

Pathology Grand Round Seminar Series: 2007 – 2009

Jingfang Ju, PhD
Associate Professor
Department of Pathology
Stony Brook University Medical Center, Stony Brook, NY
"Impact of MicroRNAs in Colorectal Cancer and Osteosarcoma"
December 18, 2008

Elke Jarboe, MD
Assistant Professor
Department of Pathology
University of Utah, Salt Lake City, UT
"The Distal Fallopian Tube as a Site of Origin of Pelvic Serous Carcinoma"
November 13, 2008

Richard Clark, MD
Professor
Director, Center for Tissue Engineering
Departments Biomedical Engineering and Dermatology
Stony Brook University Medical Center, Stony Brook, NY
"Fibronectin Growth Factor-Binding Domains are Required for Fibroblast Survival and Growth in Response to PDGF"
October 16, 2008

Margaret Branwein-Gensler, M.D.
Professor of Pathology and Otolaryngology
Montefiore Medical Center, Albert Einstein College of Medicine, Bronx, NY
"Validation of the Risk Model in Head and Neck Carcinoma"
August 14, 2008

Nam W. Kim, PhD
Director, Assay Development
diaDexus Inc.
South San Francisco, CA
"Development and Validation of Serum Biomarkers: Strategies and Pitfalls"
July 24, 2008

Jorge Benach, PhD
Professor and Chairman
Molecular Genetics and Microbiology
Professor of Pathology
Director, Center for Infectious Diseases
Stony Brook University Medical Center, Stony Brook, NY
"The Lethal Action of Antibodies to the Borrelia"
June 19, 2008

Al Malkinson, PhD
Professor
Department of Pharmaceutical Sciences
School of Pharmacy
University of Colorado Health Sciences Center, Denver, CO
"Macrophage Activation in Lung Tumorigenesis and Chronic Pulmonary Inflammation"
June 5, 2008

Marshall S. Lucia, MD
Associate Professor
Department of Pathology
University of Colorado Denver, Aurora, CO
"Chemoprevention of Prostate Cancer and the Prostate Cancer Prevention Trial: A Pathologist's Perspective"
May 22, 2008

W. Todd Miller, PhD
Professor
Department of Physiology and Biophysics
Stony Brook University Medical Center, Stony Brook, NY
"Substrate Recognition and Signal Transduction by Nonreceptor and Tyrosine Kinases"
December 11, 2008

Balaji Sitharaman, PhD
Assistant Professor
Department of Biomedical Engineering
Stony Brook University Medical Center, Stony Brook, NY
"Multifunctional Carbon Nanobiomaterials for Diagnostics, Therapeutics and Tissue Regeneration"
November 20, 2008

Charles A. Powell, MD
Assistant Professor
Department of Medicine
Columbia University, New York, NY
"Acquisition of Invasiveness in Lung Adenocarcinoma"
October 30, 2008

Glenda Trujillo, PhD
Postdoctoral Fellow
Department of Pathology
University of Michigan, Ann Arbor, MI
"Role of CpG Oligodeoxynucleotides in Acute Exacerbations of Pulmonary Fibrosis"
October 23, 2008

Wenchao Song, PhD
Associate Professor
Institute for Translational Medicine and Therapeutics
Department of Pharmacology
University of Pennsylvania, Philadelphia, PA
"Complement Regulatory Proteins in Autoimmune and Inflammatory Tissue Injury"
November 15, 2007
