State University of New York at Stony Brook      Spring 2000 Schedule of Classes  
 Issue No. 9292      November 10, 1999      Published two times per year: per school semester  
 State University of New York at Stony Brook \* Office of the Registrar  
 Administrative Building, Room 254 \* Stony Brook, NY 11794

# OFFICE OF THE REGISTRAR

## WELCOME to the UNIVERSITY AT STONY BROOK

Dear New and Continuing Students:

We are providing you with this Schedule of Classes so that you can prepare for the Spring 2000 semester. You will find important information on: the Telephone Registration Schedule, the Academic Calendars and Key Deadline Dates, general policies and procedures and most important, the courses that are being offered.

Although this Schedule of Classes was prepared on the basis of the best information available at the time, all information (including the calendar events, course offerings, and statements on tuition and fees) is subject to change without notice. All information in this publication supersedes information previously published in the University's Schedule of Classes.

Use the **AUTOMATED TELEPHONE SYSTEM** instead of standing in line. The **ON CAMPUS** phone number is: **2-1100** the **OFF CAMPUS** phone number is **(631) 632-1100** If you need assistance, please stop by the Registrar's Service Counter in the lobby of the Administration Building. Our office phone is **(631) 632-6175** and our normal office hours during the Fall/Spring are: M, W, Th, F 8:30 – 4:00 p.m. and Tuesday, 10:00 a.m. – 7:00 p.m. Once you have registered, you may review your registration at any time using one of the following access methods:

- World Wide Web <http://www.sunysb.edu/registrar/reghome/htm>
- The Automated Telephone System The system will speak all of your registered for courses, credits, meeting times and locations. On Campus 2-1100 Off Campus (631) 632-1100. **Please note that we have a new AREA CODE: 631**
- Any **SOAR Terminal/Kiosk**, located in Academic Advising, Transfer Office, Health Sciences Student Service Center, the Registrar's Service Counter or lobby of the Administration Building.

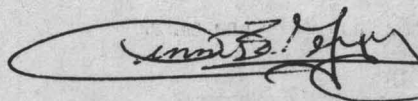

### CHECK IT OUT

Any **UPDATES** to the Schedule of Classes are available on the web  
<http://www.sunysb.edu/registrar/reghome.htm>

You are encouraged to contact your academic advisor before choosing your courses. The Prime Time Advising period begins November 17 – 24. **Spring 2000 registration begins November 22, 1999 for Graduate Students and November 23, 1999 for Undergraduates.**

Spring Semester classes begin **Wednesday, January 19.**

The staff of the Registrar's Office wants to extend their best wishes for a successful semester.

Dennis L. Geyer  
University Registrar

# Did you know ...

## • **Automated Telephone System**

In an effort to make your busy life a little less hectic, the University has developed an automated telephone system at 516-632-1100 that allows anyone with a touch-tone phone to conduct registration business, receive grade reports, get a summary of financial aid procedures and a status report on financial aid, access account information, and pay bills. We will soon be adding new modules to the system that will enable you to do business over the phone with the Undergraduate Admissions Office and Campus Residences.

## • **Easy to Use**

All you need to access the phone system is your University ID number (SS#) and a PIN number (PIN starts out as your six digit birth date, but should be changed and protected). After dialing 516-632-1100 (or 2-1100 on campus) you will hear the main menu:

1. Registration
2. Grades
3. Financial Aid
4. Account information and Bill Payment

After pressing 1,2,3, or 4, depending on which submenu you want to access, you will receive guidance in making your way through the various options in each submenu. They are as follows:

### **Registration** -

- Register for courses
- Add courses
- Drop courses
- Change course sections
- Change the Pass/No Credit option (undergraduates only)
- Hear your program (including classroom locations)
- Change your PIN number

### **Grades** -

- Grades for the previous semester.

### **Financial Aid** -

- Information on your financial aid application and award status
- General financial aid information on grants, Federal Work Study and other student employment opportunities, loans and scholarships.
- Code numbers and information on how to apply for financial aid
- Request application materials
- Financial Aid Office information, including business hours

### **Account Information and Paying Bills** -

- Detailed itemization of your current semester's bill and any outstanding balances
- Pay your bill via VISA, MasterCard, Discover, or American Express

The State University at Stony Brook is an affirmative action/equal opportunity educator and employer.

## FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act of 1974, as amended, sets out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records.

**University of Stony Brook is authorized to release "Directory Information" concerning students. Directory Information includes:**

***Student's name, addresses (including email), telephone numbers, date and place of birth, major field of study, class, participation in officially recognized activities and sports, weight and height of members of athletic teams, likenesses used in University publications, dates of attendance, degrees and awards received and previous institutions attended.***

The above-designated information is subject to release by University at Stony Brook at any time unless USB receives prior written objection for the student. **Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act.** Forms requesting the withholding of directory information are available at the Registrar's Office, 2<sup>nd</sup> floor or the Administration Building. Please be sure to bring your identification card with you in order for changes to be processed to your academic record.

University of Stony Brook is authorized to provide access to student records to campus officials and employees who have legitimate educational interest in such access. These persons are those who have responsibilities in connection with campus academic, administrative or service functions or a person or company with whom USB has contracted (such as the National Student Loan Clearinghouse) and who have reason for using student records connected with their campus or other related academic responsibilities.

## To Cancel or Withdraw Semester Registration Refer to the Academic Calendar for Deadline Dates

- Undergraduate students in the College of Arts and Sciences, including non-matriculated students, go to the Academic Advising Center, Melville Library, E-3310.
- Undergraduate students in the College of Engineering and Applied Sciences go to the College of Engineering, Engineering Building, Room 127.
- All graduate students (except HSC students) can drop all courses by telephone through the automated system or in person at the Registrar's Office.
- Health Sciences Center students must withdraw through their School.

**NOTE:** The following additional approvals are required or recommended as indicated:

- Undergraduate Level International Students – must obtain a signature and advising from International Programs Office, Graduate School, Computer Science Building, Room 2401.
- AIM/EOP Students – must obtain a signature and advising from the AIM/EOP office, Melville Library, W-3520.
- Graduate Level International Students are strongly recommended to seek advising from the International Programs Office, Graduate School, Computer Science Building, Room 2401.

### **Reminders:**

It is the **student's responsibility** to resolve all financial and contractual matters with respect to the cancellation of registration.

- If you have a contract with housing and/or meal plan, contact those offices immediately in accordance with the contract agreement. The Office of Campus Residences is located in the Mendelsöhn Quad. The Meal Plan Office is located in the Melville Library, Room 0391.
- Financial aid recipients contact the Financial Aid Office if you've incurred a tuition liability as a result of your semester cancellation or withdrawal. The Financial Aid Office is located in the Administration Building, Room 230.
- Requests for a refund of tuition payments must be made in writing to the Student Accounts Office in accordance with University policy. The Student Accounts Office is located in the Administration Building, Room 254.

If you cannot drop all of your courses by telephone and cannot come in person to drop all of your courses you must file in writing for a cancellation or withdrawal from the University. Send mail to: Registrar's Office/Student Services, SUNY at Stony Brook, Stony Brook, NY 11794 - 1101 or FAX to (516) 632-9491.

## TELEPHONE REGISTRATION SCHEDULE

Please find the days allocated for your class code (Grads, U4,U3,U2,U1,U0), look across to find the first letter of your last name, and move up the column to find the start time for your registration. After your start time you will be allowed continual access (7AM - 12Midnight) to the telephone system until the end of registration. However, you should register before the first day of classes, January 19, to avoid a late registration fee. Telephone registration Spring 2000, is available to all continuing students. Call (631) 632-1100.

Class	Day	Date	Times						
			7AM	9AM	11AM	1PM	3PM	5PM	7PM
			First Letter Last Name

U0 "	Monday	10-Dec-99							A-Z

During advance registration for Spring, undergraduate students can register for up to 17 credits. During the final two weeks of advance registration (1/4/00 – 1/18/00), the credit limit will be raised to 19.

---

## IN-PERSON REGISTRATION SCHEDULE

Your first opportunity to register in-person for Spring 2000 is determined by your Class Code:

Day and Date	Class Code	Time of Day
Friday, December 3	G1-G5	8:30AM-4PM
Monday, December 6	G0	8:30AM-4PM
Tuesday, December 7	U4	10:00AM-7PM
Wednesday, December 8	U3	8:30AM-4PM
Thursday, December 9	U2	8:30AM-4PM
Friday, December 10	U1	8:30AM-4PM
Monday, December 13	U0	8:30AM-4PM

You will be responsible for tuition and fees for all courses not properly cancelled or withdrawn. Refer to page 6, for withdrawal procedures and tuition liability deadlines.

## FINAL EXAMINATION SCHEDULE – SPRING 2000

PERIODS-->	1 8:30 - 11:30 AM	2 NOON-3:00 PM	3 3:30 - 6:30 PM	4 7:00-10:00 PM
<b>Tuesday, May 9</b>	Tu/Th 8:20-9:40 AM	Tu/Th 12:50-2:10 PM	COMMON EXAMS: MAT 123, 132	Tu 7:00 – 10:00 PM Tu/Th 7:00 – 8:20 PM

<b>Thursday, May 11</b>	Tu/Th 9:50 – 11:10 AM	TU/Th 2:20 - 3:40 PM	COMMON EXAMS: CHE 131, 132	Th 7:00 – 10:00 PM Tu/Th 830 – 9:50 PM
<b>Friday, May 12</b>	MWF 9:25-10:20 AM	M/F 12:40-2:00 PM	COMMON EXAMS: CSE 112, 113, 114	NO EXAM
<b>Monday, May 15</b>	MWF 10:30 – 11:25 AM	MWF 11:35 – 12:30 PM	MW 5:30 – 6:50 PM	COMMON EXAMS: BIO 150, 203  M 7:00 – 10:00 PM M/W 8:30 – 9:50 PM
<b>Tuesday, May 16</b>	Tu/Th 11:20 12:40 PM	Tu/Th 3:50 - 5:10 PM	M/W 3:20 - 4:40 PM	Tu/Th 5:30 - 6:50 PM

**\*\*The last examination of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Examination Period at the time designated for the course. Exceptions may only be granted by the dean of the instructors college for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.**

### NOTES:

- To determine the time and date of your examination, find the time your class **lecture** meets (or the "common exam" box for large multisectioned courses) and look to the left of the row to find the **day** of the examination, and to the top of the column for the **time**.
- If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the examination for a class that begins at 10:45 A.M. on Monday will be held at the time indicated for classes that meet at 10:30 - 11:25 A.M. on M/W/F).
- Unless otherwise announced, the examination will be given in the room where the regular class is held.
- It is the student's responsibility to plan a program that avoids examination conflicts and too many examinations in the same day. Students taking evening classes must be especially careful to avoid examination conflicts between their evening course examinations and the common examinations. Instructors are not obligated to give makeup examinations to students.**

Revised 10/06/99

**PROGRAM PLANNING WORKSHEET WITH FINAL EXAMINATION PERIODS - SPRING 2000**

55 MIN. PERIODS THROUGH 3:10PM; 80 MIN. PERIODS 3:20PM & LATER

## Telephone Registration Instructions

- A. If you are registering for courses or adding new selections to your registration, please be ready with the 8 digit codes for those courses. These consist of a 3 digit department call number (listed on the next page and throughout the schedule), a 3 digit course number, and a 2 digit section number (section 1 would be 01).

Example: AMS 102 section 4 would be 12010204.

- B. Dial (631) 632-1100 (refer to the Telephone Registration Schedule on the previous page for your first opportunity to register). **For all transactions, wait until the system is finished speaking to enter your response. Be patient, the system may be slow to respond when it is processing numerous requests simultaneously.** Touch 1 to identify yourself as a touch-tone caller.
- C. Enter your Stony Brook ID number (9 digits; usually your Social Security number). Students with ID numbers beginning with **USB** should enter 872 followed by the remaining 6 digits of their ID number. Students with ID numbers beginning with **FOR** should enter 367 followed by the remaining 6 digits of their ID number.
- D. Enter your six digit Personal Identification Number (PIN). Your PIN number is initialized to your date of birth (e.g., February 9, 1973 would be 020973). We encourage you to change your PIN number at your earliest convenience since birth date is not very secure.
- E. If you are not eligible to register you will hear instructions relating to your particular situation.
- F. Once the system recognizes you as eligible to register, you may select from among the following choices. Listen carefully and respond. All necessary instructions will be read to you.
- 1 - to create your **initial registration** for this semester.
  - 2 - to **add** courses after having registered previously.
  - 3 - to **drop** courses after having registered previously.
  - 4 - to **change sections**.
  - 5 - to add or remove the **Pass/No-credit** grading option.
  - 6 - to hear your **schedule**, meeting times and locations.
  - 7 - to change your **PIN number**.
- G. After all the information has been entered, press the pound key (#) to receive a confirmation of your transactions.

Note: If you intend to cancel or withdraw from the University, please see page 6 for details

**COME CHECK US OUT SOON!**

I said to myself,  
"Is this all there is?"

A few months into his first job after college, Gary Van Deurse needed a break from his nine-to-five routine—a way to feel "useful and

alive." Gary found his answer in AmeriCorps. During his year of service in a rural community, he helped improve the lives of families who needed education, affordable housing, and other support. Looking back, Gary says, "Joining AmeriCorps is the best thing I've ever done. AmeriCorps challenged me, opened my eyes, and gave me new skills and new energy."

**AmeriCorps: Are you up to the challenge?**

# If you commute...

We will  
save you  
money!

Become a member today so you can enjoy the great savings & benefits:

- ➔ **Savings...**As a member of the Budget Meal Plan, you won't pay sales tax on food purchases, which means that you save 8.25% on every meal, every day.
- ➔ **Safety...**The plan makes purchasing convenient and safe because you no longer have to carry cash in order to make purchases.
- ➔ **Selection...**We've got Burger King, Taco Bell, pizza, burgers and all your favorites right here on campus! You may use the Budget Card at any Campus Dining Services location throughout campus at any time!
- ➔ **Convenience...**the best part is that you don't have to leave campus to eat! You can walk to any dining location and not even have to move your car for a meal.

## Here's how it works:

Using your student I.D. card, you simply open a Budget meal plan account with as little as \$50. A magnetic stripe is placed on the back of your card that works with our computer system to identify you as a meal plan member. Every time you make a food purchase in a dining location, the total cost of your meal is subtracted from your account balance. You may also add additional money to your account at any time in as little as \$25 increments.

For more information, please go to the ID/Meal Plan office located in the Melville Library or call (516) 632-6517.

