1. It's that time of year again. Get in the Game! RecycleMania!

RecycleMania is a friendly competition and benchmarking tool for college and university recycling programs to promote waste reduction activities to their campus communities. Over a 10 week period (January 17th - March 27th, 2010), schools report recycling and trash data which are then ranked.

What can you do? Go to our website link as listed below to view the variety of actions you can take to make a difference.

One of the most significant things you can consider doing is purging your office/department files for a day/week! Contact Recycling and Resource Management at: 2-9297, 2-9673, or 2-6226.

We will be happy to provide you with large recycling bins necessary for the task. Use the bins for mixed paper, books, periodicals etc and call us at the phone numbers listed above when the bins are full.

Thank you!
