### **3. 2006 University Senate Faculty Staff Survey**

The University Senate is conducting another survey among the faculty and professional staff in order to determine priority concerns for the University. A similar survey was conducted in 2003, so we will be comparing results with the previous survey to determine changes in campus attitudes and perceptions. All responses are non-attributable, and are only summarized at the highest organizational level (e.g., College).

This year, the survey is available only on-line at <http://naples.cc.sunysb.edu/DoIT/senatesurvey.nsf/survey>

Please take the time to respond. The survey should take only about 15-20 minutes to complete, and a high response rate will make the results more meaningful.

## **6. Popular Indian Film Series Kannathil Muthamittal (A Peck on the Cheek) Wednesday, April 19, 7:00 p.m., Wang Theater**

A little girl's search for the biological mother who had abandoned her is brought out poignantly in this unabashed rhapsody of domestic bliss. Mani Ratnam yet again proves that he is at his best when tackling complex personal relationships within the backdrop of violent political strife. Amudha (P.S. Keerthana), adopted by Thiru (Madhavan) and Indira (Simran) and growing up with the couple's two sons, is blissfully unaware of her parentage, till the couple decide to inform her of it on her ninth birthday. At first shocked into disbelief, Amudha then expresses her determination to search out for her biological mother. The search takes the family to strife-torn Sri Lanka, where Amudha comes face-to-face with the sordid reality of terror. A riveting story, lush cinematography, well-defined complex characters and the pulsating music of A.R. Rahman are signature elements of Mani Ratnam's opus. ## **8. Take The: 2006 Stony Brook Campus And Community Green Pledge**

You are invited to take Stony Brook University's Green Pledge, which recognizes individuals who promote environmental sustainability. Like other universities across the country with similar pledges, we aim to foster, as a community, a deep commitment to environmental and sustainable issues. At this spring's Earthstock celebration, all pledge participants will be recognized with a green ribbon, and students who choose to participate will publicly recite the pledge and be recognized with a special pin and certificate.