## Great Places to Eat right on campus!

**Roth Food Court** - Burger King, Deng Lee's Chinese and Trattoria Italian

**Kelly International** - Taco Bell, Deli & Caribbean/Latin food

**Union Deli** - New York style deli sandwiches, fresh bagels, donuts & convenience items

**Student Activities Center** - Philly's Grill, Portabella's Pizza, Stir Fry, Wrap-a-bles & Sushi

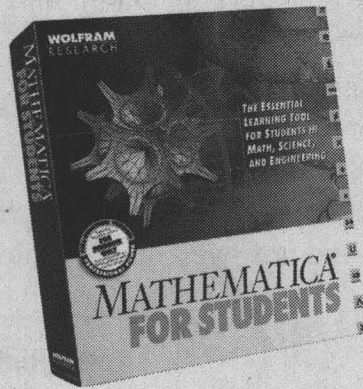

**Papa Joes's** - Pizza, Calzones & Hot Italian Heroes

## SPRING 2000 – Academic Calendar (Revised: 10/22/99)

Jan. 4 – 18, Tues. – Tues.	Final two weeks of advance registration for the spring 2000 semester. Undergraduate students may now register for up to 19 credits by telephone and in person based on class status.
Jan. 19, Wed.	<b>Classes begin.</b> Late registration begins with a \$30 late fee assessed. Last day for removal of Incomplete grades from the fall semester for graduates, G1-G5 students (Does not apply to SPD/GSP students). Last day for departments to advance doctoral students to candidacy.
Jan. 21, Fri.	Senior Citizen Auditor Program registration. (Telephone 632-9493 for information.)
Jan. 25, Tues.	Last day to drop a course <b>without any tuition liability</b> . Undergraduates must have "Permission of Instructor" to <b>add</b> a course in the 2 <sup>nd</sup> week of classes (Wednesday, January 26 – Tuesday, February 1). <b>Must be done in-person at the Registrar's Office.</b>
Feb. 1, Tues.	End of late registration period for undergraduates and SPD/GSP students. Last day for undergraduates and SPD/GSP students to add a course. <b>Last day for ALL undergraduate and graduate students to drop a course without a "W" (withdrawal) being recorded. Last day for undergraduate students to change status to or from full-time/part-time.</b> Must be done by the close of business – 5:00PM. Tuition and fee liability remains applicable. <b>Last day of 30% tuition liability.</b>
Feb.2 , Wed	Last day for May through August degree candidates to file for graduation in order to be included in the May commencement ceremony to be held Friday, May 19. Candidates should file at the following locations: West Campus undergraduates at the Registrar's service window in the Administration Building, Graduate Students at the Graduate School, and SPD students at the SPD Office.
Feb. 8, Tues.	End of late registration period and last day to <b>add or withdraw</b> from a course for G1-G5 graduate students. SPD and GSP graduate students may continue to withdraw. <b>ALL transactions that were handled by the telephone registration system for SPD students must now be done either in-person or by telephoning the Registrar's Office.</b>
Mar. 15, Wed.	Last day for removal of Incomplete grades from the fall semester for <b>undergraduates and SPD/GSP</b> students only. Last day for <b>undergraduates</b> to withdraw from the University and still be eligible to return the next semester. Last day for <b>SPD/GSP students</b> to withdraw from one or all courses.
<b>Mar. 20-25</b> Mar. 27, Mon.	<b>SPRING RECESS (Monday through Saturday)</b> <b>CLASSES RESUME.</b>
Apr. 5-11 Wed.-Tues.	<b>Prime Time</b> for students. Intensive academic advising period. Formal student evaluation of instructors and courses. Telephone registration activities will <b>no longer be available for the Spring 2000 transactions.</b> Withdrawals and P/NC's can be processed in-person at the Registrar's Office through the <b>deadline (April 14, 1999).</b>
Apr. 12, Wed.	<b>Telephone registration begins for current USB students for the fall and summer session.</b> (Schedules will be available prior to registration).
Apr. 14, Fri.	Last day for undergraduates to withdraw from a course or change a course to or from Pass/No Credit. Full-time students must maintain Full-time status (minimum of 12 credits). <b>(This cannot be done through the automated telephone system). Must be done in person or by calling the Registrar's Office during business hours (8:30 – 4:00PM).</b>
Apr. 19, Wed. Apr. 20 - 21,	<b>Classes scheduled to meet after 5PM will not be in session in observance of the Passover holiday.</b> <b>PASSOVER.</b> Classes are <b>not</b> in session Thursday and Friday.
Apr. 25, Tues.	Current USB students may begin to register <b>In-Person</b> for the fall and summer sessions. This will be according to the In-Person Registration Schedule in this publication.
May 2, Tues.	Telephone registration begins for new students, visiting students, and returning students.
May 5, Fri.	<b>Last day of classes for Monday - Friday course offerings.</b> Last day to withdraw from the University, (SPD/GSP students must have SPD approval: see March 15 above.)
May 6, Sat.	<b>Last day of classes for Saturday course offerings.</b>
May 8, Mon.	<b>READING DAY</b> (No classes, no labs scheduled on this date)
May 9, Tues.	<b>Final examinations begin.</b>
May 13, Sat.	<b>Saturday course offerings will hold their finals during their regular class time</b>
May 16, Tue.	<b>Final examinations end.</b> Spring semester ends. Last day for departments to submit completion statements for May Master's and doctoral degree candidates.
May 18, Thurs. May 19, Fri.	Doctoral Graduation & Hooding Ceremony; Baccalaureate Honors Convocation University Graduation Ceremony; Masters, Bachelors and Advanced Certificates awarded.

**\*\*The Health Sciences Center Academic Calendar is published separately.** Health Technology and Management (undergraduate) and Basic Sciences, Medicine, Dental Medicine students see HSC academic calendar for Spring 2000 classes to begin and modular dates.

# REGISTERING FOR COURSES

IF YOU'RE AN UNDERGRADUATE

The most important thing to do is...

HELP?

## REGISTER IN ADVANCE!

That means registering as soon as your class status (U1 freshman, etc.) and the first letter of your last name allow. The schedule for when you can register is at the front of this booklet.

ADVANCE REGISTERING is the BEST way to ensure the BEST selection of courses. The longer you wait, the likelier the class will close. So don't run around the first week of classes like a chicken with its head cut off trying to sign in.

Yikes!

## REGISTER IN ADVANCE

→ Trying to register for a closed course lets the department know there's demand & they *may* be able to add sections. ←

All courses have a remark telling you special information about registering for the course.

Most courses have a remark that says:

- "No permission required to add/drop from advance registration to the end of week 1 of the add/drop period."

That means: Use the automated telephone system to register through January 25. The earlier the better! If there's room in the course, you're in! Remember: Instructors in these courses are NOT keeping waiting lists.

But some courses require you to get permission to register.

ONCE YOU GET PERMISSION, you can register through the department office or at the Registrar's office.

- "Permission of instructor (or department) required to add (or add/drop) after the course has closed" means: if you try to register by phone and can't, you MUST get permission.
- "Permission of instructor (or department) required to add (or add/drop) after the start of classes" means once the semester begins, don't bother with the telephone. Get permission.
- "Permission of instructor (or department) (or somebody else) required to register at any time" means don't bother with the telephone, ever. You MUST get permission to register.

If you absolutely have to add a course after January 25, you MUST get permission of the instructor or department. (After February 1, you even have to PETITION to add a course!) But remember this: students who add into classes after the first week of the semester typically do not do as well those who attend from the beginning.

KNOW WHERE YOU'RE GOING.

REGISTER IN ADVANCE!

## **“IMPORTANT – PLEASE READ”**

### **“NEW ACADEMIC STANDING POLICY ALL WEST CAMPUS UNDERGRADUATE STUDENTS EFFECTIVE: FALL 1999”**

The University Academic senate has approved a new academic standing policy effective Spring Semester, 2000 which affects all West Campus Undergraduate students. All students are required to maintain a minimum cumulative grade point average of 2.0 to be in good academic standing. The following is an abbreviated statement of the new academic standing policy.

**Good Standing:** Any student whose cumulative grade point average is 2.0 or higher.

**Academic Warning:** Any student who is in good academic standing but whose semester grade point average falls below a 2.0 will receive a letter of warning and will be encouraged to contact an academic advisor.

**Academic Probation:** Any student whose cumulative grade point average falls below a 2.0 will be placed on academic probation and will be required to contact an academic advisor who must approve the student's registration schedule for the following semester. Students who fail to consult an academic advisor or who fail to registrar for the advisor approved schedule will be deregistered.

**Academic Suspension:** Any student on academic probation who fails to achieve good academic standing the following semester will be academically suspended. Students may petition for reinstatement by completing a petition form and submitting it to the Committee on Academic Standing and Appeals of their college (College of Arts and Sciences or the College of Engineering and Applied Sciences).

**Academic Dismissal:** All reinstated students remain on academic probation. Conditions may be attached to the students's reinstatement. Any student who fails to meet the conditions of reinstatement or who fails to achieve a 2.0 cumulative grade point average within two semesters will be academically dismissed.

# GENERAL REGISTRATION INFORMATION FOR UNDERGRADUATES

## ***What is full-time or part-time status?***

Whether you are full-time or part-time is determined at the end of the add/drop period. At that time, if you are registered for 1-11 credits, you are part-time; if you are registered for 12 credits or more, you are full-time. You must be full-time to receive most forms of financial aid. It is your responsibility to determine in advance how changing your enrollment status will affect your financial aid.

## ***What about prerequisites?***

Instructors assume you come into their courses having completed the mandatory prerequisites. You can have done this in three ways: by taking the prerequisite course; by transferring a comparable course; or through knowledge acquired by other means. Instructors have the option to de-register you if you do not have not completed the proper prerequisites.

Policies on prerequisites differ by department. If you want to take a course but have not completed the prerequisites, you should speak to the department offering the course.

## ***What are crosslisted courses?***

These are regularly scheduled undergraduate courses that are sponsored by two departments. You may register under **either** department's designator.

## ***When are the placement exams given?***

The **Writing Placement Examination** is tentatively scheduled to be given Thursday, November 18, 1999, from 7:00-8:30 pm in Javits Lecture Center, room 100. Students should sign up for the exam in advance in the Writing Center, Humanities, room 198.

**Writing placement is indicated on the student's record in the following way:**

**Placement 1 ESL 192;** for students who would benefit from intensive work on basic sentence structure and paragraph development.

**Placement 2 ESL 193;** for students who would benefit from work on sentence construction; students improve skills in descriptive and argumentative writing.

**Placement 3 WRT 101 and Skill 2 Basic Writing Competence;** for students whose composition skills reveal adequate preparation. Students improve their facility in advanced constructions and develop more academic writing skills. (Students matriculating before Fall 1999 do not receive Skill 2.)

**Placement 4 WRT 102 and Skill 2 Basic Writing Competence;** for students whose composition skills are strong. Students improve academic writing skills.

**Placement 5 WRT 103 and Skill 2 Basic Writing Competence;** for students whose composition skills are strong. Students explore various methods in academic writing.

The **Mathematics Placement Examination** will be given on Thursday, November 11, and Thursday, December 2, from 6:00-7:30 pm, in the Math Tower, Room P-131. Students should bring a Stony Brook ID card and a pencil. The first part of the exam is the test for basic competence in mathematics for students who did not satisfy this requirement before enrolling at Stony Brook. A score of level 3 or higher satisfies Skill 1 Basic Mathematics Competence.

**Foreign language proficiency examinations** are usually offered by the language departments early in the semester. If you are planning to satisfy the entry skill in a foreign language by examination, you should make arrangements with the appropriate department before the first day of the semester.

### ***Satisfying D.E.C. Category A***

You must take the appropriate writing-sequence course (ESL 192, ESL 193, WRT 101, and WRT 102 or 103) each semester until you have completed D.E.C. category A, beginning in your first year at Stony Brook. Your registration may be blocked and your graduation delayed if you fail to register for the appropriate writing course.

### ***Registering for courses that require permission***

Permission is required if the course is restricted to certain students or if the instructor or the department is keeping a waiting list. Whether or not you need permission to register is noted in the Class Schedule in the remarks for each course. See the page on **Adding and Dropping** in this publication for more information.

### ***Registering for Directed Readings and Research Courses***

When you register for a directed reading or research course, you must register using the particular instructor's section number. These are available through the department.

### ***Taking graduate courses***

Upper-division students with superior academic records may take graduate courses with the permission of the dean of the Graduate School or continuing education courses with the permission of the dean of the School of Professional Development and Continuing Studies (SPD). You must obtain permission of the instructor, the chairperson of the department offering the course and either the Graduate School or SPD and complete SUSB Form #3065, available through the Graduate School and SPD, before registering.

A maximum of 6 graduate credits may be applied toward undergraduate degree requirements. You should discuss your plans to take graduate or continuing education courses with your major and general advisors in order to assess whether the credit will be applicable toward your degree requirements.

### ***Taking Senior Honors Seminars (495-496 Courses)***

You must complete **both** semesters to receive credit for the first semester.

### ***Getting Departmental Brochures***

Many departments publish brochures with more detailed information about course offerings, often including number of papers and examinations. These are available in the departments' main offices.

# ⇒ COURSE & PROGRAM NOTES ⇐

## **\*Chemistry**

---

Registration in CHE 475, 476, 487, and 495-496 requires permission of the department. Students must complete a request form in the Chemistry Office, Chemistry Bldg. Room 104.

## **\*Health Sciences Center Courses**

---

You may enroll in certain HSC courses, which are listed separately in this publication. You must obtain permission of the instructor before registering **in person** at the Student Services Center, 276 Administration Building.

Students interested in the clinical laboratory sciences should consider this one-credit course:

### **HAD 210 Introduction to Clinical Laboratory Sciences**

Acquaints students with the clinical laboratory sciences profession. Students have the opportunity to observe clinical laboratory settings. Primarily offered to lower-division students considering a major in clinical laboratory sciences. Call Ms. Golightly at 444-3220 for more information.

Students interested in the respiratory care major should consider this one-credit course:

### **HAT 210 Introduction to Respiratory Care**

An introduction to the science of respiratory care. Current trends in professional practice are discussed and students have the opportunity to observe clinical practice at a variety of affiliated health care facilities. This course is designed for lower-division students considering a major in respiratory care. Call Prof. Colletti at 444-3180 for more information.

### **Clinical Research in Emergency Medicine**

The Department of Emergency Medicine offers an internship in Clinical Research. Students are introduced to research design and data collection in a hands-on environment. Participating students are required to spend several hours per week working in the Emergency Department. Contact Dr. Adam Singer, 444-7858, for more information.

## **\*Music Courses**

---

The prerequisite for any course in the music major is the Undergraduate Musicianship Examination which will be given on Wednesday, January 19, 2000, at 3:00 pm in Staller Center Room 0113 (Basement Choral Room). You must sign up **in advance** in the Department of Music office, Staller Center Room 3304, 632-7330.

Instrumental and vocal instruction is available to all qualified students. If you want to enroll in one of the Performance Study courses, you must audition during the first week of the semester. See the Department of Music the week before classes for instructions on auditioning.

## **\*Psychology Courses**

---

The Psychology department publishes a brochure each semester that contains extended descriptions of course offerings and other announcements of interest to undergraduates. These are available in the Psychology Undergraduate Office, Psychology B Rm 116, which is open from 8:30 am-5:00 pm every day. The bulletin board outside the office also contains up-to-date information about community service and research opportunities.

## **\*Psychology Community Service Courses**

---

PSY 283 Community Service provides supervised training for and experience in human service work in agencies on campus and in the community. Four different sections are offering in Spring 2000. Check with the Psychology Department's Undergraduate Office, Psychology B Rm 116, for complete details before registering.

## **\*Social Sciences Secondary Teacher Preparation Program**

---

If you plan to enter the program during the 1999-2000 academic year, see Ms. Lorraine Geiger (SBS N-507) to open a certification file. Failure to do so may result in a delay in meeting the New York State teacher certification requirements.

If you are planning to take SSI 451, 452, Supervised Student Teaching, and the corequisite SSI 454, Student Teaching Seminar, during the Spring 2000 semester, you must contact Ms. Lorraine Geiger (SBS N-507) by **November 30, 1999**, to be cleared and recommended for student teacher placements at both the middle and high school levels.

## **\*SSI 283 Practicum in Child Development**

---

If you plan to work in the day care center by registering for SSI 283, 487, etc., you must present proof of a recent medical examination when reporting to work.

## **\*Teacher Preparation Programs**

---

The University is revising its teacher education curriculum to bring it into compliance with the new standards approved by the New York State Board of Regents. Students should consult the teacher preparation advisor in their field of study for further details.

Students planning on applying for provisional secondary teacher certification in biology, chemistry, earth sciences, or physics should consult the Professional Education Program (PEP), located in the Office of Undergraduate Academic Affairs, Melville Library, Room E-2360, telephone 632-4737.

## **\*Undergraduate Research**

---

All undergraduates doing research must register for research projects using the research course number in the department of their research supervisor (such as PHI 487 Readings and Research in Philosophy). The number of credits to be earned for the project is chosen in consultation with the project supervisor and departmental research coordinator. Students who elect to pursue research without earning credit must register for the course for zero credit. For information on undergraduate research opportunities, students should visit the University's web site category on Research Opportunities for Undergraduates (<http://notes.cc.sunysb.edu/Prov/underresop.nsf>) as well as departmental web sites.

## **\*WRT 201-B Academic Writing**

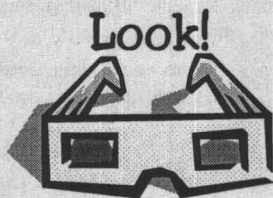

---

Topics vary from section to section. Go to the Writing Program Office, Humanities Bldg. Rm 196, for course descriptions.

## **\*Women's Studies**

---

The following courses offered by other departments will also satisfy requirements for the Women's Studies major and minor: EGL 377 Fashion in Literature and Culture, JDS 390 Women's Roles in the Hebrew Bible; HIS 401 Women and Gender in Georgian England; HIS 413 Gender and Race in American Popular Culture; HIS 414 The History of the Body; PHI 374 Philosophical Reflections of the Body; SOC 390 Sociology of Men; and SPN 410 Spanish Women Writers of the Modern Period

**The Undergraduate Bulletin is on the web!**

**[www.sunysb.edu/ugbulletin](http://www.sunysb.edu/ugbulletin)**

# Undergraduate Degree Requirements

## General Education Requirements

The Diversified Education Curriculum (D.E.C.) exposes students to a wide range of skills, disciplines, and cultural perspectives. Courses satisfying each category are indicated by the appropriate letter following the course number. All courses applied to D.E.C. requirements must be taken for a letter grade.

