
- Many different positions to choose from.
- Largest Variety of Work Schedules and Locations available.
- Opportunities to be promoted, transfer to new positions, learn various skills and network/meet new people.
- Many pay increases - 5 to 6 increases or more in one year!
- End of Semester Pay Bonus.
- Scholarship Award Eligibility.
- The Programs is Structured to Address Student Issues.

  
Campus  
Dining Services

For information or an application, please call  
Warren Wartell at 632-9306.

I said to myself,  
"Is this all there is?"

A few months into his first job after college, Gary Van Deurse needed a break from his nine-to-five routine—a way to feel "useful and

alive." Gary found his answer in AmeriCorps. During his year of service in a rural community, he helped improve the lives of families who needed education, affordable housing, and other support. Looking back, Gary says, "Joining AmeriCorps is the best thing I've ever done. AmeriCorps challenged me, opened my eyes, and gave me new skills and new energy."

**AmeriCorps: Are you up to the challenge?**

## Financial Aid (2000 – 2001)

If you need assistance in meeting your educational expenses for the 2000-2001 academic year, you can still apply for financial aid. To begin the application process, you should:

- Complete the *2000-2001 Free Application for Federal Student Aid (FAFSA)* and mail it to the federal processor. Please use Stony Brook's federal school code = **002838**, and the correct name of the institution, **SUNY at Stony Brook**.
- Complete the *2000-2001 Express Tuition Assistance Program Application (ETA)*. Apply first using the *FAFSA*; if you indicate that you are a New York State resident and list at least one New York State school, New York State Higher Education Services Corp. (HESC) will send an *ETA* to your permanent address. Send the completed application to HESC in Albany. Please use Stony Brook's state code = **0875** for undergraduate students and = **5430** for graduates.
- Upon receipt of the data from your *Student Aid Report* (the document you receive after filing a *FAFSA*) via electronic tape from the federal processor, the Office of Financial Aid and Student Employment will send you an award letter indicating the amount and type(s) of financial aid for which you qualify. **Please review the Financial Aid Fact Sheet enclosed with the award letter for information about subsequent steps in the financial aid process.**

### GRANTS

**Federal Pell Grants** are available to matriculated undergraduates only. Eligibility is determined by a federal formula established by Congress that utilizes information filed in the student's *FAFSA*. Awards at Stony Brook will range from \$400 to \$3,300 for the 2000-2001 academic year.

**Tuition Assistance Program (TAP)** grants are available to New York State residents who are enrolled full time as undergraduate or graduate students in an approved degree program. Awards at Stony Brook range from \$100 to \$3,085 for the 2000-2001 academic year.

**Federal Supplemental Educational Opportunity Grants (FSEOG)** are awarded to undergraduate degree candidates who have exceptional financial need. Awards range from \$100 to \$1,000. Funds are limited and students must apply early to receive consideration.

### LOANS

**Subsidized Federal Stafford Loans** are made available through participating lenders to matriculated undergraduate and graduate students who have demonstrated financial need. The federal government pays the interest while the student is enrolled at least half time and for six months after the student ceases to be enrolled.

- **Undergraduate** annual limits: \$2,625 (freshman), \$3,500 (sophomore), \$5,500 (junior/senior)
- **Graduate** annual limit: \$8,500

**Unsubsidized Federal Stafford Loans** are available to all matriculated undergraduate and graduate students.

- **Dependent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program.
- **Independent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$4,000 annually for their first two years of study and \$5,000 annually for their remaining years of study.
- **Graduate** annual limit: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$10,000 for each year of graduate study.

**Federal Parent Loans for Undergraduate Students (PLUS)** are accessible to parents of dependent undergraduate students. The annual loan limit is the student's cost of education minus estimated financial aid. Applications are available at participating banks and the Office of Financial Aid and Student Employment.

**Federal Perkins Loans** are awarded to matriculated students with demonstrated need. Interest is deferred while the student is enrolled at least half-time and for nine months after the student ceases to be enrolled. Awards at Stony Brook average \$1,500 per year. Funds are limited and students must apply early to receive consideration.

