Subject Solar System Availability

The SOLAR System website and telephone service will not be available beginning at 9PM on Friday, May 17 through sometime Sunday evening for scheduled maintenance. No enrollment or grade processing will be available.

These reminders may be helpful to instructors who are still completing their grading:

Click SAVE often as you enter your grades if you have a large number of students.

After entering grades click SAVE. Change the status to APPROVE then click SAVE again.

Note: The status at the top of the roster (Next to Approve), will change to READY FOR POSTING. That is your confirmation that you have completed your grading process and will be POSTED by the Registrar's Office.

Forgot your password? Never got one? Click Login on the SOLAR System main page, then enter your ID number and click the Log In Button. In the area beneath where you would enter your password, you'll see the question "To Get Your New Stony Brook ID". Click that and the steps will walk you through getting a new password. The new pass will be emailed to you.

Walk-in help sessions are still being held, as follows:

Monday, May 20, 9:30-11:30 am, location ECC training room

SOLAR SYSTEM Training Sessions
 (CELT - Melville Library) Computer Classroom - C1640

5/20/02 Monday	Linda Prentiss	3 - 4 PM 4 - 5 PM