Students with majors in the **College of Arts and Sciences**, the **Harriman School for Policy and Management**, or the **Marine Sciences Research Center** must satisfy the following requirements:

### Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

Skill 3—Elementary Foreign Language

### University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities  
(*1 course*)

Category C—Mathematical and Statistical Reasoning  
(*1 course*)

Category D—Understanding the Fine and Performing  
Arts (*1 course*)

**Disciplinary Diversity** (*two courses in each category*)

Category E—Natural Sciences

Category F—Social and Behavioral Sciences

Category G—Humanities

**Expanding Perspectives and Cultural Awareness**  
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions

Category J—The World Beyond European Traditions

Category K—American Pluralism

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through H.

Students with majors in **applied mathematics and statistics, information systems, or computer science**, or those pursuing **Bachelor of Engineering** degrees, must satisfy the following requirements:

### Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

### University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities  
(*1 course*)

Category C—Mathematical and Statistical Reasoning  
(*1 course*)

### Disciplinary Diversity

Category E—Natural Sciences (*two courses*)

Category F—Social and Behavioral Sciences (*one course*)

Category G—Humanities (*one course*)

**Expanding Perspectives and Cultural Awareness**  
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions\*

Category J—The World Beyond European Traditions\*

Category K—American Pluralism (*required only of students enrolled in majors leading to the Bachelor of Science degree*)

\*In choosing courses for categories I and J, students must select one with a humanities designator and one with a social sciences designator.

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through G.

## Other Requirements

All students must also complete the following requirements in order to receive a bachelor's degree from the State University of New York at Stony Brook:

### Upper-Division Credit Requirements

At least 39 credits must be earned in upper-division courses (numbered 300 or higher at Stony Brook).

### Residence Requirement

At least 36 credits must be earned at Stony Brook after attaining junior status.

### Grade Point Average Requirement

A cumulative grade point average of at least 2.00 is required for all academic work undertaken at Stony Brook.

### SOAR System

The SOAR system provides students with direct, immediate access to selected aspects of their academic record. Students may view and print:

- Unofficial Grade Reports (ARTIS Reports)
- Degree Audits (DARTS Reports)
- Times and Locations of Current Classes
- Times and Locations of Upcoming Classes
- Registration Status
- Mailing Address(es)
- Status of Transcript Requests

Students may log into SOAR on the Internet at:

**<http://www.sunysb.edu>**

or at these locations:

**Administration Lobby/Registrar**

*2nd floor, Administration Building*

**Academic Advising Center**

*3rd floor, Melville Library*

**CEAS Undergraduate Student Office**

*1st floor, Engineering Building*

**Undergraduate Transfer Office**

*1st floor, Administration Building*

**Office of Student Services**

*2nd level, Health Sciences Center*

### Major Requirements

Each candidate for a degree must satisfy the requirements of a declared major. Courses transferred from other institutions must be evaluated by the corresponding academic department at Stony Brook for specific applicability toward major requirements.

### Minor Requirements

Students are not required to pursue a minor in order to graduate. However, a number of minors are available for those wishing to select them.

### Credit Hour Requirement

At least 120 credits are required for a Bachelor of Arts or a Bachelor of Science degree. At least 128 credits are required for a Bachelor of Engineering. Some courses do not count toward the minimum credits required for graduation. Refer to the "Course Credit and Grading Options Limits" section in the chapter on Academic Policies and Regulations in the 1999-2001 *Undergraduate Bulletin* for complete information.

### DARTS Reports

DARTS Reports summarizing students' progress toward completion of the D.E.C. requirements are available for all students through the SOAR system.

DARTS Reports also summarize progress toward completion of many majors. It is, however, important to note that the audit of major requirements does not include transfer courses. Students must speak with their major advisor about how their transfer credits will be applied.

Students who are within a year of graduating are particularly encouraged to review their DARTS Reports to confirm their status.

COLLEGE OF ENGINEERING AND APPLIED SCIENCES AND HARRIMAN SCHOOL

**Department of Applied Mathematics and Statistics**

\*AMS major and minor\*  
*Careers in Applied Mathematics & Statistics*  
 Monday, November 22, 12:00-1:00 pm  
 Math Building, Room P131

**W. Averell Harriman School of Policy and Management**

\*BUS major and minor\*  
*Prime Time*  
 Wednesday, November 17, 10:00 am-4:00 pm  
 Harriman Hall, Room 304

**Department of Computer Science**

\*CSE & ISE major; CSE minor\*  
*Computer Science & Information Systems: Advising for Admission to the Majors*  
 Wednesday, November 17, 12:40-2:00 pm  
 Computer Science, Room 1211

**Department of Electrical & Computer Engineering**

\*ESE & ECE majors; ESE minor\*  
*Information on Electrical & Computer Engineering*  
 Wednesday, November 17, 12:00-1:00 pm  
 Light Engineering, Room 250

**Department of Materials Science and Engineering**

\*ESG major; ESM, EOM, MFE, PME, BES minors\*  
*Engineering and Materials Science for Your Future*  
 Tuesday, November 24, 12:30-1:00 pm

## UNIVERSITY-WIDE PROGRAMS

### National Student Exchange

*Broaden Your Horizons! Go Away with NSE!*

Wednesday, November 17, 1:00-2:00 pm

Student Activities Center Room 308

### Living/Learning Centers

#### Environmental Studies Program

*Learn about the ENS Living Learning Center & Minor*

Wednesday, November 17, 3:30-5:30 pm

Melville Library, room N-3090

#### Health and Wellness

*Open House for Health & Wellness Living Learning Center*

Wednesday, November 17, 3:30-5:30 pm

Mount College Lounge

#### Human Sexual and Gender Development

*Romantic Interlude*

Wednesday, November 17, 7:00-8:00 pm

Eisenhower College Classroom

#### International Studies

*International Studies in the Era of Globalization*

Wednesday, November 17, 1:00-3:00 pm

Stimson College Main Lounge

#### Interdisciplinary Arts

*Learn about the LIA Living Learning Center & minor*

Wednesday, November 17, 9:00-10:30 am

Greeley Lounge

*Refreshments will be served!*

#### Interdisciplinary Science & Engineering

*Learn about the Minor and Keller LLC*

Wednesday, November 17, 7:00-8:30 pm

Keller College Main Lounge

#### Service Learning for C-BAR [Community-Based Action Research]

*Hand in Hand: Creating Community on & off campus*

Monday, November 22, 8:00-9:30 pm

Douglass College Classroom

#### Federated Learning Community

*Issues in Health and Society: The Case of HIV/AIDS*

Wednesday, November 17, 12:45-2:00 pm

SBS, room N-303

*Refreshments too!*

## SUMMER SESSIONS

Information about Summer Sessions Classes, Fees, Registration & Payment Options

Our Office: Humanities 102; open Monday through Friday, 9:00 am-5:00 pm

Our Website: [www.sunysb.edu/summer](http://www.sunysb.edu/summer)

Our Email: [summerschool@sunysb.edu](mailto:summerschool@sunysb.edu)

Our Telephone: 632-7790

*Summer Catalogs are available:*

2nd floor lobby, Administration Building

Commuter Student Affairs Office, 131 SAC

School of Professional Development, N-201 SBS

Admissions, 118 Administration Building;

Undergraduate Academic Affairs, Library E-2360

Academic Advising Center, E-3310 Library

CEAS, 127 Engineering Building

HSC Student Services, Level 2, 271 HSC

all dormitory quad offices

and the Summer Sessions Office!

COLLEGE OF ARTS AND SCIENCES

**Africana Studies**

*Africana Studies: A New Vision for the Future*  
 Thursday, November 18, 2:00-4:00 pm  
 Richard B. Moore Library  
 SBS, S-224

**Anthropology**

*Anthropology Prime Time*  
 Wednesday, November 17, 12:40-2:00 pm  
 SBS, 5th Floor Lobby

**Art History and Studio Art**

*Digital Art/Digital Art Histories, presentations by Profs. Dinkins, Erickson, and Mirzoeff*  
 Thursday, November 18, 1:00-2:00 pm  
 Sinc Site, 1st floor Music building  
*Refreshments will be served!*

**Bioengineering/Biomedical Engineering**

*Bioengineering Minor*  
 Friday, November 19, 1:00-3:00 pm  
 Biology Learning Center,  
 2nd floor, Old Chemistry Bldg.

**Biology and Biochemistry**

*Prime Time Advising*  
 Friday, November 19, 1:00 pm-3:00 pm  
 Biology Learning Center,  
 2nd floor, Old Chemistry Bldg.

**Chemistry**

*Chemistry & Engineering Chemistry Advising*  
 Friday, November 19, 1:00-4:00 pm  
 SAC Lobby

**Cinema and Cultural Studies**

*Prof. Krin Gabbard: "Myth and Technology in Saving Private Ryan, or How Spielberg Gets Away with It"*  
 Wednesday, November 17, 12:30 p.m.  
 Melville Library, Language Learning and  
 Research Center (room 5004)

**Economics**

*Planning Your Economics Major*  
 Wednesday, November 17, 1:00 pm  
 SBS, 6th Floor Lobby  
*Refreshments too!*

**English**

*The English Major...and Beyond, with Profs. Belanoff, Livingston, and Haralson*  
 Thursday, November 18, 11:00 a.m.-noon  
 Humanities Faculty Lounge, Room 283  
*Refreshments will be served!*

**European Languages, Literatures, and Cultures**

*Prof. Sarah Jourdain, "Foreign Language Teaching"*  
 Wednesday, November 17, 1:00 pm  
 Melville Library, N-4065

**Geosciences**

*Grad School & How to Get There; Career Options in Geosciences*  
 Wednesday, November 17, 12:40-2:00 pm  
 Earth & Space Sciences, 115  
*with food!*

**Hispanic Languages and Literature**

*Prime Time*  
 Thursday, November 18, 1:00-3:00 pm  
 Melville Library, N-3034

**History**

*Prime Time Advising*  
 Wednesday, November 17, 11:00 am-3:00 pm  
 SBS, Room N-303  
*Refreshments will be served!*

**Latin American & Caribbean Studies**

*Prime Time*  
 Wednesday, November 17, 12:30-4:00 pm  
 LACC Conference Room, SBS N-320  
*Refreshments, too!*

**Linguistics**

*Come to our extended advising hours!*  
 SBS, Room S-201  
 Call 632-7777 for hours

**Mathematics**

*Prime Time Open House and Intensive Advising*  
 Wednesday, November 17, 12:40-2:00  
 Common Room, 4-125, Math Bldg.

## Multidisciplinary Studies

See your MTD advisor during our extended advising hours

Wednesday, November 17-November 24

Melville Library E-2360

Call for hours: 632-7080

## Music

Music Department Open House

Everything you need to know about making music at Stony Brook: information about lessons, performance ensembles, the major and the minor!

Thursday, November 18, 4:00-5:00 pm

Staller Center, Room 3317

Refreshments will be served!

more questions? email [jauner@notes.cc.sunysb.edu](mailto:jauner@notes.cc.sunysb.edu)

## Pharmacological Sciences

Undergraduate Pharmacology Prime Time

Thursday, November 18, 2:30-5:30 pm

Graduate Chemistry, Room 434

## Philosophy

"The Cinematic Cave: A Philosophical Peek behind the Projection Room Curtain"

Wednesday, November 17, 1:00-2:30 pm

Harriman Hall, Room 214

Food for thought

Food for your body

## Physics and Astronomy

Prof. Peter Kahn: Physics Major/Physics Minor: Two Paths to Success

Wednesday, November 17

Refreshments served beginning at 12:30 pm with discussion from 1:00-2:00 pm

Mathematics Room S-240

## Political Science

Prime Time Advising & Open House

Learn about the M.A. in Political Science & the B.A./M.A. joint program

Thursday, November 18, 12:30-2:00 pm

SBS 7th Floor Lobby

## Psychology

Prime Time Open House

Tuesday, November 23, 1:30-2:30

Q/A Session: Careers

Tuesday, November 23, 2:30-3:30

Individual advising by Faculty

Psychology B, Room 118

Refreshments will be served!

## Social Sciences Interdisciplinary

Introduction to the SSI Major, Child and Family Studies minor and Chinese Studies minor

Wednesday, November 17, 2:30-4:00 pm

SBS Room N-505

Cookies, coffee and soft drinks too!

## Sociology

Learn more about careers in Sociology!

Wednesday, November 17, 12:50-2:10 pm

SBS Room N-401

Refreshments will be served!

## Theatre Arts

"Tempest": An Interactive Cyber Performance

Wednesday, November 17, 12:40-2:00 pm

3002 Staller Center

# 1999-2001 UNDERGRADUATE BULLETIN SUPPLEMENT SPRING 2000

This Supplement includes all changes and corrections to the Bulletin  
AND descriptions of special topics courses!

Use the Bulletin OnLine:  
[www.sunysb.edu/ugbulletin](http://www.sunysb.edu/ugbulletin)  
The Bulletin OnLine contains  
changes as they occur!

#### THIS SUPPLEMENT CONTAINS:

**College of Arts and Sciences & MSRC:** New & changes to majors, minors, courses plus special topics & new course descriptions

**College of Engineering & Applied Sciences & Harriman School:**  
New & changes to majors, minors, courses plus new  
course descriptions

Corrections to the *Undergraduate Bulletin*

## COLLEGE OF ARTS AND SCIENCES AND MARINE SCIENCES RESEARCH CENTER

### Majors, Minors, and Academic Programs

The requirements for the majors, minors and programs listed below have been changed since the publication of the 1999-2001 *Undergraduate Bulletin*. When requirements change, students who have completed at least 45 credits may elect to satisfy either the previous major requirements or the new major requirements. Students with fewer than 45 credits must satisfy the new requirements, unless the major department specifies otherwise. Please consult the section "When Major Requirements Change" at the beginning of the CAS Approved Programs chapter of the *Bulletin* for complete details.

#### Africana Studies (AFS)

##### Requirements for the Major in Africana Studies

Please refer to page 85 of the 1999-2001 *Undergraduate Bulletin*. Under Requirement 2, add to the course list:  
AFH 213-G Caribbean and American Connections in Literature (in English)

#### Cinema and Cultural Studies (CCS)

##### Honors Program in Cinema and Cultural Studies

Students who have maintained a grade point average of 3.5 in the major and 3.0 overall may attempt the degree in cinema and cultural studies with honors. Students should apply for the honors program at the end of their junior year. The student must find a faculty member affiliated with the program to act as sponsor and, with written approval of the sponsor, submit a written proposal for an honors thesis or honors project to the department. The thesis or project is reviewed by at least two faculty members affiliated with the program and one unaffiliated faculty member. If the honors thesis or project is judged to be completed with distinction and the student has achieved a 3.5 g.p.a. in all courses for the cinema and cultural studies major taken during the senior year, honors are conferred. Course credit for the honors thesis or project is given under CCS 495.

#### Federated Learning Community Minor in Issues in Health and Society: The Case of AIDS

The Federated Learning Community, a program leading to an academic minor, changes from year to year. The program design enables students to register as a group for a cluster of courses arranged around a common theme. The key to the FLC program is the Master Learner, a distinguished faculty member with excellent teaching credentials, who attends some of the classes along with the students, functioning as a kind of "super student," and uses the materials from these classes to develop the FLC Program Seminar. The Federated Learning Community theme for 1999-2000 is Issues in Health and Society: The Case of AIDS. The Master Learning for the program is Helen Lemay, Professor of History.

