OFFICE OF THE REGISTRAR

WELCOME to the UNIVERSITY AT STONY BROOK

Dear New and Continuing Students:

We are providing you with this Schedule of Classes so that you can prepare for the **Fall 2001 semester**. You will find important information on: the Telephone Registration Schedule, the Academic Calendar and Key Deadline Dates, general policies, "New" policies and procedures and most important, the courses that are being offered.

Although this Schedule of Classes was prepared on the basis of the best information available at the time, all information (including the calendar events, course offerings, and statements on tuition and fees) is subject to change without notice.

Use the **AUTOMATED TELEPHONE SYSTEM** instead of standing in line. The **ON CAMPUS** phone number is: **2-1100**; the **OFF CAMPUS** phone number is **(631) 632-1100**. If you need assistance, please stop by the Registrar's Service Counter in the lobby of the Administration Building. Our office phone is **(631) 632-6175** and our normal office hours when classes are in session during the Fall/Spring are: M, W, Th, F 8:30 – 4:00 p.m. and Tuesday, 10:00 a.m. – 7:00 p.m. Our office hours change after May graduation. Please check with our office for the change in service hours. Once you have registered, you may review your registration at any time using one of the following access methods:

- World Wide Web <http://www.sunysb.edu/registrar/reghome/htm>
- The Automated Telephone System - The system will speak your schedule of registered for courses, credits, meeting times and locations. On Campus 2-1100; Off Campus **(631) 632-1100**.
- Any **SOAR** Terminal/Kiosk, located in Academic Advising, Transfer Office, Health Sciences Center, Office of Student Services, the Registrar's Service Counter or lobby of the Administration Building.

CHECK IT OUT

Any **UPDATES** to the Schedule of Classes are available on the web
<http://www.sunysb.edu/registrar/reghome.htm>

You are encouraged to contact your academic advisor before choosing your courses. The Prime Time Advising period begins April 18 - 24. **Fall 2001 registration begins Monday, April 23rd**. **Both Graduate and Undergraduate students should check the Telephone Registration Schedule on page 7 for the earliest opportunity to register.**

Fall 2001 Semester classes begin **Monday, August 27, 2001**. Register prior to this date to avoid a Late Registration Fee of \$30 as of August 27th. **Remember - we do not mail students their class schedules for the upcoming semester.** You may get a listing of your Fall 2001 schedule via the SOAR system (View Future Courses before the semester begins) available on the web or you may call the Automated Telephone System for your schedule with class locations.

The staff of the Registrar's Office wants to extend their best wishes for a successful semester.

Beverly Rivera
Interim University Registrar

The State University of New York is an Affirmative Action/Equal Opportunity Educator and Employer

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act of 1974, as amended, sets out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records.

University of Stony Brook is authorized to release "Directory Information" concerning students. Directory Information includes:

Student's name, addresses (including email), telephone numbers, date and place of birth, major field of study, class, participation in officially recognized activities and sports, weight and height of members of athletic teams, likenesses used in University publications, dates of attendance, degrees and awards received and previous institutions attended.

The above-designated information is subject to release by University at Stony Brook at any time unless USB receives prior written objection for the student. **Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act.** Forms requesting the withholding of directory information are available at the Registrar's Office, 2nd floor or the Administration Building. Please be sure to bring your identification card with you in order for changes to be processed to your academic record.

University of Stony Brook is authorized to provide access to student records to campus officials and employees who have legitimate educational interest in such access. These persons are those who have responsibilities in connection with campus academic, administrative or service functions or a person or company with whom USB has contracted (such as the National Student Loan Clearinghouse) and who have reason for using student records connected with their campus or other related academic responsibilities.

Did you know ...

• *Automated Telephone System*

In an effort to make your busy life a little less hectic, the University has developed an automated telephone system at (631)-632-1100 that allows anyone with a touch-tone phone to conduct registration business, receive grade reports, get a summary of financial aid procedures and a status report on financial aid, access account information, and pay bills.

• *Easy to Use*

All you need to access the phone system is your University ID number (SS#) and a PIN number (PIN starts out as your six digit birth date, but should be changed and protected). After dialing 516-632-1100 (or 2-1100 on campus) you will hear the main menu:

1. Registration
2. Grades
3. Financial Aid
4. Account information and Bill Payment

After pressing 1,2,3, or 4, depending on which submenu you want to access, you will receive guidance in making your way through the various options in each submenu. They are as follows:

Registration -

- Register for courses
- Add courses
- Drop courses
- Change course sections
- Change the Pass/No Credit option (undergraduates only)
- Hear your program (including classroom locations)
- Change your PIN number

Grades -

- Grades for the previous semester.

Financial Aid -

- Information on your financial aid application and award status
- General financial aid information on grants, Federal Work Study and other student employment opportunities, loans and scholarships.
- Code numbers and information on how to apply for financial aid
- Request application materials
- Financial Aid Office information, including business hours

Account Information and Paying Bills -

- Detailed itemization of your current semester's bill and any outstanding balances
- Pay your bill via VISA, MasterCard, Discover, or American Express

The State University at Stony Brook is an affirmative action/equal opportunity educator and employer.

semesters.**

Telephone Registration Instructions

- A. If you are registering for courses or adding new selections to your registration, please be ready with the 8 digit codes for those courses. These consist of a 3 digit department call number (listed on the next page and throughout the schedule), a 3 digit course number, and a 2 digit section number (section 1 would be 01).

Example: AMS 102 section 4 would be 12010204

- B. Dial **(631) 632-1100** (refer to the Telephone Registration Schedule on the previous page for your first opportunity to register). **For all transactions, wait until the system is finished speaking to enter your response. Be patient, the system may be slow to respond when it is processing numerous requests simultaneously.** Touch 1 to identify yourself as a touch-tone caller.
- C. Enter your Stony Brook ID number (9 digits; usually your Social Security number). Students with ID numbers beginning with **USB** should enter 872 followed by the remaining 6 digits of their ID number. Students with ID numbers beginning with **FOR** should enter 367 followed by the remaining 6 digits of their ID number.
- D. Enter your six digit Personal Identification Number (PIN). Your PIN number is initialized to your date of birth (e.g., February 9, 1973 would be 020973). We encourage you to change your PIN number at your earliest convenience since birth date is not very secure.
- E. If you are not eligible to register you will hear instructions relating to your particular situation.
- F. Once the system recognizes you as eligible to register, you may select from among the following choices. Listen carefully and respond. All necessary instructions will be read to you.
- 1 - to create your **initial registration** for this semester.
 - 2 - to **add** courses after having registered previously.
 - 3 - to **drop** courses after having registered previously.
 - 4 - to **change sections**.
 - 5 - to add or remove the **Pass/No-credit** grading option.
 - 6 - to hear your **schedule**, meeting times and locations.
 - 7 - to change your **PIN number**.
- G. After all the information has been entered, press the pound key (#) to receive a confirmation of your transactions.

Note: If you wish to drop all of your courses or your only course you must file in writing for a cancellation or withdrawal from the University. Send mail to: Registrar's Office/Student Services, SUNY at Stony Brook, Stony Brook, NY 11794 - 1101 or FAX to (631) 632-9491.

Use this space to prepare your courses' 8 digit codes

TELEPHONE REGISTRATION SCHEDULE

Please find the days allocated for your class code (Grads, U4,U3,U2,U1,U0), look across to find the first letter of your last name, and move up the column to find the start time for your registration. After your start time you will be allowed continual access (7AM – 11PM) to the telephone system until the end of registration. However, you should register before the first day of classes to avoid a late registration fee. Telephone registration for Summer Session I or II 2001, and Fall 2001, is available to all students. Call (631) 632-1100. Each telephone call will be limited to **one** of the above three terms but you may call as often as you wish.

Class	Day	Date	Times						
			7AM	9AM	11AM	1PM	3PM	5PM	7PM
			First Letter Last Name

IN-PERSON REGISTRATION SCHEDULE

Your first opportunity to register in-person at the Registrar's Office for Summer or Fall is determined by your Class Code:

Day and Date	Class Code	Time of Day
Thursday, May 3	G1-G5	8:30AM-4PM
Friday, May 4	G0	8:30AM-4PM
Monday, May 7	U4	8:30AM-4PM
Tuesday, May 8	U3	10:00AM-7PM
Wednesday, May 9	U2	8:30AM-4PM
Thursday, May 10	U1	8:30AM-4PM
Friday, May 11	U0	8:30AM-4PM

Classification Code Key

Graduate Students

G5 PhD Student Advanced to Candidacy
 G4 PhD Student with 24 or more earned credits
 G3 First Year PhD Student
 G2 Master's Student with 24 or more earned credits
 G1 First Year Master's Student or Advanced Certificate student with less than 24 earned credits
 G0 Non-matriculated student

Undergraduate Students

U4 (Senior) 85 or more earned credits
 U3 (Junior) 57-84 earned credits
 U2 (Sophomore) 24-56 earned credits
 U1 (Freshman) 0-23 earned credits
 U0 Non-matriculated, Visiting student

- **Saturday classes:**

Final exams are scheduled for Saturday, December 15th, during the scheduled class time.

****The last examination of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Examination Period at the time designated for the course. Exceptions may only be granted by the dean of the instructors college for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.**

NOTES:

1. To determine the time and date of your examination, find the time your class **lecture** meets (or the "common exam" box for large multi sectioned courses) and look to the left of the row to find the **day** of the examination, and to the top of the column for the **time**.
2. If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the examination for a class that begins at 10:45 A.M. on Monday will be held at the time indicated for classes that meet at 10:30 - 11:25 A.M. on M/W/F).
3. Unless otherwise announced, the examination will be given in the room where the regular class is held.
4. **It is the student's responsibility to plan a program that avoids examination conflicts and too many examinations in the same day. Students taking evening classes must be especially careful to avoid examination conflicts between their evening course examinations and the common examinations. Instructors are not obligated to give makeup examinations to students.**

PROGRAM PLANNING WORKSHEET WITH FINAL EXAMINATION PERIODS - FALL - 2001

MAJORS, MINORS & PROGRAMS

Africana Studies

Wednesday, April 18, 12:40-2:00 pm
Richard B. Moore Library, SBS room S224

Anthropology

Anthropology Prime Time
Wednesday, April 18, 12:30-2:00 pm
SBS, 5th Floor Lobby
LUNCH will be served!

Applied Mathematics and Statistics

Careers in Applied Mathematics and Statistics
Monday, April 23, 12:00-1:00 pm
Math Building, room P131

Astronomy

Prime Time with Physics and Astronomy
Wednesday, April 18
Free PIZZA at 12:30 pm with discussion and tour of the optics lab with Professor Metcalf at 1:00 pm
Mathematics Tower, room S-240

Atmospheric Sciences

Learn about the major in Atmospheric Sciences
Monday, April 23, 1:00-3:00 pm
Student Lounge, Centers for Molecular Med.
Refreshments, too!

Bioengineering

Bioengineering Minor
Monday, April 23, 1:00-3:00 pm
Student Lounge, Centers for Molecular Med.
There'll be refreshments, too!

Biology and Biochemistry

Prime Time Advising
Monday, April 23, 1:00-3:00 pm
Student Lounge, Centers for Molecular Med.
Refreshments, too!

