OASIS Alert # 10

To: RF Project Directors

From: Shirley Strum Kenny, President  
Robert McGrath, Provost  
Gail Habicht, Vice President for Research  
Richard Mann, Vice President for Administration

The end of the third month since the implementation of the Research Foundation's new system has passed. Stony Brook has joined the other major SUNY campuses in informing the Research Foundation that the inability of the Oracle System to provide the required management of Sponsored Projects has reached a critical level.

While many daily activities are proceeding normally, the problems that remain unsolved at this time have a powerful impact on our ability to deal responsibly both with our sponsors and with the State and RF funded employees who conduct our sponsored project activities. The impact on the local individuals who administer RF funds is immense and has created a highly strained work environment.

In a letter to the President of the Research Foundation, we have requested that the Research Foundation explore every alternative to restore proper management capability immediately.

Your cooperation and understanding thus far are appreciated and we will keep you informed about the progress on our request.

Stony Brook Symphony Orchestra concert Saturday, April 21 with guest conductor, Barbara Yahr

The Stony Brook Music Department is pleased to welcome Barbara Yahr as guest conductor of the Symphony Orchestra on the Main Stage of the Staller Center for the Arts, 8 p.m. Saturday, April 21. Ms. Yahr has appeared as guest conductor with many major symphony orchestras including the National Symphony, the Detroit Symphony, the Pittsburgh Symphony, and the St. Paul Chamber Orchestra. Successive engagements with the Munich Radio Orchestra earned her an invitation to become the orchestra's Principal Guest Conductor.

Saturday's concert features the premiere of Matthew Whittal's "Of aspens, hills, and shattered dreams". Another highlight of the concert is Concerto Competition winner Xiau Hu performing Chopin's " Piano Concerto No. 2 in f minor". Concluding the evening is Beethoven's "Symphony No. 6 op 68 " ("Pastoral"). Prior to the concert, you are invited to attend the informative, free pre-concert lecture given by Mark Lederway at 7:00 p.m. in the Recital Hall. Tickets for the concert are available at the Staller Center Box Office: 632-ARTS. (\$12, Students, seniors, USB faculty and staff: \$6). To receive a free Music Department Concert brochure or to be added to our mailing list, call and leave a message at 632-7330 or email: Music@notes.sunysb.edu. "Working Class into the Curriculum"

A special workshop sponsored by Group for the Study of Working Class Life and CELT.

What are the links between our students' writing and their consciousness of class difference? How do we use discussion of work/jobs as a route to class analysis?

Professor Janet Zandy, a nationally respected scholar and practitioner of working-class pedagogy, will present a model essay that links photography, personal memory, commentary on Workers Memorial Day (April 28 )and literary analysis about representations of the physicality of labor. One of the hardest things student writers face is synthesizing material. This essay approach demonstrates a way to link the personal with the historical and with cultural representations.

This workshop will be held at CELT, Melville Library E1337 on Thursday, April 26th, from 1:00 - 2:30. To register please go to [www.celt.sunysb.edu](http://www.celt.sunysb.edu). Any questions please call 632-1057 or email Rita.Reagan-Redko@sunysb.edu