### WORK OPPORTUNITIES

**The Federal Work Study (FWS) and FWS Community Service** programs provide employment opportunities to students who are enrolled at least half time in an approved degree program. The amount of the award is based on the student's financial need. Funds are limited and students must apply early to receive consideration.

To receive financial aid for the 2000-2001 academic year, you must follow through on **all steps** of the financial aid process:

- Accurately complete applications and mail them to the appropriate processor in a timely manner.
- Submit all requested documentation, including a completed award letter, to the Office of Financial Aid and Student Employment.

## STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY

After registering for the **Fall 2000 semester**, all students will be sent a billing statement for tuition & fees with instructions for making payment. If the student does not receive a billing statement within 28 days after registration, **it is the student's responsibility to contact Students Accounts at (631) 632-2455 for a bill and pay the full balance by the due date.**

- Students with outstanding balances will receive multiple statements throughout each semester. Each billing statement will list the amount due to the University. Tuition, fees, and other university charges assessed on each billing statement **will be due in full by the due date appearing on your statement.** Any unpaid charges from the previous statement, including accrued late fees, will be brought forward and additional charges, payments, and credits will be shown.
- **University billing statements are sent to the home address on file with the Office of Records. Billing statements for international students are sent to their local address. EVERY student is responsible** for making sure that a correct address is on file and must inform the Records Office of any change of address. **Failure to receive a bill due to an incorrect address will not be accepted as a reason for waiving late payment fees.**
- The billing statement also will show and subtract any authorized deferments in the calculation of the amount due. These include Pell grants, Stafford loans, TAP and tuition awards. Students must have proof of approved aid, waivers, or scholarships in order to properly defer payment. **Without satisfactory evidence to defer, students are expected to pay charges up front and wait for reimbursement when the aid, waiver or scholarship funds are actually received. Students should apply early for any financial aid they expect to use to pay their university bill.**
- Students are encouraged to join our **Time Option Payment Plan** as they wait for their financial aid to be finalized.
- **Students can always check their current student account balance by using the Automated Telephone System (631-444-6272 / option #4) or on the web through the SOAR option at <http://ws.cc.sunysb.edu/bursar/> or at the Billing window at the Student Accounts Office in the Administration lobby.**

**Payment Instructions:** Payments made by check or money order must be made payable to **Stony Brook University**, and sent to **PO Box 619, Stony Brook, NY 11790**. If paying by credit card, you may access our Automated Telephone System at (631)-632-1100 with a touch-tone phone to charge tuition & fees to VISA, Mastercard, Discover and American Express. **Any payment that fails to clear is subject to a \$20.00 handling fee and may be subject to a \$30.00 late payment fee.**

Payments made by return mail should include the bottom portion of the statement (to ensure proper credit to the account), and sent in the return-addressed envelope provided with the bill. **Mailed payments must be postmarked by the due date to avoid the late payment fee.** Students are encouraged to pay by mail or by telephone in order to avoid lines at the Bursar. **All payments should include your University ID number** for prompt and proper credit to your account.

**Late Payment Fee:** Failure to pay the amount due by the due date will result in an automatic assessment of the incremental late payment fee of \$30.00. Incremental late payment fees, up to \$90 per semester, will be assessed on all accounts not completely paid by the due dates indicated on each successive account statement. **Pending financial aid will not be accepted as a reason to waive late payment fees.**

**Time Option Payment Plan (TOPP):** The Office of Student Accounts offers the **Time Option Payment Plan** which allows for the budgeting of tuition and fees expenses on a monthly basis. There is a processing fee to help defray the administrative expenses of the program. For further information, please call **Student Accounts at (631) 632-2455**. Enrollment forms are found in the **Spring 2000 User's Guide**, which are sent with the bills and also are available in the Student Services Center. **The deadline for Fall 2000 enrollment in the TOPP program is September 14, 2000.**

**DELINQUENT ACCOUNTS:** **Students with any outstanding balance on their student account are not eligible to register at the university or participate in room selection.** No student may receive a degree, certificate of completion or transcript until all charges due to the university or any of its related divisions are paid in full. **Delinquent accounts will be transferred to private collection agencies and/or the New York State Attorney General's Office for collection**, and are subject to additional interest and / or collection charges.

