1. New Faculty Reception

If you are a faculty member new to Stony Brook, please join us on Wednesday, October 24, from 12 to 2p.m., to meet the Vice President of Research, the Vice President for Advancement and Executive Director of the Stony Brook Foundation, and the directors of the offices reporting to the Vice President for Research. These offices manage key functions of sponsored research support, from the initiation of the proposal through to the final expenditure on the award, as well as the disclosure or licensing of inventions and fostering of industry collaboration and new enterprise development. If you plan to pursue sponsored research activity, particularly if it may involve human or animal subjects, we especially urge you to attend and meet the folks who will be facilitating your endeavors. A light lunch will be served. For more information please call Kris Duryea at 2-9347 or email kduryea@notes.cc.sunysb.edu.

#### 5. Computer Music Concert on Sunday, October 28, 8 pm at the Staller Center - Free!

Enter the twenty-first century of sound and join us for an evening of music created by computers, synthesizers, drum machines, and humans. This year's concert will feature the creative talents of composers and performers who live and work on Long Island. Tape pieces by Jason Hanley, Gregory Pfeiffer, Joseph Auner and Chris Brady use computers to manipulate sounds such as electric guitar, clarinet, cars, and voice and warp them into throbbing three-dimensional sonic landscapes that can be hypnotic, exhilarating, and frightening. David Hurtgen will perform his piece "Hypnogog" with his Electric chamber trio consisting of electric violin, electric guitar, and percussion. This year's guest composer is Herbert Deutsch from Hofstra University who will perform his "Jazz Images, Worksong and Blues," the first composition ever made on a Moog Synthesizer. Come hear all of this and more, including electronic music combined with video images.

6. The Division of Student Affairs Newsletter, The Advocate, is Available Online for Your Reading Pleasure!

The Fall 2001 edition of the Advocate Newsletter is available for your reading pleasure online at the following address:

<http://www.sunysb.edu/stuaff/advocate/fall01/index.html>

The Advocate serves as the official newsletter and premiere publication for the Division of Student Affairs at Stony Brook. The newsletter is published two times per year and is an opportunity to learn about recent or upcoming Student Affairs events, departmental recognitions/awards; program or service highlights, student/staff accomplishments and any noteworthy news from the various Student Affairs departments.

The newsletter is unique in that it is primarily a Web-based publication. Each month you can receive an Advocate "teaser" sheet by mail which contains a headline story on the front page and a back page summary of items featured in the current edition and only available at our new and improved Website.

7. Wednesday 10/17 and Thursday 10/18. Sander Gilman: 'Cut What Off' A Hundred Years of Aesthetic Surgery and Psychiatry.

Both lecture and seminar will take place at the HISB: the lecture on Wednesday, October 17th at 4:30 p.m., and the seminar on Thursday, October 18th at 10:30 a.m.

Dr. Gilman's lecture and seminar will concern ideas of mental and physical pathology in the new millennium. Addressing the close and complex relationship among ideas of stigma, stereotyping, and self-representation in defining illness and health, the talk will focus on the gradual evolution of the meaning of the body as an object to be reshaped within surgery and psychiatry from the 1880s to the present.

SG is a distinguished professor of the Liberal Arts and Medicine at the University of Illinois in Chicag. A cultural and literary historian and author or editor of over sixty books. He has been president of the Modern Language Association and a Guggenheim Fellow.

8. CELT Workshop:

Evaluating Writing AND Handling the Paper Load with Anne Beaufort, Thursday, October 18th, 11:00am - 12:00pm at CELT

Do you sometimes feel the time you spend giving written comments on students' writing isn't leading students to improve their writing as much as you'd wish? Do you spend a lot of time (and red ink) marking students' grammatical errors, only to find they keep making the same mistakes in subsequent papers? Or do you avoid giving writing assignments because of the time-intensive task of reading and grading them? In this workshop, we'll examine the research on teacher comments on student writing as a pedagogical tool and discuss strategies for giving feedback on student writing that are effective and efficient uses of your time. We'll also examine the rhetoric of teacher comments to see what signals we send to students by our words. If at all possible, bring a sample student paper that you have written comments on. For more information and to register please go to [www.celt.sunysb.edu](http://www.celt.sunysb.edu).

