1. Expanded Bus Routes

As the new semester approaches, a fully expanded bus service will be rolled out to offer more options for transportation intra-campus. Key parts of the expanded service are new bus routes serving Mendelsohn and Roosevelt Quads, as well as all of the West apartments. To serve our customers efficiently, the roadway around the Roosevelt Quads and West Apartments will become a one way road. As of August 11th all traffic will be one way around Roosevelt Quad and West apartments. Cooperation with the traffic regulations on this roadway is critical to the transition. The service may be subject to some scattered delays due to ongoing roadway improvements.

03. Workshops/Courses/Training (work related; HR, EAP, DoIT, etc...)

1. TEAMWORK: What's Trust Got To Do With It?

Have you ever been on a team where you couldn't seem to get anything done? Or the team members just couldn't work together? It is quite possible that the team members did not trust one another; lack of trust is one of the main impediments to effective teamwork. This video training program demonstrates how to build and maintain trust among team members.

Date: August 24, 2005, Time: 9:30am - 11:30am, Place: Administration Bldg., Room 192

To register for this workshop, please email a registration form (found on Human Resource Services website) to Pat Lore (plore@notes.cc.sunysb.edu).

2. Fundamentals of the Bioscience Industry Program.

Information session Wednesday, August 24th, 6 - 7:30 pm. Center for Biotechnology. Stony Brook University

This program is targeted toward graduate students and post docs seeking to transition into non-academic industry careers. Strongly interdisciplinary, this innovative and cutting edge program draws its faculty and courses directly from the bioscience industry. This program will provide life scientists with a comprehensive understanding of the bioscience business environment to effectively enter the industry and/or government sector and to successfully contribute to the innovation and entrepreneurial aspects of industry. Meet and discuss the program with Course Directors, Jeff Yablon, former Chief Operating Officer at Icon Laboratories, Dr. Paul Scheiffle, President, inGenious Targeting Laboratory, Inc. and the program Alumni. Deadline for application to the Spring 2005 program is September 30, 2005. Full and partial financial support is available to qualified candidates. Complete details and application information can be found on <http://www.biotech.sunysb.edu/certprog/index.html>.

5. Conflict Management (Course #HTPD09) (Corporate Education & Training)

No matter how hard you try, you can't avoid conflict! Some people thrive on conflict; while others walk away from it. During this program, participants will gain an understanding of conflict-related behavior and learn how to manage it more successfully.

Program Objectives:

-Identify your preferred strategy for dealing with conflict.

-Understand your strengths and weaknesses in dealing with conflict.

-Learn how to deal with conflict more effectively by analyzing conflict situations.

Open to all Hospital staff members.

DATE: September 26, 2005 TIME: 12:00pm-3:30pm

TO REGISTER: Contact Jean Solheim at 444-9805 for a registration form.