### **REMEMBER THAT YOU ARE RESPONSIBLE FOR:**

- Knowing that you are registered for classes and what classes you are registered for
  - For paying your student account in full by the billing due date
  - For informing us of any changes to your billing address
- For understanding and following the correct procedures to withdraw from classes

# STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY (continued)

## TUITION & FEE LIABILITY

Students who officially withdraw from the University or reduce the number of credits for which they are registered may be entitled to a proportionate refund of tuition paid or proportionate adjustment of tuition charges. The first day of classes as scheduled by the campus shall be deemed to be the first day that classes are offered, as scheduled by the academic calendar. The Fall 2000 semester liability schedule is:

Tuition liability schedule for student withdrawals and cancellations (Fall 2000)

<u>Liability Period from:</u>	<u>Tuition Liability</u>	<u>Tuition Refund</u>	<u>Fees Liability</u>
On or before 09/11/2000	0%	100%	0%
09/12/2000 - 09/18/2000	30%	70%	100%
09/19/2000 - 09/25/2000	50%	50%	100%
09/26/2000 - 10/02/2000	70%	30%	100%
On or after 10/03/2000	100%	0%	100%

During 0% liability, refunds will be processed and charges removed for tuition and all fees. After 0% liability, tuition will be prorated according to the schedule above, and all fees are due in full. **Therefore, the last day to withdraw from classes without any tuition or fee liability is September 11, 2000.** After the start of classes, Campus Residences and Admission deposits will be forfeited. After 100% liability, a student is liable for the applicable percentage of tuition and all fees in full. **Students who register for courses and who do not file the appropriate withdrawal or do not drop before the end of the fourth week of classes are liable for their full charges.**

**NON-ATTENDANCE OF CLASSES DOES NOT CLASSIFY AS AN OFFICIAL WITHDRAWAL, AND DOES NOT RELIEVE THE STUDENT OF HIS OR HER FINANCIAL OBLIGATION, OR ENTITLE THE STUDENT TO A REFUND.**

## CAMPUS RESIDENCES

When the residence halls are occupied at a level of 100% or greater of the regular designed capacity, residents who check out properly will be billed a pro-rated portion of the semester's room charge upon completion of the check out process. When the residence halls are occupied at a level below 100% of the regular design capacity, residents who check out will be billed the full semester's housing charge, with no proration. **Contact Campus Residences for more information.**

## MEAL PLAN

Students who withdraw from the University will be billed a prorated portion of the meal plan up to, and including, the official withdrawal date. Prorations are calculated on a weekly basis, effective the date the Meal Plan Office was notified to cancel. **Contact the Meal Plan Office for more information.**

## CANCELLATIONS & WITHDRAWALS

A student who is given permission to cancel his/her registration or who is withdrawing from classes shall be liable for payments of tuition and all fees in accordance with the liability schedule. **More details about the University's Refund Policy are available through the Student Accounts Office.**

**All refunds or adjustments of charges are based on the date the withdrawal application is officially received by the Student Accounts Office, not on the date of the last class attended.** If students are unable to cancel or withdraw in-person, written requests may be sent to the **Office of Records** or **faxed to (631) 632-9491**. The postmark of the letter or the date the fax is received will determine the amount of refund for which students are eligible. **Students are advised to retain a copy of the withdrawal letter for the Office of Student Accounts.**

## REFUNDS

Based on State University of New York Policy 057.1, **no money shall be refunded unless a formal written request is made within one year** after the last day of the term for which the tuition and fees were incurred at the University. The student must submit in writing a request for full refund of tuition and/or fee charges. All requests must be sent to: **Office of Student Accounts, 254 Administration Building, SUNY Stony Brook, Stony Brook, New York 11794-1301. (Fax 631-632-1308)**

# UNDERGRADUATE TUITION AND FEE INFORMATION

Please note that tuition and fee charges are as of Feb 2000, and are subject to change by official action of the State University of New York. Questions concerning these charges should be referred to the **Office of Student Accounts at (631) 632-2455**.

