Baroque Sundays Concert Feb. 18 At 3 Pm At Staller Center - Free!

"Love from Spain and England"

The "Baroque Sundays at Three" concert series continues on Sunday, February 18th, at the Staller Center for the Arts. Come experience the musical and political romance between Spain and England during the age of Henry VIII and the defeat of the 'Invincible' Spanish Armada! Traveling alongside their noble patrons, musicians exchanged new musical genres, ideas, and instruments that enriched the artistic palette of both nations. Featuring a commissioned poetic narrative written by the renowned historian and English literature professor Lawrence Rosenwald, the baroque musical group, Common Ground, takes you on a musical journey between Spain and England through lively and poignant ballads accompanied by the sweet sounds of the lute, harp, and viol. This moving story is coupled with the melodies of virtuosic ground bass variations, mystical Spanish harp music, and both solemn and rousing dances!

Join us for this exciting baroque concert, Sunday, Feb. 18, at 3:00 p.m. in the Recital Hall of the Staller Center. As always, on the Baroque Sundays at Three series, admission is free with a small good will offering requested to offset concert expenses and promote early music at Stony Brook.

To receive a free Music Department Concert Brochure or to be added to our mailing list, call and leave a message at (631) 632-7330; fax: (631) 632-7404; or email: music@notes.sunysb.edu. For a complete listing of upcoming concerts, visit our web page: <http://www.sunysb.edu/music>.

2001 Student-Community Wellness Leadership Symposium

On February 13, 2001 from 1:00 p.m. ? 3:00 p.m. in the Student Activities Center Auditorium, The School of Social Welfare's Student-Community Development Program and the Office of the Vice President for Student Affairs at the State University of New York at Stony Brook will host the 2001 Annual Leadership Symposium on Student-Community Wellness.

This year's symposium is entitled "Campus and Community Engagements: Engineering New Partnerships" and will focus on the importance of shaping and building the relationship between institutions of higher education and the local business and residential communities for which they exist to serve. Higher education is beginning to recognize the need for a focus and imperative which extends beyond traditional "community service" and embraces the concept of "institutional engagement," defined by the Kellogg Commission as the long-term connection of the resources/capabilities of colleges and universities to the needs and interests of society and our surrounding communities. Institutional engagement requires viable university-community partnerships.

This year's panelist speakers will include Dr. Lattie F. Coor, President of Arizona State University's main campus, Dr. Carl V. Patton, President of Georgia State University, and a third panelist to be determined shortly. Contact Fred Preston, VPSA, for more info.