Business Management

Business Management Millenium Madness
Wednesday, April 18, 10:00 am-3:00 pm
Harriman Hall, room 304

Chemistry

Chemical Science Today
Thursday, April 19, 11:30 am-1:30 pm
Chemistry Lobby

Child and Family Studies

Introduction to the Child and Family Studies minor
Wednesday, April 18, 2:30-4:30 pm
SBS, room N-505

Chinese

Introduction to the Chinese Studies minor
Wednesday, April 18, 2:30-4:30 pm
SBS, room N-505

Cinema and Cultural Studies

Intensive advising
email your questions: robert.harvey@sunysb.edu
or visit the website at <http://ws.cc.sunysb.edu/complit>

Clinical Laboratory Sciences

Information and Advising Session
Wednesday, April 18, 2:00 pm
HSC, Level 2, CLS lab, room 122

Comparative Literature

Intensive advising
email your questions: robert.harvey@sunysb.edu
or visit the website at <http://ws.cc.sunysb.edu/complit>

Computer Engineering

Everything you need to know about the major!
Thursday, April 19, 12:00-1:00 pm
Light Engineering, room 250

Computer Science

The Majors in Computer Science & Information Systems: Admission, Curriculum, & Graduation Requirements
Wednesday, April 18, 12:40-2:00 pm
Computer Science, room 1306

Cytotechnology

Stop by HSC Level 2, room 415, for information.

Earth and Space Sciences

Special Lunchtime Prime Time Event:
"The extras you can do as an undergraduate to broaden your career."
Wednesday, April 18, 12:40-1:30 pm
Earth & Space Sciences, room 115
Free food!
Extended Prime Time advising hours too.

Economics

Planning Your Economics Major
Wednesday, April 18, 1:00 pm
SBS, 6th Floor Lobby
Refreshments too!

Electrical Engineering

Everything you need to know about the major!
Thursday, April 19, 12:00-1:00 pm
Light Engineering, room 250

MAJORS, MINORS & PROGRAMS

Engineering Science

Engineering and Materials Science for Your Future
Monday, April 23, 12:00-2:00 pm
2nd flr Student Lounge, Engineering Bldg

English

Wise advice about the English major, tailored to your individual needs! All-new fall courses!
Thursday, April 19, noon-2:00 pm
Humanities Faculty Lounge, room 283
Delicious snacks!!

Environmental Studies

Learn about the NEW MAJOR and minor in Environmental Studies
Monday, April 23, 1:00-3:00 pm
Student Lounge, Centers for Molecular Med.
Refreshments, too!

European Languages, Literatures, and Cultures

Extensive office hours by our program advisors held all week! Call 632-7440 for specific programs schedule.

Foreign Language Education Program

Teacher preparation program extended advising!
Wednesday, April 18, 1:00-3:00 pm and
Monday, April 23, 1:00-3:00 pm
Melville Library, room N4004

French

Extensive office hours by our program advisors held all week! Call 632-7440 for specific programs schedule.

Geology

Special Lunchtime Prime Time Event: "The extras you can do as an undergrad to broaden your career."
Wednesday, April 18, 12:40-1:30 pm
Earth & Space Sciences, room 115
Free food!
Extended Prime Time advising hours too.

German

Extensive office hours by our program advisors held all week! Call 632-7440 for specific programs schedule.

Health and Wellness

Learn about the LHW Living Learning Center and minor
Tuesday, April 17, 1:00-2:00 pm
Mount College Lounge

Health Science

Career Paths in Non-Clinical Healthcare Professions: A panel of professionals will discuss healthcare roles
Wednesday, April 18, 5:00-7:00 pm; Career Center
General Program Information
Tuesday, April 24, 9:00 am-12:00 pm; Javits Center

Hispanic Languages and Literature

Prime Time
Wednesday, April 18, noon-2:00 pm
Melville Library, room N-3062
Refreshments will be served!

History

History Major Advising
Wednesday, April 18, 10:00 am-2:00 pm
SBS, 3rd floor lounge
Sandwiches, snacks, & drinks!

Human Sexual & Gender Development

Learn about the LHD Living Learning Center and minor
Tuesday, April 24, 10:00 pm at the LEG meeting
Eisenhower College lounge
Pizza and soda, too!

Humanities

Intensive advising
email your questions: robert.harvey@sunysb.edu
or visit the website at <http://us.cc.sunysb.edu/complit>

Information Systems

The Majors in Computer Science & Information Systems: Admission, Curriculum, & Graduation Requirements
Wednesday, April 18, 12:40-2:00 pm
Computer Science, room 1306

Interdisciplinary Arts

Monday, April 23, 6:00-8:00 pm
Greeley College main lounge

International Studies

Getting a minor in International Studies-Learn How!
Monday, April 23, 10:00 am-1:00 pm
SAC lobby

Italian

Extensive office hours by our program advisors held all week! Call 632-7440 for specific programs schedule.

Latin American and Caribbean Studies Center

Latino Film and Refreshments!
Wednesday, April 18, 10:00 am-2:00 pm
SBS, N-320, LACC Conference Room
Don't miss the refreshments!

Linguistics

Career Opportunities in Teaching English as a Second Language
Wednesday, April 18, 1:00-2:00 pm
SBS, room S-207
LUNCH will be served!

PRIME TIME PROGRAMS AND EVENTS

MAJORS, MINORS & PROGRAMS

Marine Sciences

Learn about the minor

Monday, April 23, 1:00-3:00 pm
Student Lounge, Centers for Molecular Med.
Refreshments, too!

GENERAL REGISTRATION INFORMATION FOR UNDERGRADUATES

What is full-time or part-time status?

Whether you are full-time or part-time is determined at the end of the add/drop period. At that time, if you are registered for 1-11 credits, you are part-time; if you are registered for 12 credits or more, you are full-time. You must be full-time to receive most forms of financial aid. It is your responsibility to determine in advance how changing your enrollment status will affect your financial aid.

What about prerequisites?

Instructors assume you come into their courses having completed the mandatory prerequisites. You can have done this in three ways: by taking the prerequisite course; by transferring a comparable course; or through knowledge acquired by other means. Instructors have the option to de-register you if you do not have the proper prerequisites.

Policies on prerequisites differ by department. If you want to take a course but have not completed the prerequisites, you should speak to the department offering the course.

What are crosslisted courses?

These are regularly scheduled undergraduate courses that are sponsored by two departments. You may register under either department's designator.

When is the writing placement exam given?

The **Writing Placement Examination** is scheduled to be given Wednesday, April 11, 2001, at 7:00-9:00 pm, in Javits Lecture Center, room 110. Students should sign up for the exam in advance in the Writing Center, Humanities, room 198, and should bring a student ID and #2 pencil to the exam.

What do the writing placement levels mean?

Placement Level 1. Required Course: ESL 192, for students who would benefit from intensive work on basic sentence structure and paragraph development.

Placement Level 2. Required Course: ESL 193, for students who would benefit from work on sentence construction; students improve skills in descriptive and argumentative writing.

Placement Level 3. Satisfies Skill 2 Basic Writing Competence. Required Course: WRT 101, for students whose composition skills reveal appropriate preparation. Students develop fluency and correctness and are introduced to academic writing.

Placement Level 4. Satisfies Skill 2 Basic Writing Competence. Required Course: WRT 102, for students whose composition skills are strong. Students learn strategies for completing extended writing assignments at the University.

Placement Level 5. Satisfies Skill 2 Basic Writing Competence. Required Course: WRT 103, for students whose composition skills are exceptional. Students engage in in-depth practice with specific types of academic writing.

What about the math placement exam? And is there foreign language placement?

The **Mathematics Placement Examination** will be given on Monday, April 16, from 7:00-8:30 pm in the Math Tower, Room 5-127. Students should bring a Stony Brook ID card and a pencil. The first part of the exam is the test for basic competence in mathematics for students who did not satisfy this requirement before enrolling at Stony Brook. A score of level 3 or higher satisfies Skill 1 Basic Mathematics Competence.

Foreign language proficiency examinations, for students planning to satisfy the entry skill in foreign language by examination, are usually offered by the language departments early in the semester. If you are planning to satisfy the foreign language requirement by examination, you should make arrangements with the appropriate department before the first day of the semester.

Satisfying D.E.C. Category A

You must take the appropriate writing-sequence course (ESL 192, ESL 193, WRT 101 and WRT 102 or 103) each semester until you have completed D.E.C. category A, beginning in your first year at Stony Brook. Your registration may be blocked and your graduation delayed if you fail to register for the appropriate writing course.

Registering for courses that require permission

Permission is required if the course is restricted to certain students or if the instructor or the department is keeping a waiting list. Whether or not you need permission and when you need to get permission to register for a course are noted in the Class Schedule in the remarks for each course.

Registering for Directed Readings and Research Courses

When you register for a directed reading or research course, you must register using the particular instructor's section number. These are available through the department.

Taking graduate courses

Upper-division students with superior academic records may take graduate courses with the permission of the dean of the Graduate School or continuing education courses with the permission of the dean of the School of Professional Development and Continuing Studies (SPD). You must obtain permission of the instructor, the chairperson of the department offering the course and either the Graduate School or SPD and complete SUSB Form #3065, available through the Graduate School and SPD, before registering.

A maximum of 6 graduate credits may be applied toward undergraduate degree requirements. You should discuss your plans to take graduate or continuing education courses with your major and general advisors in order to assess whether the credit will be applicable toward your degree requirements.

Taking Senior Honors Seminars (495-496 Courses)

You must complete **both** semesters to receive credit for the first semester.

Getting Departmental Brochures

Many departments publish brochures with more detailed information about course offerings, often including number of papers and examinations. These are available in the departments' main offices.

⇒ COURSE & PROGRAM NOTES ⇐

Chemistry

Registration in CHE 475, 476, 487, and 495-496 requires permission of the department. Students must complete a request form in the Chemistry Office, Chemistry Bldg. Room 104.

Health Sciences Center Courses

You may enroll in certain HSC courses, which are listed separately in this publication. You must obtain permission of the instructor before registering **in person** at the Student Services Center, 276 Administration Building.

Students interested in the clinical laboratory sciences should consider this one-credit course:

HAD 210 Introduction to Clinical Laboratory Sciences

An introduction to clinical laboratory sciences. This course acquaints students with the clinical laboratory. 1 credit. Meets Wednesdays, 2:00-3:00 pm, Prof. Golightly. Call 444-3247 for more information.

Students interested in the general health professions or in the major in Health Science should consider this one-credit course:

HAS 190 Introduction to the Health Professions

Presents topics of interest to students considering careers as health professionals. Introduces the student to basic concepts of health, factors influencing healthcare, healthcare settings and selected health professions. 1 credit. Meets Wednesdays, 3:20-4:15 pm. Prof. Sue Cappelo. Call 444-BSHS for more information.

Students interested in the respiratory care major should consider this one-credit course:

HAT 210 Introduction to Respiratory Care

An introduction to the science of respiratory care. Current trends in professional practice are discussed and students have the opportunity to observe clinical practice at a variety of affiliated health care facilities. This course is designed for lower-division students considering a major in respiratory care. 1 credit. Meets Thursdays, 1:00-2:00 pm. Prof. Lisa Johnson. Call 444-3180 for more information.

Students interested in the social welfare program should consider this one-credit course:

HWC 210 Introduction to Social Welfare

Introduces students to the field of social work. Provides an overview of the variety of settings in which social workers practice. Describes the knowledge, values, and skills which social workers use in order to help individuals, families, groups, and communities.

Music Courses

The prerequisite for any course in the music major is the Undergraduate Musicianship Examination which will be given on Monday, August 27, 2001, at 3:00 pm in Staller Center Room 0113 (Basement Choral Room). You must sign up **in advance** in the Department of Music office, Staller Center Room 3304, 632-7330.

Instrumental and vocal instruction is available to all qualified students. If you want to enroll in one of the Performance Study courses, you must audition during the first week of the semester. See the Department of Music for instructions on enrolling.

