FACULTY DEVELOPMENT WORKSHOPS

The following workshops are specifically designed to guide and improve the educational practices in UGME and GME programs. The overall goals of the sessions are: 1) to improve the understanding of teaching and learning based on adult learning theory and medical education research and 2) to enhance the faculty's skills in areas of research and educational leadership so they will prepare and support their learners for the practice of medicine over a lifetime of learning.

All Workshops are from 4:30 until 6 p.m., unless otherwise noted!
