## **01. Administrative (dept moves/closes, employee info, Admin announcements)**

### **1. Request for Nominations for 2007 Honorary Degrees**

The honorary doctorate is the highest form of recognition offered by the University. We would like nominations that reflect the diversity that exists on our campus. We also prefer to honor people who are still active and to whom we are among the first to offer this recognition. We must ask, however, that you do all you can to ensure that confidentiality is maintained and that you do not contact nominees nor in any way communicate to them that they are being considered for an honorary degree.

Nominations are due in the Graduate School, 2401 Computer Science, Z=4433 by April 13, 2006.

A complete list of SUNY honorary degrees and a set of the guidelines adopted by the Board of Trustees may be obtained from your Dean or by contacting the Committees Executive Secretary, Mrs. Ignacia Ruiz-Garcia (631 632-7035).

Submitted by: Ignacia Ruiz/Grad

### **3. 2006 University Senate Faculty Staff Survey**

The University Senate is conducting another survey among the faculty and professional staff in order to determine priority concerns for the University. A similar survey was conducted in 2003, so we will be comparing results with the previous survey to determine changes in campus attitudes and perceptions. All responses are non-attributable, and are only summarized at the highest organizational level (e.g., College).

This year, the survey is available only on-line at

<http://naples.cc.sunysb.edu/DoIT/senatesurvey.nsf/survey>

Please take the time to respond. The survey should take only about 15-20 minutes to complete, and a high response rate will make the results more meaningful.