Psychology Courses

The Psychology department publishes a brochure each semester that contains extended descriptions of course offerings and other announcements of interest to undergraduates. These are available in the Psychology Undergraduate Office, Psychology B Rm 116, which is open from 8:30 am-5:00 pm every day. The bulletin board outside the office also contains up-to-date information about community service and research opportunities.

Psychology Community Service Courses

PSY 283 Community Service provides supervised training in human service agencies on campus and in the community. Check with the Psychology Department's Undergraduate Office, Psychology B Rm 116, for fall semester information.

Social Sciences Secondary Teacher Preparation Program

If you plan to enter the secondary teacher certification program during the 2001-2002 academic year, see Dr. Georges Fouron to open a certification file for this purpose. Failure to do so may result in a delay in meeting the New York State teacher certification requirements.

If you are planning to take SSI 451 and 452, Supervised Student Teaching, and the corequisite SSI 454, Student Teaching Seminar, during the Fall 2001 semester, you must contact Dr. Fouron **between March 1, 2001 and May 30, 2001** in order to be cleared and recommended for student teacher placements at both the middle and high school levels.

SSI 283 Practicum in Child Development

If you plan to work in the day care center by registering for SSI 283, 487, etc., you must present proof of a recent medical examination when reporting to work.

Undergraduate Research

All undergraduates doing research must register for research projects using the research course number in the department of their research supervisor (such as PHI 487 Readings and Research in Philosophy). The number of credits to be earned for the project is chosen in consultation with the project supervisor and departmental research coordinator. Students who elect to pursue research without earning credit must register for the course for *zero* credit. For information on undergraduate research opportunities, students should visit the University's web site category on Research Opportunities for Undergraduates (<http://notes.cc.sunysb.edu/Prov/underresop.nsf>) as well as departmental web sites.

WRT 201-B Academic Writing

Topics vary from section to section. Go to the Writing Program Office, Humanities Bldg. Rm 198, for course descriptions.

The Learning Communities Program

It's a whole new way to learn!

"The best way to begin your studies at Stony Brook is to join a learning community!"

- quotation from anonymous student evaluation form

STONY BROOK offers a unique opportunity through the Learning Communities Program for **groups of students with similar interests and goals to take related classes together**. Participating faculty collaborate on the content of the courses, and students work together to help each other learn.

A special **Program Seminar**, which **satisfies general education requirements**, uses its own content to further integrate the courses and provide a meaningful perspective for them. Collaborative research experiences and other activities are used to strengthen abilities in key areas such as information processing, critical thinking, and problem solving. **The seminar instructor serves as your academic advisor** and will guide you regarding the demands of university-level study and the requirements of discipline majors, and professions.

The Learning Communities Program is specially well-suited to meet the needs of incoming freshmen and transfer students. You receive the advantages of a small college learning environment with the resources of a major research institution. This environment helps you to **increase your success in college, develop new friendships, enjoy your freshman experience, develop skills sought by future employers, interact with prominent faculty and advisors, and register in a one-step process!**

FALL 2001 LEARNING COMMUNITIES FOR VARIOUS MAJORS AND INTERESTS

Freshman Communities of Ideas – for students interested in **business, the humanities, and social sciences**, or are undecided about a major field of study. The theme is *The Person and Society*, and students take some of the more popular courses at Stony Brook along with the program seminar.

Freshman Communities in Science – for students interested in **science, medicine, and clinical health professions**. Students take required courses in chemistry and mathematics with the program seminar on *Science and Society*.

Freshman Community in Health Science – for students interested in **non-clinical careers in the health professions**. Students take courses in biology, sociology, writing, and a seminar that introduces you to career opportunities and the Health Science major.

Freshman Communities in Computer Science, and in Electrical and Computer Engineering – required first-year courses in these majors are linked with a Program Seminar that will help you understand the nature of the field and its place in our culture and society. Computer science, electrical engineering, mathematics, physics, and writing courses are included in the course clusters.

Community in Medicine – for **transfer and continuing students** interested in medicine and clinical health professions. Students take biology, organic chemistry, and a program seminar each semester. In the Fall, the seminar focuses on *The Western Medical Tradition*, and in the Spring, on *Ethical and Social Issues in Health Care*. These seminars satisfy general education requirements, DEC I and H, respectively.

Federated Learning Community on Globalization – for **transfer and continuing students** interested in understanding the globalization of the economy, the interdependence of nations and peoples, and the growth of international political institutions. This fall semester the *Program Seminar* in Globalization (GLS) deals with the topic of *global identities, cultures and institutions*. Students completing 24 credits can graduate with a minor in *Globalization*.

Learning Community Seminars – special seminars are provided for **freshmen in the University Scholars Program** and for **transfer students**.

A schedule of these clusters and the courses offered for Fall 2001 are listed on the next page.

2001-2003 UNDERGRADUATE BULLETIN SUPPLEMENT FALL 2001

Psst! Can't find a course in the Bulletin? Look here!
This Supplement includes all changes and corrections to the Bulletin
AND descriptions of special topics courses!

Use the Bulletin OnLine:
www.sunysb.edu/ugbulletin
The Bulletin OnLine contains
changes as they occur!

THIS SUPPLEMENT CONTAINS:

New minors

Changes to majors and minors
arranged alphabetically by name of program

New courses

Special topics descriptions
arranged alphabetically by course designator

and

Corrections to the *Undergraduate Bulletin*

Academic Policies and Regulations

Pass/No Credit Option

Please refer to page 61 of the 2001-2003 *Undergraduate Bulletin*. Under Pass/No Credit Option, add:

Note: Most graduate and professional schools require that prerequisite courses be taken for a letter grade and many can interpret NC grades as being equivalent to a grade of F. Students should consult the appropriate pre-professional or departmental advisors regarding the implications of electing the P/NC option.

Approved Majors, Minors, and Programs

The requirements for the majors, minors and programs listed below have been changed since the publication of the 2001-2003 *Undergraduate Bulletin*. When requirements change, students who have completed at least 45 credits may elect to satisfy either the previous major requirements or the new major requirements. Students with fewer than 45 credits must satisfy the new requirements, unless the major department specifies otherwise. Please consult the section "When Major Requirements Change" in the Academic Policies and Regulations chapter of the *Bulletin*, page 71, for complete details.

Bioengineering Minor (BME)

The BNG designator has changed to **BME** and all BNG courses have changed to **BME**.

Computer Engineering (ECE)

Please refer to pages 140 of the 2001-2003 *Undergraduate Bulletin*.

- In requirement 4. Engineering Topics:
 - under a. Engineering Science, change ESE 318 Digital Systems Design to ESE 218.

- under b. Engineering Design, delete ESE 324 Electronics Laboratory C and add ESE 382 Digital Design with Programmable Logic.
- In requirement 6. Computer Science,
 - delete CSE 306 Operating Systems (ESE 333 Real-Time Operating Systems is now required).
 - delete CSE 308 Software Engineering.
 - add CSE 219 Computer Science III.
- In requirement 7. Engineering Technical Electives,
 - delete ESE 316 Digital Devices and Circuits.
 - delete ESE 382 Digital Design with Programmable Logic.
 - add ESE 330 Integrated Electronics.
 - add ESE 476 Undergraduate Instructional Laboratory Development Practicum.

In the sample course sequence:

In Sophomore Fall, replace ESE 318 with ESE 218

In Junior Fall, replace D.E.C. with CSE 214

In Junior Spring,

- replace ESE 324 with ESE 382
- replace ESE technical elective with CSE 219
- replace CSE 214 with D.E.C.

In Senior Fall,

- change credits on ESE technical elective to 3
- replace CSE 308 with ESE 333

In Senior Spring,

- replace CSE 306/ESE 333 with ESE technical elective
- replace ESG 302 etc. with ESE technical elective.

Note: Beginning Spring 2002, ESE 318 will become ESE 218.

Computer Science (CSE)

CSE 127 has been deleted from the curriculum.

Federated Learning Community Minor in Globalization (GLS)

The Federated Learning Community is a one to two year program that focuses on an issue of major importance and leads to an academic minor. The program design enables students to register for a cluster of courses arranged around that issue. The program seminars focus and integrate the material of the "federated" courses in a small community setting. The topic for 2001-2002 and 2002-2003 is Globalization. The program responds to the growing globalization of the economy, the interdependence of nations and peoples, and the growth of international

political institutions. It provides an interdisciplinary approach that includes the study of Western and non-Western cultures, requires an understanding of comparative socio-cultural analysis, is concerned with global links, interactions, and synergies, and thematizes how global changes can be assessed and changed to improve the quality of life of current and future generations and provide resources for a sustainable future.

All students may enroll in FLC courses but to receive the minor in Globalization, students must complete 24 credits of federated courses, including the program seminars, FLC 301 in the fall and FLC 302 in the spring of either 2001-2002 or 2002-2003, and six of the following courses, distributed in any manner over the four semesters:

<u>Fall 2001</u>	<u>Spring 2002</u>
AFS/ANT 380-J Race and Ethnicity in the Caribbean	ATM/PHY 237-H World Climate and Atmosphere
AFS 319-F Politics of Race	EST/POL 411 Science, Technology, and Arms Control
HIS 300-F Global History	HIS 398-H Global Techno-Science (topics course)
MUS 105-G Musics of the World I	MAR 340-H Environmental Problems and Solutions
SOC 356-F Political Sociology	PHI 364-H Philosophy of Technology
SOC 348-F Global Sociology	FLC 302 Program Seminar— <i>required</i>
FLC 301 Program Seminar— <i>required</i>	
<u>Fall 2002</u>	<u>Spring 2003</u>

FLC 301 Program Seminar— <i>required if not taken previously</i>	

All courses offered for the minor must be completed with a letter grade of C or higher.

For more information about the Federated Learning Community minor in Global Studies, contact Prof. Hermann Kurthen at Hermann.Kurthen@notes.cc.sunysb.edu or call or stop by the Learning Communities Program office, Library N-3007 or call 632-4378.

International Studies (KIS)

Please refer to page 198 of the 2001-2003 *Undergraduate Bulletin*.

The interdisciplinary minor in international studies provides an integrated view of global processes through a critical examination of the world's institutions, ideas, cultures, and historical traditions. Students should develop a strong grasp of current social, political, and economic developments in the world, and be able to apply this knowledge to analyze both the opportunities and problems created by global processes, and the possibilities for social activism and change. The minor is open to all undergraduates regardless of academic major or place of residence. In addition, the minor is a living learning center program affiliated with Stimson International College and residents of Stimson have preference in enrollment. Students are encouraged to live in Stimson and actively participate in the college, although this is not required. As part of the minor requirements, students select a world region to study from among the following: Western Europe (and the developed world), Eastern Europe (including the former Soviet Union), the Middle East, Asia, Africa, or Latin America/Caribbean. Students are also encouraged to spend a semester abroad, with these credits counting toward fulfillment of the minor.

Requirements for the Minor in International Studies

Completion of the minor requires 20 credits. All courses offered for the minor must be passed with a letter grade of C or higher.

1. LIS 201 Democracy and Capitalism
2. Two courses chosen from the following:
 - AMR 101 Local and Global: National Boundaries and World-Systems
 - ANT 102 Introduction to Cultural Anthropology
 - ANT 230 Peoples of the World
 - LIN 101 Introduction to Linguistics
 - PHI 105 Politics and Society
 - POL 101 World Politics
 - POL 103 Introduction to Comparative Politics
 - SOC 105 Introduction to Sociology
3. Three courses (9 credits) from any department focusing on the student's regional area of study. Two of these courses must be numbered 300 or higher.
4. LIS 401 Global Social Problems

Note: With the approval of the director, study abroad may substitute for requirement 3 above.

