03. Workshops/Courses/Training (work related; HR, EAP, DoIT, etc...)

1. Let's M.E.E.T - Manage Effective Results Orientated Meetings

Traditionally, meetings are an essential method to dealing with issues, crises and operations. Experts, tell us, however, that the average professional wastes at least five hours a week in unnecessary meetings. Would you like to make sure the meetings you attend are more productive and focus driven, regardless of your role?

In this workshop we will use common sense models and give a step-by-step approach to planning and conducting M.E.E.T.ings

Make clearly defined objectives

Explore options

Encourage participation & respect

Take responsibility steps

KEY HIGHLIGHTS

Define the roles and functions surrounding an effective meeting

Determine your meetings, purpose/priorities/agenda

Cultivate a productive meeting mind-set

Learn techniques for conducting productive meetings

Facilitate at an effective level to achieve participation, consensus and action steps

Date: December 14th; Time: 9:30 a.m. - 12:30 p.m. Place: Administration Bldg., room 192; To

1. Cold Spring Harbor Protocols Trial until January 15, 2007

Cold Spring Harbor Protocols is a definitive, interactive source of new and classic research techniques. The database is fully searchable by keyword and subject, and it has many novel features such as discussion forums and personal folders made possible by online publication. Its

coverage includes cell and molecular biology, genetics, bioinformatics, protein science, and imaging. Protocols are presented step-by-step and edited in the style that has made Molecular Cloning, Antibodies, Cells and many other CSH manuals essential to the work of scientists worldwide. Protocols will be continuously expanded, updated, and annotated by the originators and users of the techniques. Cold Spring Harbor Protocols can be accessed directly from the Databases list of the Health Sciences Library Website. Please feel free to offer feedback at any time so that we can evaluate the usefulness of this product to Julitta Jo, Associate Director for Collection Development, or call her at 444-3688.