Students who were not registered in the program in the fall may still participate in the program by taking FLC 302 and at least one of the federated courses offered in Spring 2000. Interested students should contact Professor Lemay at [Helen.Lemay@notes.cc.sunysb.edu](mailto:Helen.Lemay@notes.cc.sunysb.edu)

To receive the minor, students must complete the program seminars, FLC 301 in the fall and FLC 302 in the spring, and 6 of the following courses, distributed in any manner over the two semesters:

**Fall 1999**

- AFS 422 AIDS, Race, and Gender in the Black Community
- HIS/WST 374-K Historical Perspectives on Gender Orientation
- LHD 305, 307 HIV Reduction in the Campus Community I and Laboratory
- PHI 374-G Philosophical Reflections on the Body
- SOC/HMC 200-F Medicine and Society
- FLC 301 Program Seminar—*required*

**Spring 2000**

- BIO 300-H Biology of Human Reproduction
- BIO 358-H Biology and Human Social and Sexual Behavior
- ECO 351-F Economics of HIV and AIDS
- HIS 398-H AIDS and the Social History of Medicine
- HMC 331-G Legal and Ethical Issues in Health Care
- LHD 306, 308 HIV Reduction in the Campus Community II and Lab
- PSY 346-F Health Psychology
- SOC 392-F Sociology of Health Care Delivery
- FLC 302 Program Seminar—*required*

All courses offered for the minor must be completed with a letter grade of C or higher.

For more information about the Federated Learning Community, or the minor in Issues in Health and Society: The Case of Aids, contact Prof. Lemay at Helen.Lemay@notes.cc.sunysb.edu

**Human Sexual and Gender Development (LHD)**

The correct telephone number for the minor coordinator, Roberta Karant, is 632-6769.

**Mathematics (MAT)**

**Requirements for the Major in Mathematics**

Please refer to page 170 of the *1999-2001 Undergraduate Bulletin*. Under A. Mathematics and Mathematics-Related Courses, requirement 3. should read:  
 3. One course in computer literacy: MAT 331 or MEC 111 or CSE 114 or (for students graduating with the Secondary Teacher Preparation Option) MAE 330. MAT 331 may be used both here and in requirement #6

**Requirements for the Minor in Mathematics**

Please refer to page 171 of the *Undergraduate Bulletin*. Requirement 5 should read:  
 5. Three additional MAT courses numbered 300 or higher (excluding 475)

**Music (MUS)**

**Requirements for the Major in Music**

Please refer to page 179 of the *1999-2001 Undergraduate Bulletin*. Under Requirement B.1. Theory:  
 Delete MUS 131, 132 Keyboard Harmony I, II  
 Delete MUS 222 Modal Counterpoint  
 Delete MUS 231, 232 Keyboard Harmony III, IV  
 Add MUS 122 Beginning Keyboard

Add MUS 141, 142 Keyboard Harmony A, B  
 Under Requirement B.2. History and Literature  
 Delete MUS 101 Understanding Music  
 Add MUS 130 Sound Structures

**Requirements for the Minor in Music**

Please refer to pages 180-181 of the *Undergraduate Bulletin*.

Under "Requirements for the Minor in Music," add:

**A Note on the Performance Requirement:**

With the permission of the director of undergraduate studies, students who do not pass the audition for one of the ensembles may fulfill the performance requirement through private lessons (MUS 161-187). For students in the minor who fulfill the performance requirement through lessons, the ensemble corequisite for private lessons (MUS 161-187) will be waived.

Under "General Track, 1. Theory," the requirement for MUS 119 should be revised to read, "MUS 119 Elements of Music OR MUS 130 Sound Structures."

Under "General Track, 2. History," replace the existing requirement ("Three chosen from...") with "MUS 101 and two courses chosen from the following: MUS 105, 106, 301-314."

Under "Theory Track," delete MUS 220 Modal Counterpoint and add MUS 130 Sound Structures.

**Physics (PHY) new minor**

The minor in physics is available for those who want their formal university records to emphasize a serious amount of upper-division work in physics.

All courses offered for the minor must be passed with a letter grade of C or higher. Completion of the minor requires 18 credits.

**Requirements for the minor in physics for students with majors in the College of Arts and Sciences**

- PHY 251 Modern Physics
- PHY 262 An Introduction to Solid-State Physics
- PHY 301 Electromagnetic Theory
- PHY 303 Mechanics
- PHY 335 Electronics and Instrumentation Laboratory

One of the following:

- PHY 306 Thermodynamics, Kinetic Theory, and Statistical Mechanics
- CHE 302 Physical Chemistry II

**Science and Engineering (LSE)**

Please refer to page 207 of the *1999-2001 Undergraduate Bulletin*.

Under Requirement 3, add PHI 365 Philosophy of Computers

Under Notes, add the following:

For students with majors in engineering, only PHY courses numbered 200 or higher may be applied toward the minor.

### Admission to the CSE and ISE Majors

Students who wish to be admitted to either the CSE or the ISE major should note that in meeting the course requirements for admission as listed in the *Undergraduate Bulletin*, the minimum grade point average for the listed courses is 2.8.

### Honors Program in Computer Science

Beginning in the Fall 2000 semester, the Department of Computer Science will offer an Honors Program in Computer Science, open to junior and senior computer science majors who have completed at least three upper-division CSE courses at Stony Brook and maintained a cumulative grade point average of 3.5 and an average of 3.8 in CSE courses. Prospective Honors Program students must declare their intention to participate in the program to the undergraduate program director prior to registration for the senior year. In addition to the regular academic program for CSE majors, Honors Program students must complete a senior honors project (CSE 495-496) under the close supervision of a computer science faculty member. Conferral of honors upon graduation is contingent upon completion of all required courses including the senior honors project with a cumulative grade point average of 3.5 and an average of 3.8 in CSE courses.

### Notice to CSE and ISE Majors Regarding Course Offerings:

CSE 106 has been discontinued.

In addition to the regular semester offering of CSE 113, 114, 213, 214, and 303, these courses will also be offered in Summer 2000.

Beginning in academic year 2000-01, CSE/ISE 309 will be discontinued and CSE/ISE 308 will be revised and offered in both the Fall and Spring semesters.

### Physics (PHY) new minor

The minor in physics is available for those who want their formal university records to emphasize a serious amount of upper-division work in physics.

All courses offered for the minor must be passed with a letter grade of C or higher. Completion of the minor requires 18 credits.

### Requirements for the minor in physics for students with majors in the College of Engineering and Applied Sciences

1. PHY 251 Modern Physics
2. One of the following:
  - PHY 262 An Introduction to Solid-State Physics
  - ESG 281 An Engineering Introduction to the Solid State
3. One of the following:
  - PHY 301 Electromagnetic Theory
  - ESE 319 Introduction to Electromagnetic Fields and Waves
4. PHY 303 Mechanics

5. One of the following:
  - PHY 306 Thermodynamics, Kinetic Theory, and Statistical Mechanics
  - ESM 309 Thermodynamics of Solids
  - MEC 398 Thermodynamics II
6. One of the following:
  - PHY 335 Electronics and Instrumentation Laboratory
  - ESE 314 Electronics Laboratory B

### Department of Technology and Society (EST)

#### Requirements for the Minor in Technology and Society REVISED

Beginning with the Fall 1999 semester, all students must complete at least six EST courses (minimum 18 credits) with a minimum cumulative g.p.a. of 2.5. At least three of the six courses must be at the 300-level or above. No EST course that is counted towards the requirements for a student's major may be counted towards the EST minor requirements. EST 475 and 499 may each be used only once to satisfy requirements of the minor.

#### Course Descriptions

The courses below are special topics courses for Spring 2000 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here.

#### AMS 151-C Applied Calculus I *revised prerequisites*

Not for credit in addition to MAT 125 or 126 or 131 or 141.

*Prerequisites:* B or higher in MAT 123, or level 5 on mathematics placement examination, or B or higher in MAT 122 and coregistration in MAT 130 [not offered spring 2000]

#### AMS 161-C Applied Calculus II *revised prerequisites*

May not be taken for credit in addition to MAT 127 or 132 or 142.

*Prerequisites:* C or higher in AMS 151 or MAT 131 or 141, or level 7 on the mathematics placement examination

#### AMS 345 Computational Geometry *new course*

The design and analysis of efficient algorithms to solve geometric problems that arise in computer graphics, robotics, geographical information systems, manufacturing, and optimization. Topics include convex hulls, triangulation, Voronoi diagrams, visibility, intersection, robot motion planning, and arrangements. Crosslisted with CSE 355.

*Prerequisites:* AMS 301; programming knowledge of C or C++ or Java

3 credits

#### BNG 201-H Bioengineering and Society *revised course*

How engineers interact with others in the development of solutions to societal problems, with emphasis on engineering problems arising in the biological realm. In-depth evaluations of both successful and unsuccessful technologies illuminate the role of bioengineers in supporting the well-being of urban and rural populations throughout

the world, through developments in medical engineering, biotechnology, environmental engineering, and ergonomic design. (This course is no longer crosslisted with ESG 201.)

*Prerequisite:* One D.E.C. category E course

**BNG 304 Genetic Engineering** *new course*

Introduction to production engineering with specific focus on the production of genetically engineered products. How cost, time, efficiency, and quality influence the selection of production techniques. Structure and function of DNA and the flow of genetic information. The methodology involved in recombinant DNA technology and the application of these technologies to cloning and genetic modification of plants and animals, production of pharmaceuticals, and gene therapy.

*Prerequisite:* BNG 201 or ESG 201

3 credits

**CSE 113 Foundations of Computer Science I** *revised course*

A rigorous introduction to fundamental concepts of computer science with a special emphasis on recursion and its applications in functional programming as well as reasoning techniques based on propositional logic and mathematical inductions.

**CSE 114 Computer Science I** *revised course*

An introduction to procedural and object-oriented programming methodology. Topics include program structure, conditional and iterative programming, procedures, arrays and records, object classes, encapsulation, information hiding, inheritance, polymorphism, file I/O, and exceptions. Software debugging and testing techniques are emphasized including an introduction to formal verification methods. Includes required laboratory.

*Prerequisite:* C or higher in CSE 113

4 credits

**CSE 346 Computer Communications** *revised prerequisites*

*Prerequisite* for electrical and computer engineering majors: ESE 306

*Prerequisites* for computer science majors: CSE 220; AMS 310 or 311

**CSE 355 Computational Geometry** *new course*

The design and analysis of efficient algorithms to solve geometric problems that arise in computer graphics, robotics, geographical information systems, manufacturing, and optimization. Topics include convex hulls, triangulation, Voronoi diagrams, visibility, intersection, robot motion planning, and arrangements. Crosslisted with AMS 345.

*Prerequisites:* AMS 301; programming knowledge of C or C++ or Java

3 credits

**CSE 364 Advanced Multimedia Techniques** *new course*

Digital media production techniques for high-bandwidth applications such as electronic magazine illustration, broadcast television, and motion picture special effects. Students explore techniques such as 3D modeling and character animation, video compositing, and high-resolution image processing in a state-of-the art multimedia computing laboratory. High-capacity multimedia storage, high-speed

networks, and new technologies such as DVD, HDTV, and broadband will be reviewed. Crosslisted with ISE 364.

*Prerequisites:* CSE/ISE 334 and permission of the instructor  
3 credits

**EAS 201 Oral Communication for Engineers** *new course*

An examination and application of oral communication in a variety of contexts, including interpersonal, small group, and public speaking, focussing on the importance of communication in professional life as related to the technical field of engineering. The various roles and functions of speaking in such contexts will be the primary aim, with emphasis on: communicating with co-workers and supervisors; leadership in task groups (problem solving); writing and presentation of diverse and relevant speeches including informative oral reports and persuasive speeches.

*Prerequisite:* U3 or U4 CEAS major

3 credits

**ESE 342 Digital Communications Systems** *revised*

Pulse modulation and sampling. All-digital networks. Pulse code modulation. Digital modulation techniques. Time-division multiplexing. Baseband signaling. Intersymbol interference. Equalization. Basic error control coding. Exchange of reliability for rate. ARQ schemes. Message and circuit switching.

**ESE 346 Computer Communications** *revised prerequisites*

*Prerequisite* for electrical and computer engineering majors: ESE 306

*Prerequisites* for computer science majors: CSE 220; AMS 310 or 311

**ISE 203 Using the Internet for Research** *new course*

Presents methods of information retrieval from large databases and Internet resources. Emphasis on developing cognitive skills for effective information retrieval from web-based search engines and the very large textual databases that are increasingly available to end-users through the Internet. Includes the use of Boolean operators to retrieve relevant information. Students learn how to create search strategies, how to discern relevance in the research process, and they complete a project in which they apply these skills by thoroughly investigating a research topic and creating a website featuring the subject of their database research. Not for CSE or ISE major credit.

*Prerequisites:* CSE 103 or equivalent; U3 or U4 standing; permission of instructor

2 credits

**ISE 364 Advanced Multimedia Techniques** *new course*

Digital media production techniques for high-bandwidth applications such as electronic magazine illustration, broadcast television, and motion picture special effects. Students explore techniques such as 3D modeling and character animation, video compositing, and high-resolution image processing in a state-of-the art multimedia computing laboratory. High-capacity multimedia storage, high-speed networks, and new technologies such as DVD, HDTV, and broadband will be reviewed. Crosslisted with CSE 364.

*Prerequisites:* CSE/ISE 334 and permission of the instructor.

3 credits

**RLS 450-G Meister Eckhart and Ibn al-Arabi** *special topic spring 2000*

Selections from works of Ibn al-Arabi, believed by Muslims to be the greatest master of philosophical and mystical theology, and Meister Eckhart, held in similar regard by Christians. Consideration of their approaches to key issues of human existence, such as the nature of reality and the becoming of the human soul.

**SOC 390-F Sex and Society** *special topic spring 2000*

Exploration of the social construction of sexuality through examination of how sexuality is constructed in other societies and the enormous range of sexual variations within our own culture. Topics include the development of sexual self, sexuality in American culture, heterosexuality, homosexuality, bisexuality, and pornography.

**SOC 392-F Health Care Delivery** *special topic spring 2000*

The organization and component aspects of the health care delivery system of the United States. Particular attention is paid to the effects of this system on the patient, the provider, the institutions of the system and the general community. The health care systems of other countries are considered for comparison.

**SOC 401 Honors: Sociology of Global Issues: The United Nations** *new course special topic spring 2000*

An interactive approach to learning about the history, structure, and operations of the United Nations through a series of teleconferences with U. N. ambassadors and Secretariat staff, introducing the different values, goals, and perspectives that different nations bring to this global political platform. The course focuses upon current global problems being discussed in the U.N., including peace and weapons trade, economic development, human rights, and environmental protection.

*Prerequisites:* Permission of instructor and department  
*3 credits*

**SPN 435 Painting and Narrative** *special topic spring 2000*

Works from Latin America and Spain that explore the relationship between literary narrative and painting. Writings by authors such as Clarin, Virgilio Pinera, Julio Cortazar, Jose Manuel de Prada, and Torrente Ballester are discussed, and paintings to which the literary works refer are studied.

**SPN 445 Spanish Picaresque Novel** *special topic spring 2000*

Reading and analysis of some of the most interesting picaresque novels written in Spain in the Golden Age: *Lazarillo de Tormes*, *Guzmán de Alfarache*, *El Buscón*, *La desordenada codicia de los bienes ajenos*.

**WST 237-K Images of Italian-American Women** *new course*

Examination of the wealth of complex images created by Italian-American women from several fields, including literature, film, politics, and music, and the ways in which Italian-American women explore the connection between Italian and American cultures and the ways in which ethnicity informs values and occupational pursuits. Crosslisted with HUI 237.

*Advisory Prerequisite:* One D.E.C. category B course  
*3 credits*

**WST 393-I Film and Women in Europe** *special topic spring 2000*

Introduction to basic concepts of feminist film criticism and film theory including analysis of female archetypes that have dominated mainstream cinema and examination of constructions of masculinity and femininity in films by women film directors. Weekly screenings include films made by women from both West and East European countries, including the works of Agnes Varda, Chantal Akerman, Margarethe von Trotta, Kira Muratova, Marta Meszaros, and Agnieszka Holland.

COLLEGE OF ENGINEERING AND  
APPLIED SCIENCES AND  
HARRIMAN SCHOOL OF POLICY  
AND MANAGEMENT

**CEAS Majors and Minors**

**Department of Computer Science (CSE, ISE)**

**Enrolling in CSE and ISE Courses**

- To enroll in CSE and ISE courses, students must:
  1. Have completed all prerequisites with a grade of C or higher. (Pass/No Credit grades are not acceptable to meet prerequisites.) For transfer students, official transfer credit evaluations must have been completed and approved and the relevant proficiency examination for lower division courses, given during the first week of each semester, must have been taken and passed.
  2. Attend the first class.
- Failure to satisfy the prerequisites or to attend the first class may result in deregistration.
- Priority for registration is given to students who have not taken the same course previously.
- Upper-division CSE and ISE courses are restricted to CSE and ISE majors.
- The Pass/No Credit option is not available to CSE and ISE majors for CSE and ISE courses.