Jazz Music (JAZ) new minor Requirements for the Minor in Jazz

All courses offered for the minor in jazz music must be passed with a letter grade of C or higher. At least 3 credits from requirement 2 in either track must be at the upper division level. Completion of the General Track requires 23 credits. Completion of the Theory track requires 24 credits.

General Track

1. Theory
 - MUS 119 Elements of Music or MUS 130 Sound Structures
 - MUS 315 Structural Principles of Music I
 - MUS 389 Jazz Improvisation

Note: Students well versed in music notation and basic theory (demonstrated by the MUS 119 challenge examination) should take MUS 130.
2. History
 - MUS 101 Introduction to Music
 - MUS 308 History of Jazz

One of the following:

 - MUS 304 Contemporary Traditions in American Music
 - MUS 310 Music and Culture in the 1960s
 - MUS 355 Special Topics when topic is appropriate
3. Performance
 - Two semesters of the following:
 - MUS 264 Big Band Jazz Ensemble
 - MUS 267 Jazz Combo

Theory Track

1. Theory
 - MUS 121 Musicianship I
 - MUS 220 Musicianship II
 - MUS 221 Musicianship III
 - MUS 130 Sound Structures
 - MUS 321 Tonal Harmony I
 - MUS 389 Jazz Improvisation
2. History
 - MUS 308 History of Jazz
3. Performance
 - MUS 267 Jazz Combo

Two semesters of the following:

 - MUS 187 Lessons
 - MUS 264 Big Band Jazz Ensemble

Latin American and Caribbean Studies

Please refer to page 207 of the *Undergraduate Bulletin*. Add note 3: LAC 487 may be substituted for LAC 488 with permission of the director.

Theatre Arts (THR)

The major has been revised.

Requirements for the Major in Theatre Arts (THR)

The major in theatre arts leads to the Bachelor of Arts degree. All courses offered for the major must be passed with a letter grade of C or higher.

Completion of the major requires 55 credits.

A. Core Courses

1. THR 100 Performing and Performance
or THR 105 Acting I
2. THR 115 Stagecraft I
3. THR 116 Stagecraft II
4. THR 120 Analysis/Performance/Media
5. THR 216 Introduction to Visual Interpretation
6. THR 205 Acting II
or THR 336 Stage Management
7. Two semesters each of:
THR 200 Theatre Practicum I
THR 300 Theatre Practicum II
8. THR 310 Historical Contexts
9. One of the following:
THR 312 American Theatre and Drama
THR 315 European Theatre and Drama: The
Classical Era
THR 316 European Theatre and Drama: The
Modern Era
10. THR 313 Asian Theatre and Drama
11. THR 380 Company I
12. THR 381 Company II
13. THR 401 Senior Seminar
14. THR 402 Senior Projects

B. Electives

Twelve additional credits in one of the following areas: performance; playwriting; design; technical theatre; dance; media; technology; or history, theatre, and criticism.

C. Upper Division Writing Requirement

This requirement remains unchanged.

Requirements for the Minor in Theatre Arts (THR)

Please refer to page 275 of the 2001-2003 *Undergraduate Bulletin*.

Change requirement 1. to THR 100 Performing and Performance or THR 105 Acting I

Change requirement 3. to THR 380 Company I.

Course Descriptions

The courses below are special topics courses for Fall 2001 or have been added to the curriculum or have been changed in some way since the publication of the 2001-2003 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here. Special topics course descriptions only include prerequisites additional to those enumerated in the *Bulletin*.

AMS 410 Actuarial Mathematics *revised description and prerequisites*

Integrates calculus and probability with risk assessment and insurance in a quantitative manner to prepare students for the first actuarial examination.

Prerequisites: AMS 261 or MAT 203 or 205; AMS 310; AMS 311 or 315

ANP 350 Methods in Studying Primates *new course*

Introduction to the concepts and practical skills needed to conduct scientific work, particularly in the study of primates, including how to collect and analyze data focusing on habitat description, primate densities, use of space, and social interactions. Topics include design and presentation of research; ecological field methods; behavioral observations; and other techniques. Students are required to plan a small research study and to present their proposal in class. Some computer work outside class required.

Prerequisite: ANP 120 or BIO 201

3 credits

ANP 403 Primate Ranging *special topic fall 2001*

Examination of how, why, and where primates travel, focusing on the costs and benefits of group travel, and how these differ both within a species at different sites, and between different species. Consideration of how differences in body size, group size, diet, social behavior, and cognitive abilities influence this behavior. May be repeated as the topic changes.

ANT 390-F Ecological Anthropology *special topic fall 2001*

Introduction to the theory and method of cultural ecology, the study of how societies adapt to their environment. The course provides an ethnographic survey of human adaptive strategies using examples from a wide range of societies, including both preliterate and literate. Emphasis on the ever-changing relationship between the concepts of ecology (adaptation) and evolution (change or progress) and consideration of how these dual concepts have been used to address specific problems in cultural anthropology. May be repeated as the topic changes.

ANT 391-F Sex and Human Demography *special topic fall 2001*

Overview of population dynamics as they change through time and differ across cultures, including consideration of how distribution and density of people shape aspects of the human condition. The course considers the history of population studies and demographic patterning, including ethnographic and archaeological perspectives, and examines fertility, mortality, and migration and their effect on population size. May be repeated as the topic changes.

ANT 392-F Anthropology of Disease *special topic fall 2001*

The effect of the importation of disease, such as by anthropologists, missionaries, and colonists; the emergence of dormant diseases thought to be conquered; and the mutation of disease on the ecology, peoples, and cultures of the Americas. May be repeated as the topic changes.

ANT 394-F Origins of Modern Humans *special topic fall 2001*

The course considers the issue of when, in the course of human evolution, it is possible to document archaeologically the transition to fully modern forms of cultural adaptations and behaviors, centering on the hominids of the Middle Paleolithic, both those designated as anatomically archaic—the Neanderthals—and those considered as early forms of anatomically modern *Homo sapiens*. Emphasizing the archaeological record of the Levant, subjects addressed include chronology, technology, subsistence, mobility, funerary ritual, and issues relating to language and symbolic behavior. Questions of origins and possible interactions between the two hominid groups are also considered. May be repeated as the topic changes.

ANT 401 Culinary Anthropology *special topic fall 2001*

Consideration of the cultural and cross-cultural significance of food and drink. Topics consider religion, stratification, and gender, in relation to food. May be repeated as the topic changes.

ARH 306-I The Early Renaissance in Italy *new crosslisting*

Crosslisted with HUI 306.

ARH 307-I The Age of Michelangelo in Central Italy

revised course

Crosslisted with HUI 307.

ARH 310-I Splendors of Renaissance Art in Venice

revised course

Crosslisted with HUI 310.

ARS 201-D Photography for Non-Majors *new course*

An introductory non-darkroom course on the fundamentals of camera techniques, photographic history, and terminology as well as the visual language of still and moving imagery. Students must own a 35mm camera with manual capability. Books, photographic materials, and field trip expenses are estimated to cost \$200.

Advisory Prerequisite: ARS 154

3 credits

BIO 409 Advanced Cell Biology *special topic fall 2001*

Topics include meiosis, development of the retina, plant viruses, and membrane domains. May be repeated as the topic changes.

BNG courses:

All BNG courses have been changed to BME.

BME 303 Biomechanics *revised course and prerequisites*

A rigorous introduction to the interactions between mechanics and biology. Basic concepts of mechanics are covered and the mathematical tools necessary to explain the concepts, with a strong emphasis on the relevant biology. Topics include force vectors, moments and torque, analyses of systems in equilibrium, skeletal joints and muscles, stress and strain in living systems, material properties of biological tissues, multiaxial deformations and stress analyses, and mechanical modeling of biological tissues.

Prerequisites: BIO 201 or 202 or 203; MEC 260

3 credits

BME 305 Heat and Mass Transfer in Bioengineering *new course*

The fundamentals of heat transfer, mass transfer, and fluid mechanics in the context of physiological systems. Techniques for formulating and solving biofluid and mass transfer problems with emphasis on the special features and the different scales encountered in physiological systems, from the organ and the tissue level down to the molecular transport level.

Prerequisites: AMS 361; MEC 262

3 credits

BME 430 Engineering Approaches to Drug and Gene Delivery *new course*

Introduction to the application of engineering principles and biological considerations in designing drug delivery systems for medical uses. The concept of biocompatibility and its implications in formulating controlled release devices are illustrated. Emphasis on the use of biodegradable materials to design drug delivery systems for site-specific applications.

Prerequisites: AMS 161 or MAT 132 or 142; BIO 203; BME 304

3 credits

CLT 220-J Chinese Literature *special topic fall 2001*

Consideration of representative works of Chinese literature from the 11th century B.C. to the early 20th century, including the examination of the origins and development of Chinese poetry and readings of historical, philosophical, and fictional writings. Situating literature within the cultural context, the course examines Confucianism, Taoism, and Buddhism to facilitate the comprehension of literary writings. May be repeated as the topic changes.

CSE 230 Introduction to Programming in C and C++ *revised course*

An intermediate introduction to the C and C++ programming languages. Topics include basic control structures and data types, functions and program structures, pointers and arrays, input and output system calls, classes and types, inheritance and object-oriented programming, exceptions and templates. Recommended for students who have already completed an introductory programming course and plan to take advanced courses that required familiarity with C or C++.

Prerequisites: CSE 110 or 114 or MEC 112 or ESG 111

CSE 346 Computer Communications *revised course*

Basic principles of computer communications. Introduction to performance evaluation of protocols. Protocols covered include those for local, metropolitan, and wide area networks. Introduction to routing, high speed packet switching, circuit switching, and optical data transport. Other topics include TCP/IP, Internet, web server design, network security, and grid computing. Not for credit in addition to CSE 310. Crosslisted with ESE 346.

Pre- or corequisite for ESE and ECE majors: ESE 306

Pre- or corequisite for CSE majors: AMS 310 or 311

Prerequisite for CSE majors: CSE 220

CSE 390 Introduction to Visual Computing *special topic fall 2001*

Provides a unified introduction to computer graphics and computer vision for students with an interest in imaging or digital visual arts. Includes image synthesis and image analysis techniques with three main parts: 1. computational and mathematical methods for creating, capturing, analyzing and manipulating digital photographs; 2. examples of the application of the above methods in films, game programming and television; 3. hands-on experience through programming assignments. Prior knowledge of computer graphics or vision is not required,

but excellent programming skills and a good background in mathematics are.

Prerequisites: CSE or ISE major; U3 or U4 standing; CSE 214; AMS 210

CSE 391 Advanced Software Engineering *new course special topic fall 2001*

Focuses on several aspects of producing commercial-grade system software: reliability, portability, security, and survivability. Includes tools and techniques for producing highly-reliable software, how to port it to various UNIX and non-UNIX platforms, how to avoid typical security pitfalls when writing software, and how to ensure that software can continue to run despite some failures. Rapid production of software and debugging techniques of complex bugs are also included. The course is taught using C, shell programming, and the M4 macro language, and requires a group project.

Prerequisites: CSE or ISE major, U3 or U4 standing, CSE 230 and 308

3 credits

CSE 392 Game Programming *new course special topic fall 2001*

Provides an introduction to the fundamental concepts of computer game programming and the ability to write 2D computer games for PCs. Designing and programming computer games on Windows-based PC systems, with an emphasis on programming. Includes a project to write an interactive 2D computer game in the C programming language using Windows and DirectX. Extensions to 3D games are also discussed. Familiarity with the programming language C is assumed, but the course covers programming in Windows and use of the DirectX components: DirectDraw, DirectInput and DirectSound.