9. CELT Workshop:

'Personalizing High Enrollment Classes' facilitated by Tom Liao, Distinguished Teaching Professor

This interactive workshop will focus on pedagogical techniques for addressing students in classes of enrollments between 50 to 150 students. The learner-centered techniques that will be explored include those related to: Active Learning, Learning How to Learn, Assessment as a Learning Tool, Written and Oral expression, and Individualized Responses to Questions. Specific examples used with students in the EST 320 course will be shared. This workshop will be held at CELT, Melville Library room E1337 on Tuesday, October 23rd at 11:30am. To register please go to [www.celt.sunysb.edu](http://www.celt.sunysb.edu).

10. Women in Technology: Young Women at the Crossroads

All members of the university community are invited to a discussion on Women in Technological Fields at 7pm on Wednesday October 17th in the SAC Auditorium. The series is hosted by the WISE Program and sponsored by Citigroup Corporate and Investment Bank, featuring speakers from Citigroup Corporation. Mary Ekmalian, the director of Electronic Banking Systems Development, Stacey Miller, the Senior Vice President of International Stock Plans, and Hillary Gal, the director of Retail Manages Account and Marketing and Data Warehouse systems will speak at the event. These women have risen through the ranks at Citigroup, and will share their experiences. Attendees are encouraged to come with questions for the speakers. Light refreshments will be served. If you are interested in attending this event, please RSVP to the WISE Office at [projectwise@notes.cc.sunysb.edu](mailto:projectwise@notes.cc.sunysb.edu) before October 17th.

11. November is Diversity of Lifestyles and Relationships Month! Submit Program Ideas and Become Eligible for a \$500.00 Program Grant!

The Committee to Celebrate Diversity welcomes your participation in the University's Diversity Calendar Program. The goal of this program is to increase understanding and appreciation of the rich diversity present within the Stony Brook community. All accepted programs receive FREE CAMPUS-WIDE PUBLICITY by being published on the University's monthly Diversity Calendar and becomes eligible to win a \$500.00 PROGRAM GRANT!!

Many campus groups have received thousands of dollars of programming support by submitting great program ideas for inclusion on the calendar. The more programs you submit, the greater your chances for winning funding support for future programs. Faculty, staff, and student groups are encouraged to submit. More information is available at the following website.

12. CELT Seminar  
Topics in Learning and Teaching, Fall 2001

Description : CELT invites faculty to suggest topics for small group meetings that could occur over a semester or a year on current topics in learning and teaching that might be of interest to several people. As a first topic in this series, David Ferguson, Director of CELT, would like to see if other people might be interested in forming a small reading/discussion group to discuss the book "How People Learn: Brain, Mind, Experience, and School." The book was published by the National Research Council in 1999. In addition to reviewing relevant research on cognitive science and neuroscience, the book explores the implications of such work for learning and teaching in a variety of settings. If you are interested in being a part of a small group that will meet occasionally over this semester and perhaps into next semester, please e-mail David Ferguson at [celt@notes.cc.sunysb.edu](mailto:celt@notes.cc.sunysb.edu) to let him know your interest.

15. BREAST CANCER GROUP VISITS

The Division of Wellness and Chronic Illness will be conducting two group visits for patients with breast cancer. These visits will involve a brief, individual evaluation followed by group sessions on nutrition (whole foods, supplements) and mind/body medicine (meditation, imagery, prayer).

These series of two group visits will be on Wednesday, October 24th and October 30th from 4:30 to 6:30 p.m. at 33 Research Way in Stony Brook Technology Park. Most insurance plans accepted with the appropriate co-pay. For those without insurance, the cost of both sessions will be \$80.00 per person payable at the time of registration.

For questions and to register for these group visits, please call 631.444.9815.

Since each session can accommodate only 15 people please register as soon as possible.

22. New Campus Child Care Center OPEN and ENROLLING!

The opening of our new child care facility on South Road enables us to open our wait list to new families. At this time we are actively enrolling children aged 2 to 12 months, 3,4 and 5 year olds and children grades K thru 2 for after school care. We are also gauging interest in a part time (9am to 1pm, 3 or 5 days) Pre K for 4 and 5 year olds to start in October/November.

The child care facility is open M-F, 6:30am to 6pm.. Child care tuition is paid bi-weekly, according to a sliding fee scale based on a families income, for university and hospital affiliated students and staff. Pre K will be flat monthly tuition rate.

For tours information and directions, please call 632 6930 or e mail [nwalker@notes.cc.sunysb.edu](mailto:nwalker@notes.cc.sunysb.edu).
