Subject Emergency 911 calls

To the Campus Community

Effective 9/11/02, 911 emergency calls made from the campus phone system have been redirected to the University Police Department rather than the Suffolk County Emergency dispatcher. This change will avoid unnecessary rerouting of calls back to the campus and will improve the Department's ability to provide faster response in emergency situations.

Please note that both 333 and 632-3333 will continue to function as campus emergency numbers. If you are reporting an emergency on-campus using a cell phone, 632-3333 should be used instead of 911.
