1. Innovative Technology Development Grant (ITD) Program

The Center for Biotechnology is pleased to announce the 2002 Call for Applications for the Innovative Technology Development Grant (ITD) Program. The ITD program supports a broad range of commercially promising, translational research in all areas of medical biotechnology, including research products, diagnostics, or therapeutics. ITD grant funding is available to faculty at SBU for translational research on the academic campus. Applications must provide evidence for commercialization potential and be consistent with the Centers' mission of economic development in NYS. We encourage projects that are complementary to, and seek collaboration with, the Center's Applied Bioscience Laboratories. Faculty with interest or considering submission, are strongly encouraged to contact Dr. Anil Dhundale, Director, Scientific Affairs (anil.dhundale@sunysb.edu), prior to writing a full proposal. Application forms can be downloaded from the Center's web site at www.biotech.sunysb.edu or by calling 631-632-8521. The deadline for receipt of written proposals is 5 p.m., Friday, February 22, 2002.

2. Breast Cancer Prevention

The Cancer Clinical Trials office is still recruiting participants for the STAR Study. In STAR, two drugs, Tamoxifen and Raloxifene will be compared for their effectiveness in reducing the risk of breast cancer. We are looking for postmenopausal women ages 35 and older who are at risk for breast cancer. You will be considered at risk if you have: 1) previous benign breast biopsy, 2) a mother or sister with breast cancer, 3) history of LCIS via excision only, 4) at least 1.66% projected 5 year risk of developing breast cancer per STAR Risk Assessment Form. If you need more information about this study, feel free to call the Clinical Trials Office at (631) 444-7913, and ask for Gerty Fortune, Clinical Research Nurse Coordinator.

Submitted by: S. Denise Ellis/UHMC

= = = = =

3. Free Computer Training for Introduction to Access

UUP(west campus), CSEA and PEF union members, spouses and retirees may take this course at no cost, which offers an introduction to the most widely used database management program. An integral and powerful part of the Microsoft Office suite, Access aids budget managers, accountants, and office managers by efficiently organizing customer and inventory information. Topics include how to create databases, forms, filters and reports. Classes are from 9:00 to 12:00pm, Feb. 27; Mar. 6, 13, 20, 27, 2002 at SBS room N114. Certificates awarded upon successful completion.

Submitted by: Frank Esposito/Prov

5. STALLER CENTER ART GALLERY TO FEATURE GRADUATE STUDENT WORK

Work by five graduate students of fine arts will be exhibited in the University Art Gallery in the Staller Center from Friday, Feb. 15 through Saturday, Mar 9. A reception honoring the artists will be held on Sat. Feb. 15, 6:30 - 8:00 p.m. Admission is free. The "MFA Show 2002" includes paintings, drawings, and mixed media installations by Nikki Anderson, D. J. Kim, Michael Kozien, Ji-Hyun Seo, and Chris Stackowicz. All five artists are degree candidates in the Department of Art's Master of Fine Arts program. University Art Gallery hours are Tuesday-Friday, noon to 4:00 p.m., and Saturday, 6:00 to 8:00 p.m. Additionally, the gallery will be open 1 hour before the following Staller Center performances: FLAMENCO!, Fri. March 1, and LEIPZIG STRING QUARTET, Fri., March 8. For information, call 631-632-7240.

9. Stony Brook Contemporary Chamber Players Concert Wednesday, February 27th, 8:00 pm in the Recital Hall

The Music Department is proud to present a Contemporary Chamber Players concert of works from the early and late 20th century. This renowned ensemble, which is co-directed by performance faculty artists Gilbert Kalish and Raymond Des Roches, specializes in 20th century music for chamber ensembles. The concert will feature Three Japanese Lyrics by Igor Stravinsky, Three Poems of Mallarme by Maurice Ravel, and Four Hindu Poems by Maurice Delage. These three pieces were all premiered on the same concert in 1914. Also on the program are the recent works C/four by Ushio Torikai and Embracing the Wind by Rob Paterson. Admission to the concert is free.

15. Laser Eye Surgery (i.e. LASIK) at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology has been phenomenal. In an effort to "stream-line" the evaluation process, we have established a new phone number ((631) 444-4996) dedicated solely to refractive surgery.

Refractive surgery (i.e. LASIK) can reduce one's dependence on glasses or contact lenses. The laser can now be used to treat many forms of near-sightedness (myopia), far-sightedness (hyperopia), and astigmatism.

A special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about LASIK (and other types of refractive procedures), or to schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

Submitted by: Marc Dinowitz/UHMC

= = = = =

16. Polaroid Stories - A play by Naomi Iizuka - Opens February 28th, Staller Center for the Arts

"Metamorphoses?" the old are whispering their secret tales, while the young are listening. With the help of Ovid's ancient stories, Naomi Iizuka has created the world of homeless kids - kids who live to disappear. Drugs, fear, love, music, sex and the desire to just simply leave the darkness of the labyrinth, forces each one of them to finally make a decision about life or death.

Due to its adult content, Polaroid Stories is recommended for audience members 14 years and older.

Polaroid Stories opens on Thursday, February 28th at 8 p.m. in Theatre II, Staller Center.

Other Performances are 8 p.m. March 1, 2, 7, 8, 9th and 2 p.m. matinees on Sunday, March 3 and 10th.

Tickets: \$10/general admission;/ \$8/faculty and staff; \$6/students and seniors. Call the Box Office at 632-ARTS.

17. 2nd Annual Bioscience Careers Seminar Series-Embarking on a career in business development in the life sciences.