Prerequisites: CSE or ISE major, U3 or U4 standing, CSE 127 and 214

3 credits

ECO 351 eCommerce *special topic fall 2001*

Study of the possible evolutions of e-commerce. Emphasis is on the infrastructure of the Internet, pricing and advertising strategies, diversification and shopping behavior compared to traditional retailing. May be repeated as the topic changes.

Prerequisite: ECO 303

ECO 352 Experimental Economics *special topic fall 2001*

The methods and conditions that are conducive to exploring new economic ideas and concepts in a controlled environment. Students use a variety of experiments to give

a new insight into the way people behave in an economic environment. May be repeated as the topic changes.

Prerequisite: ECO 107 or ECO 109

ECO 353 Economics of HIV and AIDS *special topic fall 2001*

Emphasis on the economics of HIV/AIDS in developing countries, with consideration of material related to developed countries as well, including issues such as the consequences of skyrocketing death rates among young adults 20 to 40 years of age and the costs of lowering death rates in developing countries. May be repeated as the topic changes.

Prerequisite: ECO 303

ECO 356 Health Economics *special topic fall 2001*

An application of microeconomics to the health sector of the economy. Topics include the demand for health care; the roles of hospitals, physicians, and HMO's in the supply of health care; the role of the government in the provision of health care; and the determinants of health care costs. May be repeated as the topic changes.

Prerequisite: ECO 303

ESE 331 Introduction to Semiconductor Devices

revised prerequisite

Prerequisite: ESE 311

ESE 346 Computer Communications *revised course*

Basic principles of computer communications. Introduction to performance evaluation of protocols. Protocols covered include those for local, metropolitan, and wide area networks. Introduction to routing, high speed packet switching, circuit switching, and optical data transport. Other topics include TCP/IP, Internet, web server design, network security, and grid computing. Not for credit in addition to CSE 310. Crosslisted with CSE 346.

Pre- or corequisite for ESE and ECE majors: ESE 306

Pre- or corequisite for CSE majors: AMS 310 or 311

Prerequisite for CSE majors: CSE 220

ESE 355 VLSI System Design *new course*

Introduction to mask level integrated circuit design. Techniques of VLSI CMOS system design in the MOS technology are presented. Includes CMOS processing technology, mask layout methods and design rules, MOS digital circuit analysis and design, various CMOS circuit design techniques, arithmetic building blocks, and design for testability. Correct engineering design methodology is emphasized. A project-oriented course in which students design a simple 16-bit, 2-stage pipelined RISC microprocessor. Extensive use of commercial CAD tools. Eligible projects are fabricated through the Mosis system.

Prerequisites: ESE 218 (or the discontinued ESE 318); ESE 330

4 credits

first offering spring 2002

ESE 372 Electronics *revised corequisite*

Corequisite for ESE and ECE majors: ESE 211

ESE 373 RF Electronics for Wireless Communications *new course*

Introduces basic concepts and key circuits of radio-frequency systems. Taught within the design and construction of a transceiver for wireless communications, the course covers fundamental principles which apply to all radio devices. Essential theoretical background, with additional emphasis on practical implementation using commercially-available integrated circuits for double-balanced mixers, oscillators, and audio power amplifiers. Basic components and circuits; key elements of radio electronics, including filters, matching networks, amplifiers, oscillators, mixers, modulators, detectors, and antennae. Computer simulation via Pspice and Puff is emphasized as an integral part of the design process.

Prerequisite: ESE 372

3 credits

ESE 476 Instructional Laboratory Development Practicum *new course*

Students work closely with a faculty advisor and staff in developing new laboratory experiments for scheduled laboratory courses in electrical and computer engineering. A comprehensive technical report and the instructional materials developed must be submitted at the end of the course. May be used as a technical elective for electrical and computer engineering majors. May be repeated as an open elective.

Prerequisites: U4 standing; minimum cumulative g.p.a. of 3.0 and minimum grade of A- in the course for which the students will develop material; permission of department and instructor

3 credits

FRN 434 Masterpieces of Enlightenment Literature *special topic fall 2001*

Major issues of the Enlightenment such as progress, tolerance, and equality as well as questions of language and identity are discussed. Readings include masterpieces of French prose including Voltaire's *Candide*, Rousseau's *Confessions*, Montesquieu's *Lettres persanes*, Beaumarchais's *Mariage de Figaro*, Gougenot's *Lettres d'une Peruvienne*. May be repeated as the topic changes.

GEO 109-E Life through Time *new course*

An examination of biodiversity as preserved in the fossil record and how it contributes to the understanding of evolution. Species examined include invertebrates, plants, dinosaurs, and mammals and the ultimate origin and evolution of humans. Principles of evolution, paleontology, phylogeny reconstruction, and conservation are discussed.

3 credits

HIS 375-K American Politics and Diplomacy to 1898 *revised course*

The rise of the United States from its origins as a string of dependent settlements along the Atlantic coast to a continent-spanning global power. An examination of the emergence of a distinctively American political system and its interaction with America's foreign relations.

Prerequisite: HIS 103 or 104

Advisory Prerequisites: Completion of D.E.C. categories I and J

3 credits

first offering fall 2002

HIS 380-J State and Society in 20th-Century Brazil, Argentina, and Chile *special topic fall 2001*

Examination of the modern histories of Brazil, Argentina and Chile from the late 19th century to the present, covering key movements of political and economic change in each country. The course focuses on the experiences of different social groups, including Afro-Brazilians, immigrants, rural and urban laborers, and women and examines a number of themes in modern Latin American history including the roots of economic underdevelopment and social inequality; populist politics and labor movements; national identity and ethnic and racial formation; struggles for women's rights and social reform; socialist alternatives; authoritarianism; and environmental change. May be repeated as the topic changes.

HIS 390-I Crusades and Medieval Society *special topic fall 2001*

The various medieval military conflicts known collectively (and according to at least one historian, inaccurately) as The Crusades. Investigation of specific episodes such as the Latin conquest of Jerusalem, the Children's Crusade, the Shepherds' Crusade, and the anti-heretical Albigensian Crusade, and exploration of such issues as the origins of the idea of crusade, the social developments underlying the crusades, crusading culture and propaganda, the European encounter with the Muslim world, and the long term effects of the crusades. May be repeated as the topic changes.

HIS 391-I Ancient Rome *special topic fall 2001*

Consideration of such issues as who the Romans were and how they managed to build their remarkable empire; what it was like to live as a Roman or under Roman rule; why, after several centuries of greatness, the Roman Empire fell apart. This course examines about a thousand years of Roman history and concludes at the brink of the Middle Ages. May be repeated as the topic changes.

HIS 393-I England in the Age of Shakespeare *special topic fall 2001*

The course places Shakespeare in his time and relates him and his work to the great events, forces, and figures of that rich and turbulent era, which included the long reign of Elizabeth I (1558-1603), the last Tudor monarch, and the crucial early years of her successor, James VI and I (1603-1625), the first Stuart monarch. Readings include selections from plays including *Richard II*, *The Merchant of Venice*, *Romeo and Juliet*, and *The Tempest*, some narratives of the 16th and early 17th century, and some analytical literature which investigates the culture and ideology of that time and place. May be repeated as the topic changes.

HIS 394-H AIDS and the Social History of Medicine *special topic fall 2001*

The impact of HIV/AIDS on the United States and healthcare throughout the world. How medicine operates in the United States, what historical illnesses teach us about AIDS, and how U.S. foreign policy affects the shape of this global pandemic. Topics include historical trends in sexuality, economics, race, healthcare, disease, and death, and the affect of HIV/AIDS on each. Primarily focusing on the United States, the course also examines AIDS in Africa, the Caribbean, Latin America, and Asia. May be repeated as the topic changes.

HIS 396-K Wealth and Inequality in the Modern Corporate Age *special topic fall 2001*

Survey of how modern Americans have grappled with differences among the affluent and those with less money, focusing on those periods during which big companies came to dominate the economy, from the mid-19th century onward. The course considers the rise of corporations and their later transformations as well as the rise of mass consumption. Consideration of areas where wealth, or its absence, have shaped people's notions about the classes to which they belong, including home life, the workplace, the marketplace, and mass culture. May be repeated as the topic changes.

HIS 397-K Asian-American History *special topic fall 2001*

Introduction to the historical and contemporary factors that have molded Asian-American life in the United States.

Emphasis on race-labor hierarchy, gender, immigration, second generation, and images/mass media. May be repeated as the topic changes.

HIS 399-K Gangs of New York: Dead Rabbits to Latin Kings *special topic fall 2001*

Consideration of the modern street gang, born in Jacksonian New York in the era of the Bowery Boys, and how and why, in every subsequent generation, the 'ownership' of the street has been a principal power-resource of new immigrant groups, including ethnic politics and popular culture as well as organized crime. May be repeated as the topic changes.

HIS 401 Women and Socialism *special topic fall 2001*

The history of women as theorists, leaders, and participants in socialist movements. Consideration of women's struggle to transform family life as a fundamental element of the socialist revolution, as well as their particular vision of the socialist state or commune through examination of the French Revolution, Chartism, the Russian Revolution, and 20th-century non-European socialism. May be repeated as the topic changes.

HIS 411 Imperialism and Genocide in the Modern World *special topic fall 2001*

Seminar considering the roots of European fascism and the Holocaust in the organized inhumanity and exterminism of the New Imperialism, 1870-1930, including British India, French North Africa and Melanesia, the Congo Free State, and the U.S. occupations of the Philippines. The course also considers how scientific racism and popular culture justified the savagery of the white empire. May be repeated as the topic changes.

HIS 412 Conservatism and Liberalism in the U.S. *special topic fall 2001*

The evolution and conflict of liberalism and conservatism from colonial times to the present, drawing on both the arguments of leading thinkers and activists and historical studies, including how they have been influenced by changing American social and political environments; and how they have responded to ideas and influences from abroad. May be repeated as the topic changes.

HIS 413 Science and Empire *special topic fall 2001*

How the sciences were implicated in the Imperial projects of the United States and Europe from 1500 to the present, including the different functions of science in the stages of

"exploration", of economic exploitation, and of imperial rule. The role of science in the rhetoric and politics of independence movements is also considered. May be repeated as the topic changes.

HIS 421 Revolutions, Rebellions, and Revolts: State Formation in 20th-Century Latin America *special topic fall 2001*

Examination of the roles that revolutionary movements have played in shaping the history of many Latin American countries. Consideration of the Mexican Revolution, the Cuban Revolution, revolutionary movements in Central and South America, including the current Zapatista movement in Chiapas, Mexico; the origin and formation of these revolutionary movements; and their ultimate impact on the country's formation. The course also situates the movements within a global context, and analyzes the involvement of other countries, including the United States, in the struggle between revolution and counter-revolution, and the legacy of this struggle for the future. May be repeated as the topic changes.

HIS 441 World War II Simulation *special topic fall 2001*

Simulation of great power and ideological conflict in the world from 1936-1946. Students are organized in national teams (Germany, Italy, Japan, the Soviet Union, China, Great Britain, France and the United States) and attempt to maximize their national and ideological objectives within the framework of an instructor-operated simulation model. In addition, each student attempts to forward that actor's agenda within her or his national team. Wars may (or may not) occur during the course of the simulation. May be repeated as the topic changes.

HUE 269 I Masks and Memory: Nabokov *special topic fall 2001*

A study of literary subterfuge, trickery, and memory in English Russian fiction in the light of Vladimir Nabokov's master novels: *Lolita*, *Invitation of a Beheading*, , , *Invitation of a Beheading*, and others. May be used to satisfy English major requirement. May be repeated as the topic changes.

HUI 306-I The Early Renaissance in Italy *new crosslisting*

Crosslisted with ARH 306.

HUI 307-I The Age of Michelangelo in Central Italy

new crosslisting

Crosslisted with ARH 307.