**MAT 132-C Calculus II**

A continuation of MAT 131, covering symbolic and numeric methods of integration; area under a curve; volume; applications such as work and probability; improper integrals and l'Hospital's rule; complex numbers; sequences; series; Taylor series; differential equations; and modelling. May not be taken for credit in addition to MAT 126 or 127 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 131 or 141 or AMS 151 or level 7 on the mathematics placement examination  
4 credits

**MAT 141-C Honors Calculus I revised course**

The topics of MAT 131 treated with additional attention to the underlying theory as a means of understanding why the processes of calculus work. May not be taken for credit in addition to MAT 125 or 131 or AMS 151.

*Prerequisite:* B or higher in MAT 123, or level 5 on the mathematics placement examination, or B or higher in MAT 122 and coregistration in MAT 130; priority given to students in the University's honors programs  
4 credits [not offered spring 2000]

**MAT 142-C Honors Calculus II revised course**

A continuation of MAT 141 in the same spirit, covering the topics of MAT 132. May not be taken for credit in addition to MAT 126 or 127 or 132 or AMS 161.

*Prerequisite:* C or higher in MAT 141, or level 7 on the mathematics placement examination, or B or higher in MAT 131 or AMS 151  
4 credits

**MAT 203 Calculus III with Applications revised prerequisite**

*Prerequisite:* MAT 127 or 132 or 142 or AMS 161 or level 9 on the mathematics placement examination

**MAT 205 Calculus III revised prerequisite**

*Prerequisite:* MAT 127 or 132 or 142 or AMS 161 or level 9 on the mathematics placement examination

**MAT 211 Introduction to Linear Algebra revised prerequisite**

*Prerequisite:* MAT 131 or 141 or AMS 151, or level 7 on the mathematics placement examination, or coregistration in MAT 126

**MAT 310 Linear Algebra revised prerequisites**

*Prerequisite:* MAT 211 or 305 or AMS 210

**MAT 311 Number Theory revised prerequisites**

*Prerequisites:* MAT 312 or 313 or 318 [not offered spring 2000]

**MAT 312 Applied Algebra revised prerequisites**

*Prerequisites:* MAT 211 or AMS 210

**MAT 313 Abstract Algebra revised prerequisites**

*Prerequisites:* MAT 310 or 312 or 318 [not offered spring 2000]

**MAT 316 Invitation to Modern Mathematics revised**

*prerequisites*

*Prerequisites:* MAT 211 or AMS 210; MAT 203 or 205 or AMS 261

**MAT 318 Classical Algebra revised prerequisites**

*Prerequisite:* MAT 125 or 131 or 141 or AMS 151; MAT 211 or AMS 210

**MAT 320 Introduction to Analysis revised prerequisites**

*Prerequisite:* One of the following: MAT 203, 205, 211, AMS 261, or A- or higher in MAT 127, 132, 142, or AMS 161

**MAT 322 Analysis in Several Dimensions revised prerequisites**

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 320

**MAT 331 Computer-Assisted Mathematical Problem Solving**

*revised prerequisites*

*Prerequisite:* MAT 203 or 205 or AMS 261

**MAT 341 Applied Real Analysis revised prerequisites**

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361 [not offered spring 2000]

**MAT 342 Applied Complex Analysis revised prerequisites**

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361

**MAT 351 Differential Equations: Dynamics and Chaos revised prerequisites**

*Prerequisites:* MAT 203 or 205 or AMS 261; MAT 303 or 305 or AMS 361

**MAT 360 Geometric Structures revised prerequisites**

*Pre- or corequisites:* MAT 203 or 205 or AMS 261; MAT 211 or AMS 210

**MAT 362 Differential Geometry of Surfaces revised prerequisites**

*Prerequisite:* MAT 320 or 364

**MAT 364 Topology and Geometry revised prerequisites**

*Prerequisite:* MAT 203 or 205 or AMS 261 [not offered spring 2000]

**MUS 101-D Introduction to Music revised description**

Not for credit after MUS 130.

**MUS 119-D Elements of Music revised description**

Not for credit after MUS 130.

**MUS 122 Beginning Keyboard new course**

Basic keyboard skills, including reading in clefs and rudimentary technical competence.

*Prerequisite:* Placement by undergraduate musicianship examination

*Corequisites:* MUS 121 and 321

1 credit

**MUS 130-D Sound Structures** *new course*

Development of strategies for informed listening, analysis, and writing about music. Topics include timbre and sonority, meter and rhythm, melodic design, form, organization of pitch and harmony, and interactions between music and language. Repertory is drawn from a wide range of historical periods and cultural contexts. Considerable emphasis on writing and on acquiring concepts and vocabulary appropriate to diverse types of music.

*Prerequisite:* Primarily intended for prospective music majors and minors; others with sufficient musical background by permission of instructor

3 credits [not offered spring 2000]

**MUS 141, 142 Keyboard Harmony A, B** *new courses*

Practical studies in music theory through basic keyboard exercises. MUS 141 may not be taken for credit in addition to the discontinued MUS 131 or 132. MUS 142 may not be taken for credit in addition to the discontinued MUS 231 or 232.

*Prerequisite* to MUS 141: MUS 122

*Corequisite* to MUS 141 : MUS 220 and 321

*Prerequisite* to MUS 142: MUS 141

*Corequisite* to MUS 142: MUS 221 and 323

1 credit per course [MUS 142 not offered spring 2000]

**MUS 340 Introduction to Music Technologies** *new course*

An introduction to the computer-based technologies that are changing the art of music. Students gain hands-on experience with hard-disk recording and sound manipulation, MIDI, sequencing, notation programs, sound module programming, and using the web and explore the impact of these technologies on aesthetic choices. Significant time in the computer lab required.

*Prerequisites:* MUS 130 and 322

3 credits

**MUS 450 The Making of Baroque Music** *special topic spring 2000*

Introduction to the ways in which distinct cultures of 17<sup>th</sup>- and early 18<sup>th</sup>-century Europe, specifically Northern Italy, England, and Germany, made music, including consideration of the creation of new styles and their relationship to society and culture. The course explores diverse methods for studying music of the past and includes primary and secondary sources.

**PHY 121-E Physics for Life Sciences I**

**PHY 125-E Classical Physics A**

**PHY 126-E Classical Physics B**

*Revised prerequisites:* AMS 151 will also satisfy the mathematics prerequisite

**PHY 127-E Classical Physics B**

**PHY 132-E Classical Physics II**

**PHY 142-E Classical Physics II: Honors**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**PHY 262-E An Introduction to Solid-State Physics** *revised credits/meeting type*

Three lecture hours per week.

3 credits

**PHY 263 Introduction to Solid-State Physics Laboratory** *new course*

Laboratory component of PHY 262. Three hours of laboratory per week.

*Prerequisite:* PHY 251 and 252

*Corequisite for physics majors:* PHY 262

1 credit

**POL 401 Politics and the Internet** *special topic spring 2000*

How to use internet resources to conduct research in political science and, more generally, in other fields. No prior knowledge of computer use required.

**POL 402 Motivated Political Reasoning** *special topic spring 2000*

Biases in how people think and reason about political candidates and issues.

**POL 403 Great Books** *special topic spring 2000*

Study of *Democracy in America*, by French scholar Alexis de Toqueville, published in 1835, and *The Power Broker*, by Robert Caro.

**POL 404 Good and Evil in Politics** *special topic spring 2000*

Examination of examples of extreme behavior, such as genocide, mass murders, terrorism, torture, and conversely, self-sacrifice, toward an understanding of why people behave as they do.

**PSY 358-F Sleep and Biological Rhythms** *special topic spring 2000*

The composition, structure, and timing of human sleep, and methods for their assessment. Characteristics of normal and disordered sleep, and their relationships with waking performance are examined.

*Prerequisites:* PSY 250 or 356; PSY 300

**PSY 359-F Drugs and the Brain** *special topic spring 2000*

The pharmacology, that is, the history, mechanism of action, side effects, etc., of drugs which are taken to produce changes in the brain and/or mind. Topics includes antidepressants, antischizophrenics, hallucinogens, drugs of abuse and CNS depressants.

**PSY 382 Research Lab: Social Psychology** *revised prerequisites*

*Prerequisites:* PSY 240, PSY 300, and one 300-level social psychology course

**RLS 430-G Islamic-Confucian Dialogue** *special topic spring 2000*

Introduction to the basic teachings of Islam and Confucianism on the goal of human existence and the path of achieving true human status. Consideration of the manner in which Islam has flourished in China for over 100 years, with particular emphasis on books that Muslim scholars wrote in Chinese, introducing the Islamic worldview.

**HIS 398-H AIDS and the Social History of Medicine** *special topic spring 2000*

AIDS and its relation to the social history of medicine, including topics such as the nature of disease and social concepts of disease; the professionalization of medicine and the organization of health care in the United States; sexuality and sexually transmitted disease in history; and religious concepts of disease as punishment for sin.

**HIS 399-F Crime and Police** *special topic spring 2000*

The development of police, courts, prisons, criminal law, and crime from the 17<sup>th</sup> century to the present. Topics include the changing nature of crime and criminals, creation of and change in the institutions of criminal justice, and how people have perceived and responded to crime over time.

**HIS 411 Workers, Bosses, and Tycoons** *special topic spring 2000*

Examination of the first half-century of the United States, the period of the creation of the country, and important issues of the time, including what kind of government the country would have, how power would be distributed, how the economic base would develop, and whether European powers would take the new nation seriously.

**HIS 412 Dreamers, Nerds, and Pirates: Makers of Our Technology, Past, Present, and Future** *special topic spring 2000*

Examination of technology-driven economic change through the lives, fortunes, and fates of emblematic individuals, including Bill Gates and Steven Spielberg, who are revolutionizing the visual entertainment industry; and Sherman Fairchild and Robert Noyce, who led the revolution in semiconductor technology.

**HIS 421 Comparative Frontiers** *special topic spring 2000*

Exploration of the social and cultural history of Latin America's shifting and varied "frontiers" in colonial and modern times, including the history of European/native encounters along the "Indian frontiers," the contest between missionaries, bandeirantes, and the imperial state over native peoples, and the emergence of an Afro-American "maroon frontier" in the Atlantic world.

**HIS 451 Women and Religion in the Middle Ages** *special topic spring 2000*

Investigation of the myth of the Fall from Paradise with particular attention to how it has been used to justify oppression and denigration of women.

**HUE 269-I Apocalypse in Literature** *special topic spring 2000*

An examination of Apocalypse and Revelation in artistic texts. Particular attention is devoted to the discourse of apocalyptic literature. Readings include works by Blake, Dostoevsky, Bulgakov, Yeats, Nabokov, and Milosz. May be used to satisfy English major requirements.

**HUE 392-I Film, War, and Memory** *special topic spring 2000*

An exploration of issues related to the representation of war in cinematic texts dealing with armed conflicts in East Central Europe from World War II to the recent wars in Chechnya and the Balkans, with focus on how cinematic forms invoke concepts and represent experiences related to war and war-induced trauma.

**HUI 237-K Images of Italian-American Women** *new course*

Examination of the wealth of complex images created by Italian-American women from several fields, including literature, film, politics, and music, and the ways in which Italian-American women explore the connection between Italian and American cultures and the ways in which ethnicity informs values and occupational pursuits. Crosslisted with WST 237.

*Advisory Prerequisite:* One D.E.C. category B course  
**3 credits**

**HUR 341-G Forbidden Texts** *special topic spring 2000*

Literary works censored or banned by their societies. Emphasis on the texts of Vladimir Nabokov and other Russian authors who have come into sharp conflict with prevailing ideological and social norms, with examples from American fiction (Salinger, Faulkner, and Hemingway) toward an intercultural understanding of the literature's threat to the prevailing order. No knowledge of Russian required. May be used to satisfy English major requirements.

**ITL 432 Renaissance Revisited** *special topic spring 2000*

Some of the highlights of Italian Renaissance literature and their more modern counterparts, including Boiardi and Ariosto, together with Calvino, Sanguineti, Celati, and their modern re-writing of the old chivalric legends.

**ITL 434 Italian and European Romanticism** *special topic spring 2000*

Interdisciplinary examination of the literary movement of Italian Romanticism within the context of 11<sup>th</sup>-century European culture, focusing especially on the themes of love, death, and "patria" (the Italian "Risorgimento"), as seen in the major works of Ugo Foscolo, Giacomo Leopardi, and Alessandro Manzoni.

**KRH 400 Seminar in Korean Studies** *revised prerequisites*

*Prerequisites:* U3 or U4 standing; one 200-level course in Korean Studies

**LHD 301 Human Sexual and Gender Development Issues: Women, Femininity, and Feminism in the 20<sup>th</sup> Century** *special topic spring 2000*

Cross-cultural examination of how concepts of femininity, women, and feminism changed during the 20<sup>th</sup> century and the choices available to women today.

**LHD 302 Colloquium in Human Sexual and Gender Development: Horror Films, Fear, and the Shadow Side** *special topic spring 2000*

Examination of the genre of horror films to illustrate the Jungian concept that we all have a monster lurking inside us.

**LHD 401 Advanced Seminar in Human Sexual and Gender Development: Homosexuality in the Year 2000** *special topic spring 2000*

Issues of gay, lesbian, bisexual, and transgendered culture in contemporary American society.

**LIA 487 Projects in the Interdisciplinary Arts** *revised course*

The completion of a group-generated or individual creative project under the supervision of an instructor.

*Prerequisites:* LIA 101; any 200 level art, dance, music, or theatre course; permission of instructor and minor coordinator

**LIA 488 Internship in Arts Management** *new course*

Study of the field of arts management, including public relations, scheduling, resource coordination, and community interaction. Practical work with management of the annual Shirley Strum Kenny Student Arts Festival.

*Prerequisite:* Permission of instructor and minor coordinator  
*0-6 credits*

**LIS 201 Introductory Seminar in International Studies** *revised course number*

**LRN 142-H Technology in Social Perspective** *new course*

Case studies on the interaction of technology and society. Topics may include the history of technology, ideas of progress and growth, the influence of economics on technological development, environmental impacts, and others.

*Prerequisites:* LRN 141; enrollment in Learning Communities Program  
*3 credits*

**LRN 301-K The Language of Biology in Contemporary American Discourse** *special topic spring 2000*

The discourse of genetics in contemporary American society. Examination of critical social and political issues raised by modern genetics since the discovery of the double helix, such as the Human Genome Project, bioengineering (specifically food production), and cloning, and the ways these issues are understood within the scientific, public, and political spheres.

*Prerequisite:* U3 or U4 standing  
*Corequisites:* HIS 394; BIO 320  
*3 credits*

**MAE 330 Technology in Mathematics Education** *new course*

Introduces students in the secondary mathematics teacher preparation program to techniques and requirements for effective use of technology in the mathematics classroom. Emphasis on projects. Use of graphing calculators and computer software such as geometry sketchpad.

*Prerequisites:* MAE 301 and 311  
*3 credits*

**MAR 351 Introduction to Ocean Chemistry** *revised prerequisite*

*Prerequisites:* CHE 131 and 132; MAR 101 or 104 or 333

**MAT 125-C Calculus A** *revised description and prerequisite*

Differential calculus, emphasizing conceptual understanding, computations and applications, for students who have the necessary background from 12<sup>th</sup> year high school mathematics. Differentiation of elementary algebraic, trigonometric, exponential and logarithmic functions; graphing; modeling; and maximization. May not be taken for credit in addition to MAT 131 or 141 or AMS 151 (or the discontinued MAT 124).

*Prerequisite:* MAT 123; or level 4 on the mathematics placement examination; or MAT 122 and coregistration in MAT 130  
*3 credits*

**MAT 126-C Calculus B** *revised description and prerequisite*

A continuation of MAT 125, covering integral calculus: the fundamental theorem, symbolic and numeric methods of integration, area under a curve, volume, applications such as work and probability. May not be taken for credit in addition to MAT 132 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 125 or 131 or 141 or AMS 151 (or the discontinued MAT 124) or level 6 on the mathematics placement examination  
*3 credits*

**MAT 127-C Calculus C** *revised description and prerequisite*

A continuation of MAT 126, covering improper integrals and l'Hospital's rule, complex numbers, sequences, series, Taylor series, differential equations and modeling. May not be taken for credit in addition to MAT 132 or 142 or AMS 161.