Wednesday, February 27, 2002. 12:30 pm - 1:30 pm. Center for Biotechnology. Speaker - Joseph Scaduto, Executive Director, Long Island Life Sciences Initiative and Business Development Associate, Center for Biotechnology. Join Mr Scaduto, as he discusses the transition from graduate school to a career in the bioscience industry. He will provide a personal insight into his professional career development as he outlines critical steps involved in gaining industry experience through internships, creative networking techniques, diverse and exciting career opportunities in industry and what a career in business development entails. This is a must attend seminar for all life sciences graduates who are serious about pursuing a career in the industry. Don't miss this opportunity to meet and discuss the realities of working in industry and strategies for breaking into it. Light refreshments will be served. Presentation will begin promptly at 12:30 pm. Seating is limited. Please register online at <http://www.biotech.sunysb.edu/news.html#seminar>

18. Help Build the Habitat for Humanity Stony Brook House

Homelessness is on the rise on Long Island, but you can help break the cycle of poverty for a deserving family. Join our campus community and Habitat for Humanity as we work together to make a North Bellport family's dream of home ownership come true.

It costs roughly \$60,000 in materials and services to build a house on Long Island. Stony Brook has committed to raising \$40,000; the balance is funded through Habitat for Humanity. Every department on campus and a variety of student groups are making plans to raise funds for their designated part of the house.

So, take the Habitat Challenge calling for communities to eliminate substandard housing in their area within this generation. Support the Stony Brook House fundraising events and help us reach our goal. For more information, contact your department coordinator, or visit our web site on the YOCL page at www.stonybrook.edu.

27. LIPID PROGRAM GROUP VISITS

Stony Brook University Hospital's Division of Wellness and Chronic Illness in the Department of Family Medicine will be conducting four, two-hour group visits for patients with elevated lipids and cholesterol.

After an individual clinical evaluation, group visits will review the factors that contribute to increasing levels of lipids and insulin and how they can be decreased with whole foods. Evidence-based information on supplements, genetic influences and indications for anti-lipid medications and their side effects will be reviewed. The role of exercise and stress reduction will also be covered.

The series of four, two-hour sessions will be conducted on consecutive Wednesdays, February 27th March 6th, 13th and 20th from 4:30 p.m. to 6:30 p.m. at 33 Research Way, Stony Brook Technology Park.

Most insurance plans are accepted with appropriate co-pay for each visit. For those without coverage, the cost for the series is \$150.00.

Early registration is suggested. Telephone: 4-9815

Submitted by: R Jaber/UHMC

28. Update on Laser Eye Surgery at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology continues to be strong.

Two weeks ago, a new phone number ((631) 444-4996) dedicated solely to refractive surgery was created.

Our refractive surgery evaluations typically are scheduled on Friday afternoons. In an effort to further 'stream-line' the evaluation process, and to accommodate our patients' busy schedules, we have now added additional time for consultations on Tuesday afternoons.

As always, a special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about laser eye surgery or to schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

38. Graduate Internship in Biotechnology and Patent Law for life sciences graduates

The Center for Biotechnology is accepting applications for Summer and Fall 2002. This program provides third and fourth year graduate students, and postdoctoral fellows, with an opportunity to work in a legal environment conducting research into prior art and learning the basic principles of intellectual property rights. Successful candidates will be placed in law firms in Suffolk, Nassau and New York City. To apply, please submit a cover letter, cv and application form to Kate Posnanski at kposnanski@sunysb.edu. More information on the program and application forms can be found on the Center's website. Deadline for application - Wednesday, February 27, 2002.

42. Tuesday 2/19, 4:30pm at HISB. Dana Heller from Old Dominion University: "Does the Future Need Us?: Feminism and Popular Memory"

HISB is at E4341 Melville Library.

Heller will foreground two very recent mass cultural narratives, The Blair Witch Project and If These Walls Could Talk II in order to examine a much larger dilemma: the problem of propagating feminist history. Indeed, although these narratives exhibit no explicit relation to one another, they are similarly set into motion by the trope of found footage, and or the discovery of documented images and voices that tell us something we need to know about the past. Once brought to light, these buried truths are mobilized to play decisive roles in the mediated cultural struggle over how we remember feminist histories, and whether we remember feminist history at all. Moreover, by staging broad clashes of women and reproductive technologies, these texts help bring into focus anxieties that circulate through popular culture at large, anxieties ostensibly stemming from feminism's efforts to reproduce itself in time.

43. Dialogues Across Differences presents: "FACES OF RELIGION"

Did You Know?

There are Caucasian American Sikhs?

There are Latino Muslims?

There are South Asian Christians?

There are women Zen Buddhist Priests?

Come and listen to our panel and learn about the diversity in our world religions and how they are experienced in our global society. Discussion to follow presentations.

Please join us on Tuesday March 5th at 7pm in the Student Activities Center Auditorium

Event Co-sponsored by: Office of Diversity and Affirmative Action, The School of Social Welfare, "Dialogues Across Differences" Grant, Muslim Students Association, Catholic Campus Ministry, Protestant Campus Ministry, Baptist Campus Ministry Stony Brook Gospel Choir, Center for India Studies, Inter-Fraternity-Sorority Council, and Community Based Action Research (C-Bar).

Refreshments will be served! We look forward to your participation!

For further information please contact Sam Quiah at the Office of Diversity and Affirmative Action (631) 632-6280 or Jonnel Doris at the Vice President for Administration Office (631) 632-6353.
