

You're invited to the unveiling of the Madagascar Fossil Exhibit
Happenings to: Torre,F.Jason

02/04/2010 03:26 PM

To All West Campus Faculty and Staff:

There's a Huge Frog in the Medical Center Lobby. We Want Everyone to See it--and more!

You're Invited to the Unveiling of the Madagascar Fossil Exhibit
Tuesday, February 9
Noon
Stony Brook University Medical Center Lobby

Thanks to the support of the Stony Brook University Medical Center Development Council, breakthrough discoveries of dinosaurs and other backboned animals made over the years in Madagascar by Distinguished Service Professor David Krause and his team of researchers are part of a permanent exhibit in the Stony Brook University Medical Center lobby. Most of the fossils in the exhibit are on display for public viewing for the very first time. Please join us at this exciting event.

Dr. Krause is the founder and Executive Director of the Ankizy Fund, which raises funds for the healthcare and education of the children of Madagascar. To learn more, visit <http://www.ankizy.org>.

For a disability-related accommodation, please call (631) 444-2899. Stony Brook University/SUNY is an affirmative action, equal opportunity educator and employer.
