**Key to the Table:**

- Core courses are in **bold**.
- Culminating Experience courses are in *italics*.

\*\*NOTE: For HPH 534 Students need a foundational knowledge of Geographic Information Systems (GIS) software. This requirement can be met by completing SBC 313: GIS Design and Application (if available), by completing other Introduction to GIS courses at Stony Brook or elsewhere, or by self-teaching using the following book: *Getting to Know ArcGIS Desktop* by Tim Ormsby, Eileen Napoleon, and Robert Burke.

NOTE: The above Plan of Study is to be used as a guide and you are expected to meet with your department advisor, academic advisor, and the MPH academic coordinator periodically to review your progress and to make sure you are on track for graduating with your combined degree.
