Subject A&S Senate Nominations

I write now to solicit nominations for the openings next year in the Arts & Sciences Senate (committee and at-large vacancies). The four Arts & Sciences Senate Committees have all been functioning well this past year. As I leave the Senate scene, I'd like to make sure they are set to continue functioning well. This requires good candidates.

If you are nominating yourself for one of the committees, please write "self" in the blank. Please send your completed nomination form by replying to this email or by campus mail at: University Senate Office, Z=2560. Thank you.

Andrea Tyree
President-A&S Senate
