3. Do you set-up conference calls?

Telecommunication and Networking (TeLNeT) has noticed an increased volume of conference calls being placed by the University Community and Hospital staff. Many of the conference calls are set up incorrectly when using AT&T, resulting in higher costs being passed on to the end user.

There are reference guides on the DoIT Web page (see link below) to better help you choose and setup the appropriate type conference call that will meet your needs. You can use the University's telephone system to connect all parties or AT&T Teleconference Services when you want all

parties to call into a conference bridge.

TeLNeT will be happy to train you and your staff on the most efficient and cost effective way to set up a conference call. For additional information or to set up a training session call the Telephony Office at 632-9130.

4. Opening Week

We are gearing up for a new academic semester and welcoming new and returning students to Stony Brook University. Volunteers are needed to work the "Information Table" in the Administration Building during "Opening Week" (Sunday, January 23 - Friday, January 28,) to support and assist these students. Please call Dorothy Kutzin at 632-6040. One hour (or more) of your time will be very helpful to us and rewarding to you.

5. Because You Don't Do It Every Day (BUDDIE) Week

Every year, the office of Disability Support Services sponsors BUDDIE Week (BECAUSE U DON'T DO IT EVERY DAY.) The purpose of this activity is to sensitize the Stony Brook campus community on issues surrounding disabilities. Since 1989, BUDDIE Week provides administrators, faculty and staff with the opportunity to learn how students with disabilities experience life on campus. Buddies are asked to accompany a student during part of one of the days, meet for lunch or spend some time together; whatever is appropriate and possible for you and the student. This year, we are recruiting new buddies who would be interested in participating in this important event. If you could set aside an hour or two on the week of March 7, 2005, please call Stephanie Patterson at 2-6748. We hope that you will be able to participate in this activity and look forward to your response. Thanks!

03. Workshops/Courses/Training (work related; HR, EAP, DoIT, etc...)

1. Positive Confrontation Workshop (Conducted by HRS Training & Organizational Development)

Life is full of sticky situations, packed with difficult conversations and loaded with confrontation. Confrontation affects our relationships (both professional and personal), our image and our self-esteem. It is not the confrontation, it's what we do with it that makes the difference. This workshop will accomplish the following objectives: -How do you typically act when you confront someone? -How do you confront someone in a positive, proactive manner -

Do's and Dont's

Date: January 28, 2005 Time: 9:30-12:30