HUI 310-I Splendors of Renaissance Art in Venice

new crosslisting

Crosslisted with ARH 310.

HUI 331-G Primo Levi and the Holocaust in Literature *special topic fall 2001*

A study of the Holocaust as portrayed in literature, focusing on authors of various cultural backgrounds, including Primo Levi, Elie Wiesel, and Isaac Bashevis Singer. May be repeated as the topic changes.

HUI 390-G Italian-American Poetry *special topic fall 2001*

Study of the literary development of 20th-century Italian-American poetry through comparative analysis of the work of significant poets active in the U.S. from the 1920's through the 1990's. Consideration of the affinities and polarities on both thematic and stylistic levels and of issues of emigration, identity, and diversity within the social, psychological, and multicultural contexts of the time. May be repeated as the topic changes.

HUM 220-G Race, Gender, and Sexuality in Contemporary American Literature and Film *special topic fall 2001*

Study of the representations of race, gender, and sexuality in the United States, from the early 20th century to the present. Emphasis on the portrayal, in literature and film, of relationships among people of different cultures, and how differences of race, gender, and sexuality are constructed in these relationships. The course also offers an introduction to African-American, Asian-American, Latino/a, lesbian/gay/bisexual/transgender, and feminist studies in literature and film. May be repeated as the topic changes.

HUR 341-G Dostoevsky and the West *special topic fall 2001*

Study of Fedor Dostoevsky's major texts in the light of Western intellectual history. Issues of the self, ideology, and ethics as they figure in *Notes from Underground*, *Crime and Punishment*, *The Idiot*, and *The Brothers Karamazov* are examined in terms of their typical interpretations and the Russian writer's untypical literary uses of them. Postmodern responses to Dostoevsky in theater, film, and ideological discourse are also considered. May be repeated as the topic changes.

ITL 441 Sicily through Literature, Art, and History *special topic fall 2001*

The formation of contemporary Sicilian society, 1860-2001, through its literature, cinema, and history. Readings include works by Verga, Pirandello, Tomasi di Lampedusa,

Brancati, and Sciascia. Movies with a Sicilian theme include *The Leopard* by Visconti, *Kaos* by the Brother Taviani, and *The Day of San Sebastiano* by Scimeca. May be repeated as the topic changes.

KRH 331 Zen and Contemporary Korean Art *special topic fall 2001*

Exploration of the works of the most renowned contemporary Korean artists: video artist Nam Jun Paik in the U.S.; painter Ung Ro Lee in France; painter Woowhan Lee in Japan; installation artist Ik Joung Hang in the U.S.; performance artist Sun Ok Lee in Korea; painter Sae Ok Suh in Korea; and others; and how the Zen and western traditions play out in relation to one another in their works. Examination of the influence of Zen Buddhism on traditional Korean arts. May be repeated as the topic changes.

LAC 487 Independent Research in Latin American and Caribbean Studies *new course*

Supervised research with faculty in the Latin American and Caribbean Studies program. Students develop their own research projects under the supervision of a faculty member or assist with a faculty member's own research. *Prerequisites:* 15 credits toward the Latin American and Caribbean studies minor; permission of instructor
0-6 credits

LAC 488 Internship in Latin American and Caribbean Studies *revised description*

Volunteer work in community, research organizations, or cultural centers relating to Latin American or Latino affairs, arranged in consultation with the LACC director. Current list of intern opportunities available at the LACC, Social and Behavioral Sciences building, N-333.

LHD 301 Men in America *special topic fall 2001*

Examination of the nature of masculinity and male role conflict; review of developmental theories describing these struggles; and consideration of elements to foster male development. May be repeated as the topic changes.

LHD 302 Gender and Health *special topic fall 2001*

How gender influences medical treatment, the physician-patient relationship, medical research, and public health policy. May be repeated as the topic changes.

LIN 375 TESOL Pedagogy: Theory and Practice *revised course*

Introduction to language and literacy instruction, instructional approaches, and assessment models for the teaching of speaking, listening, reading, and writing. Students design standard-based lessons and evaluate resources and technologies.

Prerequisites: One 200 level linguistics course and two years of a language other than English.

Corequisite: LIN 449.

3 credits.

LIN 378 Content-Based Language and Literacy Development *revised course*

Introduction to language and literacy development across disciplines and to assessment, cooperative learning, and reflective practices. Students develop standard-based interdisciplinary thematic units, integrate technologies, and explore collaborative practices.

Prerequisite: LIN 375

Corequisite: LIN 449

3 credits

LIN 449 Field Experience in Grades N-12 *new course*

Observation, inquiry, and practice in language and literacy development across disciplines for learners from linguistically and culturally diverse backgrounds. Students are placed in variety of educational settings in elementary and secondary schools for 50 hours of fieldwork. May be repeated. Satisfactory/Unsatisfactory grading only.

Corequisite: LIN 375 or LIN 378

1 credit, S/U grading

LIN 451, 452 Supervised Teaching—English as a Second Language: Primary Grades N-6, Secondary Grades 7-12 *revised prerequisites*

Prerequisites: Linguistics major; 3.00 g.p.a. in major' 2.75 g.p.a. overall; permission of department; New York teacher certification examinations LAST and ELPA

LIN 454 Managing Instruction, Assessment, and Resources *revised course*

Examination of effective practices, assessments, and technologies for developing language and literacy across content areas in multi-level classrooms. Collaboration with colleagues, parents, and communities is explored.

Prerequisites: LIN 378; permission of instructor; New York teacher certification examinations LAST and ELPA

Corequisites: LIN 451 and 452

LIS 201 Democracy and Capitalism *revised course*

Introduction to the two major ideologies and structures shaping the world today: democracy and the interstate political system, and capitalism and the world-economy. How they came into being, how they have been transformed over time, and how and whether they continue to be transformed. The course seeks to understand global connections between democracy and capitalism, and how the workings of the interstate system and the world-

economy combine to impact power, culture, and social change at both the global and local level.

2 credits

LIS 401 Global Social Problems *revised course*

The consequences of the "globalization" of social, economic, and political life around the world. Topics include economic inequality and poverty; environmental degradation; AIDS epidemics; gender inequality and patriarchy; racism; human rights issues; migration and immigration and how they have shaped and been shaped by the social, political, and economic dynamics underlying them. Consideration of the possibilities of global-local activism and social change. Conducted as part seminar and part practicum.

MAT 324 Real Analysis *new course*

Metric spaces, including compactness, connectedness, completeness, and continuity. Introduction to Lebesgue integration. Aspects of Fourier series, function spaces, Hilbert spaces, Banach spaces.

Prerequisites: MAT 203 or 205 or AMS 261; MAT 320

3 credits

MUS 300-H Music, Technology, and Digital Culture *new course*

Study of the interactions between music, technology, and culture in popular and concert music since World War I. Issues of production, distribution, and reception, involving such topics as the impact of radio on composition in the 1920s and 1930s, early synthesizers, and the rise of electronic music, digital sampling and DJs, the MP3 phenomenon, cross-cultural borrowings, gender and technology, the internet, interactivity, and new models of consumption. Not for major credit.

Prerequisite: One of the following: MUS 101, 105, 106, 119, or 130

3 credits

PHI 312-I Phenomenology Today *special topic fall 2001*

Exploration of the themes of intersubjectivity, embodiment, emotion, and ethics in the phenomenological movement, and in the works of recent proponents and critics. Readings include selections from Husserl, Merleau-Ponty, Sartre, Levinas, Deleuze, and Irigaray. May be repeated as the topic changes.

PHI 315 Doing Philosophy *special topic fall 2001*

Seminar using selected texts from Greek philosophy as a basis for intense study, discussion, and extensive writing. Designed for new or intending philosophy majors, the course provides training in the skills of writing and reading

required for success in the major. May be used to satisfy major category I or II.

PHI 378-K Justice, History, and Identity *special topic fall 2001*

Asian Americans and issues of race, history, and educational justice. May be repeated as the topic changes.

PHI 400 Wittgenstein *special topic fall 2001*

Advanced seminar on the development and influence of the thought of the early 20th-century philosopher Ludwig Wittgenstein. May be repeated as the topic changes.

PHI 401 Hegel's System *special topic fall 2001*

A survey of G. W. F. Hegel's system, including selections from the *Phenomenology*, *The Philosophy of Right*, and selected lectures. May be repeated as the topic changes.

PHI 420 Living Bodies *special topic fall 2001*

Exploration and critical assessment of the new concept of the body that has emerged in the work of Husserl, Merleau-Ponty, and recent Continental thinkers. May be repeated as the topic changes.

POL 390 International Organizations *special topic fall 2001*

Examination of the functions of international organization, their successes and their limitations. Topics include political, technical, administrative, social, and judicial issues in relation to such organizations as the U.N., the World Health Organization, the International Atomic Energy Agency, the World Bank, NATO, and the Red Cross. May be repeated as the topic changes.

POL 401 Politics and the Internet *special topic fall 2001*

How to use internet resources to conduct research in political science and, more generally, in other fields. No prior knowledge of computer use required. May be repeated as the topic changes.

POL 402 Foreign Policy of India *special topic fall 2001*

Critical analysis of the foreign policy of India since independence in 1947, with special reference to nonalignment and relations with the major powers. The compelling factors behind India's entry into the nuclear "club" and its impact on international relations within the subcontinent and beyond. The course also examines the Kashmir issue and its effect on India's relations with the countries of their adoption. May be repeated as the topic changes.

POL 403 Political Leadership and Rhetoric *special topic fall 2001*

Analysis of political rhetoric. Consideration of the concept of political leadership and the ways in which it has been studied, followed by readings in classical rhetorical theory, examination of some classical examples, and close study of speeches by several significant leaders, such as Lincoln, Eisenhower, Reagan, and Martin Luther King. Topics include campaign rhetoric; apologies; women politicians; policy change; and social movement leadership. May be repeated as the topic changes.

RLS 408 Islamic Classics: Rumi's Sufi Poetry *special topic fall 2001*

A survey of the teachings and poetry of Jalal al-Din Rumi (d. 1273), who has recently become the best-selling poet in North America. Rumi's exposition of the various dimensions of love and his teachings on the becoming of the human self are situated within the Sufi tradition that he represents. May be repeated as the topic changes.

RUS 101 Intensive Elementary Russian *new course*

An intensive course covering the elementary Russian program (RUS 111, 112) in one semester. RUS 101 is designed for students who have no prior knowledge of the language. A student who has had two or more years of Russian in high school (or who has otherwise acquired an equivalent proficiency) may not take this course without written permission from the supervisor of the course. May not be taken for credit after any other course in Russian. *6 credits*

SPN 405 Literature and Politics: Reading Colonial Texts from the Present *special topic fall 2001*

Exploration of colonial texts and their repercussions* in present social, political, and cultural Latin America and Caribbean problematics. Readings range from early pre-hispanic and colonial texts to internet comunicados from the Zapatista Army of National Liberation. May be repeated as the topic changes.

SPN 435 The Latin American Native Intellect *special topic fall 2001*

The Latin American indigenous discourses in their multiple manifestations: chronicles, essays, manifestoes, theatre, film, music, and dance media. May be repeated as the topic changes.

SPN 445 New Issues in 20th-Century Spanish Culture *special topic fall 2001*

Exploration of new approaches to Spanish culture, including film, essay, biography, and literature. May be

repeated as the topic changes. May be repeated as the topic changes.

THR 100-D Performing and Performance *new course*

Study and practice in performance and communications: interpersonal communication, public presentations, and theatrical performance.

