1. Presidential Awards & Mini-Grants Reinstated For The 2007 – 08 Academic Year

The Presidential Awards & Mini-Grants programs have been reinstated for the 2007 - 08 academic year. Nominations and applications are welcomed, and due in the President's Office by February 29, 2008. The Presidential Awards comprise the Excellence in Classified Service and Excellence in Team Achievement awards, as well as the Dr. William McAdoo Presidential Award for Excellence in Diversity and Affirmative Action. Each awardee is given a certificate at the Annual Awards Dinner in the fall, as well as a cash award of \$1,000. The Mini-Grants categories comprise Departmental Diversity, and Innovative Teaching Projects. Each awardee is given a certificate formally at the annual Awards dinner in the fall, and each mini-grant can attain a maximum of \$10,000, drawing upon a pool of \$30,000 in each of the two mini-grant categories. For complete information, as well as nomination and application forms, go to the URL listed below.

1. EAP Lunchtime Learning-Labyrinth Walking: Pathway to Stress Management & Improved Performance

Take a break from the stress of modern life by going back a few thousand years. People are discovering anew that walking the concentric circles of ancient labyrinths can create inner peace and healing. EAP invites you to join Labyrinth Builder, Ed O'Connell, for a refreshing introduction to the Red Dragon Labyrinth as a walking meditation practice.

Guest Speaker, Ed O'Connell

November 29th, 12:00-1:00, SB Labyrinth

2. EAP Lunchtime Learning - How Does Credit Affect Your Everyday Life Presented by American Debt Resources

This interactive workshop will address the necessity of having good credit and how it applies to more than just obtaining a loan or a credit card. We will discuss how to receive and read a free credit report from all three of the major credit bureaus. The tools will be given to you on how to track your spending patterns on a daily and monthly basis. When you use your credit cards we will address what are the right ways to charge and the correct ways to pay. We will discuss the psychological spending patterns of consumers and how your creditors target those patterns. All educational material will be provided for you at no cost to further assist you in obtaining and keeping good credit.

December 6th, 11:30-12:20, Wang Center, Room 201

3. Lawson Requisition Training

Lawson Requisition Training Classes will be held on a weekly basis, to see available dates please click on the calendar link: http://uhmc-iweb1.uhmc.sunysb.edu/lawsonsupport/index_files/Page909.htm.

All classes will be held in the Lawson Training Room #797, Level One, right next to the Blue

Elevators. To schedule for any of these classes please contact Michele Thomas, Lawson Support Specialist, Ext. 4-7805. There will be 2 parts covered in these classes, the first half will cover ordering from any of the Storerooms in the Hospital and the second half will cover ordering from an outside Vendor. I suggest that all new hospital employees and/or if you are interested in taking a refresher course, please contact us to attend one of these classes.

4. EAP Lunchtime Learning - How to Use Your Credit Cards Wisely During this Holiday Season, presented by American Debt Resources

This workshop will cover how holiday spending and aggressive marketing can entice consumers to spend more than they can afford. We will discuss the psychological spending patterns of consumers during this time of the year and all year round.

The use of credit cards and their minimum monthly payment calculations are broken down to reveal the reason for the extremely long payoffs. We will discuss the tools for smart spending to understand that we sometimes have a false impression of what it will take to pay off these bills in a reasonable amount of time.

A real world exercise will be presented to enlighten consumers on how they feel when they use their credit cards compared to when they use cash. This workshop is accompanied with a handout of all the information that will be addressed.

December 6th, 12:35-1:30, Wang Center, Room 201

5. EAP Lunchtime Learning-Personality Self-Portrait

Ever wonder why we think, work, love and act the way we do? Lots of people have pondered the very same question and will join you at this fun workshop. It may give you some insight into your friend, partner, kids, boss, maybe even yourself! A personal questionnaire will be distributed so you can do a little research into your own personality style. We'll spend some time specifically addressing how the recognition of personality styles can make for more pleasant work environments and less conflict in interpersonal relationships of any type.

Presenter, Allison Hinke, LCSW

December 11th, 12:00-1:00, Wang Center, Room 201

6. Nanotechnology Safety Webinar hosted by EH&S. December 4, 2 PM Wang Center, Lecture Hall 2

EH&S is hosting a webinar on Nanotechnology Health and Safety: Case Studies in the Occupational Setting. This webinar goes beyond Nano 101 and will be focused on current issues and case studies for occupational health and safety. The speakers are leading the nanosafety program within NIOSH (<http://www.cdc.gov/niosh/topics/nanotech>). Course Information Link: http://www.acgih.org/events/course/Nanotech_webinar.htm (do not register at this link! Contact EH&S to register!)

This webinar will discuss the uncertainties associated with the hazards and potential risks of working with engineered nanoparticles; describe ways to help manage exposure to engineered nanoparticles; and illustrate how occupational health and safety controls, both engineering and administrative, can be implemented to better manage worker health and safety.

Contact Kim Auletta, EH&S, (2-6410 or kim.auletta@stonybrook.edu) for additional information or to register. Seating Limited.

7. Mastering Performance Reviews

December 4, 2007 9:30am 12:30pm

Just as faculty members evaluate students on their performance in courses through papers, tests, classroom discussion, etc., managers evaluate employees on the quality and quantity of their work performance. These evaluations are made every day, every week, every month, depending on how closely the manager works with or observes his/her employees. These informal ratings form the basis for what we now call the more formal "performance appraisal" or "performance review".

This program is designed to:

Clarify the manager's role as a communicator, counselor and mentor.

Guide the manager through the process: from preparing for and conducting the appraisal session, to concluding the appraisal session, with follow-up.

Target Audience: Managers and supervisors responsible for managing the performance of others. Seating is limited so register today!

8. Americans With Disabilities Act Awareness Training For Supervisors and Managers

December 5, 2007 10:30am 12:00pm

Statistics say one in five people have a disability. This is one minority group that any one of us could join at any given moment in our lives. Employees need to know their rights and responsibilities. Supervisors and managers should have working knowledge of the ADA, a civil rights law and know how best to serve employees with disabilities. Learn how and when to refer to the office of Disability Support Services.

1. NetAnatomy Free Trial

The Health Sciences Library is pleased to announce a 90-day trial to NetAnatomy. NetAnatomy is designed to teach human anatomy to students of the health professions, including undergraduate medical, health sciences, and nursing students. It also serves as a place to review anatomy after one's initial exposure to the subject, e.g. students beginning a clinical rotation, USMLE (National Board) preparation, etc. The authors and contributors of NetAnatomy have extensive experience teaching medical and health sciences students, with years of experience refined and adapted to contemporary medical and health sciences curricula. This product is a continuously evolving website, with current development efforts focused on Gross Anatomy. Access this database from the library's list of Databases. We welcome your comments, contact Julitta Jo at 444-3688 or julitta.jo@stonybrook.edu with your evaluation.
