Results of Spring's UUP Professional's Survey

Besides Editor of Happy PayDay, I also serve as your chapter Vice President for Professionals and the attached is the summary of the recent Workplace issue and Professional development survey conducted. It should be noted that over 300 of our chapter professionals responded to the on-line survey conducted thru the AFT website. Thanks for taking the time to fill it out and here is the web-link to the results compiled by our chapter Membership Development Officer Pam. We will be sharing the results and comments with your chapter as well as statewide officers and the UUP contract team.
