Subject Nominations for Distinguished Teaching and Distinguished
Service Professorships and the Chancellor's/Presidents
Awards

MEMORANDUM

TO: Campus Community

FROM: Robert L. McGrath, Provost and Professor of Physics

SUBJECT: Nominations for Distinguished Teaching and Distinguished
Service Professorships and the Chancellor's/President's Awards

DATE: September 9, 2004

The President has issued the annual call for nominations for the Distinguished Teaching and Distinguished Service Professorships and the Chancellor's/President's Awards. I join her in encouraging you to nominate your colleagues or professors for one of these prestigious awards. I ask that you pay particular attention to the Distinguished Teaching Professorship and Chancellor's/President's Award for Excellence in Teaching. Stony Brook is fortunate to have many outstanding faculty active in our undergraduate and graduate programs and we should pursue every opportunity to recognize their contributions to the success of our University.

The nomination form and the guidelines for the Distinguished Teaching Professorship and Chancellor's/President's Award for Excellence in Teaching can be downloaded from
<http://ws.cc.stonybrook.edu/provost/Forms/Excellence.htm>.

Because receipt of the Chancellor's/President's Award for Excellence in Teaching is a prerequisite for the Distinguished Teaching Professorship, I have also included on the website a list of prior recipients for the Excellence in Teaching award. Nomination for the Chancellor's/President's Award for Excellence in Teaching may provide an opportunity in the future to recognize an outstanding faculty member once again by nominating that individual for a Distinguished Teaching Professorship.

Please refer to the President's Website, <http://www.sunysb.edu/pres/>, for a complete set of guidelines for all of the awards.
