Blood Donors Helping Haiti

One Dollar For Every Donation This Week

The New York Blood Center (NYBC), serving New York City, Long Island, the Hudson Valley, and New Jersey, will donate one dollar to the U.S. Fund for UNICEF for each blood donation made from January 25-31. The funds will be earmarked for Haiti. In addition, regular donors will be able to designate their points in NYBC's Advantage donor loyalty program to UNICEF's Haiti earthquake relief efforts.

"Blood donors provide the gift of life every time they roll up their sleeves," said NYBC President and CEO Christopher D. Hillyer, MD.

"During the last week of January's National Blood Donor Month, our donors can extend their life-saving gifts to help Haiti's earthquake victims."

You can also donate blood at the University Hospital by calling Jennifer Peace at her direct extension 444-7586 or 444-donate or email her at Jennifer.Peace/UHMC