3 credits

THR 120 Introduction to Technology and Performance *new course*

A general introduction to the critical analysis of images and image-making through experimentation with the interface between performance and technology. Students are introduced to the digital programs needed for constructing and sequencing images and creating a hypertext presentation/performance.

3 credits

first offering spring 2002

THR 216 Introduction to Visual Interpretation *revised course*

A design and analysis course emphasizing the construction of space in the two dimensions of the computer screen and the three dimensions of everyday reality. The course examines the way space is constructed and meanings are assigned to it and considers the effects of race, gender, ethnicity, and class on those interpretations. Projects involve use of digital programs for video manipulation and editing.

THR 200 Theatre Practicum I *new course*

Students develop their skills in various areas of costume, set construction, lighting, props, media, sound, makeup, scene painting, and marketing through work on building crews for Theatre Arts department productions. Assignments are project-based and require considerable time outside of class. May be repeated once for credit.

Prerequisite: THR 205 and 216

1 credit

first offering fall 2002

THR 300 Theatre Practicum II *new course*

Students serve as running crew and crew chiefs, while developing their skills in various areas of costume, set construction, lighting, props, media, sound, makeup, scene painting, and marketing through work on building crews for Theatre Arts department productions. Assignments are project-based and require considerable time outside of class. May be repeated once for credit.

Prerequisite: Two semesters of THR 200

1 credit

first offering fall 2002

THR 310 Historical Contexts *new course*

Introduction to research principles and methods necessary to understand the relationship between historical and cultural contexts, and analysis and interpretation of drama and theatre. Students are exposed to different approaches to research in history and culture while focusing on the significance of this research on production. Students are required to do a significant and specific research project on a text or form of theatre from a particular period.

Prerequisite: U3 or U4 standing

3 credits

first offering fall 2002

THR 380 Company I *new course*

A concentrated study of one play in preparation for a production of the play in the following semester. Students study the play in depth, including historical context, a complete analysis, critical writings, and a production history. In conjunction with the director and designer, the class conceptualizes the various design elements for the production and develops designs based on appropriate research. The cast and designers are drawn from students in the course. Students are expected to spend time outside of class developing web pages and other computer-based assignments for the course.

Prerequisites: U3 or U4 standing; theatre arts major

3 credits

THR 381 Company II *new course*

A continuation of THR 380. Students rehearse, design, build, market, and produce the text discussed during the first course in the sequence. Students explore different approaches to rehearsing, styles of acting, building techniques, and the process of technical rehearsal. The course ends with a public production of the play. Students are expected to spend time outside of class developing web pages and other computer assignments for the course.

Prerequisite: THR 380

3 credits

first offering spring 2002

THR 390 Experimental Theatre *new course*

An exploration of the world of experimental theatre—its history, its theory, and its practices. Questions addressed focus on the choices made by the artists, and the forces within the culture that encourage the forms they use. The final project requires students to create a site-specific work, alone or in teams, that may or may not use alternative media.

3 credits

first offering fall 2002

THR 402 Senior Projects *new course*

In this capstone course, students work in teams to create a performance piece that addresses issues of text, media, site, and collaboration. In preparing their projects, students investigate issues relevant to cultural context, with special emphasis on issues of ethnic background in relation to contemporary and popular culture. In the process of developing the final projects, students read in areas of performance and cultural criticism.

Prerequisites: UI4 standing; theatre arts major or minor
3 credits

first offering spring 2002

WST 408 Senior Seminar for Women's Studies

Majors revised prerequisite

Prerequisites: WST 305; 15 additional credits in the major; UI4 standing; WST major

WST 476 Undergraduate Teaching Practicum in Women's Studies II *new course*

Work with a faculty member as an assistant in one of the faculty member's regularly scheduled classes. Students assume greater responsibility in such areas as leading discussions and analyzing results of tests that have already been graded. Students may not serve as teaching assistants in the same course twice.

Prerequisite: Permission of department
3 credits, S/U grading

HEALTH SCIENCES CENTER - Undergraduate Courses

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Office of Records, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

PROGRAM PLANNING WORKSHEET WITH FINAL EXAMINATION PERIODS - FALL - 2001

55 Min. Periods = 3 Day Classes; 80 Min. Periods = 2 Day Classes

CLASS TIME EXAM PERIOD:	MONDAY	WEDNESDAY	FRIDAY
8:20 9:15	W1 12/19		
9:25 10:20	M1 12/17		
10:30 11:25	F1 12/21		
11:35 12:30	W2 12/19		
12:40 2:00	F2 12/21	12:40 - 2:10 CAMPUS LIFE TIME	
2:15 3:10	F3 12/21		
MWF Or MW	W 3 12/19	MWF 3:20 - 4:15 pm	
MWF 4:25 5:20	M4 12/17	MW 3:20 - 4:40 pm	
MW 5:30 6:50	W4 12/19		
MW 7:00* 8:20*	M5 12/17		
8:30** 9:50	W5 12/19		

* Also, Wed classes beginning 7 PM.

W5 - 12/19

** Also, Mon classes beginning 7 PM.

M5 - 12/17

COMMON EXAMS:

M2-12/17 CSE 113, 114, 213, 214 MAP 101, 103 MAT 122
M3-12/17 CHE 131, 132
M5-12/17 AMS 102 PHY 121, 122
TH3-12/20 MAT 123, 125, 126 MAT 127, 131, 132

EXAM PERIODS: 1 - 5
Finals Week
Mon, Dec 17- Friday, Dec 21
Saturday Class Finals
held Saturday, Dec 15th

Period 1: 8:30 - 10:30 AM
 Period 2: 11:00 - 1:30 PM
 Period 3: 2:00 - 4:30 PM
 Period 4: 5:00 - 7:30 PM
 Period 5: 8:00 - 10:30 PM

80 Minute Periods

Class Time/ Exam Per.	TUESDAY	THURSDAY
8:20 9:40	TH1 12/20	
9:50 11:10	TU1 12/18	
11:20 12:40	TH 2 12/20	
12:50 2:10	TU2 12/18	
2:20 3:40	TU3 12/18	
3:50 5:10	TU4 12/18	
5:30 6:50	TU4 12/20	
7:00 *8:20	TU5 12/18	
8:30** 9:50	TH5 12/20	

* Also, TU classes beginning 7 PM .

TU-5 12/18

** Also, TH classes beginning 7 PM .

TH-5 12/20

>If your LEC meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the exam for a class that begins at 10:45 AM on Monday will be held at the time indicated for classes that meet at 10:30-11:25 AM on MWF).

HEALTH SCIENCES CENTER - Graduate Courses

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Office of Records, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

SCHOOL OF PROFESSIONAL DEVELOPMENT (SPD)

The FALL 2001 semester begins August 27, 2001.

NOTES ON YOUR FALL 2001 CLASS SCHEDULE

This SCHEDULE booklet contains everything you need to know about course offerings, registration, payment, classroom locations, important phone numbers, academic calendars, and more. Please KEEP IT FOR REFERENCE and note:

- LIBERAL STUDIES (LS) courses, required for the MA/LS Degree, are identified with a "REMARK" after such courses: AH/LS (Arts and Humanities), NS/LS (Natural and Applied Sciences), and SB/LS (Social and Behavioral Sciences). For example, see all "CEI" courses. CORE courses for the MPS Degree are also indicated with a "REMARK".
- Sections numbered 21 are off-campus courses; Section 24 are SLN courses; Sections 30, 31, 32, etc. are courses given on-line; Section 50 are courses offered on Saturdays.
- Descriptions of SPD courses will be printed in the SPD Fall Bulletin, which will be published and mailed to you in late spring. SPD course descriptions are posted on SPD's Web site at <http://www.sunysb.edu/spd/>
- Keep both your SPD BULLETIN and class SCHEDULE for future reference.

The Registrar's Office maintains a listing of closed courses and course changes on its Web site at <http://www.sunysb.edu/registrar/reghome.htm>

SPD ACADEMIC ADVISEMENT

If you have questions or problems in selecting courses, you may call SPD at (631) 632-7050 to SCHEDULE a phone or in-person appointment with an academic advisor. SPD advisors are available Monday-Thursday until 6 PM while classes are in session. The Administration Building Lobby Offices will be open on Tuesday evenings until 7 PM during Fall and Spring (until 6 PM in SUMMER) to assist you with registration, billing, payment, etc.

NUMBER OF CREDITS FOR WHICH YOU MAY REGISTER

According to SPD policy, you may register for a maximum of 18 credits for the fall and spring semesters. Students registered for 1-11 credits are part-time and those registered for 12-18 credits are full-time.

REGISTRATION BLOCKS

Students born 1/1/57 and after will be blocked from registering unless the University Health Services Office has received proof of immunity for Measles, Mumps, and Rubella within thirty days of admission to Stony Brook. Call the Health Office at (631) 632-6740 for details. Students having any other OFFICE BLOCKS, such as SPD, Student Accounts or Traffic blocks will not be allowed to register. They are advised to contact the appropriate office to resolve the problem prior to Advance Registration, which begins April 23, 2001.

CANCELLING OR WITHDRAWING REGISTRATION

Please remember:

Once you register either in person or by phone, you will be liable for tuition and fees, whether or not you receive a bill or make any payment, unless you formally cancel your registration. You are eligible for a refund of 100% of your tuition, only if you cancel or drop courses during the first week of classes. Refer to the Academic Calendar and the Tuition Liability Schedule found in the class schedule or by visiting the Registrar's Web site: <http://www.sunysb.edu/registrar/reghome.htm>.

GRADUATION APPLICATION

In order to receive your degree or certificate, you are required to file a graduation application. If you are completing degree or graduate certificate requirements at the end of the fall, 2001 semester, the deadline for applying is Tuesday, September 11. Pick up applications in SPD's main office: SBS N-201.

SPD REGISTRATION OPTIONS: Register Early!!

All Graduate students begin summer and fall registration on Monday April 23 as follows:

If you are matriculated in a master's degree AND you have earned 24 or more credits, your class designator is G2 and you may begin TELEPHONE REGISTRATION at 1:00 PM. If your class designator is G1 (less than 24 credits) you may begin at 3:00 PM. If you are non-matriculated GSP, your class is G0 (even if you are taking all undergraduate courses) and you may begin at 5:00 PM. Telephone registration is the easiest way to register. The options are:

Telephone Registration: Call: (631) 632-1100

Refer to the Telephone Registration Instructions in this publication, which provide step-by-step Instructions and a Worksheet. The telephone registration system is available daily from 7 AM - 11 PM including holidays. Remember, telephone registration requires:

- your PIN (Personal ID Number), which is your birth date in six digits (e.g. 102374 for October 23, 1974) Note: you may change this number to any six-digit number.
- your student ID number (Social Security number).
- specific Departmental Call NUMBERS, which are required for telephone registration in lieu of, course LETTERS. Refer to the list of these Call Numbers in this publication. They can also be found within the alpha listing of courses throughout the Schedule.

Remember, the earlier you register, the better course selection you will have. To avoid a late fee, you must register before the first day of classes, August 27, 2001.

In-Person Registration begins Thursday, May 3, 2001

In-person registration takes place in the 2nd floor lobby of the Administration Building at the Registrar's Office. Beginning May 3, matriculating graduate students (G1, G2) may register each weekday in person between 8:30 AM and 4 PM, except Tuesdays when registration takes place from 10 AM - 7 PM (Please note: hours change for the summer. Open Tuesday nights until 6 PM in the Summer).

Non-matriculating G0/GSP students begin in-person registration on May 4. We encourage you to use the telephones in the lobby area to register. If you need assistance, go to the Registrar's service window.

