4. Laser Eye Surgery (i.e. LASIK) at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology has been phenomenal. In an effort to "stream-line" the evaluation process, we have established a new phone number ((631) 444-4996) dedicated solely to refractive surgery.

Refractive surgery (i.e. LASIK) can reduce one's dependence on glasses or contact lenses. The laser can now be used to treat many forms of near-sightedness (myopia), far-sightedness

(hyperopia), and astigmatism.

A special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about LASIK (and other types of refractive procedures), or to schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

5. Polaroid Stories - A play by Naomi Iizuka - Opens February 28th - Staller Center for the Arts

"Metamorphoses?"the old are whispering their secret tales, while the young are listening. With the help of Ovid's ancient stories, Naomi Iizuka has created the world of homeless kids - kids who live to disappear. Drugs, fear, love, music, sex and the desire to just simply leave the darkness of the labyrinth, forces each one of them to finally make a decision about life or death.

Due to its adult content, Polaroid Stories is recommended for audience members 14 years and older.

Polaroid Stories opens on Thursday, February 28th at 8 p.m. in Theatre II, Staller Center.

Other Performances are 8 p.m. March 1, 2, 7, 8, 9th and 2 p.m. matinees on Sunday, March 3 and 10th.

Tickets: \$10/general admission/; \$8/faculty and staff; \$6/students and seniors. Call the Box Office at 632-ARTS.

6. Update on Laser Eye Surgery at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology continues to be strong.

Two weeks ago, a new phone number ((631) 444-4996) dedicated solely to refractive surgery was created.

Our refractive surgery evaluations typically are scheduled on Friday afternoons. In an effort to further "stream-line" the evaluation process, and to accommodate our patients' busy schedules, we have now added additional time for consultations on Tuesday afternoons.

As always, a special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about laser eye surgery or to

schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

9. Help Build the Habitat for Humanity Stony Brook House

Homelessness is on the rise on Long Island, but you can help break the cycle of poverty for a deserving family. Join our campus community and Habitat for Humanity as we work together to make a North Bellport family's dream of home ownership come true.

It costs roughly \$60,000 in materials and services to build a house on Long Island. Stony Brook has committed to raising \$40,000; the balance is funded through Habitat for Humanity. Every department on campus and a variety of student groups are making plans to raise funds for their designated part of the house. So, take the Habitat Challenge calling for communities to eliminate substandard housing in their area within this generation. Support the Stony Brook House fundraising events and help us reach our goal. For more information, contact your department coordinator, or visit our web site on the YOCL page at www.stonybrook.edu.

11. OSC Mandates the use of the BTA for State Travel Airfare

STATE TRAVEL: On January 1, 2001, the Office of the State Comptroller mandated that all airline tickets for State funded travel must be purchased on the AMEX Business Travel Account. Travel arrangements must be made by contacting Austin Travel, the authorized State agency, located in the Main Campus Library Building. Please be sure to indicate the correct valid state account number funding your trip. The BTA policy reduces the need for "Out of Pocket" expenses, failure to comply with this procedure shall delay the processing of your travel reimbursement. Questions regarding the BTA can be directed to Rosalie Makarick of Procurement at 2-6022.

14. New Works by Stony Brook Composers to be Premiered March 20, 8 pm at the Staller Center

Stony Brook's Music Department is nationally known for its devotion to contemporary music and the high quality of its student composers and performers. You are invited to sample our contemporary music as the Contemporary Chamber Players present the Spring Composers' Concert at the Staller Center Recital Hall on Wednesday, March 20, at 8:00 pm. Featured are world premiere performances of works by graduate and undergraduate composers. A wide variety of musical styles will be heard, ranging from rock-influenced sounds to the extreme avant-garde. Some pieces will also feature electronics and mixed media. The composers' concerts are always a highlight of the season. The excitement in the Recital Hall is electric, as young musicians from the Stony Brook community cheer their colleagues on. Admission to this

concert is free.

27. LASIK "lunch & learn" seminar

Stony Brook Ophthalmology is pleased to announce its first LASIK "lunch & learn" seminar, which will be held on Friday April 12th (place & time to be determined).

During this seminar, you will be able to meet our laser vision team, including Dr. Marc Dinowitz and his refractive coordinator, Renee Jones.

You will be able to have your questions answered in an informal setting. Most importantly, you will have an opportunity to experience what LASIK is by way of a short video presentation. This video nicely illustrates the evaluation process and the LASIK treatment itself as it "shadows" one of our patients through the "LASIK experience" at Stony Brook.

We want to accommodate as many people as possible who would like to have lunch with us and learn about laser eye surgery. Therefore, we ask that if you are interested, please RSVP with Renee by calling (631) 444-4996.