## TUITION-

<b><u>New York State Resident Tuition:</u></b>	Part-Time Undergraduates (if registered for 1-11 credits) -	\$ 137 per credit
	Full-Time Undergraduates (12 or more credits) -	\$1,700 per semester
<b><u>Out-of-State Resident Tuition:</u></b>	Part- Time Undergraduates (if registered for 1-11 credits) -	\$ 346 per credit
	Full-Time Undergraduates (12 or more credits) -	\$ 4,150 per semester

## MANDATORY REGISTRATION FEES

<b><u>Student Activity Fee</u></b>	Full-Time Undergraduates (12 or more credits) <i>estimated</i> -	\$83.75 per semester
	Part- Time Undergraduates (fewer than 12 credits) <i>estimated</i> -	\$ 7.00 per credit

### Comprehensive fee, consisting of:

<b><u>College Fee</u></b>	Part- Time Undergraduates (fewer than 12 credits) -	\$ .85 per credit
	Full-Time Undergraduates (12 or more credits) -	\$12.50 per semester
<b><u>Athletic Fee</u></b>	Full-Time Undergraduates (12 or more credits) <i>Estimated</i> -	\$60.00 per semester
	Part- Time Undergraduates (fewer than 12 credits) <i>Estimated</i> -	\$ 6.00 per credit

<b><u>Infirmery Fee</u></b>	Full-Time Undergraduates (12 or more credits) -	\$75.00 per semester
	Part- Time Undergraduates (fewer than 12 credits) -	\$ 7.50 per credit

*The Infirmery Fee is automatically waived ONLY for students enrolled in evening (after 5 PM) and weekend classes.*

<b><u>Technology Fee</u></b>	Full-Time Undergraduates (12 or more credits) -	\$100.00 per semester
	Part- Time Undergraduates (fewer than 12 credits) -	\$ 10.00 per credit

*The Technology Fee is assessed to all students to address technology needs in computing and information technology, public computer site upgrade, and automation of student services.*

<b><u>Transportation Fee</u></b>	Full-Time Undergraduates (12 or more credits) -	\$40.00 per semester
	Part- Time Undergraduates (fewer than 12 credits) -	\$ 4.00 per credit

*The Transportation Fee is assessed to all students for parking and busing; waived only if your classes are **off campus**.*

**Late Registration Fee** (applicable for those registering on or after the first day of classes – September 5, 2000)- **\$30**

**Late Payment Fee** (assessed each time a bill is issued and not paid in full or deferred by guaranteed financial aid by the due date)- **\$30, up to \$90 per semester**

All charges are paid to the **Bursar, 261 Administration Building**, or can be mailed to **PO Box 619, Stony Brook, NY 11790-0619**. Checks and money orders must be payable to **Stony Brook University**. If paying by credit card, you may call our Automated Telephone System at (631) 632-2455 [option #4].

**New York State resident students must apply for TAP in order to receive a valid TAP award certificate.**

Additional informational about the **Time Option Payment Plan, Late Payment Fees, Tuition and Fee Liability, and Delinquent Accounts** can be found on the **BILLING & PAYMENT POLICY** page in this bulletin.

<b>Tuition liability schedule for student withdrawals and cancellations (Fall 2000)</b>

It's a jungle out there.

So, take the *smartest* college course you can.  
Hey, somebody has got to be king.

Look, the real world is real competitive. You may need more than good grades to have the kind of career you want. Enter Army ROTC. It's a unique college course that trains you to make split-second decisions, to manage your time and to be a leader. The skills you'll need to succeed in any profession. ROTC classes last just a few hours a week. You can take ROTC for up to two years without obligation. We also offer thousands of dollars in scholarships, plus money for textbooks and a monthly spending allowance. For more information, call **1-800-USA-ROTC** or visit our web site at **[www.armyrotc.com](http://www.armyrotc.com)**.

**ARMY ROTC. THE SMARTEST COLLEGE COURSE YOU CAN TAKE.**