Late Registration

Late registration begins on the first day of classes, Monday, August 27, 2001 with a late fee of \$30. Permission of the instructor, as indicated by his/her signature on a Registration Adjustment Form, is required ONLY if classes are closed (filled to capacity) or the class indicates permission is required. If permission is not required for courses with available seats, you may continue to use the telephone system to late register, and drop courses through the end of the add/drop period, September 10. **You are eligible for 100% refund ONLY if you drop classes by Tuesday, September 4.**

GOOD LUCK !!

Financial Aid (2001 – 2002)

If you need assistance in meeting your educational expenses for the 2001-2002 academic year, you can still apply for financial aid. To begin the application process, you should:

- Complete the **2001-2002 Free Application for Federal Student Aid (FAFSA)** and mail it to the federal processor. Please use Stony Brook's federal school code – **002838**, and the correct name of the institution, **SUNY at Stony Brook**. You may also file online at www.fafsa.ed.gov.
- Complete the **2001-2002 Express Tuition Assistance Program Application (ETA)**. Apply first using the **FAFSA**; if you indicate that you are a New York State resident and list at least one New York State school, New York State Higher Education Services Corp. (HESC) will send an **ETA** to your permanent address. Send the completed **ETA** to HESC in Albany. Please use Stony Brook's state code – **0875** for undergraduate students and – **5430** for graduates.
- Upon receipt of the data from your **Student Aid Report** (the document you receive after filing a **FAFSA**) via electronic tape from the federal processor, the Office of Financial Aid and Student Employment will send you an award letter indicating the amount and type(s) of financial aid for which you qualify. **Please review the Financial Aid Fact Sheet enclosed with the award letter for information about subsequent steps in the financial aid process.**

GRANTS

Federal Pell Grants are available to matriculated undergraduates only. Eligibility is determined by a federal formula established by Congress that utilizes information filed in the student's **FAFSA**. Awards at Stony Brook will range from \$400 to \$3,750 for the 2001-2002 academic year.

Tuition Assistance Program (TAP) grants are available to New York State residents who are enrolled full time as undergraduate or graduate students in an approved degree program. Awards at Stony Brook range from \$100 to \$3,425 for the 2001-2002 academic year.

Federal Supplemental Educational Opportunity Grants (FSEOG) are awarded to undergraduate degree candidates who have exceptional financial need. Awards range from \$100 to \$1,000. Funds are limited and students must apply early to receive consideration.

LOANS

Subsidized Federal Stafford Loans are made available through participating lenders to matriculated undergraduate and graduate students who are enrolled at least half-time and demonstrate financial need. The federal government pays the interest while the student is enrolled at least half time and for six months after the student ceases to be enrolled.

- **Undergraduate** annual limits: \$2,625 (freshman), \$3,500 (sophomore), \$5,500 (junior/senior)
- **Graduate** annual limit: \$8,500

Unsubsidized Federal Stafford Loans are available to all matriculated undergraduate and graduate students who are enrolled at least half-time.

- **Dependent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program.
- **Independent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$4,000 annually for their first two years of study and \$5,000 annually for their remaining years of study.
- **Graduate** annual limit: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$10,000 for each year of graduate study.

Federal Parent Loans for Undergraduate Students (PLUS) are accessible to parents of dependent undergraduate students. The annual loan limit is the student's cost of education minus estimated financial aid. Applications are available at participating banks and the Office of Financial Aid and Student Employment. Both the **FAFSA** and PLUS application are required. If the PLUS loan is denied by the lender, the student may qualify to borrow Unsubsidized Federal Stafford Loan funds.

Federal Perkins Loans are awarded to matriculated students with demonstrated need. Interest is deferred while the student is enrolled at least half-time and for nine months after the student ceases to be enrolled. Awards at Stony Brook average \$1,500 per year. Funds are limited and students must apply early to receive consideration.

WORK OPPORTUNITIES

The **Federal Work Study (FWS)** and **FWS Community Service** programs provide employment opportunities to students who are enrolled at least half time in an approved degree program. The amount of the award is based on the student's financial need. Funds are limited and students must apply early to receive consideration.

To receive financial aid for the 2001-2002 academic year, you must follow through on all steps of the financial aid process:

- Accurately complete applications and mail them to the appropriate processor in a timely manner.
- Submit all requested documentation, including a completed award letter, to the Office of Financial Aid and Student Employment.

STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY

After registering for the **Fall 2001 semester**, all students will be sent a billing statement for tuition & fees with instructions for making payment. If the student does not receive a billing statement within 28 days after registration, it is the student's responsibility to contact **Students Accounts at (631) 632-2455** for a bill and pay the full balance by the due date.

- Students with outstanding balances will receive multiple statements throughout each semester. Each billing statement will list the amount due to the University. Tuition, fees, and other university charges assessed on each billing statement **will be due in full by the due date appearing on your statement**. Any unpaid charges from the previous statement, including accrued late fees, will be brought forward and additional charges, payments, and credits will be shown.
- **University billing statements are sent to the home address on file with the Office of Records. Billing statements for international students are sent to their local address. EVERY student is responsible** for making sure that a correct address is on file and must inform the Records Office of any change of address. **Failure to receive a bill due to an incorrect address will not be accepted as a reason for waiving late payment fees.**
- The billing statement also will show and subtract any authorized deferments in the calculation of the amount due. These include Pell grants, Stafford loans, TAP and tuition awards. Students must have proof of approved aid, waivers, or scholarships in order to properly defer payment. **Without satisfactory evidence to defer, students are expected to pay charges up front and wait for reimbursement when the aid, waiver or scholarship funds are actually received. Students should apply early for any financial aid they expect to use to pay their university bill.**
- Students are encouraged to join our **Time Option Payment Plan** as they wait for their financial aid to be finalized.
- **Students can always check their current student account balance by using the Automated Telephone System (631-632-1100 / option #4) or on the web through the SOAR option at <http://ws.cc.sunysb.edu/bursar/> or at the Billing window at the Student Accounts Office in the Administration lobby.**

Payment Instructions: Payments made by check or money order must be made payable to **Stony Brook University**, and sent to **PO Box 619, Stony Brook, NY 11790**. If paying by credit card, you may access our Automated Telephone System at (631)-632-1100 with a touch-tone phone to charge tuition & fees to VISA, Mastercard, Discover and American Express. **Any payment that fails to clear is subject to a \$20.00 handling fee and may be subject to a \$30.00 late payment fee.** Payments made by return mail should include the bottom portion of the statement (to ensure proper credit to the account), and sent in the return-addressed envelope provided with the bill. **Mailed payments must be postmarked by the due date to avoid the late payment fee.** Students are encouraged to pay by mail or by telephone in order to avoid lines at the Bursar. **All payments should include your University ID number** for prompt and proper credit to your account.

Late Payment Fee: Failure to pay the amount due by the due date will result in an automatic assessment of the incremental late payment fee of \$30.00. Incremental late payment fees, up to \$90 per semester, will be assessed on all accounts not completely paid by the due dates indicated on each successive account statement. **Pending financial aid will not be accepted as a reason to waive late payment fees.**

Time Option Payment Plan (TOPP): The Office of Student Accounts offers the **Time Option Payment Plan** which allows for the budgeting of tuition and fees expenses on a monthly basis. There is a processing fee to help defray the administrative expenses of the program. For further information, please call **Student Accounts at (631) 632-2455**. Enrollment forms are found in the **Fall 2001 User's Guide**, which are sent with the bills and also are available in the Student Services Center. **The deadline for Fall 2001 enrollment in the TOPP program is September 17, 2001.**

DELINQUENT ACCOUNTS: **Students with any outstanding balance on their student account are not eligible to register at the university or participate in room selection.** No student may receive a degree, certificate of completion or transcript until all charges due to the university or any of its related divisions are paid in full. **Delinquent accounts will be transferred to private collection agencies and/or the New York State Attorney General's Office for collection**, and are subject to additional interest and / or collection charges.

REMEMBER THAT YOU ARE RESPONSIBLE FOR:

Knowing that you are registered for classes and what classes you are registered for,
paying your student account in full by the billing due date,
and understanding and following the correct procedures to withdraw from classes.

STONY BROOK UNIVERSITY BILLING & PAYMENT POLICY (continued)

TUITION & FEE LIABILITY

Students who officially withdraw from the University or reduce the number of credits for which they are registered may be entitled to a proportionate refund of tuition paid or proportionate adjustment of tuition charges. The first day of classes as scheduled by the campus shall be deemed to be the first day that classes are offered, as scheduled by the academic calendar. The Fall 2001 semester liability schedule is:

Tuition liability schedule for student withdrawals and cancellations (Fall 2001)			
<u>Liability Period from:</u>	<u>Tuition Liability</u>	<u>Tuition Refund</u>	<u>Fees Liability</u>
On or before 9/4/2001	0%	100%	0%
9/5/2001 - 9/10/2001	30%	70%	100%
9/11/2001 - 9/17/2001	50%	50%	100%
9/18/2001 - 9/24/2001	70%	30%	100%
On or after 9/25/2001	100%	0%	100%

During 0% liability, refunds will be processed and charges removed for tuition and all fees, except the college fee. After 0% liability, tuition will be prorated according to the schedule above, and all fees are due in full. **Therefore, the last day to withdraw from classes without any tuition or fee liability is Tuesday September 4, 2001.** After the start of classes, Campus Residences and Admission deposits will be forfeited. After 100% liability, a student is liable for the applicable percentage of tuition and all fees in full. **Students who register for courses and who do not file the appropriate withdrawal or do not drop before the end of the fourth week of classes are liable for their full charges.**

NON-ATTENDANCE OF CLASSES DOES NOT CLASSIFY AS AN OFFICIAL WITHDRAWAL, AND DOES NOT RELIEVE THE STUDENT OF HIS OR HER FINANCIAL OBLIGATION, OR ENTITLE THE STUDENT TO A REFUND.

CAMPUS RESIDENCES

When the residence halls are occupied at a level of 100% or greater of the regular designed capacity, residents who check out properly will be billed a pro-rated portion of the semester's room charge upon completion of the check out process. **When the residence halls are occupied at a level below 100% of the regular design capacity, residents who check out will be billed the full semester's housing charge, with no proration. Contact Campus Residences for more information.**

MEAL PLAN

Students who withdraw from the University will be billed a prorated portion of the meal plan up to, and including, the official withdrawal date. Prorations are calculated on a weekly basis, effective the date the Meal Plan Office was notified to cancel. **Contact the Meal Plan Office for more information.**

CANCELLATIONS & WITHDRAWALS

A student who is given permission to cancel his/her registration or who is withdrawing from classes shall be liable for payments of tuition and all fees in accordance with the liability schedule. **More details about the University's Refund Policy are available through the Student Accounts Office. All refunds or adjustments of charges are based on the date the withdrawal application is officially received by the Student Accounts Office, not on the date of the last class attended. If students are unable to cancel or withdraw in-person, written requests may be sent to the Office of Records or faxed to (631) 632-9491.** The postmark of the letter or the date the fax is received will determine the amount of refund for which students are eligible. Students are advised to retain a copy of the withdrawal letter for the Office of Student Accounts.

REFUNDS

Based on State University of New York Policy 057.1, **no money shall be refunded unless a formal written request is made within one year** after the last day of the term for which the tuition and fees were incurred at the University. The student must submit in writing a request for full refund of tuition and/or fee charges. All requests must be sent to: **Office of Student Accounts, 254 Administration Building, SUNY Stony Brook, Stony Brook, New York 11794-1301. (Fax 631-632-1308).**

UNDERGRADUATE TUITION AND FEE INFORMATION

Please note that tuition and fee charges are as of Feb 2000, and are subject to change by official action of the State University of New York. Questions concerning these charges should be referred to the **Office of Student Accounts at (631) 632-2455.**
