Dear Mr. Weisenfeld :

I do hereby formally resign my position as Specula photo-printer. I do this out of both conscience and frustration because of:

1) Lack of ability of any of the Specula photographers (except you) to comprehend the fundamental artistic quality of photo-journalism;

2) The ineptitude of the Specula editors in selecting  
\*My prints for the yearbook;

3) The quality of negatives in the Specula file is low;

4) Cooperation in meeting deadlines is low;

5) Photograph organization is nil;

6) I cannot wish upon the seniors a yearbook with the above-mentioned faults.

Therefore, I will continue to make prints - but only from the Statesman file - because the photographic quality is far superior.

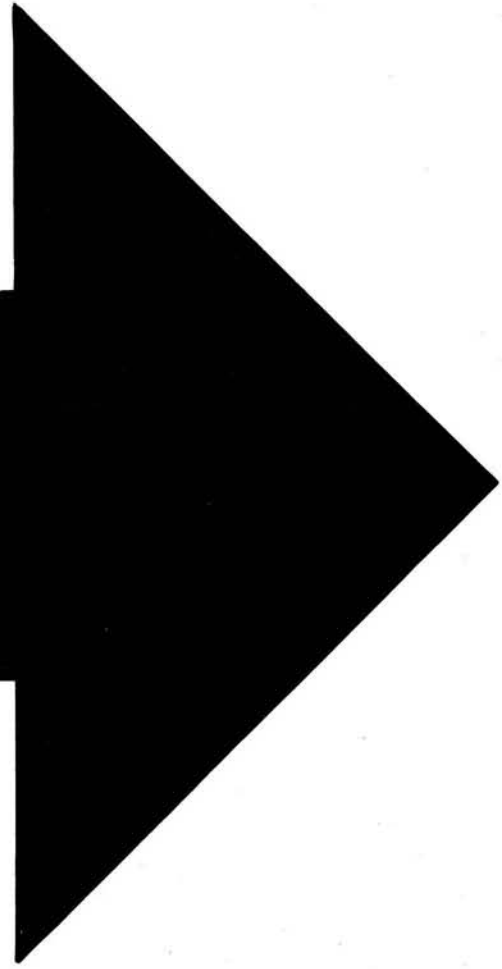

With this in mind, I hope you see fit to take similar action.

The yearbook staff would like to take this page to thank those people whose help and unending faith made the publication of *Specula* such a pleasure.

Thank you Stony Brook Union Governing Board for managing to find us a desk in a dark corner of a room between the already crowded Teacher Evaluation Survey and Soundings.

Special thanks to the Student Council. Aside from attempting to cut the budget of next year's book, *Specula '71*, to \$0 (zero dollars) you cut our working budget by \$5,000 (without consultation) just when it was most needed. Many of the color shots which we had hoped to include in this year's edition were simply tossed aside by a mighty stroke of the pen. We only hope that one young (you know who you are) man's personal vendetta to eliminate the yearbook is over and that his tireless energies will be directed elsewhere.
