5. Employees - It's Time To Update Your Office Address!!

Human Resource Services (HRS) and the Division of Information Technology (DoIT) have developed this online service for employees to access and update your own office address information. Changes that you make using this service will automatically update PeopleSoft, the university's official Human Resources system. By updating your office related information you will receive campus mailings and phone calls with improved accuracy. This information will also be printed in the 2001-2002 Stony Brook Faculty and Staff Directory later this year. You can access this web site anytime to update your current office address.

Please use the link below and then click "Office Address Update" on the right side of the page under Online Services to update your office address, Stony Brook Zip 4, and your office phone number.