*Prerequisite:* C or higher in MAT 126 or level 8 on the mathematics placement examination  
*3 credits*

**MAT 130 Functions** *revised course*

Inverse functions, exponential and logarithmic functions, radian measure of angles and trigonometric functions. Open to prospective students in engineering, physical sciences, and mathematics who need to bridge the gap between MAT 122 and MAT 125 or 131 or AMS 151. May not be taken for credit in addition to MAT 123 (or the discontinued MAT 124).

*Advisory Prerequisite:* C or higher in MAT 122  
*Advisory Corequisite:* MAT 125 or 131 or AMS 151  
*1 credit*

**MAT 131-C Calculus I** *revised description and prerequisite*

The differential calculus and integral calculus, emphasizing conceptual understanding, computations and applications, for students who have the necessary background from 12<sup>th</sup>-year high school mathematics. Differentiation of elementary algebraic; trigonometric, exponential, and logarithmic functions; graphing; modelling and maximization; the Riemann integral; and the fundamental theorem. May not be taken for credit in addition to MAT 125 or 141 or AMS 151 (or the discontinued MAT 124).

*Prerequisite:* B or higher in MAT 123, or level 5 on the mathematics placement examination, or B or higher in MAT 122 and coregistration in MAT 130  
*4 credits*

## Course Descriptions

The courses below are special topics courses for Spring 2000 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 Undergraduate Bulletin. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here. Special topics course descriptions only include prerequisites additional to those enumerated in the *Bulletin*.

### ANP 403 Primates *special topic spring 2000*

Examination of the techniques used to reconstruct habitats, behaviors, and relationships in extinct primates, including perspectives on projects, fieldwork, and careers in anthropology.

### ANT 391-F Culinary Anthropology *special topic spring 2000*

Consideration of the cultural and cross-cultural significance of food and drink. Topics considered in their relation to food include religion, stratification, and gender.

### ANT 401 European Ritual and Festival *special topic spring 2000*

Community rituals and festivals, especially the pre-Lenten carnival, in modern Europe, with an emphasis on the Mediterranean. Special attention to the ways in which rituals such as carnival relate to religion, politics, kinships, and to community organization. Consideration of rites-of-passage as they are practised in European rural societies and the relationship among rituals, the life-cycle, and small-group social dynamics.

### ARH 310-I Splendors of Renaissance Art in Venice *revised title and description*

The special qualities of Venetian art, which blends Byzantine, Islamic, and Western traditions, are explored through the works of such major figures as Giovanni Bellini, Giorgione, Titian, Veronese, and Palladio.

### ARH 325-J Ancient Mesopotamian Art *new course*

Survey of the art and architecture of ancient Mesopotamia from the establishment of the first cities and the development of the first monumental art and architecture (c. 3300 B.C.) through the Hellenistic conquest. Focus on concepts of representation and aesthetics and their uses in politics, private rituals, and state cults.

*Prerequisite:* ARH 101

3 credits

### ARH 401 1800/1900/2000 *special topic spring 2000*

An in-depth look at three end-of-the-century moments—1800, 1900, and 2000—emphasizing the exchange of culture around the Atlantic world; visual technology and modernity from painting and photography to the internet; and the interaction of race and gender around what W.E.B. Dubois called "the color line."

### AST 112 Astronomy Laboratory *revised course*

An introduction to observational activities in astronomy. Students make astronomical measurements using simple instruments such as a quadrant, cross-staff, spectrometer, and telescope; analyze measurements; examine how quantities of interest and their errors

are derived from the measurements and how they are properly reported. Not for credit in addition to the discontinued AST 111.

*Pre- or corequisite:* AST 101 or 105 or 248

1 credit

### ATM 205-E Introduction to Atmospheric Science *revised course*

The nature and causes of atmospheric phenomena. Basic physical and chemical processes and energetics. Topics include composition and structure of the atmosphere, atmospheric thermodynamics, hydrostatics, solar and terrestrial radiation, cloud and precipitation processes, elementary dynamics, atmospheric wind and pressure patterns, and severe storms. *[not offered spring 2000]*

### ATM 247-E Atmospheric Structure and Analysis *revised course*

Real-world applications of basic dynamical principles to develop a physical understanding of various weather phenomena. Topics include the hypsometric equation, structure and evolution of extratropical cyclones, fronts, hurricanes, and convective systems, surface and upper air analysis techniques, radar and satellite interpretation, and introduction to operational products and forecasting. Two hours of lecture and one two-and-one-half hour laboratory per week. Laboratories include weather discussions and case study analysis.

### ATM 345-E Atmospheric Thermodynamics and Dynamics *revised course*

A quantitative introduction to the thermodynamical and dynamical processes of Earth's atmosphere. Topics include moist and dry thermodynamical processes, hydrostatic stability, external forces of atmospheric motion, equations of atmospheric motions on a rotating planet, coordinate transformations, and horizontal motions under balanced forces.

*Prerequisites:* MAT 203 or 205 or AMS 261; MEC 111; PHY 126/127 or 132 or 142 *[not offered spring 2000]*

### ATM 346-E Advanced Atmospheric Dynamics *revised course*

Advanced concepts of mid-latitude and tropical atmospheric motions, wave dynamics, and numerical methods. Topics include circulation and vorticity, turbulence and boundary-layer structure, quasi-geostrophic theory, large-scale and buoyancy-driven waves, baroclinic instability and energetics, equatorial wave theory, and barotropic and primitive equation models.

*Prerequisites:* ATM 345; MAT 303 or AMS 361

### ATM 347-E Advanced Synoptic Meteorology and Weather Forecasting *revised course*

The application of dynamical and physical meteorology to the analysis and prediction of the atmosphere. Topics include application of numerical and statistical models, diagnosis of vertical motion, development of midlatitude synoptic systems, mesoscale phenomena associated with cyclones, convective systems, and radar applications. Laboratories include extensive practice in forecasting and diagnosis of synoptic and convective systems.

*Prerequisites:* ATM 346 and 348 *[not offered spring 2000]*

**ATM 348-E Atmospheric Physics** *revised course*

The application of the laws of physics to a variety of atmospheric phenomena and processes. Topics include cloud and precipitation processes with emphasis on the microphysics, atmospheric electricity, solar and terrestrial radiation, photochemical processes, and boundary layer heat and mass transfer.

*Prerequisites:* ATM 345 and PHY 251

**BCP 406 Pharmacology Colloquium** *revised credits/meeting type*

One-hour Journal Club/Discussion session followed by one hour seminar.

*2 credits*

**BIO 302 Human Genetics** *new course*

An introduction to human genetics. Topics include the principles of inheritance, physical properties of DNA and proteins, molecular techniques for studying DNA, the genetic basis of mutations, using DNA to study ancient human history and human evolution, forensic applications of DNA fingerprinting, and the genetic basis of immunity and cancer. Human genetic diseases are discussed and an introduction is given to human chromosome maps, the Human Genome Project, and methods for mapping disease mutations.

*Prerequisites:* BIO 201 and 202

*3 credits*

**BIO 341-E Plant Diversity** *new course*

An introduction to the study of plants, especially green plants, including the origin and evolution of land plants. Topics include cellular structure and function, photosynthesis and respiration, gross anatomy, taxonomy and the diversity of organisms, plant ecology, agriculture. Three hours of lecture and one three-hour laboratory per week. Not for credit in addition to the discontinued BIO 241.

*Prerequisites:* BIO 201 and 203

*4 credits*

**BIO 349 Biodiversity and Evolution in the Fossil Record** *new course*

An examination of biodiversity as preserved in the fossil record and how it contributes to the understanding of evolution. Species examined include invertebrates, plants, dinosaurs, and mammals and the ultimate origin and evolution of humans. Principles of evolution, paleontology, phylogeny reconstruction, and conservation are discussed.

*Prerequisites:* BIO 201

*Advisory Prerequisite:* BIO 202 or 203

*3 credits*

**CCS 401 Senior Seminar in Cinema and Cultural Studies**

*revised prerequisites*

*Prerequisites:* U4 standing; CCS major

**CCS 495 Senior Honors Project in Cinema and Cultural Studies** *new course*

A one-semester project for cinema and cultural studies majors who are candidates for the degree with departmental honors. The project involves completion of an honors thesis or project under the close supervision of an appropriate faculty member and the written and oral presentation of the thesis or presentation of the project to the program faculty colloquium.

*Prerequisites:* Permission of instructor and undergraduate program director

*3 credits*

**CHE 131-E, 132-E General Chemistry**

**CHE 141-E Honors Chemistry I**

*Revised prerequisites:* AMS 151 will also satisfy the mathematics prerequisite

**CHE142-E Honors Chemistry II**

**CHE 198-E Chemistry for Engineers**

**CHE 221-E Introduction to Chemistry of Solids**

**CHE 301-E Physical Chemistry I**

**CHE 312-E Physical Chemistry (Short Course)**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**ECO 351-F Economics of HIV and AIDS** *special topic spring 2000*

Emphasis on the economics of HIV/AIDS in developing countries, with consideration of material related to developed countries as well, including issues such as the consequences of skyrocketing death rates among young adults 20 to 40 years of age and the costs of lowering death rates in developing countries.

**ECO 352-F Experimental Economics** *special topic spring 2000*

Analysis of different experiments that give new insight into the way people behave in an economic environment.

**ECO 353-F Urban Economics** *special topic spring 2000*

Microeconomic view of the variety of aspects of urban areas, including the importance of social interactions, toward an understanding of economics in the broader social picture of an urban area. Using theoretical microeconomics and quantitative data and models, students consider such questions as why cities exist; how they change over time; and the special issues arising in urban areas, such as housing, transportation, poverty and discrimination.

*Prerequisite:* ECO 303

**ECO 354-F Economics of Less Developed Countries** *special topic spring 2000*

Consideration of the optimal behavior of agents in a less developed economy. Topics covered include economic backwardness, poverty traps, and inefficiency as outcomes of rational interactions; the role of institutions and social norms; and the issue of contracts in rural economies.

*Prerequisite:* ECO 303

*Pre- or corequisite:* ECO 355

**ECO 356-F Health Economics** *special topic spring 2000*

An application of microeconomics to the health sector of the economy. Topics include the demand for health care; the roles of hospitals, physicians, and HMO's in the supply of health care; the role of the government in the provision of health care; and the determinants of health care costs.

*Prerequisite:* ECO 303

**ECO 357-F Business Cycles** *special topic spring 2000*

An eclectic approach to understanding business cycles including analytical and historical aspects of business cycle analysis currently used. Consideration of topics in business cycle theory, monetary theory, and international macroeconomics with examples from the U.S. economy and the world.

**ESL 192 Intermediate Composition** *revised grading*

The Pass/No Credit option may not be used.

**ESL 193 Advanced Composition** *revised grading*

The Pass/No Credit option may not be used.

**FRN 435 Society and Its Exiles: 19<sup>th</sup>-Century French Literature** *special topic spring 2000*

Examination of the literature that drew its inspiration from the yearnings and loneliness of those condemned or self-condemned to live "outside," including the dandy, the disinherited aristocrat, the *poete maudit*, the Faustian villain, and the Napoleonic orphan.

**GEO 309-E Structural Geology** *revised prerequisites*

*Prerequisites:* GEO 122 or GEO 102 and 112; one semester of calculus; PHY 121 or 131 or 141

**GEO 310-E Introduction to Geophysics**

**GEO 315-E Groundwater Hydrology**

**GEO 318-E Engineering Geology and Coastal Processes**

*Revised prerequisites:* AMS 161 will also satisfy the mathematics prerequisite

**GEO 327 Computerized Modeling of Geological Phenomena** *new course*

Practical experience in creating software that implements mathematical models of selected geological phenomena. Through lectures, discussions, and homework exercises, students familiarize themselves with the details of a mathematical model that describes a selected phenomenon. Students develop specifications for a software user interface and an outline for the design of a software model. As a team, the class develops, tests, and refines the software, with each student writing a particular portion of the software according to the specifications. The course requires a significant amount of computer work outside of class time.

*Prerequisites:* GEO 122 or GEO 102/112; MAT 131 or 126 or AMS 151; U3 or U4 standing; permission of instructor

*4 credits*

**GER 401-G Drama in the Age of Goethe** *special topic spring 2000*

The development of the German theatre during the age of Goethe (1749-1832), including works from *Sturm und Drang*, Classicism, Romanticism, and the Viennese epigones.

**HIS 227-J Islamic Civilization** *new course*

The histories and cultures of various Muslim peoples at particular times and in particular places, beginning with the Arabian world at the time of Muhammad and extending to current events. Special emphasis is placed on the distinction between religion and culture.

*3 credits*

**HIS 380-J Topics in Latin American History: Society and Revolution in Cuba** *new course special topic spring 2000*

The history of Cuban society and revolutionary movements since independence, with particular emphasis on the Revolution of 1959, including consideration of the legacies of 19<sup>th</sup>-century Cuba in shaping it in the 20<sup>th</sup> century, the role of revolutionary movements in the young Cuban nation, and issues surrounding the Revolution, such as who participated, why it occurred, and its impact on Cuba and on the international community. May be repeated as the topic changes.

*Prerequisite:* HIS 213 or HIS/POL 214 or HIS/POL 216

**HIS 390-I Religion in the Ancient World** *special topic spring 2000*

The religious dimension of several ancient civilizations, particularly Egypt, Greece, and Rome and the ancient context of two surviving religious traditions, Judaism and Christianity. Questions include what is "religious" about the phenomena under study and how they are connected with the other dimensions of ancient society, culture, and politics.

**HIS 392-I Topics in European History** *revised title*

**HIS 393-I Topics in Modern European History** *revised title*

**HIS 394-H Genetics and Eugenics** *special topic spring 2000*

The history of genetics and eugenics in the 20<sup>th</sup> century, including the history of birth control and abortion and genetic/reproductive technologies.

**HIS 396-F Topics in U.S. History** *revised title*

**HIS 397-K Coming from the Americas: Latino Immigration to the United States** *special topic spring 2000*

The immigration experiences of people arriving in the United States from other regions of the Americas, e.g., Mexico, Puerto Rico, the Dominican Republic, and Central America. Examination of the social, political, and economic developments that fuel immigration. Topics include territorial conquest, colonialism, real and imagined borders, chain migration, formation of immigrant communities, acculturation, circular migration, social networks, and how migration processes restructured gender relations.

# CORRECTIONS TO 1999-2001 UNDERGRADUATE BULLETIN

CORRECTIONS ARE UNDERLINED.

## College of Arts and Sciences

### Africana Studies Faculty Listing

Olufemi Vaughan, Associate Professor, Ph.D., University of Oxford:  
Joint appointment with History; African politics and history;  
international relations. Recipient of the State University Chancellor's  
Award for Excellence in Teaching, 1997.

### English Faculty Listing

Ira Livingston, Associate Professor, Ph.D., Stanford University:  
Romanticism, literary theory.

### Minor in Health and Wellness

Please see page 147 of the *1999-2001 Undergraduate Bulletin*.  
Under Requirement 3, add PSY 356 Physiological Psychology.

### Minor in Science and Engineering

Please see page 207 of the *1999-2001 Undergraduate Bulletin*.  
Add the following note at the end of the requirements for the minor:  
For students with majors in engineering, only PHY courses numbered  
200 or higher may be applied toward the minor.

## Corrections to Course Descriptions

### BCP 394-H Environmental Toxicology and Public Health

This course satisfies D.E.C. category H.

### CCS 101-B Images and Texts: Understanding Culture

This course satisfies D.E.C. category B.

### EGL 232-I Rebels and Tyrants

An exploration of literary rebels and tyrants central to Russian and  
Anglo-American traditions. The subversive tactics of such writers as  
Shakespeare, Dostoevsky, Sir Walter Scott, Solzhenitsyn, and  
Salinger are appraised in the light of the dominant social, political,  
and aesthetic systems they confront. Crosslisted with HUR 232.

*Advisory Prerequisite:* One D.E.C. category B course  
*3 credits*

### ENS 101-E Prospects for Planet Earth

This course satisfies D.E.C. category E.

### HUR 232-I Rebels and Tyrants

Course satisfies D.E.C. category I

Crosslisted with EGL 232.

### MAR 394-H Environmental Toxicology and Public Health

This course satisfies D.E.C. category H.

