16. HOLIDAY GIFT PROGRAM

For the last 8 years, through the generosity of university employees and students, we have been able to provide holiday gifts to over 3000 children who live near or below the poverty level in Suffolk County. The hidden nature of hunger and poverty makes us less aware of its prevalence in the suburbs but hunger does exist here. Seven years ago, we established a pantry in Pt. Jefferson to help families year round as they struggle to provide nutritionally balanced meals for their families. We now provide for 600 households a month, translating into over 5000 individuals (half of whom are children under the age of 14). If you would be interested in providing either a gift of clothing or a toy to one of these children during this year's Holiday Gift program, please contact me via e-mail (mbell@notes.cc.sunysb.edu) and I'll send you details. THANK YOU!

17. Despoiled Shore - Medeamaterial - Landscape with Argonauts

Heiner Muller is one of the major forces of German drama. His writing is sarcastic, life threatening poetry that erases everything you have and directs you toward the truth. What is the truth and reason of living after human kind has destroyed itself? Using the strength of the mystical figure Medea, Muller shows us the answer. Despoiled Shore - Medeamaterial - Landscape with Argonauts is a revealing and powerful piece in a time like this when everybody is faced with the same questions. Directed by Petra Lammers, choreographed by Margarita Espada, with Hinde Lliepmannsohn, Josh Adler and Dorte Junghanel, Despoiled Shore - Medeamaterial - Landscape with Argonauts is performed October 26, 27, and 28th at 8 pm in the Cabaret at the Spot (Roosevelt Quad).
