Meetings held weekly on Tuesdays, September 7 through December 7

Please join us for multi-level yoga classes (appropriate for beginners to advanced students) designed to bring mind, body, and spirit into alignment. This is a hatha yoga class. Introduced by Yogi Swatmarama, a sage of 15th century India, traditional Hatha Yoga represents opposing energies: hot and cold (fire and water, following similar concept as yin-yang), male and female, positive and negative and attempts to balance mind and body via asana (poses), pranayama (breath control), and the calming of the mind through relaxation and meditation. Please wear comfortable clothing that you can move in and bring a mat.

Please check the Wang Center's website for the detailed schedule.
