2. Summer Sessions Registration Is Ongoing

Registration for Summer Sessions classes is ongoing until the Friday before each session begins. Because students can also register for fall classes at this time, it is easy to coordinate their summer and fall class schedules. Often students - both Stony Brook and visiting students - who are unable to take a fall semester class find they can take the course during Summer Sessions instead.

For complete information about Summer Sessions classes, registration, housing, and other information visit: www.stonybrook.edu/summer
