Hi Colleagues,

This news release highlights one of the ways the SUNY University Faculty Senate serves our students--and all of us. By highlighting the students' research and scholarly activities, it gives them an outlet beyond their campus and a degree of recognition their hard and scholarly work deserves. By having it exhibited in the Legislative Office Building, it demonstrates to important stakeholders the value that accrues from their interest and support of SUNY, a particularly important point to make at this critical budgetary time. It is important, also, to note that this is the work of the Undergraduate Academic Programs and Policies Committee of the SUNY University Faculty Senate under the very effective leadership of our own Kane Gillespie of the College of Arts and Sciences, who has put considerable time, effort, and skill in planning and carrying out this important event.

Cheers,

Norm

Norman Goodman, Ph.D.