### **PSY 383 Research Lab: Physiological Psychology**

*Prerequisites:* PSY 300; PSY 356; permission of instructor

### **SAS 401, 402 Special Topics in South Asian Studies**

May be repeated as the topic changes.

*Prerequisite:* U3 or U4 standing

*3 credits*

## Registering for Courses

If you're an undergraduate,  
the most important thing to do is

**register in advance!**

That means registering as soon as your class status (U1  
freshman, U2 sophomore, etc.) and the first letter of  
your last name allow. The schedule for when you can  
register is at the front of this booklet.

Advance registering is the BEST way  
to ensure  
the BEST selection of courses.

The longer you wait, the likelier the class will close.  
So...

**register in advance.**

You say, "But the course is already closed!"

### ➔Registration tip of the day

Trying to register for a closed course lets the  
department know there's demand for the course and  
they MAY be able to add another section!

# TRANSFER CREDIT

## TRANSFER CREDIT POLICIES

All credits are accepted for coursework completed as part of a SUNY or CUNY A.A. or A.S. degree. All other credits earned with a grade of C or higher at regionally accredited institutions or recognized by the Program on Non-Collegiate Sponsored Instruction of the University of the State of New York and recorded on official transcripts are accepted for transfer credit. Courses successfully completed for which a letter grade was not assigned are also accepted for transfer credit. Credits meeting these criteria are accepted for transfer regardless of when they were earned.

## TRANSFERRING UPPER-DIVISION CREDIT

To transfer upper-division credit toward Stony Brook's upper division requirement (39 credits of courses numbered 300 or higher), students must complete a transfer course evaluation form, available in the Transfer Office, 134 Administration Building, 632-7028, and have each course evaluated by the appropriate department. (If Stony Brook does not have a comparable department, consult with an advisor in the Transfer Office.) No transferred courses with a grade lower than "C" may be counted toward the upper division requirement. **NOTE: Credit earned at community and agricultural colleges may not be evaluated as upper division credit by academic departments.**

## SECOND BACCALAUREATE DEGREE

A person who has received a bachelor's degree from Stony Brook or another institution and who wishes to earn a second degree from a West Campus program must apply and be accepted as a matriculated student for the second baccalaureate. Some majors have additional admission criteria.

After matriculation, the student must earn at least 36 credits at Stony Brook, including completion of a new major, the "Expanding Perspectives and Cultural Awareness" portion of the Diversified Education Curriculum, and 21 credits of upper division coursework. Coursework completed for the first bachelor's degree, whether taken at Stony Brook or elsewhere, do not count toward completing these requirements. Satisfactory completion of Stony Brook's writing and mathematics requirements (D.E.C. categories A and C) is also required. Coursework from the first bachelor's degree may be used to satisfy D.E.C. A and C.

## TRANSFER CREDIT GUIDES

Many courses for transfer have already been evaluated for their applicability toward Stony Brook's general education requirements. Transfer guides are available from the Transfer Office, 134 Administration Building (632-7028) and the Academic Advising Center, Library E-3330 (632-7082)

### TRANSFER GUIDES FOR:

College of Staten Island  
College of Technology at Farmingdale  
Fashion Institute of Technology  
Kingsborough Community College  
Nassau Community College  
Queens College  
Queensborough Community College  
Rockland Community College  
Suffolk County Community College  
SUNY Albany  
Westchester Community College

## STUDY AT OTHER INSTITUTIONS AFTER MATRICULATION AT STONY BROOK

*Courses must be taken at regionally accredited institutions.  
Courses must be passed with a grade of C or higher.*

**Students who wish to take courses toward the D.E.C. and elective credit courses** must present the bulletin description to the evaluators in the Transfer Office for approval and, upon completion of the course with a grade of C or higher, have an official transcript from the other institution sent to the Transfer Office.

**Students who wish to take courses toward their major and upper-division requirements** at other institutions must following these steps:

1. If the course has not already been evaluated in the transfer guides, obtain a **Request and Authorization to Take Courses at Another Institution** form, available in the Transfer Office, 134 Administration Building (632-7028).
2. Present the form and bulletin description or syllabus of a course to the appropriate academic department for approval.
3. When the course has been approved by the department, the form must be returned to the Transfer Office for final approval.
4. After the course is completed, have an official transcript from the other institution sent to the Transfer Office. See the *1997-1999 Undergraduate Bulletin*, pp. 53-54 for complete details on transfer credit policies.

### PRIME TIME EVENTS

**Wednesday, November 17 – Tuesday, November 24**

**Check the schedule in this publication for each department event.**

**CHECK THE TELEPHONE REGISTRATION SCHEDULE**

in this publication

**OR**

**CHECK OUR WEB PAGE:**

**[WWW.SUNYSB.EDU/REGISTRAR/REGHOME](http://WWW.SUNYSB.EDU/REGISTRAR/REGHOME)**

80

**The University Academic Calendar is available in this publication for both Undergraduate and Graduate students.**

**Look it over and make a note of the KEY DEADLINE DATES in your own personal calendar.**

**DON'T MISS THE DEADLINES**

**MAKE A NOTE OF THIS DATE - APRIL 5, 2000**

**will be the last day you will be able to use the Automated Telephone System to process SPRING 2000 semester transactions. At this point, we will be preparing for FALL 2000 ADVANCE REGISTRATION**

**JUST WHAT YOU HAVE BEEN ASKING FOR !!!!**

**Use the BULLETIN ONLINE: [WWW.SUNYSB.EDU/UGBULLETIN](http://WWW.SUNYSB.EDU/UGBULLETIN)**

**The Bulletin Online contains changes as they occur!!!**

<b>SA 9:30-12:45pm</b>				
EST 104 :01		Project Tech & Soc	SA 9:30-12:45 pm	

**SATURDAY FINALS WILL BE HELD  
SATURDAY, MAY 13 DURING THE REGULAR  
SCHEDULED CLASS TIME**

If you want to keep your NAME, ADDRESS, TELEPHONE, EMAIL confidential, you can only do this if you:

- Come in-person, with your ID CARD, to the Registrar's Office and we will suppress that information from the public.
- Call our office, if you have any questions: (631) 632-6175, Choose #3

## Health Sciences Center - Undergraduate Courses - Spring 2000

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus Student Services Center, not at HSC. When west campus students register for a Health Sciences Center course scheduled in a spring module term, this course counts towards the students' spring course load only, even if the module extends into the summer term.

<u>Dept.</u>		<u>Course Title</u>	<u>Cr.</u>	<u>Meeting Times</u>	<u>Instructor</u>	<u>Phone</u>
HNI	290	Introduction to Nursing	2	HTBA	Staff	444-3200

## Health Sciences Center - Graduate Courses - Spring 2000

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus Student Services Center, not at HSC. When west campus students register for a Health Sciences Center course scheduled in a spring module term, this course counts towards the students' spring course load only, even if the module extends into the summer term. Courses with designators of HDO are available only to students enrolled in a M.S. or Ph.D. program.

## School of Professional Development (SPD) REGISTRATION INFORMATION, Spring, 2000

### To Current SPD STUDENTS:

The semester begins Wednesday, JANUARY 19, 2000

This SCHEDULE booklet contains everything you need to know about course offerings, registration, payment, classroom locations, important phone numbers, academic calendars, and much more. Please note:

- LIBERAL STUDIES (LS) courses, required for the MA/LS Degree, are identified with a "REMARK" after such courses: AH/LS (Arts and Humanities), NS/LS (Natural and Applied Sciences), and SB/LS (Social and Behavioral Sciences). For example, see all "CEI" courses. CORE courses for the MPS Degree are also indicated with a "REMARK".
- Section numbers 21 are off-campus courses; Section 30 are courses given on-line; Section 50 are courses offered on Saturdays.
- Descriptions of SPD courses will be printed in the SPD SPRING Bulletin which will be published and mailed to you in late FALL. SPD course descriptions are posted on SPD's Web site at <http://www.sunysb.edu/spd/>
- Keep both your SPD BULLETIN and class SCHEDULE for future reference.

The Registrar's Office maintains a listing of closed and course changes on its Web site at <http://www.sunysb.edu/registrar/reghome.htm>

### SPD ACADEMIC ADVISEMENT

If you have questions or problems in selecting courses, you may call SPD at (631) 632-7050 to SCHEDULE a phone or in-person appointment with an academic advisor. SPD advisors are available Monday-Thursday until 6 PM while classes are in session. The Administration Lobby Offices, will be open on Tuesday evenings until 7 PM during Fall and Spring (until 6 PM in SUMMER) to assist you with registration, billing, payment, etc.

### NUMBER OF CREDITS FOR WHICH YOU MAY REGISTER

According to SPD policy, you may register for a maximum of 18 credits for the fall and spring semesters. Students registered for 1-11 credits are part-time and those registered for 12-18 credits are full-time.

### REGISTRATION BLOCKS

Students born 1/1/57 and after will be blocked from registering unless the University Health Services Office has received proof of immunity for Measles, Mumps, and Rubella within thirty days of admission to Stony Brook. Call the Health Office at (631) 632-6740 for details. Students having any other office BLOCKS, such as SPD, Student Accounts or Traffic blocks will not be allowed to register. They are advised to contact the appropriate office to resolve the problem prior to Advance Registration which begins NOVEMBER 22, 1999.

### CANCELLING OR WITHDRAWING REGISTRATION

Please remember:

Once you register either in person, by FAX, or phone, you will be liable for tuition and fees, whether or not you receive a bill or make any payment, unless you formally cancel your registration. You are eligible for a refund of 100% of your tuition, only if you cancel or drop courses during the first week of classes. Refer to the Academic Calendar and the Tuition Liability Schedule found in the class schedule, or by visiting the Registrar's Web site: <http://www.sunysb.edu/registrar/reghome.htm>.

### GRADUATION APPLICATION

Be sure to file an application with the SPD Office if you are completing degree or graduate certificate requirements at the end of the spring, 2000 semester. The deadline for applying is February 2, 2000. Students who plan on completing by the end of summer, 2000 AND participate in May's Commencement ceremonies should also apply by the above deadline.

### SPD REGISTRATION OPTIONS: Register Early

If you are matriculated in a masters degree or graduate certificate program, your class designator is G2, you may begin TELEPHONE REGISTRATION on Monday, November 22, at 3:00 PM. If your class designator is G1, you may begin on Monday, November 22, at 5:00 PM. If you are non-matriculated GSP, your class is G0 (even if you are taking all undergraduate courses) and you may begin TELEPHONE REGISTRATION on Monday, November 22, at 7:00 PM. Telephone registration is the easiest way to register. However, you may also register by FAX with the SPD Office only; or in-person at the Registrar's office (Please check the Registration Schedule for the first day of In-Person Registration). The options are:

### Telephone Registration: Call: (631) 632-1100

Refer to the Telephone Registration Instructions in this publication, which provides step-by-step Instructions and a Worksheet. The telephone registration system is available daily from 7 AM - 12 midnight including holidays. Remember, when using telephone registration you need:

- your PIN (Personal ID Number) which is your birth date in six digits (e.g. 102374 for October 23, 1974) Note: you may change this number to any six-digit number.
- your student ID number (Social Security number).
- specific Departmental Call NUMBERS which are required for telephone registration in lieu of course LETTERS. Refer to the list of these call numbers in this publication. They can also be found within the alpha listing of courses throughout the Schedule.

Remember, the earlier you register, the better course selection you will have. To avoid a late fee, you must register by Tues. JANUARY 18.

FAX Registration will be accepted prior to and up through Friday, DECEMBER 17, 1999. FAX registrations will only be accepted by the SPD Office.

Prior to sending a FAX registration, be sure to check the Registrar's Web site for course cancellations or changes to course offerings:

**Step 1:** On a blank piece of paper, indicate the following information: Your name, ID(SS#), your home and business numbers, semester, title of course(s), and letters/numbers of course(s).

**Step 2:** FAX the above registration information to SPD at: (631) 632-9046 by 12/17/99.

### In-Person Registration begins Friday, December 3

In-person registration takes place in the 2nd floor lobby of the Administration Building at the Registrar's Office. Beginning Friday, December 3 you may register each weekday in person between 8:30 AM and 4 PM, except Tuesdays when registration takes place from 10 AM - 7 PM. We encourage you to use the telephones in the lobby area to register. If you need assistance, go to the Registrar's service window.

### Late Registration

Late registration begins on the first day of classes, JANUARY 19, with a late fee of \$30. Permission of the instructor, as indicated by his/her signature on the registration form, is required ONLY if classes are closed (filled to capacity) or the class indicates permission is required. If permission is not required for courses with available seats, you may continue to use the telephone system to late register for courses with available seats and drop courses through the end of the add/drop period, TUESDAY, FEBRUARY 1. You are eligible for 100% refund ONLY if you drop classes by JANUARY 25.

## Financial Aid

If you need assistance in meeting your educational expenses for the 1999-2000 academic year, you can still apply for financial aid. To begin the application process, you should:

- Complete the **1999-2000 Free Application for Federal Student Aid (FAFSA)** and mail it to the federal processor. Please use Stony Brook's Title IV school code, **002838**, and the correct name of the institution, **SUNY—Stony Brook**.
- Complete the **1999-2000 Express Tuition Assistance Program Application (ETA)**. Apply first using the FAFSA; if you indicate that you are a New York State resident and list at least one New York State school, HESC (New York State Higher Education Services Corp.) will send an ETA to your permanent address. Send the completed application to HESC in Albany. Stony Brook's TAP code is **0875** for undergraduate students, **5430** for graduates.
- Upon receipt of the data from your Student Aid Report (the document you receive after filing a FAFSA) via electronic tape from the federal processor, the Office of Financial Aid and Student Employment will send you an award letter indicating the amount and type(s) of financial aid for which you qualify. *Please review the Financial Aid Fact Sheet enclosed with the award letter for information about subsequent steps in the financial aid process.*

### GRANTS

**Federal Pell Grants** are available to matriculated undergraduates only. Eligibility is determined by a federal formula established by Congress that utilizes information filed in the student's FAFSA. Awards at Stony Brook will range from \$400 to \$3,125 for the 1999-2000 academic year.

**Tuition Assistance Program (TAP)** grants are available to New York State residents who are enrolled full time as undergraduate or graduate students in an approved degree program. Awards at Stony Brook range from \$100 to \$3,085 for the 1999-2000 academic year.

**Federal Supplemental Educational Opportunity Grants (FSEOG)** are awarded to undergraduate degree candidates who have exceptional financial need. Awards range from \$100 to \$1,000 and are made on a funds-available basis.

### LOANS

**Subsidized Federal Stafford Loans** are made available through participating lenders to matriculated undergraduate and graduate students who have demonstrated financial need. The federal government pays the interest while the student is enrolled at least half time and for six months afterwards.

- **Undergraduate** annual limits: \$2,625 (freshman), \$3,500 (sophomore), \$5,500 (junior/senior)
- **Graduate** annual limit: \$8,500

**Unsubsidized Federal Stafford Loans** are available to all matriculated undergraduate and graduate students.

- **Dependent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program.
- **Independent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$4,000 annually for their first two years of study and \$5,000 annually for their remaining years of study.
- **Graduate** annual limit: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$10,000 for each year of graduate study.

**Federal Parent Loans for Undergraduate Students (PLUS)** are accessible to parents of dependent undergraduate students. The annual loan limit is the student's cost of education minus estimated financial aid. Applications are available at participating banks and the Office of Financial Aid and Student Employment.

**Federal Perkins Loans** are awarded to matriculated students with demonstrated need. Interest is deferred until nine months after the student ceases to be enrolled at least halftime. Awards at Stony Brook average \$1,500 per year. Funds are limited and students must apply early to receive consideration.

### WORK OPPORTUNITIES

**The Federal Work Study (FWS) and FWS Community Service** programs provide employment opportunities to students who are enrolled at least half time in an approved degree program. The amount of the award is based on the student's financial need. Funds are limited and students must apply early to receive consideration.

To receive financial aid for the 1999-2000 academic year, you must follow through on **all steps** of the financial aid process:

- Accurately complete applications and mail them to the appropriate processor in a timely manner.
- Submit all requested documentation, including a completed award letter, to the Office of Financial Aid and Student Employment.

## STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY

After registering for the **Spring 2000 semester**, all students will be sent a billing statement for tuition & fees with instructions for making payment. If the student does not receive a billing statement within 28 days after registration, **it is the student's responsibility to contact Students Accounts at (631) 632-2455 for a bill and pay the full balance by the due date.**

- Students with outstanding balances will receive multiple statements throughout each semester. Each billing statement will list the amount due to the University. Tuition, fees, and other university charges assessed on each billing statement **will be due in full by the due date appearing on your statement.** Any unpaid charges from the previous statement, including accrued late fees, will be brought forward and additional charges, payments, and credits will be shown.
- **University billing statements are sent to the home address on file with the Office of Records. Billing statements for international students are sent to their local address. EVERY student is responsible** for making sure that a correct address is on file and must inform the Records Office of any change of address. **Failure to receive a bill due to an incorrect address will not be accepted as a reason for waiving late payment fees.**
- The billing statement also will show and subtract any authorized deferments in the calculation of the amount due. These include Pell grants, Stafford loans, TAP and tuition awards. Students must have proof of approved aid, waivers, or scholarships in order to properly defer payment. **Without satisfactory evidence to defer, students are expected to pay charges up front and wait for reimbursement when the aid, waiver or scholarship funds are actually received. Students should apply early for any financial aid they expect to use to pay their university bill.**
- Students are encouraged to join our **Time Option Payment Plan** as they wait for their financial aid to be finalized.
- **Students can always check their current student account balance by using the Automated Telephone System (631-444-6272 / option #4) or at the Billing window at the Student Accounts Office in the Administration lobby.**

**Payment Instructions:** Payments made by check or money order must be made payable to **Stony Brook University**, and sent to **PO Box 619, Stony Brook, NY 11790**. If paying by credit card, you may access our Automated Telephone System at (631)-632-1100 with a touch-tone phone to charge tuition & fees to VISA, Mastercard, Discover and American Express. **Any payment that fails to clear is subject to a \$20.00 handling fee and may be subject to a \$30.00 late payment fee.** Payments made by return mail should include the bottom portion of the statement (to ensure proper credit to the account), and sent in the return-addressed envelope provided with the bill. **Mailed payments must be postmarked by the due date to avoid the late payment fee.** Students are encouraged to pay by mail or by telephone in order to avoid lines at the Bursar. **All payments should include your University ID number** for prompt and proper credit to your account.

**Late Payment Fee:** Failure to pay the amount due by the due date will result in an automatic assessment of the incremental late payment fee of \$30.00. Incremental late payment fees, up to \$90 per semester, will be assessed on all accounts not completely paid by the due dates indicated on each successive account statement. **Pending financial aid will not be accepted as a reason to waive late payment fees.**

**Time Option Payment Plan (TOPP):** The Office of Student Accounts offers the **Time Option Payment Plan** which allows for the budgeting of tuition and fees expenses on a monthly basis. There is a processing fee to help defray the administrative expenses of the program. For further information, please call **Student Accounts at (631) 632-2455**. Enrollment forms are found in the **Spring 2000 User's Guide**, which are sent with the bills and also are available in the Student Services Center. **The deadline for Spring 2000 enrollment in the TOPP program is February 15, 2000.**

**DELINQUENT ACCOUNTS:** **Students with any outstanding balance on their student account are not eligible to register at the university or participate in room selection.** No student may receive a degree, certificate of completion or transcript until all charges due to the university or any of its related divisions are paid in full. **Delinquent accounts will be transferred to private collection agencies and/or the New York State Attorney General's Office for collection**, and are subject to additional interest and / or collection charges.

### REMEMBER THAT YOU ARE RESPONSIBLE FOR:

Knowing that you are registered for classes and what classes you are registered for,  
paying your student account in full by the billing due date,  
and understanding and following the correct procedures to withdraw from classes.

# STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY (continued)

## TUITION & FEE LIABILITY

Students who officially withdraw from the University or reduce the number of credits for which they are registered may be entitled to a proportionate refund of tuition paid or proportionate adjustment of tuition charges. The first day of classes as scheduled by the campus shall be deemed to be the first day that classes are offered, as scheduled by the academic calendar. The Spring 2000 semester liability schedule is:

Liability Period from:	Tuition Liability	Tuition Refund	Fees Liability
On or before 01/25/2000	0%	100%	0%
01/26/2000 - 02/01/2000	30%	70%	100%
02/02/2000 - 02/08/2000	50%	50%	100%
02/09/2000 - 02/15/2000	70%	30%	100%
On or after 02/16/2000	100%	0%	100%

During 0% liability, refunds will be processed and charges removed for tuition and all fees. After 0% liability, tuition will be prorated according to the schedule above, and all fees are due in full. **Therefore, the last day to withdraw from classes without any tuition or fee liability is January 25, 2000.** After the start of classes, Campus Residences and Admission deposits will be forfeited. After 100% liability, a student is liable for the applicable percentage of tuition and all fees in full. **Students who register for courses and who do not file the appropriate withdrawal or do not drop before the end of the fourth week of classes are liable for their full charges.**

**NON-ATTENDANCE OF CLASSES DOES NOT CLASSIFY AS AN OFFICIAL WITHDRAWAL, AND DOES NOT RELIEVE THE STUDENT OF HIS OR HER FINANCIAL OBLIGATION, OR ENTITLE THE STUDENT TO A REFUND.**

## CAMPUS RESIDENCES

When the residence halls are occupied at a level of 100% or greater of the regular designed capacity, residents who check out properly will be billed a pro-rated portion of the semester's room charge upon completion of the check out process. When the residence halls are occupied at a level below 100% of the regular design capacity, residents who check out will be billed the full semester's housing charge, with no proration. **Contact Campus Residences for more information.**

## MEAL PLAN

Students who withdraw from the University will be billed a prorated portion of the meal plan up to, and including, the official withdrawal date. Prorations are calculated on a weekly basis, effective the date the Meal Plan Office was notified to cancel. **Contact the Meal Plan Office for more information.**

## CANCELLATIONS & WITHDRAWALS

A student who is given permission to cancel his/her registration or who is withdrawing from classes shall be liable for payments of tuition and all fees in accordance with the liability schedule. **More details about the University's Refund Policy are available through the Student Accounts Office.**

**All refunds or adjustments of charges are based on the date the withdrawal application is officially received by the Student Accounts Office, not on the date of the last class attended.** If students are unable to cancel or withdraw in-person, written requests may be sent to the **Office of Records** or **faxed to (631) 632-9491**. The postmark of the letter or the date the fax is received will determine the amount of refund for which students are eligible. **Students are advised to retain a copy of the withdrawal letter for the Office of Student Accounts.**

## REFUNDS

Based on State University of New York Policy 057.1, **no money shall be refunded unless a formal written request is made within one year** after the last day of the term for which the tuition and fees were incurred at the University. The student must submit in writing a request for full refund of tuition and/or fee charges. All requests must be sent to: **Office of Student Accounts, 254 Administration Building, SUNY Stony Brook, Stony Brook, New York 11794-1301.**

# UNDERGRADUATE TUITION AND FEE INFORMATION

Please note that tuition and fee charges are as of 10/99, and are subject to change by official action of the State University of New York. Questions concerning these charges should be referred to the **Office of Student Accounts at (631) 632-2455**.

**TUITION-**

**New York State Resident Tuition:** Part-Time Undergraduates (if registered for 1-11 credits) - \$ 137 per credit  
 Full-Time Undergraduates (12 or more credits) - \$1,700 per semester

**Out-of-State Resident Tuition:** Part- Time Undergraduates (if registered for 1-11 credits) - \$ 346 per credit  
 Full-Time Undergraduates (12 or more credits) - \$ 4,150 per semester

**MANDATORY REGISTRATION FEES**

**Student Activity Fee** Full-Time Undergraduates (12 or more credits) *estimated* - \$83.75 per semester  
 Part- Time Undergraduates (fewer than 12 credits) *estimated* - \$ 7.00 per credit

**Comprehensive fee, consisting of:**

**College Fee** Part- Time Undergraduates (fewer than 12 credits) - \$ .85 per credit  
 Full-Time Undergraduates (12 or more credits) - \$12.50 per semester

**Athletic Fee** Full-Time Undergraduates (12 or more credits)...*estimated*- \$60.00 per semester  
 Part- Time Undergraduates (fewer than 12 credits)*estimated*- \$ 6.00 per credit

**Infirmary Fee** Full-Time Undergraduates (12 or more credits) - \$75.00 per semester  
 Part- Time Undergraduates (fewer than 12 credits) - \$ 7.50 per credit

*The Infirmary Fee is automatically waived ONLY for students enrolled in evening (after 5 PM) and weekend classes.*

**Technology Fee** Full-Time Undergraduates (12 or more credits) - \$100.00 per semester  
 Part- Time Undergraduates (fewer than 12 credits) - \$ 10.00 per credit

*The Technology Fee is assessed to all students to address technology needs in computing and information technology, public computer site upgrade, and automation of student services.*

**Transportation Fee** Full-Time Undergraduates (12 or more credits) - \$40.00 per semester  
 Part- Time Undergraduates (fewer than 12 credits) - \$ 4.00 per credit

*The Transportation Fee is assessed to all students for parking and busing; waived only if your classes are **off campus**.*

**Late Registration Fee** (*applicable for those registering on or after the first day of classes – January 19, 2000*)- \$30

**Late Payment Fee** (*assessed each time a bill is issued and not paid in full or deferred by guaranteed financial aid by the due date*)- \$30, up to \$90 per semester

All charges are paid to the **Bursar, 261 Administration Building**, or can be mailed to **PO Box 619, Stony Brook, NY 11790-0619**. Checks and money orders must be payable to **Stony Brook University**. If paying by credit card, you may call our Automated Telephone System at (631) 444-6272 [option #4].

**New York State resident students must apply for TAP in order to receive a valid TAP award certificate.**

Additional informational about the **Time Option Payment Plan, Late Payment Fees, Tuition and Fee Liability, and Delinquent Accounts** can be found on the **BILLING & PAYMENT POLICY** page in this bulletin.

# TEST TAKING TIPS

## Arrive Early & Come Prepared

Bring everything you need with you such as pens, a calculator, and scratch paper and allow yourself enough time to get comfortable and relax before the test begins.

## Stay Relaxed & Confident

Don't become anxious. Remind yourself that you are well prepared. Take slow, deep breaths if you become anxious before or during the test.

## Be Comfortable But Alert

Make sure you have enough room to work and maintain an upright posture in your seat.

## Preview The Test

Spend a few moments reviewing the test. Look for key terms and decide how to budget your time. While reviewing the test, take brief notes indicating ideas you can use later in your answers.

## Answer The Questions In A Strategic Order

Answer the easy questions first. Then answer the questions with the highest point value. The last questions you should answer are those that are the most difficult, take the greatest amount of writing, or have the least point value.

## Multiple Choice Tests: Know When To Guess

Eliminate answers you know are wrong. If there is no penalty for guessing, do so. Start by eliminating options. Your first choice is usually correct, so don't change your answers unless you are sure of the correction.

## Essay Tests: Think Before You Write

Create a brief outline for your essay by jotting down a few words to indicate ideas you want to address. Then number the items in your list to indicate the order in which you will discuss them.

## Essay Tests: Get Right To The Point

State your main point in the first sentence. Use your first paragraph to provide an overview of your essay. Use the rest of your essay to discuss these points in more detail. Back up your points with specific information, examples, or quotations. Conclude your essay with a brief summary of your main point.

## Review Your Test Answers

Review your test. Make sure you have answered all the questions. Proofread your writing for spelling, grammar, and punctuation. Check your math answers for careless mistakes. Match your actual answers for math problems against quick estimates.

*Nicole S. Rodriguez  
Her whole life ahead of her.  
But that's behind her now.  
Killed by a drunk driver.  
July 11, 1993  
Cutler, CA*

If you don't stop someone from driving drunk, who will? Do whatever it takes.

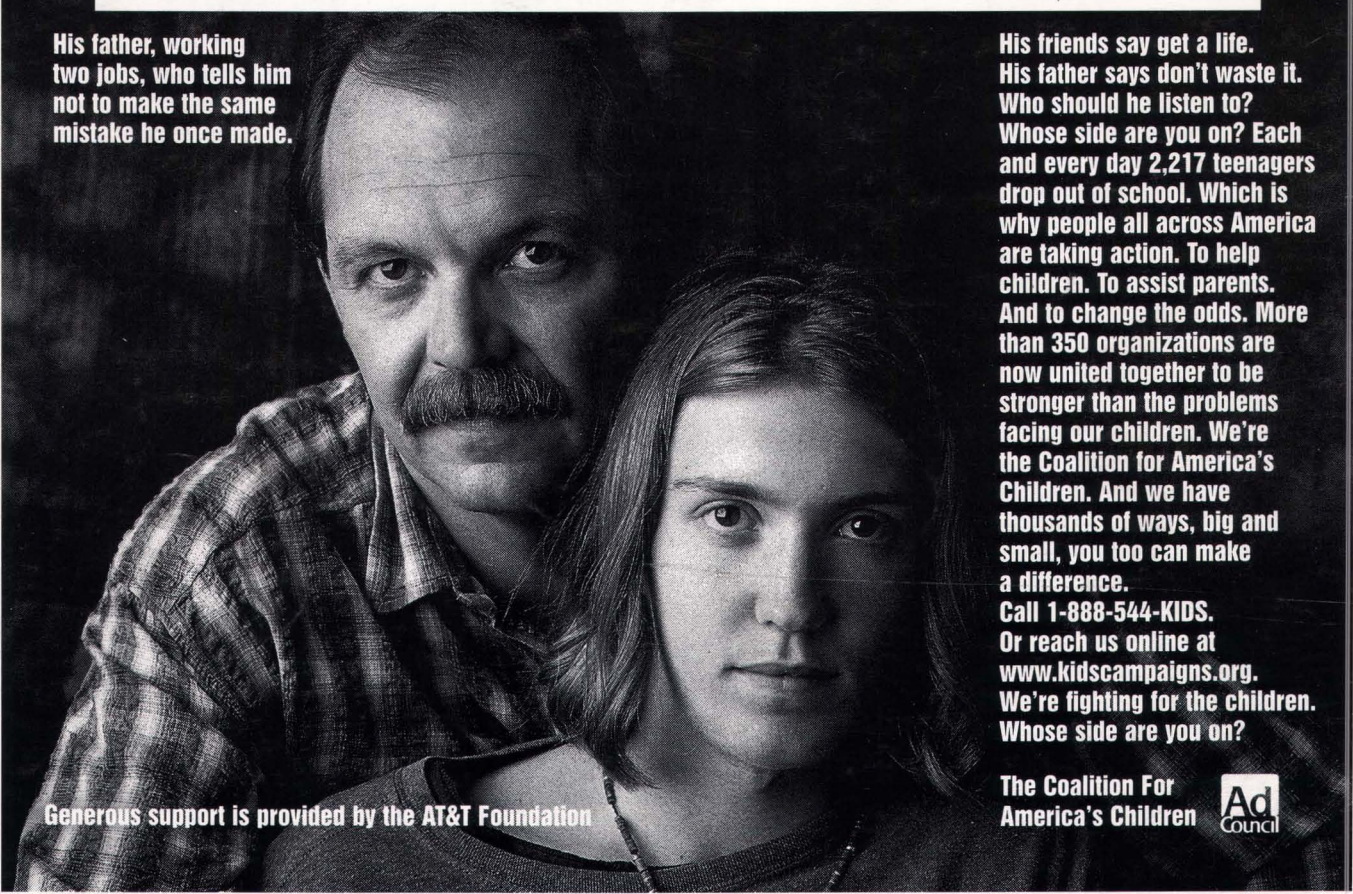

**FRIENDS DON'T LET FRIENDS DRIVE DRUNK.**

His friends,  
dropouts, who tell  
him that school  
doesn't make a  
difference.  
They know how  
to make money  
without a degree.

# WHOSE SIDE ARE YOU ON?

His father, working  
two jobs, who tells him  
not to make the same  
mistake he once made.

His friends say get a life.  
His father says don't waste it.  
Who should he listen to?  
Whose side are you on? Each  
and every day 2,217 teenagers  
drop out of school. Which is  
why people all across America  
are taking action. To help  
children. To assist parents.  
And to change the odds. More  
than 350 organizations are  
now united together to be  
stronger than the problems  
facing our children. We're  
the Coalition for America's  
Children. And we have  
thousands of ways, big and  
small, you too can make  
a difference.  
Call 1-888-544-KIDS.  
Or reach us online at  
[www.kidscampaigns.org](http://www.kidscampaigns.org).  
We're fighting for the children.  
Whose side are you on?

Generous support is provided by the AT&T Foundation
